STAFF REPORT

ORIGINATING DEPARTMENT:	Community Development
PREPARED BY:	Sam Perry
DATE PREPARED:	July 30, 2021
COUNCIL MEETING DATE:	August 3, 2021
AGENDA TITLE:	July 14, 2021 Historic and Architectural Preservation Commission Summary
CITY MANAGER/DEPT HEAD APPROVAL:	

This was the first in-person meeting since the pandemic. The meeting was held at the courthouse.

New Business

HAPC 2021-06, 48 E. Park Place, Pre-Application Review of new 3-4 story building, Scott Webb, Architect

Scott Webb presented a rendering for a potential new 4-story brick building to be located on the vacant land behind Sigma Chi Foundation at 20 E. High Street. Feedback was provided by the Commission members. Requests were made to adjust the design of the top levels of the building to help the building better fit in with the surrounding buildings. No vote was taken because it was a pre-application.

Old Business

Historic District Expansion

The project of potentially expanding jurisdiction into S. College and S. Elm areas had been put on hold during the pandemic. The Commission discussed options on the best way to move forward; regarding inventory, outreach and partnership with Miami University.

Administrative Approvals

HAPC 2021-05, 22 E. High St, Administrative Approval of Wall Sign Replacement, Betsy Hope, Oxford Community Foundation

No action needed; previously approved administratively.

ORDINANCE NO.

AN ORDINANCE ACCEPTING THE PLANNING COMMISSION'S RECOMMENDATION AND GRANTING A ZONING MAP AMENDMENT FOR 22.014 ACRES OF LAND LOCATED AT 6600 BROOKVILLE ROAD, OXFORD, OHIO, AND REZONING THE PROPERTY FROM OXFORD TOWNSHIP A-1 (AGRICULTURAL) DISTRICT TO CITY OF OXFORD R-1B (SINGLE-FAMILY MEDIUM DENSITY RESIDENTIAL) DISTRICT.

WHEREAS, in accordance with Section 1135 of the Codified Ordinances of the City of Oxford, the Oxford Planning Commission held a public hearing on July 13, 2021, on the application of Sam Perry, Community Development Director on behalf of Becki Smith and Cassie McCartney, owners, for a Zoning Map Amendment for 22.014 acres of land located at 6600 Brookville Road, Oxford, Ohio, rezoning the property from Oxford Township A-1 (Agricultural) District to City of Oxford R-1B (Single-Family Medium Density Residential) District.

WHEREAS, the Oxford Planning Commission, after due deliberation, recommended granting the Zoning Map Amendment, and found that the request does comply with the Decision Standard requirements of Oxford Codified Ordinance Chapter 1135.

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY ORDAINS THAT:

SECTION 1: Council hereby accepts the recommendation of the Oxford Planning Commission, and after due deliberation, finds for the granting of the Zoning Map Amendment rezoning 22.014 acres of land located at 6600 Brookville Road, Oxford, Ohio, rezoning the property from Oxford Township A-1 (Agricultural) District to City of Oxford R-1B (Single-Family Medium Density Residential) District.

SECTION 2: Council hereby grants the rezoning request to R-1B (Single-Family Medium Density Residential) District as requested by the Applicant, incorporating the application and documents submitted by the Applicant as a term and condition of the granting of this Rezoning Request.

SECTION 3: This ordinance shall take effect at the earliest time allowed by law.

STAFF REPORT

ORIGINATING DEPARTMENT:	Community Development
PREPARED BY:	Zachary Moore
DATE PREPARED:	July 26, 2021
COUNCIL MEETING DATE:	August 3, 2021
AGENDA TITLE:	PC-2021-07, 6711 Ringwood Road, PRELIMINARY PLANNED DEVELOPMENT, further development of MayDay Gun Range site, including new self-storage facility, Scott Webb, Architect, Applicant/Agent
CITY MANAGER/DEPT HEAD APPROVAL:	<i>DRE 7-29-21</i>

Proposal Summary:

On behalf of the property owner, applicant Scott Webb is requesting approval of a Preliminary Planned Development in order to further develop the MayDay Gun Range site into a private multi-use business park. The gun range is located on a large parcel totaling a little over 11 acres, but only occupies about 10 percent of the site; the other 90 percent is currently vacant/undeveloped. The proposed plan seeks to utilize the existing 24-foot wide driveway (located on a long panhandle portion of the parcel leading to/from Ringwood Road), and expand upon the existing gun range parking area to form a more expansive network of drive aisles and parking spaces to serve additional business uses.

The property is zoned LI Light Industrial, which allows a multitude of potential commercial and industrial uses, such as light manufacturing, laboratories, offices, and even adult entertainment facilities, by-right. The district also prescribes a number of Conditional Uses. The applicant proposes developing in such a manner to allow up to 8 total development sites, inclusive of the existing gun range use. 2 of the 7 new development sites are more clearly defined at this stage, which are proposed to be occupied by a business incubator and self-storage facility. These two uses alone would encompass a little over 3 acres, or 28% percent, of the site. The incubator is intended to provide space for contractors and other service professionals to both interact with customers, and store supplies and wares. The remaining 5 development areas are shown more conceptually, with exact land uses for these areas to be determined at a later date as part of a future application.

The City of Oxford
(513) 524-5200
15 S. College Ave.
Oxford, OH 45056

Background:

The development of the subject site underwent a concept review by the Planning Commission in May 2020. The original design included a loop road layout. A revised plan was formally submitted in March 2021 and contained a direct connection point to US 27; however, this application ultimately was not processed. A second revised plan was submitted in May 2021, reverting back to a loop road design more akin to the original and without vehicular connection to US 27; this application was processed and was ultimately the version reviewed by the Planning Commission on July 13.

Planning Commission Recommendation:

On July 13, the Oxford Planning Commission held an in-person public hearing and reviewed the case and the decision standards. Most of the discussion and questions revolved around the following subjects: (1) tree coverage, including the recent loss of woods in the middle of the site and calculation of an appropriate amount of trees to be planted; (2) provisions for emergency vehicle access and turnaround, including a potential means of access via the First Baptist Church parking lot; and (3) walkway connection(s) between the development and existing public right-of-way along Ringwood and US 27.

Mr. Terry Dudley, who owns a 60-foot wide strip of land east of the development site, provided comments regarding the City's thoroughfare plan which shows a 100-foot wide collector right-of-way running through his land and the applicant's. The Commission explained to Mr. Dudley the City is not requiring an easement, rather this is a voluntary set-aside by the property owner to ensure buildings do not have to be demolished in the future to make way for a new roadway if pursued by the City in the future. Mr. Dudley stated he did not wish for a road or bike path to be constructed through his property.

Upon closure of the public hearing, the Commission expressed agreement with staff's recommendation for a walkway connection to US 27 but modified an original recommendation for a temporary turnaround at the end of the drive, instead opting for a stub of additional pavement between the incubator and storage facility to allow for vehicle turnaround. The Commission voted 6-0-0 (with 1 member absent) to recommend approval of the application subject to the following 9 conditions:

1. The existing gun range, and proposed business incubator and self-storage facility uses shall be the only land uses approved at this stage. Additional future land uses may be considered on a case-by-case basis as part of either a Final Planned Development or amended Preliminary Planned Development, in accordance with provisions prescribed for the LI District. In all instances, Adult Entertainment Facilities shall be prohibited.

The City of Oxford
(513) 524-5200
15 S. College Ave.
Oxford, OH 45056

2. A new Traffic Impact Study shall be completed for the latest site design to verify whether public off-site improvements are necessary to support anticipated uses. The study shall be completed prior to submission of a Final Planned Development application; staff may require the study be amended at a future date depending upon the anticipated traffic impacts when additional land uses are more clearly defined.
3. Bicycle parking shall be provided in accordance with the Oxford Zoning Code and reviewed at the Final Planned Development stage.
4. Five-foot wide sidewalk shall be provided along the Ringwood Road frontage.
5. A five-foot wide paved pathway shall be provided between the walkway system shown on the Plan and the existing public sidewalk along US 27. This connection shall be reviewed at the Final Planned Development stage.
6. Additional landscaping shall be provided along the back side of the larger self-storage outbuilding facing future collector road right-of-way, to help soften the viewscape along the future corridor. More exact details shall be reviewed at the Final Planned Development stage.
7. A portion of the loop road extending out from the 4-way intersection (located between the business incubator and storage facility) shall be paved to City staff's satisfaction to allow for emergency vehicle turnaround. Such feature shall be reviewed at the Final Planned Development stage.
8. A waiver to Section 1145.06(f)(1) is hereby granted to reduce the amount of required open space from 20% to 11.4%.
9. A waiver to Section 1148.05(b)(2)(A) is hereby granted to relieve the developer from the Tree Survey requirement, on condition that wooded areas noted to remain are not disturbed during construction and the landscaping plan as presented is fulfilled.

ORDINANCE NO.

AN ORDINANCE ACCEPTING THE RECOMMENDATION OF THE PLANNING COMMISSION AND APPROVING THE PRELIMINARY PLANNED DEVELOPMENT APPLICATION TO ALLOW FURTHER COMMERCIAL DEVELOPMENT OF AN 11.28 ACRE SITE INCORPORATING THE MAYDAY GUN RANGE AT 6711 RINGWOOD DRIVE WITH CONDITIONS.

WHEREAS, Council hereby finds the Planning Commission held a public hearing on July 13, 2021 in accordance with Chapter 1145 of the Codified Ordinances of the City of Oxford, on the application of Scott Webb, Architect, for a Preliminary Planned Development to allow further commercial development of an 11.28 acre site incorporating the MayDay Gun Range at 6711 Ringwood Drive Oxford, Ohio; and

WHEREAS, the Planning Commission, after due deliberation found the application satisfied the basic code requirements in Chapter 1145 of the Codified Ordinances of the City of Oxford, and recommended approval of the Preliminary Planned Development application to allow further commercial development of an 11.28 acre site incorporating the MayDay Gun Range at 6711 Ringwood Drive, Oxford, Ohio with conditions.

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY ORDAINS THAT:

SECTION 1: Council hereby accepts the recommendation of the Planning Commission and further approves the Preliminary Planned Development application to allow further commercial development of an 11.28 acre site incorporating the MayDay Gun Range at 6711 Ringwood Drive, Oxford, Ohio with the following conditions:

1. The existing gun range, and proposed business incubator and self-storage facility uses shall be the only land uses approved at this stage. Additional future land uses may be considered on a case-by-case basis as part of either a Final Planned Development application or an amended Preliminary Planned Development application, in accordance with the provisions prescribed for the LI District. In all instances, Adult Entertainment Facilities shall be prohibited.
2. A new Traffic Impact Study shall be completed for the latest site design to verify whether public off-site improvements are necessary to support anticipated uses. The study shall be completed prior to the submission of a Final Planned Development application; staff may require the study to be amended at a future date depending upon the anticipated traffic impacts when additional land uses are more clearly defined.
3. Bicycle parking shall be provided in accordance with the Oxford Zoning Code and reviewed at the Final Planned Development stage.
4. A five-foot wide sidewalk shall be provided along the Ringwood Road frontage.
5. A five-foot wide paved pathway shall be provided between the walkway system shown on the Plan and the existing public sidewalk along US 27. This connection shall be reviewed at the Final Planned Development stage.
6. Additional landscaping shall be provided along the backside of the larger self-storage outbuilding facing the future collector road right-of-way, to help soften the viewscape along the future corridor. Exact details shall be reviewed at the Final Planned Development stage.

7. A portion of the loop extending out from the 4-way intersection (located between the business incubator and storage facility) shall be paved to City staff's satisfaction to allow for emergency vehicle turnaround. Such feature shall be reviewed at the Final Planned Development stage.
8. A waiver to Oxford Codified Ordinance Section 1145.06(f)(1) is hereby granted to reduce the amount of required open space from 20% to 11.4%.
9. A waiver to Oxford Codified Ordinance Section 1148.05(b)(2)(A) is hereby granted to relieve the developer from the Tree Survey requirement, on condition the wooded areas noted to remain are not disturbed during construction and the landscaping plan as presented is fulfilled.

SECTION 2: This Ordinance shall take effect at the earliest time allowed by law.

STAFF REPORT

Community Development | Planning Commission

APPLICATION DETAILS

Applicant	Scott Webb, Architect
Location	6711 Ringwood Road – Parcel ID H4000028000015
Owner	MayDay Handgun Training LLC c/o Jeff Day
Action Request	Preliminary Planned Development (PD)
Current Use	Commercial (Gun Range) & vacant ground
Current Zoning	LI Light Industrial District
Lot Size	11.28 acres
Surrounding Land Uses	Institutional (First Baptist Church), Commercial/Warehouse (Capitol Varsity), Industrial (IMI Concrete & Schneider Electric/Square D)
Staff Recommendation	Approval, subject to recommended conditions

PROPOSAL SUMMARY

On behalf of the property owner, applicant Scott Webb has submitted an application requesting approval of a Preliminary Planned Development in order to further develop the MayDay Gun Range site into a private multi-use business park. The gun range is currently located on a large parcel totaling a little over 11 acres, but only occupies about 10 percent of the site; the other 90 percent is vacant/undeveloped. The proposed plan seeks to utilize the existing 24-foot wide driveway (located on a long panhandle portion of the parcel leading to/from Ringwood Road), and expand upon the current gun range parking area to form a more expansive network of drive aisles and parking spaces to serve additional business uses. Two dry detention basins are planned in the northern and eastern portions of the site to fulfill the City's stormwater management requirements and can count toward the open space calculation for the development.

The property is zoned LI Light Industrial, which allows a multitude of potential commercial and industrial uses, such as light manufacturing, laboratories, offices, and even adult entertainment facilities, by-right. The district also lists a number of Conditional Uses. The applicant proposes developing in such a manner to allow up to 8 potential uses, inclusive of the existing gun range. The applicant proposes a more definitive plan for 2 of the 7 additional uses, for a business incubator building and a self-storage facility. These 2 uses alone would encompass a little over 3 acres, or 28% percent, of the site. The proposed self-storage use/area is to be gated off and includes a large indoor air-conditioned storage building (i.e. mini warehouse) as well as two storage unit outbuildings. The business incubator use would share the gated/secured vehicle egress area with the storage facility, and also provide front doors and customer parking along the opposite side.

PUBLIC COMMENTS

Public notices were mailed to surrounding property owners and a sign was posted at the front of the property. No public comments have been received as of the writing of this report.

DEPARTMENT COMMENTS

Below are comments from City departments:

Department	Respondent	Response
Economic Development	Seth Copenbaker, Assistant to the City Manager	Returned with Comments
<i>The proposed project includes 11 acres of development, including light industrial and business incubator space, and a storage facility including climate-controlled storage units.</i> <i>The proposed development on this site would be a welcomed addition to the Oxford economic landscape. Currently the City offers limited sites and facilities suitable for light industrial use. This development could provide that resource, as well as support other commercial and business growth with facilities dedicated to "incubator" functions.</i> <i>This project could compliment the College@Elm project by Miami University at 20 S. Elm St. The College@Elm intends to feature light manufacturing operations as well as a variety of business start-up support services. The addition of commercial ready light industrial space could further catalyze business growth in Oxford.</i> <i>The proposed self-storage with the inclusion of climate controlled options adds a service unique to the Oxford area.</i> <i>At this time the Economic Development staff have no reservations regarding this project.</i>		
Engineering	Scott Otto, City Engineer	Returned without Comments
Fire	John Detherage, Fire Chief	Returned with Comments
<i>An easement would need to be created to ensure future emergency access through the church parking lot.</i> <i>When is the Phase 2 Loop scheduled to be added? Is there a plan for emergency vehicle turn around and secondary emergency vehicle access in the mean time?</i> <i>The emergency vehicle turns will need to be evaluated to ensure access through the development and to each building.</i>		
Police	John Jones, Police Chief	Returned without Comments

CASE HISTORY

The subject site and surrounding area has been involved in numerous past applications and approvals by the City of Oxford since the early 1980s. A summary of relevant case history is provided below:

Case No.	Application	Decision
PC-1980-02	Preliminary Plat/PUD	Council approved December 16, 1980 by Ord No 1623
The original site totaled 20.133 acres with 988 feet of frontage along Ringwood Road and 392 feet of frontage along US 27. The applicant, Tim Myers, initially proposed constructing a new cul-de-sac street off US 27, approximately 250 feet south of the intersection between US 27 and Ringwood Road. The cul-de-sac street, named "Commerce Street," was proposed to support a total of 8 lots, while the remaining site acreage would have direct frontage and curb cut access to either Ringwood and/or US 27 and be divided into 12 lots. The Planning Commission at the time opposed creating a new access point off US 27 between Ringwood Road and Todd Rodd, leading the applicant to significantly downscale their proposal by only showing the property being split into 2 lots at the Preliminary stage, including a 2-acre lot in the western corner of the site while the remaining 18 acres was left undefined in terms of lot boundaries. Council approved the Industrial Preliminary PUD subject to the condition that no more than five (5) access points be planned off Ringwood Road, with at least seventy five (75) feet of distance between each. Additional conditions also prohibited direct access from US 27, and specified any access point on Ringwood Road must be no closer than 200 feet to the US 27 centerline.		
PC-1981-11	Final Plat/PUD	Council approved May 18, 1982 by Ord No 1677
Council approved the subdivision of 2 lots, including the 2-acre lot previously shown at the Preliminary stage (now owned by Irving Materials Inc. as part of IMI Concrete, referred to as "Brookville Concrete" in prior staff reports), as well as a 1.102 acre lot that is now the site of Capitol Varsity at 6723 Ringwood.		
PC-1982-08	Additional Use	Council approved June 1, 1982 by Ord No 1683
Council approves an "Additional Use" (the predecessor term to today's "Conditional Use") for a 16,000 square foot building on the 1.102 acre lot comprising office and warehousing uses. This resulted in a new curb cut off Ringwood Road to support the use.		
PC-1986-02	Lot Split	Administrative Approval in January, 1986
This case involved splitting off an additional lot immediately to the east of the main Capitol Varsity site and currently addressed as 6715 Ringwood Road, also totaling 1.102 acres. This action was approved administratively by the Planning Commission.		
PC-1986-19	Additional Use	Council approved October 21, 1986 by Ord No 1912
This approval was for a "light manufacturing, office and distribution multi-use building" on the lot at 6715 Ringwood Road. The access point to Ringwood was originally proposed to be shared with the adjacent lot to the west; however, the plan was later revised to include a new curb cut accessed separately further east on Ringwood. The reality today is there is shared parking/accessibility across property lines between 6723 and 6715 Ringwood, as well as a separate curb cut and parking lot on the east side of the building at 6715 as had been shown in the revised plans.		
PC-1987-09	Lot Split	Administrative Approval in August, 1987
This approval involved splitting off another 1.102 acre lot with 150 feet of frontage along Ringwood Road (currently undeveloped, addressed as 6705), as well as a 3.414 acre lot with 305 feet of frontage along Ringwood and 392 feet of frontage along US 27, which eventually became the site of the First Baptist		

Church at 6701 Ringwood. By this time, almost all frontage along Ringwood had been absorbed by approved lot splits, sparing just a 50 foot width in between 6715 and 6705, which constitutes the present day location of the MayDay Gun Range driveway and panhandle portion of the subject site.		
PC-1987-16	Stormwater Retention	N/A
It is not clear from the limited contents of this file what the exact intent was behind this Planning Commission case. It appears the applicant, Ernie Myers, was aiming to construct a stormwater retention area within an easement that had been created specifically for that purpose as part of the previous lot split (PC-1987-09), on property currently occupied by the First Baptist Church (6701 Ringwood). There is no record of an approval, and no such retention feature was ever constructed in this area.		
PC-1994-17	Additional Use	Council approved January 17, 1995 by Ord No 2379
Council approved a reception hall use to be located at 6701 Ringwood (corner lot bordering both Ringwood and US 27). The hall was proposed to have a floor area exceeding 7,000 square feet, with capacity for up to 400 guests, and a 150-space parking lot provided in front. The building was proposed to be oriented toward US 27, with 2 curb cuts off Ringwood Road. This project never came to fruition following Council approval.		
PC-1996-04	Additional Use	Council approved June 18, 1996 by Ord No 2457
Council approved a "computer assembly operation" to be located at 6705 Ringwood, comprising a single building and surrounding parking area and including 2 new curb cuts off Ringwood. However, this project never came to fruition as this particular lot remains vacant.		
PC-2002-11	Additional Use	Council approved September 17, 2002 by Ord No 2763
Council approved a request from applicant Tim Myers and First Baptist Church to construct a church building and parking area at 6705 Ringwood Road. The church was eventually built on the site, accessed via a single curb cut off Ringwood.		
PC-2016-02	Conditional Use	Council approved March 15, 2016 by Ord No 3348
Council approved a request for a shooting and training facility on the 11.28 acres currently under consideration for a Preliminary Planned Development. The use had been determined by staff to fit into the Conditional Use category under the LI zoning district. The building itself was proposed to be around 12,000 square feet in area. Loading space, pedestrian safety, and bicycle parking requirements were waived as part of the approval.		
PC-2018-04	Conditional Use	Council approved May 15, 2018 by Ord No 3471
This request sought to construct an automotive service facility for specialty automobiles, including modification and repair services, at 6705 Ringwood. The use would have also entailed vehicle sales, but to a more a limited extent and not the primary focus. Council approved the application while also waiving bicycle parking and pedestrian circulation/safety requirements. Site construction did not ultimately come to fruition, and the Conditional Use approval has since expired.		

COMMENTARY

Staff comments on site conditions and a number of key development aspects are provided below:

- **Building Areas and Uses:** The table below summarizes the 8 individual development areas which are proposed as part of this Preliminary Planned Development. The plan includes 1 existing use to be retained, and up to 7 new uses to be allowed on the site. Staff is of the opinion that the Commission could consider the entire site at the Preliminary stage, however the Final Planned Development approval should be split up into two or more approvals based on when uses and site construction are more concretely defined for each use. For instance, assuming this Preliminary application was eventually approved by Council, the first Final Planned Development submittal could encompass the proposed business incubator and self-storage facility uses only. Along these lines, the Commission should consider the proposed buildable areas and building footprints for Development Areas 1 and 5-8 on a more conceptual basis, as these could be subject to more substantial design variation at a Final stage depending on the use(s)/tenant(s) in mind.

Development Area	Existing Use	Planned Use	Buildable Area	Building Footprint
Development Area 1	Vacant	Undefined	40,905 sq ft	13,650 sq ft (estimate)
Development Area 2	Gun Range	Gun Range	30,292 sq ft	11,371 sq ft (actual)
Development Area 3	Vacant	Business Incubator	18,032 sq ft	8,219 sq ft (proposed)
Development Area 4	Vacant	Self-Storage Facility	46,468 sq ft	20,716 sq ft (proposed)
Development Area 5	Vacant	Undefined	10,993 sq ft	5,083 sq ft (estimate)
Development Area 6	Vacant	Undefined	13,903 sq ft	8,005 sq ft (estimate)
Development Area 7	Vacant	Undefined	11,558 sq ft	6,964 sq ft (estimate)
Development Area 8	Vacant	Undefined	12,456 sq ft	4,902 sq ft (estimate)

- **Landscaping and Tree Preservation:** The project is subject to the standards of Chapter 1148 Landscaping and Tree Preservation, which includes both tree planting and tree preservation requirements. It should be noted however that the Commission has the ability to waive or modify such standards, or impose more stringent requirements, inherent to a more discretionary review process involved with a Planned Development. Summaries by subject are provided below:
 - **Tree Planting:** The Code's tree planting requirements are normally based upon the amount of lot frontage a given site has along a public street. Going strictly off the Code language, the calculation would only be based on a total of 50 feet of lot frontage along Ringwood, thus requiring only 5 total trees on the overall site (minimum of 1 tree per 10 linear feet of frontage), not inclusive of additional trees that may be required for parking areas. Because the development is planned as a single site and not as a subdivision with new public streets, no new public street lot frontage is being created. However, given the flexibility allowed in a Planned Development process, a more practical interpretation of the tree planting could be to observe the "pseudo" frontage being created for each individual leased area located along the extended drive/parking aisle intended to serve each area. Measuring frontage in this manner results in a total frontage length of 1,174 feet. Applying the Code's formula to this figure results in a total of 117 overall site trees. The applicant has provided a Landscape Plan (Sheet A-3) displaying a total of 41 new trees to be planted, including 25 deciduous trees and 16 new conifer trees; this would account for 35% of the "perceived" minimum

amount of trees necessary for the new development under the revised calculation. It should be noted though that the submitted Landscape Plan does not yet account for the conceptual development areas (#s 1, and 5-8), so more trees could eventually be proposed through Final Planned Development procedures for the remaining uses.

- **Tree Preservation:** The Zoning Code requires a Tree Survey to be performed for all nonresidential developments. The Survey is required to document the location, diameter at breast height (DBH), and species of each tree totaling 10 inches DBH or greater. Estimations may be accepted for areas greater than 1 acre, and any area that is more than 100 feet away from the nearest proposed improvement (structure, pavement surface, etc.) may be exempted from the need to survey. The vast majority of the site is field and does not contain trees. A wooded portion in the center of the site appears to have been clear cut recently. The most significant tree line is along the southern boundary of the site, bordering the railroad. Although this tree line is located roughly 100 feet away from the existing gun range, it is much closer to the proposed business incubator building (84 feet) and nearest self-storage outbuilding (32 feet). In the preliminary planning stages, it can be difficult to determine whether a wooded area will actually be impacted by grading activities since engineered contour lines are not yet determined. The spirit of the Tree Survey requirement is to observe the amount of significant trees that are unnecessarily removed for the sake of development, exempting those that must come down to make way for buildings, walkways, parking surfaces, etc.. The Survey is then compared to the number of new tree plantings to ensure a balance where the net amount of tree coverage is at or above the site's existing conditions. Overall, staff sees this as a low risk situation compared to the number of new trees planned, and recommends the Survey requirement be waived.
- **Parking Area Trees:** The Parking Code also specifies tree planting requirements based on the number of parking spaces provided. The standard, per *Section 1149.07(e)(6)(B)*, is a minimum of 2 trees per facility plus 1 tree for every 5 parking spaces. If the entire site is considered 1 "facility," this amounts to 34 total trees based on a total of 159 parking spaces proposed. The vast majority of the 41 trees proposed by the applicant are within proximity to parking areas and drive aisles.
- **Lighting:** The applicant proposes a series of post-mounted light fixtures to illuminate vehicle and pedestrian circulation areas. Wall pack lights are also proposed on the faces of the business incubator and self-storage buildings. All lights are to be shielded and LED. Staff would need to verify compliance with Zoning Code lighting requirements at the time of Building Permit submission.
- **Lot Coverage:** The LI District provides a generous maximum lot coverage of 70%. The applicant's plan proposes an overall coverage percentage of 43%, well below the maximum. The resulting coverage percentage could change at a later stage depending on the scale of future construction on the remaining 5 building sites, though it would unlikely exceed the 70% limit unless a more substantial redesign was contemplated.
- **Non-Vehicular Mobility:** Relevant topics are discussed below:
 - **Pedestrian Facilities:** The proposed plan provides sidewalks and walkways throughout much of the development, linking building sites to one another and to available parking. The Zoning Code was recently amended to include standards requiring the construction of sidewalks, when absent, along all public street frontage. The Code also requires a separate walkway to link the public sidewalk to the entrance(s) of the developed building/use(s). A public sidewalk currently exists along US 27 (dead-ending into the shoulder about 100 feet away from the Ringwood intersection corner), but no sidewalk exists along Ringwood Road.

The proposed plan does not show construction of a new sidewalk along Ringwood, nor does it show a walkway connection to either Ringwood or US 27.

- **Bicycle Parking:** The Zoning Code provides minimum bicycle parking standards based on the number of vehicular parking spaces provided. The Code was recently updated to factor into the calculation either the required amount of vehicle spaces, or actual vehicle spaces provided, whichever is greater. Observing the proposed number of spaces (159), this results in a minimum total of 15 bike spaces based on a factor of 1 per 10 provided. Bicycle parking standards had been waived in the past for other developments in this area of town, though such past decisions do not preclude the Planning Commission from adhering to the Code and enforcing current standards for this project. It should also be noted that previous waivers pre-dated Council's adoption of a Complete Streets Policy in August 2019, which seeks to make the transportation network safer and better connected by serving all users and modes of travel. Staff encourages the Planning Commission to consider the full "Policies" section of the Complete Streets Policy, as seen in Appendix B of this report. The Policy outlines very specific circumstances in subsections (a.) thru (f.) where exemptions may be considered.
- **Open Space:** There is a 20% minimum open space requirement for Planned Developments per **Section 1145.12(f)(1)**, which normally cannot include any area less than 50 feet by 50 feet nor can it include the required 50-foot perimeter setback for an industrial zoning district. The proposed plan delineates these open space areas, totaling approximately 1.61 acres or **14.4%** of the overall site. Unfortunately, the plan only recognizes a 25-foot setback, which normally applies in residential and commercial districts; thus, to adjust to the proper 50-foot setback, this would result in significantly less overall "calculable" open space. The Commission would need to grant a waiver to reduce the amount of required open space from 20% down to **11.4%** (1.29 acres).
- **Signage:** The Zoning Code normally restricts development sites to no more than 1 wall or freestanding sign in the LI District. Staff agrees with the applicant's argument that this would be far too restrictive in preventing usable signage for the development. Instead, the applicant proposes the following sign allowances for the Commission to consider as part of the Planned Development: (1) a ground sign next to the existing driveway entrance off Ringwood Road, to provide a directory of businesses; (2) a ground sign next to and identifying the business incubator; (3) a ground sign next to and identifying the self-storage facility; (4) two wall signs not exceeding 3 feet in height, including one on the business incubator building and one on the main storage building, each on the east facing sides; and (5) individual business unit wall signs displayed along the front of the business incubator building each not exceeding 16 square feet in size. The submitted renderings illustrate the look and placement of much of the proposed signage. Ground signs are proposed to comply with typical dimensional standards, including a maximum sign area of 48 square feet, maximum height of 6 feet, and maximum width of 12 feet.
- **Stormwater Management:** Two detention areas are proposed for the development. One is located within the middle of the loop road, and another in the easternmost corner of the site near US 27. Each is to be located within a utility and drainage easement and be recognized as contributing toward the open space requirement. Since the development is being proposed as one contiguous site designed in a comprehensive manner (as opposed to a subdivision with divided ownership), all maintenance responsibilities for such facilities would rest with the property owner. It would be up to the owner to ensure that any lease agreements with future tenants account for funding ongoing maintenance of these areas.
- **Traffic Circulation:** Various topics are discussed below:

- **Future Major Collector Road:** The 2007 Oxford Transportation Thoroughfare Plan (as reflected in the Oxford Transportation Plans compilation document most recently approved by Council in May 2020) shows a future major collector roadway (segment 15B) running between US 27 and Contreras Road. The plan shows the potential for a reconfigured intersection between Todd Road and US 27, to align with this major collector route as well as a new minor collector route leading around Walmart and eastward to Brown Road. A long 60-foot wide parcel under separate ownership is located between the subject site and Schneider Electric, stretching between the railroad and US 27 near Todd Road. The applicant has agreed to reserve 40 feet of additional ground adjoining this parcel to make up a potential future right-of-way width of 100 feet as called for in the Thoroughfare Plan's Major Collector typical section. This would help to ensure any future right-of-way acquisition would not require demolition of structures, or an elimination or reduction of land usage. However, it should be noted that if a collector of this type were built between the subject site and Schneider, at least a couple of the proposed structures would be in close proximity to the resulting right-of-way line. For example, one of the self-storage outbuildings is shown approximately 10 feet from the future right-of-way line. Accessory buildings are normally not permitted in a front yard area, and the minimum front yard depth in LI is 50 feet. This configuration may be acceptable in this circumstance given the industrial character of the area, provided additional vegetative screening was provided between the building and the right-of-way.
- **Off-Site Improvements:** No off-site transportation improvements, such as road widening, signals, or turning lanes, are proposed as part of the submitted application. The current site plan represents the third design drawn up for the subject site. A traffic study had been performed for the second design, which had included a new curb cut off US 27 in addition to the existing drive accessed from Ringwood Road; this study had determined no off-site improvements were necessary to handle the projected amount of traffic. Staff's opinion is that a new traffic study be performed for the latest design which features only one formal way in and out of the site via Ringwood Road, to confirm whether or not any improvements might be necessary at the existing entrance location or at the intersection of US 27 & Ringwood.
- **Parking:** The applicant displays a total of 159 parking spaces for the entire site, which are intended to be shared between uses. Of this total, 27 currently exist and serve the gun range use. The Oxford Zoning Code does not provide a schedule of required parking for a business incubator or self-storage (mini warehouse) use, but by recent amendment allows staff to utilize parking demand estimates produced by the Institute of Traffic Engineers (ITE). Below is an analysis of potential parking demand vs. parking capacity provided in the plan. It appears adequate parking is provided to serve the two new uses.

Use	ITE Use	Peak Period Parking Demand (average)	Gross Floor Area	Estimated Parking Spaces	Provided Parking Spaces
Business Incubator	General Light Industrial (110)	0.65 / 1,000 sq ft gross floor area	8,219 sq ft	5	22
Self-Storage Facility	Mini Warehouse (151)	0.10 / 1,000 sq ft gross floor area	20,716 sq ft	2	8

- **Emergency Access via Church:** During initial internal discussions between staff and the applicant, the Fire Chief expressed concern with the original loop road plan providing only one possible way in and out of the development. The first attempt to address this concern was by providing an access point along US 27, which in turn was not well received by the

Community Development and Service Departments. Ultimately, a potential compromise was reached by returning to a loop road layout but providing a second means of emergency access via the First Baptist Church parking lot. The applicant proposes at the initial stage of development (encompassing only the business incubator and self-storage facility), to construct the gravel base for the loop road, but hold off on paving and curbing until the time when the remaining areas are developed. Once the loop road is fully built, the plan is for a depressed curb in vicinity of the southern edge of the church parking lot.

- **Utilities:** Comments on individual utility services are provided below.
 - **Sanitary Sewer:** The engineered version of the site plan from Bayer Becker shows new 8-inch sanitary mains tapping in to the existing sanitary system on US 27.
 - **Water:** The Bayer Becker site plan also shows a new 8-inch water main connection from US 27.
 - **Electric:** Information on electric utility connections is not shown at this time. The preference is for such utilities to be located underground.
 - **Garbage & Recycling Collection:** In order to accommodate development expansion, the existing refuse enclosure serving the gun range will need to be relocated. The applicant proposes situating a new enclosure at the end of a new parking area to the south of the existing building, adjoining the new business incubator. A total of two garbage enclosures are also shown inside the secured vehicle egress area around the self-storage facility; it is possible one of these enclosures may also serve the business incubator. The sizing and accessibility of these facilities would need to be reviewed at the time of Building Permit submission.

DECISION CRITERIA

All Planned Developments shall satisfy the General Decision Standards provided in *Section 1145.06(b)*. The standards found within this section are below with staff analysis provided for each:

1. **The proposed planned development is in fact permitted in the zoning districts in which it is proposed.**

A mini-warehouse and business incubator are Conditional Uses in the LI District. These uses may be approved for the subject site through the Planned Development process.
2. **If the application is for the same site where a planned development application has been denied within one year, the plan is substantially different from the application so denied.**

This criterion is not applicable. This is the first attempt at a Planned Development application for this site within the past year.
3. **The uses and site plan will satisfy the general intent of this Zoning Code.**

Section 1143.14(a) describes the purpose of the LI District is to provide for those analytical and associated fabrication activities associated with research and development, as well as for office and industrial uses having minimum impact upon the surrounding environment in areas that are suitable for industrial development by reason of location and availability of adequate utility and transportation systems. The uses that are known at this time fit the general intent of the LI District.
4. **The uses and site plan will be compatible with the general intent of the Comprehensive Plan.**

The Comprehensive Plan designates the site as a “Corridor” developable character area, where the City should work to promote and attract new commercial uses, and enhance connectivity and the design of

existing uses through public and private investment. Industrial and commercial uses are found to be permissible in this area. Staff believes the proposed site development helps to fulfill the vision expressed by the Comprehensive Plan, as well as fulfill a community need for storage space as well as incubator space so that area contractors/plumbers will have a “base” from which to interface with customers and store supplies.

5. **The size and shape of the site are sufficient for the proposed planned development.**
The applicant has undergone several revisions in striving to achieve a design that satisfies City concerns for accessibility and safety. The applicant has provided the required 50-foot setback around the perimeter of the site, but only with respect to buildings. The 40-foot area offered as potential future right-of-way is included within the 50-foot setback, rather than being apart and separate from the setback, meaning if a major collector roadway were ever built, structures could be situated a lot closer to the right-of-way than as normally would be allowed by Code.
6. **The use will not be hazardous or disturbing to existing or potential future neighboring uses that are permitted in the zoning district.**
The subject site is located far from residential uses, making it ideal for many of the uses prescribed by the LI District as well as the types of uses proposed. The site borders industrial, commercial, and institutional uses.
7. **The use will not involve activities, processes, materials, equipment, or conditions of operation that will be detrimental to any person, property, or the general welfare because of excessive production of traffic, noise, smoke, fumes, glare, odors, or other emissions.**
A new traffic study should be performed for the latest design, to determine whether off-site public improvements are warranted on Ringwood Road and/or US 27. Based on the land uses known at this time, it is not believed that noise, smoke, fumes, glare, odors, vibration or other external effects of this nature will become a concern.
8. **Accessory uses will be directly related to the operation of the principal uses and will not be operated independent of the principal uses.**
Two accessory outbuildings associated with the self-storage facility use are proposed and will be accessed via the gated/secured grounds of the site.
9. **The use and site will be adequately served by public facilities and services such as streets, water and sewer, drainage structures, police and fire protection, and refuse disposal, or adequate provisions will be made to provide the same services privately.**
Construction drawings will need to be reviewed by the Service Department at a later date to determine the feasibility of connection to existing utilities, and also verify compliance with the City’s stormwater management regulations. All “streets” and drainage structures interior to the site are to be privately held and managed/maintained. The Service Department will likely require bonding of these private infrastructure improvements to ensure their completion. Adequate provisions must be made for emergency access through the church parking area for fire protection.
10. **Development of the site and operation of the use will not require substantial public expenditure for additional infrastructure or services.**
The engineered version of the site plan indicates that water and sewer utilities are directly available from US 27. While the proposed plan has been designed with the possible future construction of a collector roadway in mind, new public streets or roadways are not necessitated by the proposal. As mentioned previously, a new traffic study should be conducted to verify whether off-site improvements to public roadway infrastructure are necessary. It is quite possible such a study will need to be updated once more specificity is reached on the intended usage of additional development areas on the site.

11. **The site will be designed, constructed, and maintained in a character harmonious in appearance and general character with the existing or intended character of the general vicinity, and that such use will not change the essential character of the same area. Structures to be constructed, reconstructed, or altered in a residential zoning district shall have the appearance of residential buildings permitted in the zoning district.**
Based on the plans and renderings provided, staff believes the intended character will be harmonious in appearance with the general character of the surrounding area.
12. **The site is designed so that on-site traffic and traffic accessing the site will not adversely impact the movement or safety of all modes of traffic on adjacent public streets.**
As mentioned in the body of the report, adequate provisions have not been made to ensure accessibility for alternate modes of travel, including by foot and by bike. The plan should be revised to include such connections to the existing public sidewalk system and comply with the latest development codes in the City's Zoning Code as well as the City's Complete Street Policy.
13. **Proposed construction will not result in the destruction, loss or damage of a natural, scenic or historic feature of major importance.**
Remaining portions of the site surrounding the gun range development are presently undeveloped. It is not believed that a feature of this magnitude will be lost as a result of further development.
14. **Proposed construction will not result in the complete elimination of existing mature tree canopy. Effort shall be made to direct disturbance and construction around or away from existing mature tree canopy without completely taking away use of the site or connectivity to existing infrastructure.**
Much of the subject site is presently field, or has been cleared of previously existing vegetation. The existing tree lines along the perimeter of the site should be retained as much as possible. In accordance with the Zoning Code, at Tree Survey would normally be required for the southernmost corner of the site in proximity to the planned business incubator and self-storage uses. The Commission may consider waiving this requirement due to a relatively low risk of disturbance to perimeter vegetation, in consideration of additional new landscaping/trees planned throughout the site.

STAFF RECOMMENDATION

Based upon a review of the Decision Standards, staff recommends **approval** of the Preliminary Planned Development subject to the following conditions:

1. The existing gun range, and proposed business incubator and self-storage facility uses shall be the only land uses approved at this stage. Additional future land uses may be considered on a case-by-case basis as part of either a Final Planned Development or amended Preliminary Planned Development, in accordance with provisions prescribed for the LI District. In all instances, Adult Entertainment Facilities shall be prohibited.
2. A new Traffic Impact Study shall be completed for the latest site design to verify whether public off-site improvements are necessary to support anticipated uses. The study shall be completed prior to submission of a Final Planned Development application; staff may require the study be amended at a future date depending upon the anticipated traffic impacts when additional land uses are more clearly defined.
3. Bicycle parking shall be provided in accordance with the Oxford Zoning Code and reviewed at the Final Planned Development stage.
4. Five-foot wide sidewalk shall be provided along the Ringwood Road frontage.

5. A five-foot wide walkway connection shall be provided between the walkway system shown on the Plan and the existing public sidewalk along US 27. This connection shall be reviewed at the Final Planned Development stage.
6. Additional landscaping shall be provided along the back side of the larger self-storage outbuilding facing future collector road right-of-way, to help soften the viewscape along the future corridor. More exact details shall be reviewed at the Final Planned Development stage.
7. In-lieu of a gravel base being laid for the loop road proposed to service Development Areas 5-8, a paved temporary turnaround/cul-de-sac shall be provided in proximity to the last gated entrance to the self-storage facility to enable emergency vehicles to turn around; such feature shall be reviewed at the Final Planned Development stage. No gravel base for the loop road shall be laid until such time as it is approved for Development Areas 5-8.
8. A waiver to **Section 1145.06(f)(1)** is hereby granted to reduce the amount of required open space from 20% to 11.4%.
9. A waiver to **Section 1148.05(b)(2)(A)** is hereby granted to relieve the developer from the Tree Survey requirement, on condition that wooded areas noted to remain are not disturbed during construction and the landscaping plan as presented is fulfilled.

APPENDIX A

RELEVANT ZONING CODE PROVISIONS

Within the Oxford Zoning Code, *Section 1143.14* provides the base zoning standards for the LI zoning district and *Chapter 1145* governs Planned Development applications.

1143.14 – LI Light Industrial District.

(a) Purpose.

This district is intended to provide for those analytical and associated fabrication activities associated with research and development, as well as for office and industrial uses having minimum impact upon the surrounding environment in areas that are suitable for industrial development by reason of location and the availability of adequate utility and transportation systems. Permitted uses are those that can be operated in a clean and quiet manner, subject only to those regulations and performance standards necessary to prohibit congestion and for the protection of adjacent residential and business activities.

(b) Uses.

(1) Permitted uses.

- A. Any use whose principal function is basic research, design and/or pilot or experimental product development or technical training.
- B. Office buildings of an executive or of an administrative nature or incidental to those uses previously listed.
- C. Sales offices related to the principal manufacturer on the same site provided that any retail trade with the general public shall be of a limited nature and that no stock of goods is maintained for sale to the general public.
- D. Sales offices related to the principal manufacturer on the same site provided that any retail trade with the general public shall be of a limited nature.
- E. Business and industrial service facilities.
- F. Laboratories including experimental, film, testing, research, or engineering.
- G. Printing, publishing, binding, and typesetting plants.
- H. The manufacture, compounding, processing, packaging, or treatment of such products as, but not limited to bakery goods, business machinery, candy, clocks and toys, cosmetics, electrical and electronics products, components and equipment, food products, hardware and cutlery, tools, and pharmaceuticals.
- I. The manufacture, compounding, assembling, or treatment of articles or merchandise from previously prepared materials such as, but not limited to, bone, canvas, cellophane, cloth, cork, feathers, felt, fiber, fur, glass, hair, horn, leather, paper, plastics, precious or semi-precious metals or stone, sheet metal (excluding large stampings, such as automobile fenders or bodies) shell, textiles, tobacco, wax, wire, wood, (excluding saw and planing mills), and yarns.
- J. Medical, dental, optical manufacturing.
- K. The manufacture of pottery and figurines or other similar ceramic products using only previously pulverized clay, and kilns fired only by electricity or gas.
- L. The manufacture and repair of electric and neon signs.
- M. Motion picture production.
- N. Adult Entertainment Facilities.
- O. Accessory buildings and uses incidental to the principal use.

(2) Conditional uses.

The following Conditional Uses are subject to review and regulation in accordance with Chapter 1147.

- A. Any permitted use over 100,000 square feet of gross floor area

- B. Electroplating
- C. Graphic products manufacturer
- D. Light sheet metal products, including heating and ventilating equipment, cornices or eaves
- E. Cold storage plants
- F. Tool and die shops, wrought iron shops, machine shops, excluding drop hammers
- G. Banks, including drive-in facilities
- H. Restaurants, including fast food and drive-ins
- I. Taverns
- J. Wholesale facilities
- K. Other manufacturing, processing, or storage uses determined by the Planning Commission to be of the same general character as the permitted uses previously listed and found not to be a nuisance or offensive by reason the potential emission or transmission of noise, vibration, smoke, dust, glare, heat, water or air pollution. In this regard, the Planning Commission may seek expert advice on what conditions should be imposed on a particular operation to carry out the purposes of this zone: the cost of such expert assistance shall be borne by the applicant.
- L. Mini-Warehouse (Self-Storage Units)
- M. Business Incubator

(c) Site Development Regulations.

(1) Lot requirements.

- A. Minimum lot frontage and width: 100 feet
- B. No minimum lot size is specified, however, the lot size shall be adequate to provide for parking, access drive spacing, yard space and screening requirements.

(2) Yard requirements.

- A. Minimum front yard depth: 50 feet
- B. Minimum rear yard depth and side yard width
 - 1. If side or rear yard abuts onto a Residential District, yard shall have a minimum 50 feet for Permitted Use and minimum 100 feet for Conditional Use, and landscaped screening provided.
 - 2. Each side and rear yard shall be equal to the height of the principal building.
 - 3. Opaque fence may be substituted for plantings if approved by the Zoning Board of Appeals.

(3) Structural requirements.

- A. Maximum height 45 feet
- B. Maximum Lot coverage 70 percent

(d) Supplementary Regulations.

(1) Site plan approval required.

A site plan shall be submitted that shows graphically the location and dimensions of vehicular entrances, exits, internal circulation pattern, off-street parking and loading facilities, building location and dimensions, storage facilities, landscaping and screening facilities.

(2) Impact statement.

Prior to being issued a zoning certificate in the Office/Industrial District, the applicant must obtain approval of a descriptive text indicating the nature of the proposed activity, expected levels of noise, odor, dust, smoke, light, water and air pollution, glare and/or vibration from normal operations and a plan for addressing these impacts. The expected number of employees per shift, at the outset and at full expansion, shall be indicated. Other information, as required, shall be submitted either in text or plans.

(3) Storage of material.

Storage of material and equipment shall be within an enclosed building, unless located behind the principal structure and visually screened from the street and adjacent properties

by a landscaped screen, fence or wall. Such screening of open storage and trash containers must meet the requirements of Sections 1141.01 and 1141.04.

1145.06 Planning Commission and Council review.

A preliminary plan shall be approved prior to approval of a final plan, although the processes can be concurrent for small, single phase developments. Both preliminary and final plan approval require a Planning Commission recommendation and Council approval.

The Planning Commission shall base its review of a proposed planned development upon the complete application, upon any staff report, and upon any relevant and credible public comment presented during the public hearing. Council shall base its decision on the same materials and shall also consider the Planning Commission recommendation.

The general decision standards for approval of a preliminary and final planned development are substantially similar. The final plan requires greater detail and is subject to additional decision standards.

If, at any time, the Planning Commission or Council finds that the information provided is insufficient to make a determination, it may suspend its review until sufficient information has been provided.

(a) **Burden of Proof.**

Planning Commission has no obligation to recommend approval and City Council has no obligation to approve a planned development. This Zoning Code assumes that a planned development is appropriate only if an applicant proves that the proposed uses and design will not be detrimental to the public health, safety, or general welfare of the City or the neighborhood in which it is proposed.

Applicants shall prove that potential negative impacts of elements such as location, size and extent of facilities and operations, site design, traffic generation, site access, and potential impact upon public facilities will be adequately mitigated.

(b) **General Decision Standards.**

All planned developments shall satisfy these general decision standards:

- (1) The proposed planned development is in fact permitted in the zoning districts in which it is proposed
- (2) If the application is for the same site where a planned development application has been denied within one year, the plan is substantially different from the application so denied.
- (3) The uses and site plan will satisfy the general intent of this Zoning Code.
- (4) The uses and site plan will be compatible with the general intent of the Comprehensive Plan.
- (5) The size and shape of the site are sufficient for the proposed planned development.
- (6) The use will not be hazardous or disturbing to existing or potential future neighboring uses that are permitted in the zoning district.
- (7) The use will not involve activities, processes, materials, equipment, or conditions of operation that will be detrimental to any person, property, or the general welfare because of excessive production of traffic, noise, smoke, fumes, glare, odors, or other emissions.
- (8) Accessory uses will be directly related to the operation of the principal uses and will not be operated independent of the principal uses.

- (9) The use and site will be adequately served by public facilities and services such as streets, water and sewer, drainage structures, police and fire protection, and refuse disposal, or adequate provisions will be made to provide the same services privately.
- (10) Development of the site and operation of the use will not require substantial public expenditure for additional infrastructure or services.
- (11) The site will be designed, constructed, and maintained in a character harmonious in appearance and general character with the existing or intended character of the general vicinity, and that such use will not change the essential character of the same area. Structures to be constructed, reconstructed, or altered in a residential zoning district shall have the appearance of residential buildings permitted in the zoning district.
- (12) The site is designed so that on-site traffic and traffic accessing the site will not adversely impact the movement or safety of all modes of traffic on adjacent public streets.
- (13) Proposed construction will not result in the destruction, loss, or damage of a natural, scenic, or historic feature of major importance.
- (14) Proposed construction will not result in the complete elimination of existing mature tree canopy. Effort shall be made to direct disturbance and construction around or away from existing mature tree canopy without completely taking away use of the site or connectivity to existing infrastructure.

1145.07 Action by Planning Commission

- (a) The Planning Commission shall recommend to Council approval, approval with conditions, or denial of an application as presented and shall clearly state the findings upon which its recommendation is based.
- (b) The Planning Commission shall base its recommendation and Council its decision upon how well the application satisfies the Decision Standards. Planning Commission, in its recommendation, and Council in its decision may waive or modify dimensional regulations of the Zoning Code, or impose more strict regulations and any additional conditions, guarantees, and safeguards it deems necessary to satisfy the purposes of this Zoning Code. Dwelling unit density cannot be waived.
- (c) Council may require the developer to file performance bonds with the City to guarantee completion of any public utilities associated with the planned development and any elements of the plan that are necessary to its success, if abandoned by the developer.

1145.12 Design.

- (a) **Arrangement.**
The physical arrangement of a planned development is not subject to the specific dimensional regulations that apply in the underlying zoning district, except as specifically noted in this Chapter. Land uses may be distributed throughout the site and throughout individual buildings in whatever manner is best suited to a particular planned development. Structures, vehicle management areas, open spaces, landscaping, and other elements may be distributed throughout the site in whatever manner is best suited to a particular planned development and the surrounding area.
- (b) **Land Area.**
A planned development shall be a minimum of 1 (one) contiguous acre or more.
- (c) **Land Use.**
 - (1) The following land uses are permitted in proportion to those portions of a planned development that overlay an existing residential zoning district:

- A. Any land use permitted in any residential zoning district in this Code, except Mobile Homes.
 - B. Institutional, public, and semi-public land uses that serve the planned development or the general public.
 - C. Commercial land uses, if the total land area of the planned development is greater than 10 acres and if the commercial land use is intended to serve the planned development only. Such commercial land uses shall be limited as follows:
 - 1. No signs that are visible from outside of the development.
 - 2. No direct vehicular access to a public thoroughfare.
 - 3. No less than 95 percent of the total land area shall be devoted to residential land uses.
 - 4. No separate structure intended to be used, in whole or part, for commercial land uses shall be constructed prior to the construction of not less than 50 percent of the dwelling units.
- (2) The following land uses are permitted in proportion to those portions of a planned development that overlay an existing commercial zoning district:
- A. Any land use permitted in the underlying zoning district.
 - B. Any land use permitted in any residential zoning district in this Code, except Mobile Homes.
- (3) The following land uses are permitted only in the portions of a planned development that overlay an existing industrial zoning district:
- A. Any land use permitted in the underlying zoning district.
- (4) The land uses permitted in a planned development may be distributed as follows:
- A. If a single planned development overlays more than one zoning district, then the land uses permitted according to this Section may be distributed throughout the entire planned development site.
 - B. If a planned development includes land uses permitted only in an industrial zoning district, then those land uses may only be located in that portion of the planned development that overlays the industrially zoned land.
- (d) **Residential Density.**
Residential density shall not exceed 110 percent of the density permitted in the underlying zoning district. Residential land uses in a planned development that overlays a commercial zoning district shall not exceed the density of the R1B Single-Family Medium-Density Residential Zoning District. Area devoted entirely to non-residential land uses, including buildings, vehicle management areas, and other associated land use elements shall be excluded from the area used to calculate residential density.
- (e) **Dimensional Regulations.**
- (1) Building Heights shall be limited as in the underlying zoning district, regardless of land use.
 - (2) Front setbacks shall be limited as in the underlying zoning district.
 - (3) All buildings and vehicle management areas shall be setback from the perimeter of a planned development no less than:
 - A. Residential zoning district - 25 feet.
 - B. Commercial zoning district - 25 feet.
 - C. Industrial zoning district - 50 feet.
- (f) **Open Space.**
- (1) No planned development shall have less than 20 percent open space, which includes any area not less than 50 by 50 feet, not including the required setbacks, and includes nothing other than natural area.
 - (2) Lot coverage shall be regulated according to the underlying zoning district, except that lot coverage for the residential portion of any planned development shall not exceed 40 percent.
- (g) **Sensitive Development Area.**

- A. A Sensitive Development Area is defined as any land(s) or soil(s) proposed to be developed that, if subjected to improper use or management, is otherwise determined to be incapable or unsuitable of urban use. Sensitive Development Areas can also be considered those lands that pose special hazards to development or the environment, consisting of lands or soils of such sensitive character that they may require special use, design and engineering restrictions.
- B. For the Preliminary Planned Development, the applicant must create an inventory of sensitive environmental area identified in subsection (g)D.(1) to (8) from publicly available resources such as Butler County Soil and Conservation District, OKI, OEPA, ODNR, HAPC, FEMA, USFWS, OHPO and other public entities. This information shall be provided with the preliminary application. Design of the site shall be based on site information obtained from those public entities. An existing landscape plan shall be submitted with each application. The landscape plan shall identify existing trees, natural features and other landscaping elements.
- C. After the approval of the Preliminary Planned Development, the applicant must develop a detailed site analysis of sensitive environmental areas on the site, conducted by firm(s) specialized in the areas, at a minimum: Ecological Survey, and Environmental Site Assessment. Other documentation may be required based on the site and the discretion of the Planning Commission, including, but not limited to: Stream and Wetland Mitigation, Water Way Permits, Archaeological Inventory, Historic Architecture Inventory. The applicant must also provide reports of the analyses following current professional norms for the discipline. It will be the Planning Commission's role to review information submitted by the applicant on each discipline to make the recommendations to City Council.
- D. Design of the proposed Planned Development site shall be based on the site information obtained from those public entities. To the maximum extent practicable, development shall be located to preserve the natural features of the site, to avoid areas of environmental sensitivity, and to minimize negative impacts and alterations of natural features. The following specific areas shall be preserved as undeveloped open space, and in accordance with the U.S. and Ohio Constitutions and state or federal regulations:
 - (1) Unique and/or fragile areas, including wetlands, as may be defined in Section 404, Federal Clean Water Act, as amended; and in Ohio Environmental Protection Agency standards.
 - (2) Land in the floodway as identified and mapped using the Federal Emergency Management Agency's Flood Hazard Boundary Maps. Federal Emergency Management Agency in scientific and engineering reports entitled 'Flood Insurance Study for Butler County, Ohio and Incorporated Areas' effective 12/17/2010, with accompanying Flood Insurance Rate Maps for Butler County, Ohio and Incorporated Areas effective 12/17/2010 and any revisions thereto are hereby adopted by reference and declared to be part of this chapter.
 - a. 100 foot natural buffer shall be maintained adjacent to all permanent and natural surface waters, springs, and wetlands. Development of this area is regulated as follows:
 - 1. Natural vegetation shall be maintained.
 - 2. No structures shall be built or improvements made, except as follows:
 - (a). Walking paths, bicycling paths, and the like, including infrastructure necessary to facilitate their development are permitted anywhere within the buffer.
 - (b). Roads and associated infrastructure are permitted in the buffer to facilitate crossing such water elements.
 - (c). Any improvements approved in a final plan.

- (d). Any public safety or public utility improvements not associated with the planned development, but deemed necessary by the Service Director, Police Chief or Fire Chief.
 - (3) Steep slopes fifteen (15%) percent or more, unless appropriate engineering measures concerning slope stability, erosion, and resident safety are taken into account.
 - (4) Habitats of endangered wildlife, as identified on federal and state lists.
 - (5) Historically and culturally significant structures and sites, as listed on, but not limited to, the National Register of Historical Places or on the local inventory of historic places maintained by the City of Oxford's Historic Architectural Preservation Commission.
 - (6) Aquifers and tributary drainage systems.
 - (7) Tree growth areas or urban forested areas as defined in Chapter 935, of the Codified Ordinances of Oxford.
 - (8) Any area as identified on Map 3.3 of the Comprehensive Plan.
- E. The development shall be laid out to avoid adversely affecting groundwater and aquifer recharge; to reduce excavation and embankment; to avoid unnecessary impervious cover; to prevent flooding; to provide adequate access to lots and sites; and, to mitigate adverse effects of noise, odor, traffic, drainage, and utilities on neighboring properties. The placement of buildings shall take into consideration topography, building height, orientation and drainage. Storm water Best Management Practices in Low Impact Development Designs are desirable and encouraged. City guidelines for these practices and designs can be found in the City of Oxford Storm Water Management Design Manual
- F. If the Planning Commission, or its designated representative, may require the applicant to submit a statement in order to demonstrate that satisfactory efforts have been made to mitigate any special hazards posed to the site if these sensitive lands are subjected to improper use or management. The statement, if required, shall be submitted in one or more of the following forms:
 - (1) The statement shall describe in detail the extent of encroachment on any Sensitive Development Area, the extent and nature of the proposed alteration, the environmental impacts resulting from the proposed alteration, and the proposed methods of mitigation.
 - (2) A Geotechnical Report and/or a Wetlands Assessment/Delineation, prepared by a professional engineer, licensed in the State of Ohio, or by a specialist in Streams and Wetland. This report can be in lieu of a development narrative.
- (h) Landscaping and Screening.
 - (1) A planned development shall satisfy all landscaping elements required by other sections of this Code.
 - (2) The required perimeter setback area shall be retained in natural woods or suitably landscaped with grass, ground cover, shrubs, trees, or earthen mound.
 - (3) A planned development that overlays a commercial or industrial zoning district that is adjacent to a residential zoning district shall be screened from the residential zoning district by a dense evergreen hedge a minimum of 8 feet tall and 10 feet wide at planting and that will maintain at least 90 percent opacity over time.
- (i) Access and Mobility.
 - (1) At residential densities greater than would be permitted in the R-1A District, have direct and principal access from a collector or arterial road.
 - (2) Bicycle rack spaces shall be provided at all planned developments that overlay a commercial zoning district at a rate of 3 per acre.
 - (3) Adequate pedestrian connectivity shall be provided to and through a planned development.
- (j) Utilities and Infrastructure.

Electric and telephone facilities, street light wiring, and other wiring conduits and similar facilities shall be located underground.

(k)

Plan-Specific.

Any other design elements deemed necessary by Planning Commission and Council to ensure that a planned development satisfies the decision criteria of this Chapter.

APPENDIX B

COMPLETE STREETS POLICY

Below is an excerpt from the **Policies** section of the Complete Streets Policy, adopted by the Oxford City Council by Resolution 7098 on August 20, 2019. Specific attention should be directed to the exemptions outlined in subsections (a.) thru (f.).

Policies

The City of Oxford surface transportation network shall balance the need for all current and future users. Project identification, planning, scoping, and design for new construction, reconstruction, resurfacing, rehabilitation within the public right-of-way shall adhere, where applicable to the following:

- 1) There is no one design standard that achieves the complete streets outcome. Design of particular projects will be context-sensitive, consideration of adjacent land uses and local needs and incorporating the most up-to-date, widely-accepted design standards for the particular setting, traffic volume and speed, and current and projected demand. Each project must be considered both separately and as a part of a connected network to determine the level and type of treatment necessary for the street to be complete. Additional principles, policies and guidelines may be found under the Best Practice Design.
- 2) Exemptions to the Resolution may be made under one (1) or more of the following conditions as determined by City Council in consultation with the City Manager, upon recommendation of the Oxford Parking and Transportation Advisory Board.
 - a. Where bicyclists and pedestrians are prohibited by law from using the roadway; or
 - b. Where the cost of providing such accommodations would be disproportionate given the need or probability of use; or
 - c. Where severe topographic or natural resource constraints prohibit such accommodations, or
 - d. Where conditions or restrictions outside the purview of the City of Oxford prohibit such actions.
 - e. Where the project consists primarily of the installation of traffic control or safety devices.
 - f. Where roadway safety standards or bicycle and pedestrian safety standards cannot be met.
- 3) Where accommodations for all users cannot be made, reasonable efforts shall be made to identify adjacent alternative routes and/or methods of travel to provide a safe, reliable, integrated, and interconnected surface transportation network.
- 4) Roadways, sidewalks, shared-use paths, street crossings, pedestrian signals, signs, street furniture, transit stops and facilities, and all connecting pathways shall be designed, constructed, operated, and maintained so that all users of the surface transportation network can travel safely, reliably, and independently.
- 5) The implementation of this policy shall reflect the context and character of the surrounding built and natural environment, and enhance the appearance of such.
- 6) The design and development of surface transportation infrastructure shall be in accordance with all City of Oxford ordinances, codes, plans, policies, and guidelines where appropriate.
- 7) A system of performance measurements shall be established to gauge the success of this Policy with regards to the stated Goals above.

Memo

To: Zach Moore, Planner
From: John Detherage, Fire Chief
CC:
Date: 7/6/2021
Re: 6711 Ringwood Rd.

Per our conversation today regarding the proposed development at this locations I offer the following:

- I am agreeable to the loop portion of the road being based in with compacted gravel and maintained in a passable condition for emergency vehicle travel until such time that the proposed buildings on that section are constructed.
- The turns around the proposed phase 1 buildings will need to be evaluated for emergency vehicle access by the designer.
- A second emergency vehicle ingress will need to be in place when the road for phase 2 is paved.

Submission Requirements and Documentation

The application requirements (Section 1145.05¹) for a preliminary and final planned development are different. The final planned development application requires a greater degree of accuracy and completeness than does the preliminary planned development application. This section describes the application content requirements for each step of the process.

Thirteen (13) complete sets of all information shall be submitted with each preliminary and final application. If any information is submitted in color or on non-standard paper, more copies may be required. The Zoning Administrator may modify this requirement based upon

the type of materials included. **The applicant shall contact the Zoning Administrator prior to submitting an application to discuss the submission requirement.**

(a) Preliminary Plan.

- (1) Application fee.
- (2) The name, mailing address, and telephone number of the applicant and all property owners.
- (3) If the applicant is not the owner, or if there are multiple owners within the proposed area, a statement from all owners that the applicant is entitled to apply on their behalf, and that they agree to be legally bound to any decision reached according to this Chapter.
- (4) The name, mailing address, and telephone number of any planner, engineer, surveyor, or other design professional who assisted with preparation of the plans.
- (5) Description of use and site. A written, detailed description shall include the following information. A separate response is required for each subsection.
 - A. A legal description of the site, including all separate lots.
 - B. A description of the existing uses of the site.
 - C. The zoning districts in which the site is located.
 - D. A description of the proposed planned development.
 1. The number of housing units by size and type proposed within each phase.
 2. A description of any nonresidential operations, including type of goods sold, services performed, and expected number of customer, clientele, delivery, and service vehicles.
 3. The hours of operation of any nonresidential use.
 4. A phased development schedule, if applicable, that indicates the location and timing of phases and demonstrates that each completed phase would form a reasonably independent unit if succeeding phases were abandoned.
 - E. A narrative statement that evaluates the compatibility of the proposed planned development with the general vicinity and adjacent properties.
 1. How the proposed uses are similar to or different from existing area uses and if there will be any interaction between the proposed site and adjacent sites.
 2. How any existing structures, proposed structures, and the site design relate to adjacent structures and sites.
 3. If the proposed uses will involve any operations that create potential nuisances such as excessive noise, lighting, odor, fumes, vibration, or emissions.
 4. How any potential negative effects on adjacent land will be mitigated.
 - F. A statement about why the location proposed is appropriate for the planned development.
 - G. A statement of the necessity or desirability of the proposed planned development to the neighborhood or community.
 - H. How the proposed mix of dwelling types and/or commercial uses advances community goals of diversity, affordability and market changes (e.g. adaptability of flats versus townhomes)
 - I. Proposals for the provision of public utilities and services, if insufficient or not available for the planned development, or for the provision of suitable private utilities and services.
 - J. A general analysis of expected traffic impact, including vehicular and pedestrian safety, resulting from the proposed development.
 - K. The substance of proposed covenants, easements, and other restrictions on the land and structures.
 - L. A list of the names and mailing addresses of all landowners within 200 feet of the site.
 - M. Such other information regarding the proposed uses, site design, or surrounding area as may be pertinent to the application or required by Planning Commission or Council.
- (6) Site plan. A scaled site plan shall include the following information in detail. The required information may be submitted on multiple site plans if inclusion of all information on a single plan makes it illegible or difficult to understand.
 - A. North arrow.
 - B. Scale.
 - C. Vicinity map.
 - D. All existing and proposed lot lines within the site.
 - E. Dimensions of all lots and of the entire site and any adjacent rights-of-way.
 - F. The location and intended purpose of all open spaces
 - G. Approximate location, height, dimensions, and use of all proposed and existing structures.
 - H. Approximate location and number of different uses (i.e. dwelling types and/or commercial uses).
 - I. Approximate location and design of all proposed vehicle and pedestrian routes and nonresidential vehicle management areas.
 - J. Approximate location and size of all existing and proposed utilities that will serve the planned development.
 - K. Approximate location, size, and type of all proposed signs.
 - L. Approximate location, height, and type of all proposed screening and landscaping.

- M. Distances to residential zoning districts if within 1,000 feet.
- N. The use of land and location of structures on adjacent property and across adjacent rights-of-way.
- O. The location of any nearby schools and commercial facilities.
- P. Other information as required by the Planning Commission or Council.
- (7) Landscape plan.
 - A. The plan shall demonstrate compliance with the requirements of Chapter 1148.
- (8) Elevations. Elevations of proposed structures or typical elevations if structures are not yet designed.
- (9) Other. Photographs of the existing site and its surroundings.
- (10) Digital Submittal. Adobe PDF version of all information submitted to also be submitted on a current digital format.
- (b) Final Plan.
 - (1) The same items and information as required for the preliminary plan, except that the approximations shall be refined to specific locations, dimensions, and descriptions.
 - (2) A detailed traffic impact analysis, including all modes of transportation, prepared by a qualified professional engineer
 - (3) Any additional description or information requested by the Planning Commission or Council during the preliminary plan approval process.
 - (4) Detailed agreements, contracts, deed restrictions, and sureties that will be used to guarantee performance of the development during and after construction.

Surrounding Property Owners

On a separate sheet, provide the parcel numbers, names, and mailing addresses of all property owners within 200 feet of all boundaries of the property in question. The [Butler County Auditor Real Estate Search](#)² is helpful when searching for the mailing address of adjoining property owners. It allows you to search by owner, address, or parcel number.

Decision Process

A preliminary plan shall be approved prior to approval of a final plan, although the processes can be concurrent for small, single phase developments. Both preliminary and final plan approval require a Planning Commission recommendation and Council approval. The review is based on the General Decision Standards found in Section 1145.06¹.

Fees & Receipt

The fees for a Preliminary, Final, or combined Preliminary and Final Planned Development application are \$570.00 plus \$100.00 per acre, plus \$10.00 postage charge.

Submit Application, Submission Requirements and Documentation, and Fees

We will not accept incomplete applications and/or plans and documentation.

Send or drop off this application with required plans containing all required information as attachments and a check for fees and postage charge made payable to **City of Oxford**, to Community Development Director, 15 South College Avenue, Oxford, OH 45056.

Direct questions to the Community Development Dept. at 513-524-5204. The application will be placed on the next possible agenda.

Note: You must adhere to notification and publication requirements. Submit materials 45 days prior to the proposed Planning Commission meeting on which the action is requested. City Staff will place a public hearing sign on the subject property. **The Applicant is responsible for removing the signage at the completion of the hearing(s).**

Re: Preliminary Industrial Planned Development
Incorporating the MayDay Gun Range
6711 Ringwood Road & College Corner Pike (US 27)

May 27, 2021

Sam,

Please accept this letter as a formal request for a Preliminary Planned Development review by the City of Oxford Planning Commission for a new Commercial Planned Development incorporating the MayDay Gun Range on Ringwood Road.

At our original concept review with Planning Commission the Commissioners and the Fire Chief expressed concern about a single point of entry to the development. Suggestions were made regarding purchase of additional property or providing an access point where the existing property connects with the right-of-way along College Corner Pike (US 27). Further discussion at the meeting and with Staff resulted in a preliminary opinion that if access were provided onto US 27, it would be limited to Right-In/Right-Out only. The proposed Site Plan was revised accordingly and submitted in March.

A second round of Staff reviews and meetings lead to a return to the internal loop originally presented but modified to provide the potential for emergency access through the adjacent Church parking lot to the North.

Additionally, it was brought to our attention that Oxford's Thoroughfare Plan anticipated a "Major Collector", connecting US 27 with Contreras Road in this general vicinity and that the 100' Right-of-Way it requires should be addressed in the planning of this development.

There is currently a privately owned, 60' access parcel along the southeast of the property at hand, between US27 and the railroad easement to the southwest. The proposed development plan sets aside a parallel 40' area to potentially be combined with the 60' access parcel to create the 100' Right-of-Way required for the future Major Collector Road

The attached proposal has been prepared for and with the help of the following:

Property Owners:

MayDay Handgun Training LLC
6711 Ringwood Road
Oxford, Ohio 45056

Architect:

Scott Webb, Architect
103 West Walnut Street
Oxford, Ohio 45056

Real Estate & Marketing:

Coe Potter, ReMax/Alpha Real Estate
5959 Fairfield Road
Oxford, Ohio 45056

Surveyor:

Bayer Becker Inc.
318 South College Avenue
Oxford, Ohio 45056

The following is the written, detailed description of the proposal as required on the Planning Application:

(5) Description of Use and Site 1145.05 (7)

- A. Legal Description/Survey of the Property is included with this Preliminary Planned Development Application.
- B. The 11.28 acre Site currently contains the MayDay Gun Range, previously approved as a Conditional Use.
- C. The property is currently zoned LI.
- D. Description of the Proposed Planned Development.
 - 1. No housing units are proposed
 - 2. The proposed Planned Development is intended to allow further development of this 11.28 acre site for various LI & Commercial Uses including self-storage, and a business incubator space in the first phase with additional future LI development areas.
 - 3. The expectation is that these uses would operate as a typical LI uses, maintaining typical business hours.
 - 4. The overall site infrastructure (utilities, etc.) would be completed in the first phase as shown on the development drawings. The proposed loop road would be completed in Phase 2 as the development sites are purchased or leased.
- E. Narrative statement evaluating the compatibility of the proposed Planned Development with the general vicinity and adjacent properties.
 - 1. The proposed use(s) are similar to the existing land uses in the area. (Schneider Electric, IMI Concrete, Capital Varsity, Gillman's, etc.)
 - 2. The proposal contained herein is intended to incorporate the MayDay Gun Range into a larger development similar to the adjacent properties and uses.
 - 3. The proposed and anticipated uses do not involve any operations that create potential nuisances such as excessive noise, lighting, odor, fumes, vibration, or emissions.
 - 4. Negative effects on adjacent land are not expected.
- F. The Planned Development in this location serves the goals of the planned development purpose statement, as it intends to permit and encourage creative and flexible land development not permitted by right.
- G. The Planned Development is necessary and desirable in this location as this represents one of the few undeveloped LI parcels in the City. The Planned Development process allows for the further development of this lot using the existing entrance as a shared drive.
- H. All public utilities are available for the proposed development. Their extension through the development is shown on the drawings.
- I. The expected traffic impact would be typical for LI development with minor potential peaks at the beginning and the end of a typical workday. The Self-Storage use provided in Phase 1 generates very little traffic.

- J. Easements, covenants and restrictions on the land and future structures will be incorporated into the final development plan as required for shared access, storm water, open space, parking, etc.
- K. Mailing addresses of adjacent property owners will follow with the Preliminary Planned Development Application.
- L. Other pertinent information:

The existing parcel is a "panhandle" lot with a single point of access to Ringwood Road. To allow further development of the property without a Planned Development would result in additional landlocked lots, accessed through shared access easements. The Planned Development approach allows common/shared roads, parking & open space.

The location allows further development of a large parcel of land in a manner consistent with the goals of the Zoning district.

The Comprehensive Plan is also encouraging, representing over 11 of the 15 acres the Land Use Chapter identifies as "developable land" in the "light Industrial District". A Planned development would allow more than a single use on these 11.28 acres.

Further, the Comprehensive Plan recognizes that "Office and industrial areas are the highest revenue generators for the City", while currently identifying this as a "Weak Place".

The proposed design meets Objective 6, regarding the redevelopment of the US 27 North Corridor in a planned and coordinated manner. The project is conceived as a node for commercial activity, visually separated from the US 27 Corridor, internally focused, and surrounded by similar uses.

Thank you for your consideration of this proposal. If you have any questions or need any additional information, please let us know.

Respectfully,

A handwritten signature in black ink, appearing to read 'Scott Webb', written in a cursive, stylized script.

Scott Webb, Architect

STAFF REPORT

ORIGINATING DEPARTMENT:	City Manager
PREPARED BY:	Doug Elliott
DATE PREPARED:	July 12, 2021
COUNCIL MEETING DATE:	July 20, 2021
AGENDA TITLE:	Hotel & Convention Tax
BUDGETED AMOUNT:	
ACCOUNT CODE:	
RECOMMENDATION:	
CITY MANAGER/DEPT HEAD APPROVAL:	Approve <i>DRE 7-16-21</i>

DISCUSSION:

City Council has discussed the need to expand the City's Convention and Hotel Tax to include Short-Term Rentals or Transient Lodging. The City began a registration requirement in 2019 for Short-Term Rentals. The Business Regulation Code was updated in 2020 to account for Short-Term Rentals or Transient Lodging. A Short-Term Rental or Transient Lodging is defined as a dwelling unit or portion thereof where sleeping accommodations are offered for compensation to transient users occupying a room or rooms for a period of less than thirty (30) days duration. The attached Ordinance expands the city's Hotel and Convention Tax to include Short-Term Rentals or Transient Lodging. The amount of the excise tax is 6% which includes a 3% Convention Tax and a 3% Hotel Tax. The proposed disposition of the Convention Tax at 3% will go to Enjoy Oxford (Oxford's Visitors and Convention Bureau) and the Hotel Tax at 3% to the City's Housing Trust Fund. The tax will be effective January 1, 2022 in order to provide sufficient time to publicize this new tax requirement.

ORDINANCE NO.

AN ORDINANCE REPEALING OXFORD CODIFIED ORDINANCE CHAPTER 183, ENTITLED "HOTEL AND CONVENTION TAX," AND ADOPTING NEW OXFORD CODIFIED ORDINANCE CHAPTER 183, ENTITLED "HOTEL, SHORT-TERM RENTAL AND CONVENTION TAX".

WHEREAS, Chapter 5739 of the Ohio Revised Code grants municipal corporations the authority to levy lodging excise taxes; and

WHEREAS, the City of Oxford, Ohio enacted Oxford Codified Ordinance Chapter 183, entitled "Hotel and Convention Tax," to implement a lodging excise tax on persons engaged in the business of owning, operating, or managing a hotel equal to three percent (3.00%) of the transactions by which hotel accommodations are furnished to transient guests; and

WHEREAS, Oxford Codified Ordinance Chapter 183, entitled "Hotel and Convention Tax," implements a lodging excise tax on "hotels," which are defined as places where sleeping accommodations are offered to guests in which five or more rooms are used for the accommodation of such guests; and

WHEREAS, Ohio Revised Code Section 5739.01(M) defines "hotel" as "every establishment kept, used, maintained, advertised or held out to the public to be a place where sleeping accommodations are offered to guests, in which five or more rooms are used for the accommodations of such guests, whether the rooms are in one or several structures ..."; and

WHEREAS, Ohio Revised Code Section 5739.091, allows municipal corporations to define "hotel" to include "establishments in which fewer than five rooms are used for the accommodations of guests" for the purpose of levying a lodging excise tax; and

WHEREAS, City Council has determined that it wishes to levy a lodging excise tax in the amount of three percent (3.00%) on establishments at which fewer than five rooms are used for the accommodation of guests, defined as "short-term rentals"; and

WHEREAS, City Council has determined that it would be in the best interest of the City of Oxford, Ohio to repeal Chapter 183 and enact a new Chapter 183 entitled "Hotel, Short-Term Rental and Convention Tax" of the Codified Ordinances of the City of Oxford, Ohio in order to levy a lodging excise tax of 3.00% on hotels and short-term rentals, in order to provide additional funds to the City.

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY ORDAINS THAT:

SECTION 1: Chapter 183 of the Codified Ordinances of the City of Oxford, Ohio, entitled "Hotel and Convention Tax," regulates the City of Oxford's ability to levy a lodging excise tax equal to three percent (3.00%) on persons engaged in the business of owning, operating, or managing a hotel, defined as an establishment where sleeping accommodations are offered to guests in which five or more rooms are used for the accommodation of guests.

SECTION 2: City Council wishes to amend Chapter 183 to allow for the levy of a lodging excise tax equal to three percent (3.00%) to include establishments at which fewer than five rooms are used for the accommodation of guests, which shall be defined as “short-term rentals.”

SECTION 3: Current Chapter 183 of the Codified Ordinances of the City of Oxford, Ohio, entitled Hotel and Convention Tax,” is hereby repealed and new Chapter 183 is adopted to read as set forth in Exhibit A, which is attached hereto and incorporated herein, with additions **bolded** and deletions ~~struck through~~.

SECTION 4: This ordinance shall take effect at the earliest time allowed by law.

PREPARED BY: LAW (STAFF)

Exhibit A

CHAPTER 183 HOTEL, **SHORT-TERM RENTAL** AND CONVENTION TAX

183.01 DEFINITIONS.

For the purpose of this chapter the following definitions for certain terms or words used herein shall be used in the interpretation of the provisions of this chapter. Words used in the present tense shall include the future tense, the singular number shall include the plural and the plural shall include the singular. The word "shall" or "will" is mandatory and the word "may" is permissive. Any other words used and not defined herein shall be construed as having the commonly-accepted meaning defined in a standard dictionary.

(a) "Guests" means persons occupying a room or rooms for sleeping accommodations for less than thirty consecutive days.

(b) "Hotel" means every establishment kept, used, maintained, advertised or held out to the public to be a place where sleeping accommodations are offered to guests in which five or more rooms are used for the accommodation of such guests, whether such rooms are in one or several structures.

(c) "Person" includes individuals, receivers, assignees, trustees in bankruptcy, estates, firms, partnerships, associations, joint-stock companies, joint ventures, clubs, societies, corporations and combinations of individuals in any form.

(d) "Transient guests" means the same as guests defined herein.

(e) **"Short-term rental" means any establishment offering at least one but less than five rooms for the accommodation of guests, which is rented for a fee for less than thirty (30) consecutive days, whether such rooms are in one or several structures.**

183.02 AMOUNT OF CONVENTION TAX.

Every person engaged in the business of owning, operating or managing a hotel **or short-term rental** as defined in this chapter shall pay to the City an excise tax equal to three percent (3%) of the transactions by which hotel **or short-term rental** accommodations are furnished to transient guests.

183.03 DISPOSITION OF CONVENTION TAX FUNDS.

(a) Calculation of Disposition of Funds:

(1) The Finance Director shall prepare a yearly estimate, used in the preparation of the annual budget, of three percent (3%) convention tax funds to be received by the City pursuant to Oxford Codified Ordinance Section 183.02.

(2) The City shall distribute 100% of the convention tax funds received in a calendar year to Enjoy Oxford.

(b) Council may authorize the City Manager to enter into a written contract, on behalf of the City, with one or more convention and visitors' bureaus operating within Butler County, Ohio, that provides for the City's contribution of funds to such bureaus subject to the conditions contained within the contract.

(c) All interest earned on the convention tax funds collected pursuant to Section 183.02 shall be retained by the City and deposited in the general fund.

(d) Notwithstanding any other provision of this section, the City shall fully comply with the minimum State of Ohio convention tax requirements.

183.04 AMOUNT OF HOTEL AND SHORT-TERM RENTAL TAX.

(a) Every person engaged in the business of owning, operating, or managing a hotel **or short-term rental** as defined in this chapter shall pay to the City a tax equal to three percent (3%) of the transactions by which hotel **or short-term rental** accommodations are furnished to transient guests.

(b) The tax imposed in this section shall be in addition to the tax imposed in Section 183.02 (Convention Tax).

183.05 DISPOSITION OF HOTEL AND SHORT-TERM RENTAL TAX FUNDS.

All of the hotel tax funds received from hotels by the City pursuant to Section 183.04 shall be deposited in the **City's General Fund**. **The 3% hotel tax funds received from short-term rentals shall be deposited in the City's Housing Trust Fund.**

183.06 REPORTS REQUIRED.

The owner, operator or manager of a hotel **or short-term rental** shall make true and accurate reports to the Finance Director on forms prescribed by the Finance Director, giving such information as may be necessary to determine the amounts to which the tax applies for all gross daily rental receipts for each one-month period.

183.07 PAYMENT BY GUESTS.

The taxes imposed hereby shall be collected by the owner, operator or manager of the hotel **or short-term rental** from the paying guests and shown as a tax charge on the bill for occupancy of the rooms. The owner, operator or manager is liable to the City for such taxes whether or not they are actually collected from the paying guest. Such taxes shall be paid to the Finance Department of the City of Oxford on or before the fifteenth day of the month following the month in which the taxes accrued and the report required by Section 183.06 hereof shall accompany such payment.

183.08 EXAMINATION OF BOOKS, RECORDS AND AUDITING PROCEDURES.

(a) The Finance Director or authorized representative shall have the right at all reasonable times during business hours to make such examinations and inspections of books and records of the hotel **or short-term rental** as may be necessary to determine the correctness of the required reports and the taxes paid. The right of the Finance Director or authorized representative to inspect, audit and make copies of books and records of the hotel **or short-term rental** shall include, but not be limited to, the following: books of accounts, daily cash receipt records and hotel **or short-term rental** registration forms.

(b) The Finance Director shall further have the right to order a special purpose audit of the hotel **or short-term rental** books and records upon determining there exists the lesser of a three percent (3%) or one hundred dollars (\$100.00) underpayment of the hotel **or short-term rental** tax. The cost of the special purpose audit shall be assessed and paid for by the hotel **or short-term rental**. Any deficiency in payment shall be deemed a nonpayment and shall be immediately paid by the hotel **or short-term rental** and shall further be subject to penalty for nonpayment as provided in Section 183.10.

183.09 UNLAWFUL TO PROHIBIT INSPECTION.

It shall be unlawful for any hotel **or short-term rental** through its owner, operator or manager to prohibit or hinder the Finance Director or authorized representative from making any examination or audit as authorized by Section 183.08 hereof.

183.10 PENALTY FOR NONPAYMENT.

For each and every month, or part thereof, any tax provided for under this Chapter shall remain unpaid after the fifteenth or next business day of the month during which the same becomes payable, there shall be added to such tax as a penalty ten percent (10%) of the amount of such tax for the first month, or part thereof, that the amount is unpaid, and for each and every month thereafter one percent (1%) of the amount of such tax shall be added until the same is paid in full. In no case shall the total penalty provided herein exceed one hundred percent (100%) of the tax due and these penalties shall not preclude criminal prosecution for violation of this Chapter. Criminal prosecution for violation of any of the provisions of this chapter shall not release or discharge the owner, operator or manager of a hotel **or short-term rental** from civil liability for full payment of any and all tax or penalties due.

183.11 ADDITIONAL RULES AND REGULATIONS.

The Finance Director is authorized to issue and promulgate additional written rules and regulations to assist in the administration and enforcement of this chapter and comply with the same provided that they have received written copies thereof at least thirty days prior to the effective date of such rules and regulations.

183.12 DETERMINATION OF CONTRIBUTIONS.

Council shall have the sole power, authority and discretion to determine the extent and nature of contributions to convention and visitors bureaus and to determine which convention and visitors bureaus shall receive contributions and these determinations shall thereafter be administered by and through the City Manager and the Finance Director. The City may elect to maintain and operate a convention and visitors bureau as part of City government. The tax funds so collected in Section 183.04 shall be placed in the General Fund.

183.13 EXEMPTION.

(a) The owner, operator or manager of a hotel **or short-term rental** shall be exempt from collections of the taxes imposed by this Chapter, provided the payor of the hotel room charge **or short-term rental room charge** is an exempt organization under Section 501(C) of the Internal Revenue Code and the payor provides proof of exemption by providing either an IRS ruling or determination letter under Internal Revenue Regulation Section 1.508-1(a)(4), proof of exemption as a subordinate organization exempted under a group exemption notice of the parent organization as provided by Internal Revenue Regulation Section 1.508-1(a)(3), or a letter from an authorized official of the payor which attests to the organization's exempt status under Internal Revenue Regulation Section 1.508-1(a)(4).

(b) The owner, operator or manager of a hotel **or short-term rental** shall make true and accurate reports to the Finance Director on forms prescribed by the Finance Director providing proof of exemption and such other information as requested by the Finance Director for each one month period.

STAFF REPORT

ORIGINATING DEPARTMENT:	City Manager
PREPARED BY:	Doug Elliott
DATE PREPARED:	June 18, 2021
COUNCIL MEETING DATE:	July 20, 2021
AGENDA TITLE:	Accepting the Annexation of 22.014 Acres
BUDGETED AMOUNT:	
ACCOUNT CODE:	
RECOMMENDATION:	Approve
CITY MANAGER/DEPT HEAD APPROVAL:	<i>DRE 7-16-21</i>

DISCUSSION:

This is the final legislation necessary to annex 22.014 acres of land (3 parcels) off of Brookville Road bordering the Oxford Community Park and Autumn Drive. The annexation petition was filed with the Butler County Commissioners on March 12, 2021. An Expedited Type II process was utilized for this annexation. The City Manager served as the statutory agent for the petitioners. After the property is annexed to the City, the current Township zoning will continue (A-1 Agricultural) until it is rezoned by the City.

ORDINANCE NO.

AN ORDINANCE ACCEPTING THE ANNEXATION PETITION FROM DOUGLAS R. ELLIOTT, JR. FOR 22.014 ACRES OF LAND IN THE TOWNSHIP OF OXFORD, BUTLER COUNTY OHIO, AND ACCEPTING SAID TERRITORY TO BE ANNEXED.

WHEREAS, on March 12, 2021 Douglas R. Elliott, Jr., Agent for the petitioners, filed a petition with the Board of County Commissioners of Butler County, Ohio, to obtain annexation to the City of Oxford, Butler County, Ohio, territories consisting of 22.014 acres of land contiguous to the City of Oxford and the existing corporation line of the Township of Oxford, Ohio. Said petition was filed with the consent of all parties utilizing the annexation procedure set forth in Section 709.023 of the Ohio Revised Code.

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY ORDAINS THAT:

SECTION 1: The Board of County Commissioners did, by Resolution No.21-05-00647 adopted on May 17, 2021, approve the annexation of the proposed territory to the City of Oxford as hereinafter described. Such approval was subject to the terms and conditions contained in the Statement of Services Resolution No. 7269 a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference.

SECTION 2: The Board of County Commissioners did, through the Clerk of the Board of County Commissioners, Butler County, Ohio, certify a transcript of the proceedings in connection with the map and petition required herein to the Clerk of Oxford City Council who received the same on or about May 19, 2021.

SECTION 3: A certified transcript of the proceedings for annexation with an accurate map of the territory, together with the petition for annexation and the papers relating to all proceedings heretofore with the County Commissioners, are all on file with the Clerk of the City of Oxford and have been for sixty days.

SECTION 4: The proposed annexation, as applied for in the petition of the owners of the real estate in the territory sought to be annexed and filed with the Board of County Commissioners, Butler County, Ohio, in which the petition prayed for annexation to the City of Oxford, Ohio, of certain territory adjacent thereto as hereinafter described, be and the same is hereby accepted and deemed annexed to the City of Oxford, subject to all the terms and conditions provided herein and contained within the Statement of Services Resolution No. 7269 attached hereto and incorporated herein as Exhibit "A". The territory to be annexed is more particularly described in Exhibits "B" and "C," attached hereto and incorporated herein.

SECTION 5: The Clerk of the City of Oxford be and is hereby authorized and directed to make five copies of this ordinance, to each of which shall be attached a copy of the map accompanying this petition for annexation, a copy of the transcript of the proceedings of the Board of County Commissioners of Butler County, Ohio, related thereto, and certified as to the correctness thereof. The Clerk shall then forthwith deliver one copy to the County Auditor, one copy to the County Recorder, one copy to the County Engineer, and one copy to the Ohio Secretary of State and shall file notice of this annexation with the Board of Elections within thirty (30) days after it becomes effective and the Clerk shall do all other things as required by law.

SECTION 6: This Ordinance shall take effect at the earliest time allowed by law.

RESOLUTION NO. 7269

A RESOLUTION ADOPTING A STATEMENT INDICATING THE SERVICES THE CITY OF OXFORD, OHIO WILL PROVIDE TO THE TERRITORY PROPOSED TO BE ANNEXED TO THE CITY OF OXFORD, OHIO PURSUANT TO A PETITION FILED WITH THE BOARD OF COUNTY COMMISSIONERS OF BUTLER COUNTY, OHIO, AS PROVIDED BY OHIO REVISED CODE SECTION 709.023(C).

WHEREAS, a petition for annexation has been filed with the Board of County Commissioners of Butler County, Ohio of 22.014 acres of land in Oxford Township, Butler County, Ohio; and

WHEREAS, Oxford Codified Ordinance Section 921.39 E. states in part "The property or properties served by the extension of a municipal utility shall be required to annex into the City upon the official request of the City".

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY RESOLVES THAT:

SECTION 1: Council, having received the notification of a petition for annexation from Gregory B. Smith, Rebecca A. Smith, and Cassandra K. McCartney for 22.014 acres of land in the Township of Oxford, Butler County, Ohio hereby accepts said petition.

SECTION 2: Council hereby adopts this resolution indicating what services the City will provide to the land to be annexed to the City in accordance with Ohio Revised Code Section 709.023(C).

SECTION 3: The City of Oxford, Ohio hereby states that it will provide, upon the finalization of the annexation, the following services to the Territory: law enforcement, recreation programming, maintenance of any and all public streets and alleyways, keeping the same open, in repair and free from nuisance, and professional planning staff; which said services shall be available immediately or as required thereafter upon finalization of the annexation. In addition, the facilitation of public utility services which include potable water, sanitary and storm sewerage, solid waste collection and disposal, street lighting and fire inspection, fire protection, paramedic and ambulance services, and any and all other services provided to or made available to the citizens of the City of Oxford, Ohio, as appropriate shall be available as the Territory is developed and such services become appropriate. Extension of all public utility services shall be subject to such regulations, conditions and fees as the City deems appropriate.

SECTION 4: The Clerk is hereby directed to forward a certified copy of this resolution to the Board of County Commissioners of Butler County, Ohio.

SECTION 5: This resolution shall take effect at the earliest date allowed by law.

STAFF REPORT

ORIGINATING DEPARTMENT:	Community Development
PREPARED BY:	Zachary Moore
DATE PREPARED:	July 26, 2021
COUNCIL MEETING DATE:	August 3, 2021
AGENDA TITLE:	PC-2021-18, FINAL PLANNED DEVELOPMENT, Heron Pond, 15 single-family condominium dwelling units, HPCT Properties Inc., Applicant
CITY MANAGER/DEPT HEAD APPROVAL:	DRE 7-29-21

Proposal Summary:

Developer Shane Coffman (HPCT Properties Inc.) is requesting approval of a Final Planned Development application for the Heron Pond project. The Final stage offers a more detailed perspective on the development, serving as a final check for Planning Commission and Council to ensure that the plan substantially conforms to the vision and layout previously approved and that all relevant conditions pertinent to the original approval have been satisfied.

Like the Preliminary Plan, the Final Plan provides buildable areas for a total of 15 single-family homes along a new private street ("Heron Way") forming a connection between the existing private driveway serving Cobblestone Church and the intersection of Roberts Drive and Morgan Circle, which are public streets. The development will have a separate Homeowners Association (HOA) responsible for maintaining the new street, landscaping and open spaces, and providing other services such as snow removal.

Background:

A Preliminary Planned Development application for Heron Pond was approved by City Council on March 16, 2021 by Ordinance No. 3615, subject to 15 conditions. The Planning Commission staff report included analysis and/or updates on each of these conditions, taking into account the more finalized plans submitted by the applicant as part of the Final Planned Development application. Originally, the applicant had proposed Heron Pond as a single-site condominium style of development, with no actual subdivision taking place. Following a meeting between staff and the applicant on July 9, it was determined

The City of Oxford
(513) 524-5200
15 S. College Ave.
Oxford, OH 45056

subdivision of lots is actually intended, thus a Final Subdivision application will need to be submitted and processed at a later date that actually shows the new lot lines to be created. In other words, the units contained within the development will be “landominiums” instead of condominiums, whereby each resident will own both their own structure and the land on which it sits.

Planning Commission Recommendation:

On July 13, the Oxford Planning Commission held an in-person public hearing and reviewed the case and the decision standards.

Mr. Don Smith, resident at 201 Morgan Circle, inquired about what effect the development would have on the drainage basin in his yard. Staff advised Mr. Smith to contact the City Engineer on this matter.

Ms. Sandy Cason, resident at 4211 Kehr Road, voiced concerns about having additional neighbors next to her and noted some issues experienced from other developments in the vicinity. Ms. Cason stated she was against the proposed development, and asked the Commission to consider an alternative to the proposed gazebo location due to proximity to her home.

Following discussion, the Commission voted 6-0-0 (with 1 member absent) to recommend approval of the application subject to the following 6 conditions:

1. Final Plan approval shall be valid for 5 years, with an opportunity for the Planning Commission to grant an additional 1 year extension per the Zoning Code. All public infrastructure, including streets, trails, parking, utilities, and sidewalks shall be in place prior to approval of the first Building Permit associated with the development. An exception is made for sidewalks and lighting along Heron Way, which may be built incrementally with the construction of each dwelling unit.
2. Acceptable exterior building materials shall include Hardie Board, brick, stone, and shingle accents. Vinyl siding shall be prohibited. Building architecture shall generally conform to the bulk, scale and style depicted in the submitted sample house plans.
3. Landscaping shall be in place at an appropriate time per the timing of construction activity as determined by the Zoning Administrator.
4. On-street parking shall be prohibited on both sides of Heron Way.
5. The following shall be approved, signed and/or recorded as necessary prior to approval of the project's first Building Permit: (1) Final PD Plan; (2) Construction Drawings; (3) Financial Security

The City of Oxford
(513) 524-5200
15 S. College Ave.
Oxford, OH 45056

for public and private improvements; (4) Right-of-Way Dedication Plat, Easement Plat, and/or Record Plat as appropriate; and (5) HOA Declaration/Agreement.

6. Notwithstanding the Final PD conditions listed above, all other Preliminary PD conditions per Ord No. 3615 shall remain valid to the development as may be applicable.

Following the vote, Chairman Watt clarified that the Commission as part of their motion authorized staff to explore relocating the gazebo to help satisfy Ms. Cason's concern.

ORDINANCE NO.

AN ORDINANCE ACCEPTING THE RECOMMENDATION OF THE PLANNING COMMISSION AND APPROVING THE FINAL PLANNED DEVELOPMENT APPLICATION FOR HERON POND LOCATED ALONG KEHR ROAD IN THE CITY OF OXFORD WITH CONDITIONS.

WHEREAS, Council hereby finds the Planning Commission held a public hearing on July 13, 2021 in accordance with Chapter 1145 of the Codified Ordinances of the City of Oxford, on the application of HPCT Properties, Inc. for a Final Planned Development for Heron Pond located along Kehr Road consisting of 4.49 acres with 15 single-family residential homes; and

WHEREAS, the Planning Commission, after due deliberation found the application satisfied the basic code requirements in Chapter 1145 of the Codified Ordinances of the City of Oxford, and recommended approval of the Final Planned Development application for Heron Pond located along Kehr Road in the City of Oxford with conditions.

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY ORDAINS THAT:

SECTION 1: Council hereby accepts the recommendation of the Planning Commission and further approves the Final Planned Development application for Heron Pond located along Kehr Road in the City of Oxford with the following conditions:

1. Final Plan approval shall valid for 5 years, with an opportunity for the Planning Commission to grant an additional 1-year extension per the Zoning Code. All public infrastructure, including streets, trails, parking, utilities, and sidewalks shall be in place prior to approval of the first Building Permit associated with the development. An Exception is made for sidewalks and lighting along Heron Way, which may be built incrementally with the construction of each dwelling unit.
2. Acceptable exterior building materials shall include Hardie Board, brick, stone, and shingle accents. Vinyl siding shall be prohibited. Building architecture shall generally conform to the bulk, scale and style depicted in the submitted sample house plans.
3. Landscaping shall be in place at an appropriate time per the timing of construction activity as determined by the Zoning Administrator.
4. On-street parking shall be prohibited on both sides of Heron Way.
5. The following shall be approved, signed and/or recorded as necessary prior to approval of the project's first Building Permit: (1) Final Planned Development Plan; (2) Construction Drawings; (3) Financial Security for the public and private improvements; (4) Right-of-Way Dedication Plat, Easement Plat, and/or Record Plat as appropriate; and (5) HOA Declaration/Agreement.
6. Notwithstanding the Final Planned Development conditions listed above, all other Preliminary Planned Development conditions per Ordinance No. 3615 shall remain valid to the development as may be applicable.

SECTION 2: This Ordinance shall take effect at the earliest time allowed by law.

TO: Oxford Planning Commission
FROM: Zachary Moore, AICP
Planner
DATE: July 9, 2021
RE: PC-2021-18 | Heron Pond

Recommendation Update

Following transmission of the original Planning Commission agenda/packet for the July 13 meeting, additional correspondence took place between the applicant and staff in negotiating the recommended approval conditions. The applicant wished to clarify Condition #1 pertaining to the construction of sidewalk infrastructure. The original condition was worded to require complete sidewalk installation prior to approval of the first Building Permit associated with the development. The applicant requested this be alleviated by allowing sidewalk construction along Heron Way to take place incrementally with the construction of each dwelling unit, as is more typical to a single-family residential subdivision. The applicant further expressed that public sidewalks along Kehr Road and Roberts Drive, on the other hand, could be constructed prior to approval of the first Building Permit.

Staff is supportive of the applicant's proposed timing of sidewalk construction, and thus presents a more finalized list of recommended approval conditions as follows (changes in **bold**):

1. *Final Plan approval shall be valid for 5 years, with an opportunity for the Planning Commission to grant an additional 1 year extension per the Zoning Code. All public infrastructure, including streets, trails, parking, utilities, and sidewalks shall be in place prior to approval of the first Building Permit associated with the development. **An exception is made for sidewalks and lighting along Heron Way, which may be built incrementally with the construction of each dwelling unit.***
2. *Acceptable exterior building materials shall include Hardie Board, brick, stone, and shingle accents. Vinyl siding shall be prohibited. Building architecture shall generally conform to the bulk, scale and style depicted in the submitted sample house plans.*
3. *Landscaping shall be in place at an appropriate time per the timing of construction activity as determined by the Zoning Administrator.*
4. *On-street parking shall be prohibited on both sides of Heron Way.*

5. *The following shall be approved, signed and/or recorded as necessary prior to approval of the project's first Building Permit: (1) Final PD Plan; (2) Construction Drawings; (3) Financial Security for public and private improvements; (4) Right-of-Way Dedication Plat, Easement Plat, and/or Record Plat as appropriate; and (5) HOA Declaration/Agreement.*
6. *Notwithstanding the Final PD conditions listed above, all other Preliminary PD conditions per Ord No. 3615 shall remain valid to the development as may be applicable.*

Engineering Comments

Please also note that additional comments were received from the Engineering Division on 7/9 and are enclosed for your review.

Future Step for Final Plat

Staff met with the applicant on July 9 and determined it was likely land would actually need to be divided in order to create the building pads for the individual units. Previous to this, staff was under the impression that the proposal would constitute a "single site" development and thus wouldn't require any divisions of land, only right-of-way dedication and establishment of easements by way of an Easement Plat. Normally the division of land constitutes a subdivision, requiring both a Preliminary Subdivision review and a Final Subdivision review prior to recordation of a Final Plat.

In cases involving a subdivision that is also a Planned Development, such applications have been processed concurrently in the past and follow the exact same approval procedure entailing a recommendation from Planning Commission and a decision by City Council. Because the proposed development is also a Planned Development and has had infrastructure aspects extensively reviewed during the initial Preliminary Planned Development process, staff believes the Final Planned Development application can be considered as presented but then eventually followed by a Final Subdivision application which would depict the actual subdivision of land taking place to create fee simple lots for individual owners.

TO: Community Development Department

FROM: Scott Otto, P.E.
City Engineer

RE: Application #PPC-2021-18
4147 Kehr Rd. Heron Pond – Final Planned Development

DATE: July 9, 2021

The Engineering Division offers the following comments:

- Further review of detailed construction plans may require revisions to proposed water and sanitary sewer main locations.
- The proposed design of storm water draining to the middle of the roadway has potential to cause freeze/thaw damage and standing water in the middle of the roadway.
- HOA declarations or covenants should include identification of the responsible party and funding, maintenance, and inspection plans for the storm water facilities within the development including the water quality basin.
- On-street parking rules should be considered to allow for emergency services and solid waste collection.
- Development of an Easement Plat for this PUD will need to stipulate maintenance responsibility for water and sanitary sewer utilities within the proposed Utility and Access Easements.
- Construction on the streets/utilities/etc. should not begin until a surety bond or other form of financial security is accepted by the City. Financial security will not be accepted until a version of the drawings adhering to the approved Final Planned Development is submitted and approved by the City.
- Per City of Oxford Ordinance #3597, an ordinance adopting fees and charges for the fiscal year 2021, fifty percent of required Capacity Benefit Charges are due for all lots platted at time of recording.
- After approval of the plans by the Engineering Division, the proposed water and sanitary sewer work requires approval by the OEPA.

STAFF REPORT

Community Development | Planning Commission

APPLICATION DETAILS

Applicant	HPCT Properties Inc. c/o Shane Coffman
Location	4147 Kehr Road – Parcel IDs H4100137000039 & H4100137000040
Owners	Cobblestone Community Church Inc., c/o Ken Litteken; South Farm Owners Assoc. Inc., c/o Mike Rudolph
Engineer	Bayer Becker, c/o Etta Reed, PE
Action Request	Final Planned Development (PD)
Development Name	Heron Pond
Current Use	Vacant Land
Current Zoning	R-1B Single-Family Medium Density Residential District
Total Site Area	4.49 acres
Surrounding Land Uses	Single-Family Residential, Church, Agricultural
Staff Recommendation	Approval , subject to recommended conditions

PROPOSAL SUMMARY

Developer Shane Coffman (HPCT Properties Inc.) is requesting approval of a Final Planned Development application for the Heron Pond condominium project. The Final stage offers a more detailed perspective on the development, serving as a final check for Planning Commission and Council to ensure that the plan substantially conforms to the vision and layout previously approved and that all relevant conditions pertinent to the original approval have been satisfied.

Like the Preliminary Plan, the Final Plan provides buildable areas for a total of 15 single-family homes along a new private street ("Heron Way") forming a connection between the existing private driveway serving Cobblestone Church and the intersection of Roberts Drive and Morgan Circle, which are public streets. The development will have a separate Homeowners Association (HOA) responsible for maintaining the new street, landscaping and open spaces, and providing other services such as snow removal. The submitted application includes the actual proposed Final PD plan as a single sheet (to be eventually signed and recorded), as well as draft construction drawings which are currently under administrative review by City staff.

PUBLIC COMMENTS

Public notices were mailed to surrounding property owners and a sign was posted at the front of the property. No public comments have been received as of the writing of this report.

DEPARTMENT COMMENTS

Below are comments from City departments:

Department	Respondent	Response
Economic Development	Seth Cropsenbaker, Assistant to the City Manager	Returned with Comments
<i>The R1B Zoning designation of single family medium-density development represents a housing need for the Oxford community.</i>		
<i>The proposed development at this location is intended to maintain the character of the existing homes in the South Farm development, comparable in size and materials used.</i>		
<i>The proposed Home Owner's Association, in which management and maintenance of exterior spaces is provided further supports a need for affordable housing, and housing for advanced-aged populations in Oxford.</i>		
<i>The Economic Development staff do not have any reservations regarding this proposal at this time.</i>		
Engineering	Scott Otto, City Engineer	Not Returned
Fire	John Detherage, Fire Chief	Returned without Comments
Police	John Jones, Police Chief	Not Returned

SITE HISTORY

The site has been involved in numerous past applications and approvals by the City of Oxford following annexation from Oxford Township in the early 1990s. A summary of relevant case history is provided below:

- **8 Aug 1991, Preliminary Subdivision & Preliminary PUD Approval:** City Council by Ord. No. 2181 approves a preliminary subdivision plan comprising 186 single-family lots and 220 multi-family units on 94.385 acres west of Kehr Road. The applicant for this submittal was COGO Co. A condominium owners association was to be established for the common areas within the development. The subject 4 ½ acres was part of the planned multi-family area.
- **17 March 1992, Final Plat & Final PUD for South Farm Section 1:** City Council by Ord. No. 2221 approves the first section of the approved development comprising a total of 11 lots on Morgan Circle. These 11 lots were the only ones ever fully realized as part of the larger 1991 plan. The final

plat was recorded with the County Recorder on January 1, 1993. This plat included a large lot north of Roberts Drive, fronting on Kehr Road (Lot 2897).

- **2 November 1993, Lot Split:** A lot split of Lot 2897 is approved by the Oxford Planning Commission and recorded with the Butler County Recorder, effectively splitting Lot 2897 into two pieces, with a piece closest to the pond renamed Lot 3046. Another split had occurred to the west, creating Lot 3045. The newly created lots (3045 & 3046) were then combined to form Lot 3047 centered on the pond area.
- **22 June 2004, Lot Split and Consolidation:** New Lot 3556 (the present day boundaries of the subject property), totaling 4.572 acres, is approved by the Oxford Planning Commission and created by consolidating Part of Old Lot 2897 with portions of Old Lot 3047. Additionally, the lot containing the pond was re-shaped out of older lots and re-formed as Lot 3555. This Plat of Survey noted a 30-foot distance from centerline to the right-of-way edge along Kehr Road.
- **16 August 2005, Conditional Use for a Place of Worship:** City Council by Ord. No. 2858 approves a conditional use permit to allow for development of Cobblestone Community Church. The site plan approved at the time reserved 39 acres for the church site and pond, and 19 acres for a reduced number of single-family lots (11 developed lots on Morgan Circle, and 34 undeveloped lots of which 13 were already platted as part of South Farm Section 2). The ordinance also established phasing requirements, with the final phase of necessary construction permits submitted by 2014 and substantially operational within 2 years. Therefore, the conditional use approval is now considered expired.
- **8 May 2007, Conditional Use Minor Amendment:** Planning Commission approves a minor amendment to the Cobblestone Church Plan, to allow for a larger building and modified parking layout.
- **16 March 2021, Heron Pond Preliminary Planned Development:** City Council by Ord. No. 3615 approves a Preliminary Planned Development application consisting of 15 detached single-family dwelling units along a new private street, subject to 15 conditions.

REVIEW OF PRELIMINARY PD CONDITIONS

The table below lists the 15 conditions that went with the Heron Pond Preliminary PD approval (Ordinance No. 3615). An update and/or analysis is provided for each based on the application contents submitted for the Final PD. Each condition is rated as either: **On Track**, meaning the Final PD has been appropriately revised or proper steps are currently underway or being taken by the applicant to fulfill the condition; or **Deserves Attention**, meaning there may be a lack of detail, or a judgment call to make regarding the fulfillment of the condition that the Planning Commission should consider.

Number	Condition	Status
1	<i>Appropriate lighting shall be provided along the proposed private street. Lighting details shall be reviewed and approved as part of the Final Planned Development.</i>	On Track
	Two light pole locations are shown along Heron Way, near visitor parking areas. A light pole at Morgan & Roberts, as well as light poles along the Cobblestone driveway, are to be retained. Details on the style and height of new lighting have not yet been provided by the applicant, but can be requested through administrative review of the construction drawings. The maximum height for new light poles per the Zoning Code is 16 feet.	

2	<i>Additional right-of-way shall be dedicated along Roberts Drive on both the Church parcel and the South Farm HOA parcel, to fully capture the OATS trail segment to be built. Additional right-of-way shall also be dedicated along Kehr Road consistent with the Oxford Thoroughfare Plan. A ten-foot wide public utility easement shall flank the outside of all public right-of-way on Kehr Road and on Roberts Drive.</i>	On Track
	The latest plans depict expanded right-of-way and a 10-foot utility easement along Kehr and Roberts as originally requested. These will eventually need to be recorded via a Dedication Plat and/or Easement Plat.	
3	<i>Sidewalks shall be provided along both sides of the private street, as well as along the Kehr Road site frontage, forming a loop for pedestrians.</i>	On Track
	The submitted plans show 4-foot wide sidewalks on both sides of Heron Way, as well as along the south side of the Cobblestone driveway. Due to a shortage of space, there is no tree lawn in these areas; the sidewalk area immediately abuts rolled face curb adjacent to Heron Way. A five-foot wide sidewalk is also shown to be constructed along the Kehr Road frontage, and includes a crossing over the Cobblestone driveway.	
4	<i>Trees complying with the City's specifications shall be planted in the tree lawn along Roberts Drive, on both the Church parcel and the South Farm HOA parcel. This may be reevaluated at the Final Planned Development stage.</i>	Deserves Attention
	The submitted landscaping plans do not propose any street trees along Roberts Drive. There are currently no trees in the tree lawn along the south side of Roberts abutting the existing South Farm subdivision, though trees are planned for the future South Farm Section IV development nearby. Many of the existing trees along this stretch of road are tucked further away on private lots, making for a wider street envelope. Several existing trees are planned to be remain on the subject site, and planned to be supplemented with new arborvitae. Staff believes the amount of existing/planned landscaping, coupled with abundant open spaces, will result in enough of a greening effect that street trees are not absolutely necessary along this stretch.	
5	<i>Pavement shall be widened at the intersection of Heron Way and the Cobblestone driveway in order to accommodate the turning radius of larger vehicles.</i>	On Track
	Pavement in this area is shown to be wider than was depicted at the Preliminary stage, and is in accordance with the turning template previously provided.	
6	<i>Access easements shall be dedicated for the Cobblestone driveway and for the segment of Heron Way located on the South Farm Owners Association parcel.</i>	On Track
	Access easements are shown on the latest set of plans in both of these areas. The proposed standard width for the Heron Way access easement is 67.5 feet, to encompass a 27.5-foot wide street, sidewalks, and front yards. Such easements will need to be recorded on a future Easement Plat or Record Plat as appropriate.	

7	<i>The proposed street profile, consisting of centered catch basins with storm sewers leading out to the quality basin and pond, shall be allowed on the condition that a suitable curb (e.g. rollback) is provided and the applicant can demonstrate to City staff's satisfaction that provisions will be put in place to ensure adequate maintenance of these private improvements in the future.</i>	On Track
	The Service Department is currently reviewing the construction drawings and is aware that the centered catch basins have been retained, even though 3 City departments had previously objected to conveying stormwater in this manner. The plans do show rollback curbing along the entire stretch of the new private street (Heron Way).	
8	<i>Adequate vehicular and pedestrian accessibility shall be provided for any USPS cluster mailboxes installed for the Planned Development, to the discretion of City staff.</i>	On Track
	One cluster mailbox is proposed to be situated near the northernmost visitor parking area (5 parking spaces) off Heron Way. The parking area "flipped" to the other side of the street as compared to the Preliminary. Staff believes this location is acceptable for accessibility.	
9	<i>All utilities, including but not limited to electric and telephone, shall be located underground.</i>	On Track
	Staff does not have reason to believe that the applicant will not comply with this condition. Such details are not typically depicted on construction drawings submitted to the City.	
10	<i>Documentation related to storm water management and private buffers/landscaping, including but not limited to easements, covenants and/or deed restrictions to ensure the funding of future maintenance/upkeep, shall be reviewed and approved by the Service Department and the Law Director prior to be recorded on or with the Easement Plat. Enforcement of said easements, covenants or restrictions shall not be the responsibility of the City.</i>	On Track
	The draft HOA Declaration is currently under review by the Law Director. Provisions for assessing fees to future residents are incorporated into the draft Declaration. An Easement Plat with accompanying restrictions will eventually need to be submitted to the City for review and approval.	
11	<i>Building architecture shall generally conform to the bulk, scale and style depicted in the submitted sample house plans. Architectural aspects may be further considered and refined as part of the Final Planned Development, including a design for the proposed gazebo.</i>	Deserves Attention
	No design plans have been submitted for the gazebo feature. Sample renderings/elevations have been provided with the application. It is specified that all 15 homes will be built in a Craftsman style with exterior materials primarily consisting of Hardie Board along with brick, stone, or shingle accents. It is further specified that vinyl siding will be prohibited. A variety of earth tone color schemes are proposed, including charcoal gray, chocolate brown, beige, and varying shades of green.	
12	<i>The Planning Commission may review utility details (such as those for electric, gas, mail delivery, garbage collection, etc.) as part of the Final Planned Development, including proposed accommodations, accessibility, screening, or other characteristics as may be applicable.</i>	Deserves Attention

	There is a chance utility boxes may be installed in areas where adequate screening or landscaping is not already provided to soften the aesthetic. The draft HOA Declaration does not clarify whether parking is to be prohibited on private streets; if not prohibited or restricted to one side, this may impede the ability for garbage trucks to access and service the development.	
13	<i>Financial security/bonding of improvements shall be determined during or after the Final Planned Development review. The Final Planned Development shall be reviewed and approved prior to approval of construction drawings, bonds, or the signing of an Easement Plat.</i>	On Track
	The applicant has submitted construction drawings early with the understanding that it is to get the ball rolling in terms of receiving comments from City departments in anticipation of a Final Planned Development approval. The Community Development Department will not approve the construction drawings until a Final PD is approved by Council and the referendum period has passed.	
14	<i>A waiver is hereby granted to Oxford Codified Ordinance Section 1145.12(e)(2) to reduce the required front yard setback from 30 feet to distances as shown on the submitted Preliminary Plan.</i>	On Track
	The latest plan shows the same setback distances (20 feet between homes and the edge of pavement) as were shown at the Preliminary stage. No further discussion or action is needed regarding this condition.	
15	<i>A waiver is hereby granted to Oxford Codified Ordinance Section 1145.12(e)(3) to allow for a reduction in the required 25-foot perimeter setback in the locations as shown on the submitted Preliminary Plan.</i>	On Track
	This waiver is already reflected in the design of the development, which is substantially consistent with the previously approved Preliminary PD. No further discussion or action is needed regarding this condition.	

DECISION CRITERIA

All Planned Developments shall satisfy the General Decision Standards provided in ***Section 1145.06(b)***. The standards found within this section are below with updated staff analysis provided for each. It should be noted that the main decision standards (#s 1-13) have already been considered and acknowledged as part of the Preliminary PD, so the Commission should now primarily focus its attention on the Additional Final Plan Decision Standards (#1-3) listed at the end of this section.

General Decision Standards

1. The proposed planned development is in fact permitted in the zoning districts in which it is proposed.

The underlying R-1B zoning district allows single-family residential use by-right. However, when undergoing a Planned Development process, any residential land use is potentially permissible so long as the resulting density is at or below what would be allowed under the straight zone. This proposal is technically multi-family residential, given that multiple principal buildings will be constructed on a single site, even though each building will have an appearance and function akin to a single-family unit. The proposed development satisfies this criterion, due to the planned density of 3.54 du/ac being lower than the district density of 5.81 du/ac.

2. **If the application is for the same site where a planned development application has been denied within one year, the plan is substantially different from the application so denied.**
This criterion does not apply to the subject application, since this is the first detailed Planned Development proposed for this site and the Final PD is a continuation of the approval process. The prior application for multi-family residential circa-1991 has long since expired.
3. **The uses and site plan will satisfy the general intent of this Zoning Code.**
The purpose of the R-1B zoning district is to “provide and preserve single family residential development of a moderately low density character within and adjacent to areas of similar development.” By providing a condominium housing development embodying the character of a single-family neighborhood, staff believes the general intent of the Zoning Code is satisfied.
4. **The uses and site plan will be compatible with the general intent of the Comprehensive Plan.**
Map 3.6 (Conservation and Development Map) in the Oxford Comprehensive Plan establishes preferred land uses for undeveloped sites within the City limits. This Map designates the site for “Traditional Neighborhood Development” (TND) which calls for residential development to have a distinct center and edge, open spaces, well designed streets and public spaces, and multiple housing options.
5. **The size and shape of the site are sufficient for the proposed planned development.**
Given the smaller site size (around 4 acres), staff believes the applicant’s design is sensible to its surroundings and sufficient for the proposed number of units.
6. **The use will not be hazardous or disturbing to existing or potential future neighboring uses that are permitted in the zoning district.**
Staff believes the development proposed will be complementary to the existing South Farm neighborhood and other surrounding residential uses. The South Farm Owners Association and Cobblestone Community Church have both voiced their support for the project in the past.
7. **The use will not involve activities, processes, materials, equipment, or conditions of operation that will be detrimental to any person, property, or the general welfare because of excessive production of traffic, noise, smoke, fumes, glare, odors, or other emissions.**
This criterion is generally not applicable to a residential proposal, as these external effects mostly pertain to activities or processes associated with commercial or industrial businesses.
8. **Accessory uses will be directly related to the operation of the principal uses and will not be operated independent of the principal uses.**
The draft HOA Declaration intends to restrict the usage of Common Areas surrounding the dwelling units; for example, bikes and grills are the only forms of outdoor storage allowed and construction of a fence requires approval from the HOA board.
9. **The use and site will be adequately served by public facilities and services such as streets, water and sewer, drainage structures, police and fire protection, and refuse disposal, or adequate provisions will be made to provide the same services privately.**
Many of the concerns originally expressed by the Fire, Police, and Service Departments have been addressed or are currently in the process of being addressed. Further clarity may be needed on the plan for accommodating trash pickup and assurance of proper ongoing maintenance of stormwater infrastructure by the future HOA.
10. **Development of the site and operation of the use will not require substantial public expenditure for additional infrastructure or services.**
The City’s water and sewer services are readily available to the site, and the developer will be responsible for the cost of tapping in to these. A Traffic Impact Study has not been required for the

additional units, and new pedestrian/bicycle infrastructure is to be constructed at the developer's cost.

11. **The site will be designed, constructed, and maintained in a character harmonious in appearance and general character with the existing or intended character of the general vicinity, and that such use will not change the essential character of the same area. Structures to be constructed, reconstructed, or altered in a residential zoning district shall have the appearance of residential buildings permitted in the zoning district.**

Staff believes this criterion can be addressed by conditioning building architecture to have a substantially similar appearance to the examples submitted. The applicant's proposed architectural qualities, including exterior surface materials, are recommended as a Final PD condition. Staff believes the unit layout as designed will be harmonious with the general character of the surrounding area.

12. **The site is designed so that on-site traffic and traffic accessing the site will not adversely impact the movement or safety of all modes of traffic on adjacent public streets.**

The provision of a public sidewalk along Kehr Road should help to better separate the modes of traffic and reduce adverse impacts. The provision of a new OATS segment will also help separate vehicular and bicycle modes of travel. Internal pedestrian connectivity has been improved since the Preliminary submittal.

13. **Proposed construction will not result in the destruction, loss or damage of a natural, scenic or historic feature of major importance.**

The site is mostly field, with a few scattered trees along the outside perimeter including some mature evergreens which are to be preserved as part of the project. Staff believes the project as designed is sensible to existing tree specimens, and will further enhance the area by including additional plantings along the perimeter as well as along the new private street.

14. **Proposed construction will not result in the complete elimination of existing mature tree canopy. Effort shall be made to direct disturbance and construction around or away from existing mature tree canopy without completely taking away use of the site or connectivity to existing infrastructure.**

A small portion of vegetation, which currently contains a lot of honeysuckle, is to be removed to make way for two dwelling units (7 & 8). Staff believes the subject application suitably fulfills the spirit of this criterion.

Additional Final Plan Decision Standards

1. **The final planned development shall substantially conform to the preliminary plan.**

Staff finds that the submitted plans substantially conform to those previously approved as part of the Preliminary PD. The street layout and arrangement of units and other site features nearly matches what was previously considered. It should be noted that the Preliminary PD submittal had included a letter from the developer indicating intent to establish a Neighborhood Conservation Overlay District for Heron Pond, though this request would have to be processed following the completion of all steps as outlined in recommended Condition #4.

2. **Any substantial changes from the preliminary plan improve the plan or were requested by Planning Commission or Council as part of the preliminary plan approval process.**

The applicant has made adjustments to the Final plans following approval of the Preliminary PD earlier this year. Additional right-of-way and easements are to be dedicated as requested, in addition to improved pedestrian infrastructure as required by Council. All other changes not stemming directly from a prior approval condition are minor in nature and generally improve the overall plan.

3. If the final plan seeks approval of only a portion of the approved preliminary plan, the elements of the proposed phase are sufficient to stand alone if the remainder of the planned development is abandoned.

This Final PD submittal is for one single phase, therefore this criterion generally does not apply. It will be expected that the new private street and all other associated infrastructure is to be completed all at once, not in phases. It is understood that the individual dwelling units will likely be constructed incrementally over time.

STAFF RECOMMENDATION

Based upon a review of the Decision Standards, staff recommends **approval** of the Final Planned Development subject to the following conditions:

1. Final Plan approval shall be valid for 5 years, with an opportunity for the Planning Commission to grant an additional 1 year extension per the Zoning Code. All public infrastructure, including streets, trails, parking, utilities, and sidewalks shall be in place prior to approval of the first Building Permit associated with the development.
2. Acceptable exterior building materials shall include Hardie Board, brick, stone, and shingle accents. Vinyl siding shall be prohibited. Building architecture shall generally conform to the bulk, scale and style depicted in the submitted sample house plans.
3. Landscaping shall be in place at an appropriate time per the timing of construction activity as determined by the Zoning Administrator.
4. On-street parking shall be prohibited on both sides of Heron Way.
5. The following shall be approved, signed and/or recorded as necessary prior to approval of the project's first Building Permit: (1) Final PD Plan; (2) Construction Drawings; (3) Financial Security for public and private improvements; (4) Right-of-Way Dedication Plat, Easement Plat, and/or Record Plat as appropriate; and (5) HOA Declaration/Agreement.
6. Notwithstanding the Final PD conditions listed above, all other Preliminary PD conditions per Ord No. 3615 shall remain valid to the development as may be applicable.

EXHIBIT A

RELEVANT ZONING CODE PROVISIONS

Within the Oxford Zoning Code, **Section 1143.02** provides the base zoning standards for the R-1B district and **Chapter 1145** governs Planned Development applications.

1143.02 R-1B Single-Family Medium Density Residential District.

- (a) **Purpose.**
This district is designed to provide and preserve single family residential development of a moderately low density character within and adjacent to areas of similar development.
- (b) **Uses.**
 - (1) **Permitted uses.**
 - A. Single-family dwellings.
 - B. Accessory buildings and uses incidental to the principal use that do not include any activity conducted as business.
 - C. Day Care Home Type B family.
 - (2) **Conditional uses.**
The following Conditional Uses are subject to review and regulation in accordance with Chapter 1147.
 - A. Community-Oriented Residential Social Service Facilities (CORSSF's).
 - B. Shared Housing for the elderly.
 - C. Government owned and/or operated parks and recreation facilities.
 - D. Bed and breakfast homes for transients.
 - E. Open space recreation areas that are privately or publicly owned, such as golf courses, tennis courts, parks, forests, or wildlife preserves.
 - F. Day care facilities, including Child Day Care, Child Day Care Center, and Day Care Home Type A family.
 - G. Schools: primary, intermediate, and secondary, both public and private.
 - H. Places of worship.
- (c) **Site Development Regulations.** (Unless superseded by Conditional Use Requirements)
 - (1) **Lot requirements.**
 - A. Minimum lot area 7,500 sq. feet
 - B. Minimum lot width 65 feet
 - C. Minimum lot frontage 65 feet (not applicable to cul-de-sac lots)
 - (2) **Yard requirements.**
 - A. Minimum front yard depth 30 feet
 - B. Minimum rear yard depth 35 feet
 - C. Minimum side yard width 8 feet on each side
 - (3) **Structural requirements.**
 - A. Maximum building height 35 feet
 - (4) **Lot coverage.**
 - A. Lots with vehicular access from a public street
 - 1. Lot total – 35 percent
 - 2. All enclosed buildings – 25 percent of lot
 - 3. Front yard – 25 percent of front yard
 - B. Lots with vehicular access from a rear or side alley, and no access from a public street
 - 1. Lot total – 40 percent
 - 2. All enclosed buildings – 25 percent of lot
 - 3. Front yard – 15 percent of front yard

1145.06 Planning Commission and Council review.

A preliminary plan shall be approved prior to approval of a final plan, although the processes can be

concurrent for small, single phase developments. Both preliminary and final plan approval require a Planning Commission recommendation and Council approval.

The Planning Commission shall base its review of a proposed planned development upon the complete application, upon any staff report, and upon any relevant and credible public comment presented during the public hearing. Council shall base its decision on the same materials and shall also consider the Planning Commission recommendation.

The general decision standards for approval of a preliminary and final planned development are substantially similar. The final plan requires greater detail and is subject to additional decision standards.

If, at any time, the Planning Commission or Council finds that the information provided is insufficient to make a determination, it may suspend its review until sufficient information has been provided.

(a) **Burden of Proof.**

Planning Commission has no obligation to recommend approval and City Council has no obligation to approve a planned development. This Zoning Code assumes that a planned development is appropriate only if an applicant proves that the proposed uses and design will not be detrimental to the public health, safety, or general welfare of the City or the neighborhood in which it is proposed.

Applicants shall prove that potential negative impacts of elements such as location, size and extent of facilities and operations, site design, traffic generation, site access, and potential impact upon public facilities will be adequately mitigated.

(b) **General Decision Standards.**

All planned developments shall satisfy these general decision standards:

- (1) The proposed planned development is in fact permitted in the zoning districts in which it is proposed
- (2) If the application is for the same site where a planned development application has been denied within one year, the plan is substantially different from the application so denied.
- (3) The uses and site plan will satisfy the general intent of this Zoning Code.
- (4) The uses and site plan will be compatible with the general intent of the Comprehensive Plan.
- (5) The size and shape of the site are sufficient for the proposed planned development.
- (6) The use will not be hazardous or disturbing to existing or potential future neighboring uses that are permitted in the zoning district.
- (7) The use will not involve activities, processes, materials, equipment, or conditions of operation that will be detrimental to any person, property, or the general welfare because of excessive production of traffic, noise, smoke, fumes, glare, odors, or other emissions.
- (8) Accessory uses will be directly related to the operation of the principal uses and will not be operated independent of the principal uses.
- (9) The use and site will be adequately served by public facilities and services such as streets, water and sewer, drainage structures, police and fire protection, and refuse disposal, or adequate provisions will be made to provide the same services privately.
- (10) Development of the site and operation of the use will not require substantial public

expenditure for additional infrastructure or services.

- (11) The site will be designed, constructed, and maintained in a character harmonious in appearance and general character with the existing or intended character of the general vicinity, and that such use will not change the essential character of the same area. Structures to be constructed, reconstructed, or altered in a residential zoning district shall have the appearance of residential buildings permitted in the zoning district.
- (12) The site is designed so that on-site traffic and traffic accessing the site will not adversely impact the movement or safety of all modes of traffic on adjacent public streets.
- (13) Proposed construction will not result in the destruction, loss, or damage of a natural, scenic, or historic feature of major importance.
- (14) Proposed construction will not result in the complete elimination of existing mature tree canopy. Effort shall be made to direct disturbance and construction around or away from existing mature tree canopy without completely taking away use of the site or connectivity to existing infrastructure.

(c) Additional Final Plan Decision Standards.

- (1) The final planned development shall substantially conform to the preliminary plan.
- (2) Any substantial changes from the preliminary plan improve the plan or were requested by Planning Commission or Council as a part of the preliminary plan approval process.
- (3) If the final plan seeks approval of only a portion of the approved preliminary plan, the elements of the proposed phase are sufficient to stand alone if the remainder of the planned development is abandoned.

1145.07 Action by Planning Commission

- (a) The Planning Commission shall recommend to Council approval, approval with conditions, or denial of an application as presented and shall clearly state the findings upon which its recommendation is based.
- (b) The Planning Commission shall base its recommendation and Council its decision upon how well the application satisfies the Decision Standards. Planning Commission, in its recommendation, and Council in its decision may waive or modify dimensional regulations of the Zoning Code, or impose more strict regulations and any additional conditions, guarantees, and safeguards it deems necessary to satisfy the purposes of this Zoning Code. Dwelling unit density cannot be waived.
- (c) Council may require the developer to file performance bonds with the City to guarantee completion of any public utilities associated with the planned development and any elements of the plan that are necessary to its success, if abandoned by the developer.

1145.12 Design.

(a) Arrangement.

The physical arrangement of a planned development is not subject to the specific dimensional regulations that apply in the underlying zoning district, except as specifically noted in this Chapter. Land uses may be distributed throughout the site and throughout individual buildings in whatever manner is best suited to a particular planned development. Structures, vehicle management areas, open spaces, landscaping, and other elements may be distributed throughout the site in whatever manner is best suited to a particular planned development and the surrounding area.

(b) Land Area.

A planned development shall be a minimum of 1 (one) contiguous acre or more.

(c) Land Use.

- (1) The following land uses are permitted in proportion to those portions of a planned development that overlay an existing residential zoning district:
 - A. Any land use permitted in any residential zoning district in this Code, except Mobile Homes.
 - B. Institutional, public, and semi-public land uses that serve the planned development or the general public.
 - C. Commercial land uses, if the total land area of the planned development is greater than 10 acres and if the commercial land use is intended to serve the planned development only. Such commercial land uses shall be limited as follows:
 1. No signs that are visible from outside of the development.
 2. No direct vehicular access to a public thoroughfare.
 3. No less than 95 percent of the total land area shall be devoted to residential land uses.
 4. No separate structure intended to be used, in whole or part, for commercial land uses shall be constructed prior to the construction of not less than 50 percent of the dwelling units.
- (2) The following land uses are permitted in proportion to those portions of a planned development that overlay an existing commercial zoning district:
 - A. Any land use permitted in the underlying zoning district.
 - B. Any land use permitted in any residential zoning district in this Code, except Mobile Homes.
- (3) The following land uses are permitted only in the portions of a planned development that overlay an existing industrial zoning district:
 - A. Any land use permitted in the underlying zoning district.
- (4) The land uses permitted in a planned development may be distributed as follows:
 - A. If a single planned development overlays more than one zoning district, then the land uses permitted according to this Section may be distributed throughout the entire planned development site.
 - B. If a planned development includes land uses permitted only in an industrial zoning district, then those land uses may only be located in that portion of the planned development that overlays the industrially zoned land.

(d) Residential Density.

Residential density shall not exceed 110 percent of the density permitted in the underlying zoning district. Residential land uses in a planned development that overlays a commercial zoning district shall not exceed the density of the R1B Single-Family Medium-Density Residential Zoning District. Area devoted entirely to non-residential land uses, including buildings, vehicle management areas, and other associated land use elements shall be excluded from the area used to calculate residential density.

(e) Dimensional Regulations.

- (1) Building Heights shall be limited as in the underlying zoning district, regardless of land use.
- (2) Front setbacks shall be limited as in the underlying zoning district.
- (3) All buildings and vehicle management areas shall be setback from the perimeter of a planned development no less than:
 - A. Residential zoning district - 25 feet.
 - B. Commercial zoning district - 25 feet.
 - C. Industrial zoning district - 50 feet.

(f) Open Space.

- (1) No planned development shall have less than 20 percent open space, which includes any area not less than 50 by 50 feet, not including the required setbacks, and includes nothing other than natural area.

- (2) Lot coverage shall be regulated according to the underlying zoning district, except that lot coverage for the residential portion of any planned development shall not exceed 40 percent.

(g) Sensitive Development Area.

- A. A Sensitive Development Area is defined as any land(s) or soil(s) proposed to be developed that, if subjected to improper use or management, is otherwise determined to be incapable or unsuitable of urban use. Sensitive Development Areas can also be considered those lands that pose special hazards to development or the environment, consisting of lands or soils of such sensitive character that they may require special use, design and engineering restrictions.
- B. For the Preliminary Planned Development, the applicant must create an inventory of sensitive environmental area identified in subsection (g)D.(1) to (8) from publicly available resources such as Butler County Soil and Conservation District, OKI, OEPA, ODNr, HAPC, FEMA, USFWS, OHPO and other public entities. This information shall be provided with the preliminary application. Design of the site shall be based on site information obtained from those public entities. An existing landscape plan shall be submitted with each application. The landscape plan shall identify existing trees, natural features and other landscaping elements.
- C. After the approval of the Preliminary Planned Development, the applicant must develop a detailed site analysis of sensitive environmental areas on the site, conducted by firm(s) specialized in the areas, at a minimum: Ecological Survey, and Environmental Site Assessment. Other documentation may be required based on the site and the discretion of the Planning Commission, including, but not limited to: Stream and Wetland Mitigation, Water Way Permits, Archaeological Inventory, Historic Architecture Inventory. The applicant must also provide reports of the analyses following current professional norms for the discipline. It will be the Planning Commission's role to review information submitted by the applicant on each discipline to make the recommendations to City Council.
- D. Design of the proposed Planned Development site shall be based on the site information obtained from those public entities. To the maximum extent practicable, development shall be located to preserve the natural features of the site, to avoid areas of environmental sensitivity, and to minimize negative impacts and alterations of natural features. The following specific areas shall be preserved as undeveloped open space, and in accordance with the U.S. and Ohio Constitutions and state or federal regulations:
- (1) Unique and/or fragile areas, including wetlands, as may be defined in Section 404, Federal Clean Water Act, as amended; and in Ohio Environmental Protection Agency standards.
 - (2) Land in the floodway as identified and mapped using the Federal Emergency Management Agency's Flood Hazard Boundary Maps. Federal Emergency Management Agency in scientific and engineering reports entitled 'Flood Insurance Study for Butler County, Ohio and Incorporated Areas' effective 12/17/2010, with accompanying Flood Insurance Rate Maps for Butler County, Ohio and Incorporated Areas effective 12/17/2010 and any revisions thereto are hereby adopted by reference and declared to be part of this chapter.
 - a. 100 foot natural buffer shall be maintained adjacent to all permanent and natural surface waters, springs, and wetlands. Development of this area is regulated as follows:
 1. Natural vegetation shall be maintained.
 2. No structures shall be built or improvements made, except as follows:
 - (a). Walking paths, bicycling paths, and the like, including infrastructure necessary to facilitate their development are permitted anywhere within the buffer.

- (b). Roads and associated infrastructure are permitted in the buffer to facilitate crossing such water elements.
 - (c). Any improvements approved in a final plan.
 - (d). Any public safety or public utility improvements not associated with the planned development, but deemed necessary by the Service Director, Police Chief or Fire Chief.
- (3) Steep slopes fifteen (15%) percent or more, unless appropriate engineering measures concerning slope stability, erosion, and resident safety are taken into account.
- (4) Habitats of endangered wildlife, as identified on federal and state lists.
- (5) Historically and culturally significant structures and sites, as listed on, but not limited to, the National Register of Historical Places or on the local inventory of historic places maintained by the City of Oxford's Historic Architectural Preservation Commission.
- (6) Aquifers and tributary drainage systems.
- (7) Tree growth areas or urban forested areas as defined in Chapter 935, of the Codified Ordinances of Oxford.
- (8) Any area as identified on Map 3.3 of the Comprehensive Plan.
- E. The development shall be laid out to avoid adversely affecting groundwater and aquifer recharge; to reduce excavation and embankment; to avoid unnecessary impervious cover; to prevent flooding; to provide adequate access to lots and sites; and, to mitigate adverse effects of noise, odor, traffic, drainage, and utilities on neighboring properties. The placement of buildings shall take into consideration topography, building height, orientation and drainage. Storm water Best Management Practices in Low Impact Development Designs are desirable and encouraged. City guidelines for these practices and designs can be found in the City of Oxford Storm Water Management Design Manual
- F. If the Planning Commission, or its designated representative, may require the applicant to submit a statement in order to demonstrate that satisfactory efforts have been made to mitigate any special hazards posed to the site if these sensitive lands are subjected to improper use or management. The statement, if required, shall be submitted in one or more of the following forms:
 - (1) The statement shall describe in detail the extent of encroachment on any Sensitive Development Area, the extent and nature of the proposed alteration, the environmental impacts resulting from the proposed alteration, and the proposed methods of mitigation.
 - (2) A Geotechnical Report and/or a Wetlands Assessment/Delineation, prepared by a professional engineer, licensed in the State of Ohio, or by a specialist in Streams and Wetland. This report can be in lieu of a development narrative.
- (h) Landscaping and Screening.
 - (1) A planned development shall satisfy all landscaping elements required by other sections of this Code.
 - (2) The required perimeter setback area shall be retained in natural woods or suitably landscaped with grass, ground cover, shrubs, trees, or earthen mound.
 - (3) A planned development that overlays a commercial or industrial zoning district that is adjacent to a residential zoning district shall be screened from the residential zoning district by a dense evergreen hedge a minimum of 8 feet tall and 10 feet wide at planting and that will maintain at least 90 percent opacity over time.
- (i) Access and Mobility.
 - (1) At residential densities greater than would be permitted in the R-1A District, have direct and principal access from a collector or arterial road.
 - (2) Bicycle rack spaces shall be provided at all planned developments that overlay a commercial zoning district at a rate of 3 per acre.

- (3) Adequate pedestrian connectivity shall be provided to and through a planned development.
- (j) Utilities and Infrastructure.
Electric and telephone facilities, street light wiring, and other wiring conduits and similar facilities shall be located underground.
- (k) Plan-Specific.
Any other design elements deemed necessary by Planning Commission and Council to ensure that a planned development satisfies the decision criteria of this Chapter.

 Zoning District R-1B Total Area 4.49 Acres

Submission Requirements and Documentation

The application requirements (Section 1145.05¹) for a preliminary and final planned development are different. The final planned development application requires a greater degree of accuracy and completeness than does the preliminary planned development application. This section describes the application content requirements for each step of the process.

Thirteen (13) complete sets of all information shall be submitted with each preliminary and final application. If any information is submitted in color or on non-standard paper, more copies may be required. The Zoning Administrator may modify this requirement based upon

the type of materials included. **The applicant shall contact the Zoning Administrator prior to submitting an application to discuss the submission requirement.**

(a) Preliminary Plan.

- (1) Application fee.
- (2) The name, mailing address, and telephone number of the applicant and all property owners.
- (3) If the applicant is not the owner, or if there are multiple owners within the proposed area, a statement from all owners that the applicant is entitled to apply on their behalf, and that they agree to be legally bound to any decision reached according to this Chapter.
- (4) The name, mailing address, and telephone number of any planner, engineer, surveyor, or other design professional who assisted with preparation of the plans.
- (5) Description of use and site. A written, detailed description shall include the following information. A separate response is required for each subsection.
 - A. A legal description of the site, including all separate lots.
 - B. A description of the existing uses of the site.
 - C. The zoning districts in which the site is located.
 - D. A description of the proposed planned development.
 1. The number of housing units by size and type proposed within each phase.
 2. A description of any nonresidential operations, including type of goods sold, services performed, and expected number of customer, clientele, delivery, and service vehicles.
 3. The hours of operation of any nonresidential use.
 4. A phased development schedule, if applicable, that indicates the location and timing of phases and demonstrates that each completed phase would form a reasonably independent unit if succeeding phases were abandoned.
 - E. A narrative statement that evaluates the compatibility of the proposed planned development with the general vicinity and adjacent properties.
 1. How the proposed uses are similar to or different from existing area uses and if there will be any interaction between the proposed site and adjacent sites.
 2. How any existing structures, proposed structures, and the site design relate to adjacent structures and sites.
 3. If the proposed uses will involve any operations that create potential nuisances such as excessive noise, lighting, odor, fumes, vibration, or emissions.
 4. How any potential negative effects on adjacent land will be mitigated.
 - F. A statement about why the location proposed is appropriate for the planned development.
 - G. A statement of the necessity or desirability of the proposed planned development to the neighborhood or community.
 - H. How the proposed mix of dwelling types and/or commercial uses advances community goals of diversity, affordability and market changes (e.g. adaptability of flats versus townhomes)
 - I. Proposals for the provision of public utilities and services, if insufficient or not available for the planned development, or for the provision of suitable private utilities and services.
 - J. A general analysis of expected traffic impact, including vehicular and pedestrian safety, resulting from the proposed development.
 - K. The substance of proposed covenants, easements, and other restrictions on the land and structures.
 - L. A list of the names and mailing addresses of all landowners within 200 feet of the site.
 - M. Such other information regarding the proposed uses, site design, or surrounding area as may be pertinent to the application or required by Planning Commission or Council.
- (6) Site plan. A scaled site plan shall include the following information in detail. The required information may be submitted on multiple site plans if inclusion of all information on a single plan makes it illegible or difficult to understand.
 - A. North arrow.
 - B. Scale.
 - C. Vicinity map.
 - D. All existing and proposed lot lines within the site.
 - E. Dimensions of all lots and of the entire site and any adjacent rights-of-way.
 - F. The location and intended purpose of all open spaces
 - G. Approximate location, height, dimensions, and use of all proposed and existing structures.
 - H. Approximate location and number of different uses (i.e. dwelling types and/or commercial uses).
 - I. Approximate location and design of all proposed vehicle and pedestrian routes and nonresidential vehicle management areas.
 - J. Approximate location and size of all existing and proposed utilities that will serve the planned development.
 - K. Approximate location, size, and type of all proposed signs.
 - L. Approximate location, height, and type of all proposed screening and landscaping.

- M. Distances to residential zoning districts if within 1,000 feet.
 - N. The use of land and location of structures on adjacent property and across adjacent rights-of-way.
 - O. The location of any nearby schools and commercial facilities.
 - P. Other information as required by the Planning Commission or Council.
- (7) Landscape plan.
- A. The plan shall demonstrate compliance with the requirements of Chapter 1148.
- (8) Elevations. Elevations of proposed structures or typical elevations if structures are not yet designed.
- (9) Other. Photographs of the existing site and its surroundings.
- (10) Digital Submittal. Adobe PDF version of all information submitted to also be submitted on a current digital format.
- (b) Final Plan.
- (1) The same items and information as required for the preliminary plan, except that the approximations shall be refined to specific locations, dimensions, and descriptions.
 - (2) A detailed traffic impact analysis, including all modes of transportation, prepared by a qualified professional engineer
 - (3) Any additional description or information requested by the Planning Commission or Council during the preliminary plan approval process.
 - (4) Detailed agreements, contracts, deed restrictions, and sureties that will be used to guarantee performance of the development during and after construction.

Surrounding Property Owners

On a separate sheet, provide the parcel numbers, names, and mailing addresses of all property owners within 200 feet of all boundaries of the property in question. The Butler County Auditor Real Estate Search² is helpful when searching for the mailing address of adjoining property owners. It allows you to search by owner, address, or parcel number.

Decision Process

A preliminary plan shall be approved prior to approval of a final plan, although the processes can be concurrent for small, single phase developments. Both preliminary and final plan approval require a Planning Commission recommendation and Council approval. The review is based on the General Decision Standards found in Section 1145.06¹.

Fees & Receipt

The fees for a Preliminary, Final, or combined Preliminary and Final Planned Development application are \$400.00 plus \$100.00 per acre, plus \$10.00 postage charge.

Sign and Date

Date

The image shows a handwritten signature in black ink over a horizontal line. Below the signature, the date "5/26/21" is handwritten.

Submit Application, Submission Requirements and Documentation, and Fees

We will not accept incomplete applications and/or plans and documentation.

Send or drop off this application with required plans containing all required information as attachments and a check for fees and postage charge made payable to City of Oxford, to Community Development Director, 15 South College Avenue, Oxford, OH 45056.

Direct questions to the Community Development Dept. at 513-524-5204. The application will be placed on the next possible agenda.

Note: You must adhere to notification and publication requirements. Submit materials 45 days prior to the proposed Planning Commission meeting on which the action is requested. City Staff will place a public hearing sign on the subject property. **The Applicant is responsible for removing the signage at the completion of the hearing(s).**

Re: 4147 Kehr Road
Heron Pond
Final PUD Submittal

Dear Mr. Moore:

Enclosed please find the following items in support of HPCT Properties Inc.'s Application for Final Planned Development approval for Heron Pond to be located on the northwest corner of the intersection of Roberts Drive and Kehr Road:

- 1) It is understood that fee payment shall be made separately through BSA Online
- 2) Digital copies of each of the following:
 - a. Executed Planned Development Application
 - b. A Letter of Agency expressing that Bayer Becker has permission to represent the Applicant
 - c. An Affidavit from Cobblestone Community Church Inc. granting HPCT Properties Inc. permission to submit applications for the approval of a Final Planned Development
 - d. An Affidavit from South Farm Owners Association Inc. granting HPCT Properties Inc. permission to submit applications for the approval of a Final Planned Development
 - e. List of property owners within 200 feet of the site
 - f. Construction Drawings including Planting Plan
 - g. Final Development Plan
 - h. Typical Building Floor Plans and Elevations
 - i. Photos of the subject site and surrounding area were included with the Preliminary Planned Development Application
 - j. Draft HOA Covenants and Restrictions
 - k. Legal description of the property

Formal application, along with supporting documentation, has been made online.

- 3) Applicant:
*HPCT Properties Inc.
5282 Booth Road
Liberty, IN 47353
765-580-0378*

Owners:
*Cobblestone Community Church Inc.
4191 Kehr Road
Oxford, Ohio 45056
513-315-7008*

South Farm Owners Association Inc.
221 Morgan Circle
Oxford, Ohio 45056
513-523-1309

4) Design Professionals:

Engineer, Surveyor & Landscape Architect:
Bayer Becker
110 S. College Ave., Suite 101
Oxford, OH 45056
513-336-6600

5) Description of use and site:

a. A legal description of the subject property is - Entire Lot 3556 as platted in the City of Oxford.

b. The property is currently vacant.

c. The property is zoned R-1B Planned Development.

d. A description of the proposed planned development:

i. The number of housing units by size and type proposed within each phase.

Heron Pond is a single family residential development wherein the homeowner purchases the home only and the surrounding land is owned and maintained by the Homeowners Association (HOA).

The development shall consist of 15 single family homes located along a private street. Each building pad shall consist of approximately 2,400 SF and be located a minimum of 20 feet from the access drive and a minimum 10 feet from an adjacent building pad.

Ranch style homes consisting of a minimum 1,500 SF will be constructed within the development. Some of the home plans may provide the owner with an option to provide a second story bonus room. All homes will contain attached 2 car garages.

A separate Homeowners Association (HOA) will be established for Heron Pond. The HOA will be responsible for the maintenance of the private street, snow removal for all the residences, and maintenance of the open space and all the lawns and landscaping around the homes. Residents will also be a member of the current South Farm HOA, for the maintenance of the retention basin.

ii. A description of any nonresidential operations, including types of goods sold, services performed, and expected number of customer, clientele, delivery, and service vehicles.

Not applicable.

iii. The hours of operation of any nonresidential use.

Not applicable.

iv. A phased development schedule, if applicable, that indicates the location and timing of phases and demonstrates that each completed phase would form a reasonably independent unit if succeeding phases were abandoned.

Not applicable.

e. A narrative statement that evaluates the compatibility of the proposed planned development with the general vicinity and adjacent properties.

- i. How the proposed uses are similar to or different from existing area uses and if there will be any interaction between the proposed site and adjacent sites.

The proposed single family residential homes will be comparable in size and contain similar building materials as the existing single family homes located to the south on Morgan Circle and proposed homes within the future South Farm Section Four.

As part of the development, a segment of the Oxford Area Trail System (OATS) will be constructed along the north side of Roberts Drive from Kehr Road west to the trail segment to be constructed with South Farm Section Four.

- ii. How any existing structures, proposed structures, and the site design relate to adjacent structures and sites.

The proposed homes to be constructed within Heron Pond will be comparable in size and contain similar building materials as the existing homes in South Farm Section One and the proposed homes to be constructed within the future South Farm Section Four.

- iii. If the proposed uses will involve any operations that create potential nuisances such as excessive noise, lighting, odor, fumes, vibrations or emissions.

The proposed use, residential, will not involve any operations that create potential nuisances.

- iv. How any potential negative effects on adjacent land will be mitigated.

Heron Pond will not have a negative effect on adjacent land. The properties to the south and north contain single family residences, the property to the west contains Cobblestone Community Church and the property to the east is vacant. HPCT Properties Inc. intends to supplement the existing mounding and tree buffer along the east and south property lines of the development to provide buffering for the proposed residents.

- f. A statement about why the location proposed is appropriate for the planned development.

The subject property is an ideal location for Heron Pond for several reasons:

- 1) Per the Comprehensive Plan, South Farm, Section Two is located in an area designated for future neighborhood growth, Character Area – Neighborhood General 3.*
- 2) The property is zoned appropriately for residential development, R-1B single family medium density residential.*
- 3) The proposed density of the development is 3.28 units/acre is significantly lower than the allowable density of the R-1B district, 5.81 units per acre*
- 4) Heron Pond will contain a Neighborhood Conservation Overlay District.*
- 5) The infrastructure is currently in place to support a residential development of this nature.*
- 6) Provides a type of residential housing that is in demand in Oxford.*
- 7) The development will contain over 20% open space and maintain the existing vegetation along both the east and south property lines.*

- g. A statement of the necessity or desirability of the proposed planned development to the neighborhood or community.

There is a shortage of available single family residential homes within the City of Oxford for individuals to empty nesters. Heron Pond will fulfill this need. With the maintenance

free exteriors, and ranch style homes this development will be attractive to empty nesters.

- h. How the proposed mix of dwelling types and/or commercial uses advances community goals of diversity, affordability and market changes.

Heron Pond will provide the City of Oxford with a housing stock that is in short supply - maintenance free single family homes for empty nesters.

- i. Proposals for the provision of public utilities and services, if insufficient or not available for the planned development, or for the provision of suitable private utilities and services.

Public water and sanitary sewer are available to the property and will be extended into the property as needed to provide service. Stormwater retention has been provided in the existing retention pond to the west. An underground water quality treatment practice will be provided in the open space area to meet the requirements of the Ohio EPA National Pollutant Discharge Elimination System (NPDES) Permit.

- j. A general analysis of expected traffic impact, including vehicular and pedestrian safety resulting from the proposed development.

The proposed 15 single family homes will generate 11 trips (3 entering and 8 exiting) in the AM Peak and 15 trips (9 entering and 6 exiting) in the PM Peak hour. Additionally, a portion of the OATS trail will be constructed along the north side of Roberts Drive from Kehr Road west to the trail segment to be constructed as part of South Farm Section Four.

Vehicular access to the single family homes will be provided via a private drive which connects the existing Cobblestone Church drive to the north, to Roberts Drive opposite Morgan Circle to the south. An access easement will be granted by HPCT Properties Inc. to the church in order to allow them to utilize their existing drive. Similarly, HPCT Properties Inc. will obtain an access easement from South Farms Owners Association for their access to Roberts Drive opposite Morgan Circle.

- k. The substance of proposed covenants, easements and other restrictions on the land and structures.

Enclosed please find a draft of Restrictions which will be incorporated into the HOA documents and recorded for Heron Pond.

The enclosed Final Planned Development confirms to all conditions of City of Oxford Ordinance 3615 pertaining to the Preliminary Planned Development submittal for Heron Pond. Please place this item on the July 13th Planning Commission Meeting agenda.

Should you have any questions, or need any additional information, please do not hesitate to contact us.

Sincerely,

Etta M. Reed, PE

Description: Lot #3556
Cobblestone Community Church

Location: City of Oxford
Butler County, Ohio

Situated in the State of Ohio, Congress Lands West of Miami River, Section 34, Town 5, Range 1, City of Oxford, Butler County and being all of Lot #3556 of the City of Oxford and being the lands of Cobblestone Community Church as recorded in Official Record 7665, Page 632 of the Butler County, Ohio Recorder's Office and being further described as follows.

Commencing at the southwest corner of said Lot #3556 and being southeast corner of Lot #3555 of the City of Oxford and being the lands of South Farm Owners Association (4.204 Ac.) as recorded in Official Record 7389, Page 1791 of the Butler County, Ohio Recorder's Office and being on the northerly right of way of Roberts Drive and being the **True Point of Beginning**;

thence, leaving the northerly boundary of said Roberts Drive and with the easterly boundary of said Lot #3555 and with the westerly boundary of said Lot #3556 for the following five courses:

- 1.) North 39° 08' 43" West, 134.42 feet;
- 2.) North 18° 32' 17" East, 170.28 feet;
- 3.) North 00° 49' 13" West, 147.22 feet;
- 4.) North 56° 32' 43" West, 100.36 feet;
- 5.) North 64° 25' 13" West, 166.87 feet to the southerly boundary of Lot #2667 of the lands of Sandra Lynn Cason as recorded in Official Record 9620, Page 907 of the Butler County, Ohio Recorder's Office;

thence, leaving the southerly boundary of said Lot #3555 and with the southerly boundary of said Lot #2667 and with the northerly boundary of said Lot #3556, South 86° 11' 00" East, 594.99 feet to the westerly right of way of Kehr Road and being the southeast corner of said Lot #2667 and being the northeast corner of said Lot #3556;

thence, leaving said Lot #2667 and with the westerly right of way of said Kehr Road, South 02° 46' 47" West, 512.02 feet to the northerly right of way of said Roberts Drive;

thence, leaving the westerly right of way of said Kehr Road and with the northerly right of way of said Roberts Drive and with the southerly boundary of said Lot #3556 for the following four courses:

- 1.) with a curve to the right, having a central angle of 90° 00' 54", a radius of 30.00 feet, an arc length of 47.13 feet and a chord bearing and distance of South 47° 46' 21" West, 42.43 feet;
- 2.) with a curve to the right, having a central angle of 21° 34' 47", a radius of 261.54 feet, an arc length of 98.51 feet and a chord bearing and distance of North 78° 14' 10" West, 97.92 feet;
- 3.) North 73° 51' 10" West, 43.29 feet;

CONCRETE SHALL HAVE A COMPRESSIVE STRENGTH OF 5000 PSI @ 28 DAYS. LOCATION 45' W - 15' MAX. AN EMBANKMENT AND BE PLACED WITH A 3:30 - 4:50 SLOPE IN ACCORDANCE WITH ACT 301.

USPS APPROVED SPECIFICATIONS - CONCRETE PAD (SINGLE UNIT)
All measurements are in inches

NOTES

The existing slope of the ramp is preferred to be 12:1 or flatter. In existing situations, where the maximum ramp area is not feasible due to site conditions, a 12:1 slope may be used. Right-of-way limits may be reduced as follows:

- 10:1 for a max. rise of 5'.
- 8:1 for a max. rise of 10'.
- Hydroic areas where a flatter slope is not feasible.

In present showing the grade indicated, the transition from existing to the proposed ramp area is not required to exceed 15 feet in length.

While ramps may be located to the right of the gutter, the entire lower landing area must be located to the right of the gutter. The ramp and gutter are located in the transition area of existing traffic.

The counter slope of the gutter or street at the foot of a ramp, landing, or blended transition shall be 2:1 at flatter.

The bottom edge of the ramp shall change plane perpendicular to the landing.

The edge of the curb shall be flush with the edge of the adjacent pavement and gutter and surface slopes that meet grade breaks shall also be flush.

Minimum ramp width shall be 4' min. x 4' min. with a 30:1 or flatter cross slope and turning lanes.

DETECTABLE WARNING: Install Detectable Warnings on each curb ramp with approved materials, as shown on Sheet 3. Initial time proprietary products are used, they shall be approved by the Engineer.

WARNING: Contractor is to ensure the base of each constructed curb ramp is properly prepared, without exceeding allowable cross slope of ramp and gutter, and 2) gutter and ramp, are not allowed.

SURFACE TEXTURE: Textured concrete surfaces by coarse brooming transverse to the ramp slope to be rougher than the adjacent sidewalk.

NOTES: Provide minimum height of 12" in the curb ramp at extensions of walkways. Provide minimum height of 12" in the curb ramp at extensions of walkways. Provide minimum height of 12" in the curb ramp at extensions of walkways. Provide minimum height of 12" in the curb ramp at extensions of walkways.

DETECTABLE WARNING NOTES

GENERAL: The contractor shall ensure that the detectable warning products are installed in accordance with the manufacturer's instructions. The contractor shall ensure that the detectable warning products are installed in accordance with the manufacturer's instructions.

INSTALLATION: Detectable warning products are to be installed at any location where pedestrian traffic is likely to cross the ramp, such as at the curb, gutter, and corner placement locations are shown in Sheet 1.

MINIMUM: A minimum of 2' x 2' square detectable warning products shall be installed in the ramp area.

ALIGNMENT: Truncated domes should be aligned with the primary direction of travel. The detectable warning products should be installed in the ramp area.

CONSTRUCTION: The contractor shall ensure that the detectable warning products are installed in accordance with the manufacturer's instructions. The contractor shall ensure that the detectable warning products are installed in accordance with the manufacturer's instructions.

MAINTENANCE: The contractor shall ensure that the detectable warning products are installed in accordance with the manufacturer's instructions. The contractor shall ensure that the detectable warning products are installed in accordance with the manufacturer's instructions.

A Regular meeting of the Oxford City Council was called to order by Mayor Mike Smith on Tuesday, July 20, 2021 at 7:30 p.m. Members present were: Jason Bracken, David Prytherch, Chantel Raghu, William Snavelly and Edna Southard. Glenn Ellerbe was excused.

Staff members present were: Doug Elliott, City Manager, Jessica Greene, Assistant City Manager, Mike Dreisbach, Service Director, Joe Newlin, Finance Director, John Jones, Police Chief, Geoff Robinson, Police Lieutenant, John Detherage, Fire Chief, Casey Wooddell, Parks and Recreation Director, Chris Conard, Law Director and Mary Ann Eaton, Clerk of Council.

APPROVAL OF AGENDA

Ms. Southard moved to approve the agenda. Mr. Snavelly seconded. The motion passed 6-0-0.

PUBLIC PARTICIPATION

PROCLAMATION

“CHIEF MCCANDLESS DAY”

Mayor Smith read the Proclamation and presented it to MUPD Police Chief John McCandless who is retiring from the Miami University Police Department effective July 31, 2021.

Chief Jones noted he was excited that Council was recognizing Chief McCandless and advised Chief McCandless has been a mentor to him since he took over as Police Chief for OPD. Chief Jones noted Chief McCandless has been a great partner to work with and he was sad to see him go although he was excited for him to begin his retirement, which he deserved. Chief Jones noted he appreciated everything Chief McCandless has done for the City in general.

Chief McCandless thanked Mayor Smith for the Proclamation noting when Chief Jones told him he was getting something he was secretly hoping it would be a big "Key to the City". Chief McCandless thanked Mr. Elliott and his staff noting 17 years of dealing with university and City issues has been a pleasure because Mr. Elliott and his staff are so professional. Chief McCandless noted he had the honor of working with Chief Schwein, Chief Holzworth and Chief Jones and advised he felt they were all outstanding human beings and great Police Chiefs. Chief McCandless noted when he arrived 17 years ago the Memo of Understanding between the two departments talked more about not going into each others jurisdiction and today, the two police departments are nearly interchangeable in what they do and how they work together and advised a lot of that is attributable to Chief Jones. Chief McCandless noted one of the hardest things about leaving Oxford was leaving his friendship with Chief Jones and Chief Detherage and advised he would miss them both dearly. Chief McCandless introduced Captain Steve VanWinkle and advised he would soon be the new Police Chief of the Miami University Police Department. Chief McCandless noted his hope Chief Jones and Captain VanWinkle would continue the outstanding legacy of providing outstanding police services to the Oxford community. Chief McCandless thanked everyone for allowing him to be part of such a wonderful place for 17 years noting he felt there were very few places that can rival the City of Oxford and the quality and character of the people who work here.

PUBLIC COMMENTS

Ms. Ann Fuehrer, Executive Director of TOPSS (Talawanda Oxford Pantry & Social Services) advised she attended the Work Session this evening and applauded the work of the City Manager's office. Ms. Fuehrer noted Ms. Greene has done a wonderful job of consulting with local non-profits. Ms. Fuehrer advised she wanted to speak to the importance of prioritizing the investment in affordable, transitional and emergency shelter housing in the community. Ms. Fuehrer noted she echoed personally and in her professional role the need for emergency, cold tornado shelter in the community. Ms. Fuehrer advised this has to be done carefully because those are different kinds of shelter that could require very different specifications. Ms. Fuehrer noted she felt it was possible to think creatively to work towards combining them in some way in a new facility.

Ms. Fuehrer advised she and a Council member working at TOPSS over the last week have had three separate encounters with a person who is living on the streets, has addiction related issues, mental health issues, has been evicted from residency at Parkview Arms and has challenges with family members and a dog. Ms. Fuehrer noted during the three encounters the person was tremendously distraught.

Ms. Fuehrer advised TOPSS would gladly be a partner (possibly by fundraising) in such an endeavor to establish a commercial kitchen in a new facility. Ms. Fuehrer provided an update on the use of the CARES Act funding TOPSS received from the City last fall noting they purchased a van in collaboration with the Oxford Farmers Market. Ms. Fuehrer advised TOPSS finally began the operation of a mobile food pantry last Thursday serving residents at Parkview Arms two days a week.

CONSENT AGENDA

Minutes of the June 15, 2021 City Council Meeting. (Mary Ann Eaton, Clerk of Council)

Minutes of the July 6, 2021 City Council Meeting. (Mary Ann Eaton, Clerk of Council)

Report regarding the July 7, 2021 Environmental Commission Meeting. (Mike Dreisbach, Service Director)

A Resolution No. 7318 authorizing the City Manager to enter into an agreement with Canon Solutions America for a 60-month lease of a Canon imagePRESS C165 color copier through state contract pricing. (Kim Newton, Human Resources Manager)

A Resolution No. 7319 authorizing the City Manager to enter into an agreement with Pitney Bowes for a 60-month lease for new postage equipment and meter rental through state contract pricing. (Kim Newton, Human Resources Manager)

A Resolution No. 7320 authorizing the Oxford Division of Police to retain for use by the municipality certain unclaimed property in its possession. (John Jones, Police Chief)

A Resolution No. 7321 declaring certain property in the City's possession no longer needed for any municipal purpose as surplus and authorizing its advertisement and sale to the highest bidder by public or internet auction. (John Jones, Police Chief)

Mr. Snavelly moved to approve the Consent Agenda. Ms. Southard seconded. The motion passed 6-0-0.

RESOLUTION

RESIDENTIAL PERMITTED PARKING

A Resolution No. 7322 establishing 1021 to 1040 Arrowhead Drive as a Residential Permitted Parking Zone, twenty-four (24) hours a day, seven (7) days a week. (John Jones, Police Chief)

Chief Jones advised citizens petitioned for a Residential Permitted Parking (RPP) area noting the conversation started when Acorn Circle became a RPP area and pushed some student parking into the number of signatures from residents in the neighborhood and OPD conducted the required studies and found the area was well above the occupancy threshold for the area. Chief Jones noted the Oxford Parking & Transportation Advisory Board held a Public Hearing, reviewed the petition, and recommended approval.

Ms. Shana Rosenberg, 1036 Arrowhead Drive, thanked Angela Schatzle of the Oxford Parking Unit noting she did an amazing job of researching whether the requirements were fulfilled for establishing a RPP area. Ms. Rosenberg advised she felt Ms. Schatzle's presentation at the Public Hearing was amazing and noted she was in the neighborhood several times to collect the required data. Ms. Rosenberg thanked Council for considering the petition.

Mr. Snavelly moved to adopt Resolution No. 7322. Ms. Southard seconded. The motion passed 6-0-0.

ORDINANCES

FIRST READING

ORDINANCE

NEW CHAPTER 183

An Ordinance Repealing Oxford Codified Ordinance Chapter 183, Entitled "Hotel and Convention Tax," And Adopting New Oxford Codified Ordinance Chapter 183 Entitled "Hotel, Short-Term Rental And Convention Tax". (Doug Elliott, City Manager)

Mr. Elliott read his staff report into the record as follows: "City Council has discussed the need to expand the City's Convention and Hotel Tax to include Short-Term Rentals or Transient Lodging. The City began a registration requirement in 2019 for Short-Term Rentals. The Business Regulation Code was updated in 2020 to account for Short-Term Rentals or Transient Lodging. A Short-Term Rental or Transient Lodging is defined as a dwelling unit or portion thereof where sleeping accommodations are offered for compensation to transient users occupying a room or rooms for a period of less than thirty (30) days duration.

The attached Ordinance expands the city's Hotel and Convention Tax to include Short-Term Rentals or Transient Lodging. The amount of excise tax is 6% which includes a 3% Convention Tax and a 3% Hotel Tax. The proposed disposition of the Convention Tax at 3% will go to Enjoy Oxford (Oxford's Visitors and Convention Bureau) and the Hotel Tax at 3% to the City's Housing Trust Fund. The tax will be effective January 1, 2022 in order to provide sufficient time to publicize this new tax requirement." Mr. Elliott noted the business school provided a summary showing a tax revenue estimate of \$411,000 for 2019 which would generate approximately \$25,000 half of which would go to Enjoy Oxford and half of which would go the Housing Trust Fund. Mr. Elliott recommended approval of the proposed Ordinance at the next meeting.

There were no comments from the public.

Mr. Snavelly advised he felt this was long overdue noting short-term rental owners should play by the same rules as hotel and motel owners. Mr. Snavelly advised he felt it was appropriate and he was glad to see Council considering it.

Ms. Southard noted she was glad to see the proposed Ordinance before Council and noted she felt Council should be very much in favor of it.

Mr. Prytherch inquired about the mechanics of collecting the taxes. Ms. Greene advised Airbnb has a feature for the property owners to enter the tax although it will be up to the property owner to collect it and send it to the City. Ms. Greene noted staff will need to monitor the Airbnb property owners and let them know of the new rule. Ms. Greene advised eventually the City's proposed non-profit housing group would have an interest in watching this revenue stream.

Mr. Snavelly inquired if the City was going to monitor whether short-term rentals are really registered. Ms. Greene advised staff planned to do some spot checks. Mr. Elliott noted a penalty for not registering was built into the Ordinance although it would take some policing. Mr. Elliott encouraged neighbors to help with the policing.

Mr. Prytherch inquired how this changes things for the Business and Convention Bureau. Mr. Elliott advised approximately 4 years ago they did not get 100% of the 3% convention tax noting they received approximately 87% of the 3%. Mr. Elliott advised staff introduced legislation to give them the full 3%. Mr. Conard advised there was a hotel tax and a short-term lodging tax and they are both 3%.

Ms. Southard noted no money from the tax will support the inspection of the short term rental properties that will have to be done. Mr. Newlin advised there was a rental inspection fee per unit.

Mayor Smith noted Council would consider the proposed Ordinance again in two weeks.

ORDINANCE
ACCEPTING AN ANNEXATION PETITION

An Ordinance Accepting The Annexation Petition From Douglas R. Elliott, Jr. For 22.014 Acres Of Land In The Township Of Oxford, Butler County, Ohio, And Accepting Said Territory To Be Annexed. (Doug Elliott, City Manager)

Mr. Elliott advised this was the final legislation necessary to annex 22.014 acres of land (3 parcels) off of Brookville Road bordering the Oxford Community Park and Autumn Drive. Mr. Elliott noted the annexation petition was filed with the Butler County Commissioners on March 12, 2021 and an expedited Type II process was utilized for the annexation. Mr. Elliott advised he served as the statutory agent for the petitioners. Mr. Elliott noted after the property is annexed to the City, the current Township zoning will continue (A-1 Agricultural) until it is rezoned by the City. Mr. Elliott advised the next item on Council's agenda this evening addresses the rezoning. Mr. recommended Council's adoption of the proposed Ordinance at the next meeting.

There were no comments from the public or from Council.

ORDINANCE
ZONING MAP AMENDMENT

An Ordinance Accepting The Planning Commission's Recommendation And Granting A Zoning Map Amendment for 22.014 Acres Of Land Located at 6600 Brookville Road, Oxford, Ohio, And Rezoning The Property From Oxford Township A-1 (Agricultural) District to City Of Oxford R-1B (Single-Family Medium Density Residential) District. (Sam Perry, Community Development Director)

Mr. Perry advised the Planning Commission reviewed the proposed map amendment at their last meeting, which was a request of his on behalf of the property owners who propose to sell the property to a developer. Mr. Perry noted the Planning Commission reviewed the Decision Standards for a zoning map amendment and made several findings to recommend approval of the zoning to R-1B. Mr. Perry referred to page 61 of Council's packet and recommended the removal and addition of certain text in the proposed Ordinance for the second reading.

Ms. Southard advised the rezoning could allow the opportunity for Council to reduce the speed limit on Brookville Road noting the speed limit has been an issue for Oxford citizens.

Mr. Prytherch noted he felt one of the consequential things the City can do is annex land and zone it, which sets the template for development. Mr. Prytherch advised he felt the Planning Commission's findings reflect the fact that what is being proposed here in terms of the annexation and the zoning conform to a variety of Council goals. Mr. Prytherch noted he felt the proposed zoning was appropriate and advised he appreciated the staff findings. Mr. Prytherch advised he felt the Comprehensive Plan should guide annexations and Council should have input on where land should be annexed. Mr. Prytherch noted he felt the proposed Ordinance conforms with Council's goals.

ORDINANCE
SUPPLEMENTAL BUDGET

An Ordinance Amending Ordinance No. 3600. Supplemental Budget Ordinance Number 5 To Make Supplemental Appropriations For Fiscal Year 2021. (Joe Newlin, Finance Director)

Mr. Newlin addressed his staff report as presented on pages 71-72 of Council's packet and offered to answer any questions.

There were no comments from the public.

Mr. Prytherch expressed his appreciation noting there was so much detail related to the City's finances.

ORDINANCE
SECOND READING
CONDITIONAL USE PERMIT

An Ordinance No. 3625 Accepting The Recommendation Of The Planning Commission And Approving A Conditional Use Permit Application To Allow A Single Level Hotel Use Within A New Four Story Building And Granting The Requested Additional 2,500 Square Feet Of Floor Area In The UP (Uptown) District To Be Located At 22 South Beech Street With One Condition. (Sam Perry, Community Development Director)

Mr. Perry advised there was no new information to share since the first reading of the proposed Ordinance. Mr. Perry noted Conditional Uses handle special zoning situations such as hotels, religious institutions, schools and drive-thru restaurants that could potentially cause an impact to the surrounding area. Mr. Perry offered to answer any questions.

Mr. Scott Webb, Architect, advised he had no new information and thanked Council for their patience over the last couple of years as he and his client have worked to get this project off the ground.

There were no comments from the public.

Mayor Smith inquired if the issues were resolved with the proposed dumpster area, which Mr. Perry and Mr. Webb addressed.

Mr. Snavelly moved to adopt Ordinance No. 3625. Ms. Southard seconded. The Ordinance was adopted by the following roll call:

AYE: Ms. Raghu, Mr. Snavelly, Ms. Southard, Mr. Bracken, Mr. Prytherch, Mayor Smith (6)

NAY: None (0)

ABS: None (0)

ANNOUNCEMENTS

Mr. Elliott advised the Government Finance Officers Association (GFOA) recognizes governments that have received GFOA's Certificate of Achievement for Excellence in Financial Reporting, the Popular Annual Financial Reporting Award, and the Distinguished Budget Presentation Award. Mr. Elliott noted the City of Oxford has received this Triple Crown Award for Fiscal Year 2019. Mr. Elliott advised the City is one of seven other cities (out of a total of 253 cities in Ohio) to receive this award.

Mr. Elliott advised he participated in the Leadership Meeting on Monday and noted Mike Everett of McCullough Hyde Memorial Hospital/TriHealth reported the hospital has not had any Covid-19 patients although things were changing rapidly. Mr. Elliott shared some of the trends by state including Ohio. Mr. Elliott encouraged everyone who has not to become vaccinated.

Mr. Perry advised a Virtual Public Meeting would take place on August 11 at noon regarding the northwestern arc of the Oxford Area Trail for public input.

Ms. Greene advised the City continues to plan mobile vaccine clinics noting staff was working with the Residents Council at Parkview Arms to figure out the best way to do the clinics in partnership with McCullough-Hyde.

Ms. Greene noted staff was planning a Red Brick Friday Streets & Eat Welcome Back Miami Students event on Friday, August 27 and advised it will be similar to the Red Brick Friday events except the DORA will not be in effect.

Ms. Raghu advised this past week she talked with the Ohio Emergency Management Agency in Columbus noting she asked the director what he felt municipalities needed to pay the most attention to and he advised cybersecurity and gun violence needed to be focused on.

Ms. Raghu referred to Ms. Fuehrer's comments this evening and noted there was a woman in desperate need walking around the Mile Square. Ms. Raghu advised she offered to take the woman to a shelter and take care of her dog while she was there noting many of the City's non-profits are not open on the weekends. Ms. Raghu advised she called OPD to see what else might be able to be done and Detective Hatfield assisted her showing a lot of patience and compassion for the woman in need. Ms. Raghu noted the key issue was they could not persuade her to go to the shelter. Ms. Raghu advised she spent all last week reading up about intervention. Ms. Raghu advised she looked forward to Council being as creative as possible to help people in need noting it was not fair to put all of the responsibility on the Police Division.

Mr. Snavelly thanked Ms. Raghu for bringing up the subject noting it underscores the kind of things Council talked about earlier at their Work Session. Ms. Snavelly thanked Ms. Raghu for being a compassionate person.

Mr. Snavelly advised being vaccinated was not a political issue and urged everyone who can be vaccinated to do so for everyone's health and safety.

Mr. Snavelly noted he would like to hear from Miami University about what they are going to do and advised he felt they should give students an option to be vaccinated or to be tested on a weekly basis. Mr. Snavelly reiterated he would like to know what their plan is. Mr. Elliott advised he would discuss the issue with Ted Pickerill at Miami University and provide an update to Council at their next meeting.

Mr. Snavelly wished his colleagues good luck with the 2021 Campaign.

Ms. Southard noted she was proud of Indiana University (where she got her PHD) for requiring students living on campus to be vaccinated. Ms. Southard advised she wished it were possible for Miami University to do something similar. Ms. Southard noted her hope Miami University will come up with a solution.

Ms. Southard noted one of the things about being on City Council is helping residents when they have complaints or questions. Ms. Southard advised she appreciated City staff for being so quick in responding to any such complaints. Ms. Southard noted she appreciated Chief Jones for responding to the question of the height of new parking meters currently being installed noting it was a work in progress.

Ms. Southard advised the Unidiversity Festival, which is a Latin American/Hispanic Festival, will take place August 17 noting it was always a fantastic event Uptown.

Ms. Southard encouraged everyone to stay safe, help protect each other and observe everything needed to prevent the spread of Covid-19.

Mr. Bracken advised he supported everything Councilor Raghu said in terms of addressing homelessness issues.

Mr. Bracken echoed all the sentiments on vaccinating noting greater than 99% of those who pass away from Covid-19 are not vaccinated.

Mr. Bracken requested the vacancy on the Housing Advisory Commission be filled soon noting there were many good applicants.

Mr. Prytherch advised he hoped Council could ask Miami University for an update on their Covid-19 program noting he works for Miami University and really does not know what the plan is.

Mr. Prytherch thanked City staff who participated in the process of moving towards the strategic plan model that provides the transparency on progress toward Council's goals.

Mr. Prytherch commended the City's parking staff noting they do a job that is really hard and thankless at times. Mr. Prytherch complimented the work Angela Schatzle has done and all the other staff including people from the Street Department, installing meters and cutting down poles to move to the new Smart Meter program within the City.

Mayor Smith noted he felt the parking changeover is going as well as it could go.

Mayor Smith made a plea for everyone not vaccinated to do so.

Mayor Smith advised Council would continue to work on the homeless issue.

ADJOURN

Mr. Snively moved to adjourn at 8:39 p.m. Ms. Southard seconded. The motion passed 6-0-0.

STAFF REPORT

ORIGINATING DEPARTMENT:	Service Department
PREPARED BY:	Michael Dreisbach
DATE PREPARED:	July 16, 2021
COUNCIL MEETING DATE:	August 3, 2021
AGENDA TITLE:	Resolution Authorizing Disposal of Surplus Equipment by Auction
BUDGETED AMOUNT:	Not Applicable
ACCOUNT CODE:	Not Applicable
RECOMMENDATION:	Approval
CITY MANAGER/DEPT HEAD APPROVAL:	<i>DRE 7-29-21</i>

Discussion:

As the City has replaced equipment at the end of its useful service life, Staff is requesting City Council's authorization to dispose of surplus equipment. Exhibit A, attached, provides a detailed listing of the equipment proposed for disposal.

This Resolution will authorize the City Manager to dispose of the above referenced surplus vehicles and equipment by public auction, including Internet electronic auction, at the earliest convenience of the City.

RESOLUTION NO.

A RESOLUTION DECLARING CERTAIN CITY PROPERTY NO LONGER NEEDED FOR ANY MUNICIPAL PURPOSE AS SURPLUS AND AUTHORIZING ITS ADVERTISEMENT AND SALE TO THE HIGHEST BIDDER BY INTERNET AUCTION.

WHEREAS, the equipment set forth in Exhibit 'A' attached hereto and incorporated herein, is surplus and no longer needed for any municipal purpose, and

WHEREAS, the City Manager and the Service Director recommend the equipment set forth in Exhibit "A" attached hereto and incorporated herein be declared surplus and that the same be advertised and sold to the highest bidder by internet auction at the earliest convenience of the City.

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY RESOLVES THAT:

SECTION 1: Council accepts the recommendation of the City Manager and the Service Director and hereby declares the equipment set forth in Exhibit "A" attached hereto and incorporated herein as surplus.

SECTION 2: Council further authorizes the advertisement and sale of the surplus equipment set forth in Exhibit "A" attached hereto and incorporated herein to the highest bidder by internet auction with the proceeds thereof deposited in the General Fund.

SECTION 3: This resolution shall take effect at the earliest date allowed by law.

A Work Session of the Oxford City Council was called to order by Mayor, Mike Smith on Tuesday, July 20, 2021 at 6:40 p.m. Council members present were Jason Bracken, David Prytherch, Chantel Raghu, Bill Snavely and Edna Southard. Glenn Ellerbe was excused.

Staff members present were Doug Elliott, City Manager, Jessica Greene, Assistant City Manager, Mike Dreisbach, Service Director, Joe Newlin, Finance Director, John Jones, Police Chief; Geoff Robinson, Police Lieutenant, John Detherage, Fire Chief, Sam Perry, Community Development Director, Casey Wooddell, Parks and Recreation Director, Chris Conard, Law Director and Mary Ann Eaton, Clerk of Council.

APPROVAL OF AGENDA

Ms. Southard moved to approve the agenda. Mr. Snavely seconded. The motion passed 6-0-0.

PURPOSE

The purpose of the Work Session was for staff to provide an update on the American Rescue Plan Act funding, City of Oxford goals for 2021 and to receive Council input on the 2022 budget.

DISCUSSION

Mr. Elliott advised the City originally expected to receive 4.5 million dollars from the American Rescue Plan Act, which was reduced to 2.4 million dollars. Mr. Elliott noted Ms. Greene would provide a PowerPoint and review the allowable uses for the funding and the adjusted staff recommendations.

AMERICAN RESCUE PLAN ACT

Ms. Greene advised the available American Rescue Plan Act funding would be \$2,420,796 distributed in two parts - a year apart. Ms. Greene noted the funding could be used for the following:

- Respond to public health emergency and negative economic impacts
- Revenue loss for the City
- Premium pay and
- Water, Sewer, and Broadband Infrastructure

Ms. Greene asked Council to consider the following:

- This is a once in a generation opportunity. How is the City investing for the future of the community?
- What is the harm or disparity caused/exasperated by COVID that the City is trying to address?

How are the proposed projects addressing that need?
Are the proposed projects self-sustainable into the future without future aid?

Ms. Greene advised the City had until 2024 to decide how to use the funds noting the funds needed to be utilized by 2026.

Ms. Greene discussed the issue of housing noting staff recommended spending \$900K on Permanent Housing and establishing a Housing Nonprofit, Transitional Housing and Emergency Housing.

Ms. Greene discussed the issue of Accessibility & Equity noting staff recommended spending \$1,266,000 on broadband expansion and access within the Talawanda School District and finishing the installation of ADA compliant curbs within the City, which would free up CDBG funds to support a future housing nonprofit.

Ms. Greene noted staff recommended the remaining funds be used for City revenue replacement.

Mr. Snavely recommended the school district and the townships partner with the City in paying for the broadband expansion.

Ms. Raghu thanked Ms. Greene for the revised recommendations noting she agreed with the recommendations.

2021 CITY COUNCIL GOAL REVIEW

Ms. Greene provided a year to date: January-June Progress Report on the following topics:
Affordable Housing
Vibrant Business Districts and
Climate Sustainability

Ms. Greene also provided an update from staff on their goals and objectives for 2021.

CITY COUNCIL BUDGET PROPOSALS

Ms. Southard shared her proposal for a “Percent for Art Program” that sets aside a percent, probably 1% of capital projects for public art. Ms. Southard proposed a future ordinance or resolution which would outline the parameters for such a program.

Mr. Prytherch shared his proposals for Dedicated Seed Funding for Public Art Proposals, Enhancing the Public Bicycle Rack Infrastructure, Evaluating Ways to Broaden Oxford’s Local Tax Base to be Sustainable and Equitable, Sustainability/Climate Coordination and Innovation. Mr. Prytherch also suggested using the American Rescue Plan Act funds to provide discounts for Oxford’s Aquatic Center Membership for qualifying low-income families/persons and partnership with BCRTA for assistance with transportation.

Mr. Bracken suggested expanding the scope of the proposed Cottage Community Homes project.

Ms. Raghu suggested expanding the food-composting program, possibly adding curbside pickup, and diversifying renewable energy. Ms. Raghu would also like the City to hire a Social Worker for the Police Division to assist with homelessness issues as well as addiction and other social issues in the City.

Mr. Snavelly thanked Ms. Greene for the presentation noting he was proud of the progress made on Council's Goals and of the work done on the American Rescue Plan Act funding recommendations.

Mr. Elliott suggested scheduling a Work Session to discuss ways to broaden Oxford's local tax base.

Mayor Smith thanked everyone for their input this evening.

ADJOURNMENT

Mr. Snavelly moved to adjourn at 7:13 p.m. Ms. Southard seconded. The motion passed 6-0-0.

The City of Oxford

Oxford, OH 45056

STAFF REPORT

ORIGINATING DEPARTMENT:	Community Development
PREPARED BY:	Sam Perry
DATE PREPARED:	July 30, 2021
COUNCIL MEETING DATE:	August 3, 2021
AGENDA TITLE:	July 21, 2021 Board of Zoning Appeals Summary
CITY MANAGER/DEPT HEAD APPROVAL:	<i>Sam Perry</i>

This was the first in-person meeting since the pandemic.

Chair Michael Schnipper ran the virtual meeting, Director Sam Perry providing staff reporting.

Old Business

Extension Request - BZA-2021-02, 407 N Campus, Variances to Section 1143.07(c) maximum lot coverage and Section 1149.03(i), required parking spaces, First Class LLC

This case was previously approved in February 2021. The owner requested a six-month extension due to the fact that the variance approvals would expire before they could complete the project. The code required that the building permit had to be obtained and that construction must commence prior to the expiration of the initial 6 months. The Board heard from staff and the owner. The Board determined that there were no changes to the project or the city code since the time of the approval. The Board voted 4-0 (one absent) to approve the extension request, resulting in one full year of validity, ending in February 2022.

Office of the Mayor

Proclamation

Whereas:

on February 14, 1920, the League of Women Voters was formed by a grassroots group of women, six months prior to, but in anticipation of, ratification of the 19th Amendment that gave women the right to vote in the United States; and

WHEREAS, on August 26, 1920, the Nineteenth Amendment was certified as part of our national Constitution, assuring that "the right of citizens of the United States to vote shall not be denied or abridged by the United States or any State on account of sex"; and

WHEREAS, the League was a political experiment designed to help 20 million women carry out their new responsibilities as voters by educating them on issues; and

WHEREAS, now the League has entered its second century as a nonpartisan organization of men and women in all fifty states and more than 700 communities including Oxford to register new voters, host community forums and debates, provide voters with election information they need, engage at local and state levels on legislative priorities, improve our elections, and protect our democracy; and

WHEREAS, the struggle for women's suffrage was the first step toward full and equal participation of women in our nation's life. In recent years giant strides have been taken to eliminate discrimination through our laws and to pave new avenues for equal economic opportunity for women; and

WHEREAS, this year, August 26, 2021, will mark 101 years since this important milestone in U.S. history occurred; and

WHEREAS, we recognize that attitudes cannot be changed by laws alone, prejudices still exist in the way of progress for women; we therefore, must do all that we can to overcome the barriers against what is fair and right by providing equal opportunity for everyone and voting rights for all citizens, and by urging all citizens to exercise their right to vote in local, state, and national elections.

NOW, THEREFORE, I, Michael Smith, Mayor of the City of Oxford, Ohio, do hereby proclaim August 26, 2021 to be:

"EQUALITY DAY"

in the City of Oxford and urge all citizens to join in celebrating the progress, while we continue the work of providing "equal opportunities for all".

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the City of Oxford to be affixed this 3rd day of August, 2021.

MICHAEL SMITH, MAYOR

**DECLARATION OF COVENANTS, CONDITIONS,
RESTRICTIONS AND RESERVATION OF EASEMENTS, AND CODE
OF REGULATIONS**

FOR

**HERON POND
OWNERS' ASSOCIATION**

This instrument prepared by:

Charles D. Maddox
BOLIN & TROY, LLC
29 N Beech Street
Oxford, Ohio 45056

DECLARATION

This is the Declaration of Heron Pond Owners' Association, made as of this ____ day of _____, 2019 pursuant to the provisions of Chapter 5312 of the Revised Code of Ohio and in accordance with the Declaration of South Farm Owners' Association and Amendments thereto originally recorded at Book 1787, Page 679, of the Butler County Recorder.

All provisions contained with the Declaration of South Farm Owners Association are by this reference incorporated herein. The Heron Pond Owner's Association shall exercise all rights and responsibilities associated with membership in the South Farm Owners Association.

_____, are the Owners' in fee simple of certain real property located in Butler County, Ohio (collectively referred to as the "Declarant"), and known by official plat designation as Heron Pond, a subdivision of the City of Oxford pursuant to a plat recorded _____.

For the purpose of enhancing and protecting the value, attractiveness and desirability of the lots or tracts constituting this subdivision, Declarant states that all the real property described above will be held, and conveyed only subject to the following easements, covenants, conditions, and restrictions, which will constitute covenants running with the land and will be binding on all parties having any right, title, or interest in the property, and their heirs, successors, and assigns.

ARTICLE I

Definitions

- 1.1 Additional Land. "Additional Land" means the property set forth in Exhibit "B" which may be subject to this Declaration.
- 1.2 Allocated Interests. "Allocated Interests" means the Common Expense Liability and votes in the association as set forth in Article III.
- 1.3 Assessments. "Assessments" means those charges upon the Lots established by Article III of this Declaration.
- 1.4 Association. "Association" means Heron Pond Owners' Association, an Ohio nonprofit Corporation, its successors and assigns. Except as the context otherwise requires "Association" shall mean the Board of Trustees action on behalf of the Association.
- 1.5 Board. "Board" shall mean the Board of Trustees of the Association.
- 1.6 Common Elements. "Common Elements" shall mean any real estate owned or leased by the Association other than a Lot, including easements in favor of the Association.

- 1.7 Common Expense Liability. "Common Expense Liability" means the liability for Common Expenses allocated to each Lot pursuant to Article III of this Declaration.
- 1.8 Common Expenses. "Common Expenses" means expenditures made by, or financial liabilities of, the Association, together with any allocations to reserves.
- 1.9 Declarant. "Declarant" means _____.
- 1.10 Declaration. "Declaration" means this Declaration of Covenants, Conditions, Restrictions and Reservation of Easements for Heron Pond Owners' Association, including any amendments hereto.
- 1.11 Development Period. "Development Period" means the period commencing on the date of recording of this Declaration and ending on the date seven (7) years thereafter within which the Declarant has the right to submit Additional Land to the terms of this Declaration.
- 1.12 Limited Common Elements. "Limited Common Elements" means those portions of the Common Elements allocated for the exclusive use and benefit of one or more but fewer than all of the Lots.
- 1.13 Living Unit. "Living Unit" means any portion of a building situated on the Properties designed and intended for use and occupancy as a single family residence.
- 1.14 Lot. "Lot" means Landominium, the physical portion of the Property designated for separate Owners'hip or occupancy, the boundaries of which are described pursuant to Article II.
- 1.15 Member. "Member" means any person or entity entitled to membership in the Association as provided herein.
- 1.16 Occupant. "Occupant" means any person in possession of a Lot or Living Unit whether or not such possession is lawful and shall include, but not be limited to, an Owner's family members, guests, invitees, tenants and lessees.
- 1.17 Owner. "Owner" means the Declarant or other person or entity who owns a Lot, but does not include a person or entity having an interest in a Lot solely as security for an obligation.
- 1.18 Property. "Property" or "Properties" means the real estate described in Exhibit "A" attached hereto and any other property which may be made subject to the terms of this Declaration, together with any improvements made thereon.
- 1.19 Record Plan. "Record Plan" means the recorded plat of Heron Pond recorded in Plat Envelope _____ of the Butler County, Ohio Recorder's Plat records and any additions or replats thereof.

ARTICLE II

Lots and Living Units

2.1 Description of Lot Boundaries. The boundaries of the Lots shall be those described on the plat of Heron Pond Home Owners' Association which has been recorded in the Butler County Recorder's Office.

2.2 In the event that the boundaries of a Lot extend beyond the physical edge of outer walls of a Living Unit built on a given Lot, the Lot area extending beyond the Living Unit footprint will be subject to an easement in favor of Heron Pond Owners' Association and will be treated as Common Element for the purpose of access, maintenance, and improvement.

ARTICLE III

Allocation of Allocated Interests

3.1 Common Expense Liability. The allocation of Allocated Interests for Common Expense Liability shall be determined in accordance with the allocation of the various assessments as set forth in Article VII, Section 7.8.

3.2 Votes in the Association. The allocation of Allocated Interests for voting purposes shall be one vote per Lot.

ARTICLE IV

Common Elements

4.1 Description. The Common Elements shall be all portions of the Property submitted to the terms of this Declaration or subsequently submitted pursuant to Section 17.1 hereof. The Common Elements shall include property owned in fee simple or by easement or leased to the Association. The Common Elements shall also include the private roadway designated as shown on the Record Plan.

4.2 Easements. The Common Elements shall be subject to certain easements in favor of the Lots. These easements shall be appurtenant to and pass with the title to the Lots.

4.2.1 Access. The Common Elements shall be subject to permanent nonexclusive easement for ingress and egress in favor of the Lots.

4.2.2 Encroachment. The Common Elements shall be subject to an easement for encroachment in favor of the Lots benefited by reason of any encroachment of any portion of a Living Unit or any fixture attached thereto if such encroachment was a result of the original construction of the Living Unit, or if subsequently approved by the Association pursuant to Article X.

4.2.3 Drainage. The Common Elements shall be subject to easements in favor of the Lots benefited for surface water drainage and for the maintenance of drainage lines from the

downspouts to the storm sewers. No Owner shall do anything within a Lot for Living Unit which shall unreasonably increase the flow of surface water.

4.2.4 Utilities. The Common Elements shall be subject to an easement in favor of the Lots for the installation and operation of all utilities.

4.2.5 Development Rights. The Common Elements shall be subject to certain easements and development rights in favor of the Additional Land and the Declarant as set forth in Article XVII.

4.3 **Owner's Delegation Rights**. Any Owner may delegate his or her easement rights and rights of enjoyment to the Common Elements to any Occupants, and any guests, invitees, tenants or lessees thereof. Any Owner who has leased his or her Lot shall be deemed to have delegated such rights. Any such delegation, however, shall be in accordance with and subject to reasonable rules, regulations and limitations as may be adopted by the Association in accordance with its Code of Regulations.

4.4 **Limitation on Easements**. All easements and rights granted herein are subject to:

4.4.1 Restrictions set forth in this Declaration;

4.4.2 Any rules and regulations adopted by the Association and the right to enforce such rules and regulations.

4.4.3 The right of the Association to levy assessments for the Common Expenses and other assessments as set forth herein;

4.4.4 All rights granted to the Association in this Declaration;

4.4.5 Development Rights and Special Declarant Rights as set forth in Articles XVII and XVIII.

ARTICLE V

Limited Common Elements

5.1 **Description**. The Limited Common Elements shall be those portions of the Common elements allocated for the exclusive use of one or more but fewer than all of the Lots. The Limited Common Elements shall include:

5.1.1 Mailboxes, air conditioner pads, gas vents, and dryer vents.

5.1.2 Sewer, gas, water and electric lines which serve more than one Lot or Living Unit. The portion serving only the Lot shall be allocated solely to that Lot, and any portion thereof serving more than one Lot or a portion of the Common Elements is a part of the Common Elements.

5.1.3 Other items shown on the Heron Pond Owners' Association Plat.

5.2 Title. The title to the Limited Common Elements shall be held by the Association in accordance with the conditions, limitations and rights set forth in this Article.

5.3 Allocation. Unless otherwise stated on the plats, the Limited Common Elements shall be allocated to the Lots to which they are adjacent and which they serve.

5.4 Use. Each Owner is hereby granted an exclusive and irrevocable license to use and occupy the Limited Common Elements allocated to such Owner's Lot.

5.5 Limitation. All use and occupation of the Limited Common Elements by Owners', Occupants and any persons to whom such rights have been delegated shall be in accordance with and subject to:

5.5.1 Restrictions set forth in this Declaration;

5.5.2 Any rules and regulations adopted by the Association and the right to enforce such rules and regulations;

5.5.3 The right of the Association to levy assessments for the Common Expenses and other assessments as set forth herein;

5.5.4 All rights granted to the Association in this Declaration;

5.5.5 Development rights and special Declarant rights as set forth in Article XVII and Article XVIII.

ARTICLE VI

Owner's Association

6.1 Formation. The Declarant will cause to be chartered in accordance with Chapter 1702 of the Ohio Revised Code, a nonprofit corporation named Heron Pond Owners' Association. The purposes for the Association are to provide for the administrative governance, maintenance, and upkeep of the Property and to promote the health, safety and welfare of the Owners' and Occupants of the Property.

6.2 Membership. The membership of the Association shall at all times consist exclusively of Owners. All Owners shall be Members. Membership shall be appurtenant to and may not be separated from such ownership.

6.3 Powers of the Association. Subject to Development Rights and Special Declarant Rights hereinafter set forth, the Association may:

6.3.1 adopt and amend a Code of Regulations for the government of the Association, the conduct of its affairs and the management of the Property. The initial Code of Regulations is attached as Exhibit "C";

6.3.2 adopt rules and regulations for the use and occupation of the Common Elements and Limited Common Elements and to enforce violation of the rules and regulation and the provisions and restrictions of the Declaration as against the Owners' and Occupants;

6.3.3 adopt and administer Architectural Standards and enforce violations thereof;

6.3.4 adopt and amend budgets for revenues, expenditures and reserves and levy and collect Assessments from Owners;

6.3.5 hire and discharge managing agents and other employees, agents, and independent contractors;

6.3.6 institute, defend or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more Owners on matters affecting the community;

6.3.7 make contracts and incur liabilities;

6.3.8 regulate the use, maintenance, repair, replacement and modification of the Common Elements and those portions of the Lots for which the Association has maintenance responsibility and other rights as set forth herein;

6.3.9 cause additional improvements to be made as part of the Common Elements;

6.3.10 acquire, hold, encumber and convey in its own name any right, title or interest to real estate or personal property, but Common Elements may be conveyed or subjected to a security interest only pursuant to Article XI.

6.3.11 grant easements, liens, licenses and concessions through or over the Common Elements;

6.3.12 impose and receive any payments, fees or charges for the use, rental or operation of the Common Elements and for services provided to Owners;

6.3.13 impose charges for late payments of Assessments and levy reasonable fines for violations of the Declaration, Code of Regulations, Rules and Regulations of the Association;

6.3.14 impose reasonable charges for the preparation and recordation of amendments to the Declaration or for statements of unpaid Assessments;

6.3.15 provide for indemnification of its officers and board of trustees and maintain directors' and officers' liability insurance;

6.3.16 assign its right to future income, including the right to receive Common Expense Assessments, except that this power shall be limited to the purposes of repair of existing structures or improvements;

6.3.17 exercise any other powers conferred by the Declaration, Code of Regulations or Articles of Incorporation;

6.3.18 exercise all other powers that may be exercised in this state by nonprofit corporations;

6.3.19 exercise any other powers necessary and proper for the governance and operation of the Association.

6.4 Voting Rights. Members shall be entitled to vote on matters properly before them in accordance with this Article and the laws of the State of Ohio.

6.4.1 Number of Votes. Each Lot shall have one vote. If only one of several Owners for a Lot is present at a meeting of the Association, that Owner is entitled to cast the vote allocated to that Lot. If more than one of the Owners' is present, the vote allocated to that Lot may be cast only in accordance with the agreement of a majority in interest of the Owners. There is majority agreement if any one of the Owners' casts the vote allocated to that Lot without protest being made promptly to the person presiding over the meeting by any of the other Owners of the Lot. The Association may adopt rules regarding deadlocks. No votes allocated to any Lots owned by the Association may be cast.

6.4.2 Proxies. A vote allocated to a Lot may be cast pursuant to a proxy duly executed by an Owner. If a Lot is owned by more than one person, each Owner of the Lot may vote or register protest to the casting of votes by the Owners of a Lot through a duly executed proxy. An Owner may revoke a proxy given pursuant to this section only by actual notice of revocation to the person presiding over a meeting of the Association. A proxy is void if it is not dated or purports to be revocable without notice. Except as hereinafter provided, a proxy shall terminate one year after its date, unless it specifies a shorter time. If a first mortgagee has been designated as a proxy under the terms of a first mortgage covering the Lot, its presentation to the Board of a copy of the mortgage shall be notice of the proxy designation, and if the mortgage so states, of the irrevocability of the designation. Written notice to the Board or notice in a meeting of a revocation of a proxy designation shall not affect any vote or act previously taken. Each proxy shall automatically cease upon conveyance of the Lot.

Unless expressly reserved and the Association is notified of such reservation, a land contract vendee as defined in Chapter 5313 of the Revised Code shall be deemed the proxy of a land contract vendor for purposes of this section.

6.5 Annual Meeting. A meeting of the Members of the Association must be held at least once a year.

6.6 Management Agent. The Board may employ for the Association a professional management agent or agents at a compensation established by the Board to perform such duties and services as the Board shall authorize. The Board may delegate to the managing agent or manager, subject to the Board's supervision, certain powers granted to the Board by this Declaration. The Declarant, or an affiliate of the Declarant, may be employed as a managing agent or manager. No management contract may have a term in excess of three (3) years and must permit termination by either party without cause and without termination fee on ninety (90) days or less written notice.

ARTICLE VII

Assessments

7.1 Establishment of Assessments. There are hereby established for the benefit of the Association, its successors and assigns, as a charge on each Lot, certain Assessments for Common expenses and other expenses. Each Owner subsequent to the Declarant _____, by acceptance of a deed, covenants and agrees to pay such Assessments. The Declarant, _____, shall be exempt from any and all Assessments due Heron Pond Owners Association. The Lots owned by the Declarant shall not be considered chargeable Lots for the purposes of determining assessments.

Any use of the Property, Common elements, or Limited Common Elements by a Unit Owner, his or her heirs, successors, assigns, family members, or tenants after such Unit Owner has filed a petition for relief pursuant to the United States Bankruptcy Code shall be deemed to be a new covenant and agreement to pay assessments.

7.2 Purpose of the Assessments. The Assessments are established for the benefit and use of the Association and shall be used in covering the costs of its Common Expenses and for other such purposes as hereinafter set forth.

7.3 Annual General Assessment. There is hereby established an Annual General Assessment for the purpose of the Common Expenses of the Association. The Common Expenses shall include but not be limited to (1) operation, maintenance, repair and replacement as required by this Declaration; (2) unless otherwise determined by the Board, the cost of any insurance required by this Declaration; (3) reasonable reserves for contingencies and replacement; (4) administrative, accounting, legal and management fees; (5) all other costs and liabilities incurred by the Association in the exercise of its powers and duties pursuant to this Declaration.

7.4 Insurance Assessment. If so determined by the Board, the Association may separately assess the cost of any insurance required by this Declaration or reasonably determined to be in the best interest of the Association. Such Assessment may be allocated and made payable on any reasonable basis. The Association may allocate the additional cost of insurance incurred as a result of improvements or upgrades made by any Owner to that Owner's Lot.

7.5 Individual Assessment. The Association after approval by two-thirds (2/3) vote of all members of the Board shall have the right to assess an individual Lot for any of the following:

7.5.1 any costs incurred by the Association in the performance of any maintenance in accordance with Article VIII Section 8.2.

7.5.2 any charges or fines imposed or levied in accordance with Article IX, Section 9.3.1.1.

7.5.3 any cost incurred for maintenance or repair caused through the willful negligent act of an Owner or Occupant or their family, tenants, guests or invitees, including attorney fees, court costs and other expenses incurred to obtain access to the subject Lot or Living Unit.

7.5.4 any costs associated with the enforcement of this Declaration or the Rules and Regulations of the Association, including, but not limited to attorneys' fees, witness fees and costs, and court costs.

7.6 Special Assessments. In addition to the other Assessments authorized herein, the Association may levy Special Assessments in any fiscal year. So long as the total amount of Special Assessments allocable to each chargeable Lot does not exceed Twenty Percent (20%) of the Annual General Assessment for that fiscal year, the Board may impose the Special Assessment. Any Special Assessments which would cause the amount of Special Assessments allocable to any chargeable Lot to exceed this limitation shall be effective only if approved by a majority vote of the Members present and voting at a meeting duly called for such purpose. Special Assessments shall be paid as determined by the Board, and the Board may permit Special Assessments to be paid in installments extending beyond the fiscal year in which the Special Assessment is imposed.

7.7 Computation and Payment of Annual General Assessment. The Annual General Assessment shall be computed and levied in accordance with the budget adopted by the Board pursuant to the Code of Regulations. This Assessment shall be effective as to each chargeable Lot on the first day of the Association's fiscal year. The initial Annual General Assessment as to each chargeable Lot shall commence on the first day of the month following the earlier of (i) its conveyance to an Owner other than Declarant or (ii) occupation of the Living Unit. The assessment shall be prorated to the end of the Association's fiscal year. So long as there has been no default in payment of the Assessment, it shall be payable in monthly installments due on the first day of each month. The Board shall have the power from time to time to adopt such billing, collection and payment procedures, charges and other payment time schedules as it deems appropriate.

7.8 Allocation of Assessments. The Common Expense Liability of each chargeable Lot shall be its portion of the Common Expense. The Common Expense Liability and the Annual General Assessment shall be allocated equally to each chargeable Lot. The other Assessments shall be allocated as applicable to the respective chargeable Lots and as determined by the Board.

7.9 Lien for Assessments. The Association shall have a lien for any Assessment levied against a Lot, for fines imposed against an Owner or Occupant, and for interest, costs and reasonable attorney fees.

7.9.1 Creation. The lien for Assessments is created by this Declaration and shall be a charge and a continuing lien on each Lot which shall run with the land. All persons or entities acquiring an interest in a Lot after the filing of this Declaration take such interest subject to the lien.

7.9.2 Effective Dates. The lien for the Common Expense Liability for each Lot as set forth in the Annual General Assessment shall be effective on the first day of the fiscal year of the Association. The lien for other Assessments shall be effective on the first day of the month following the notice of its levy on the Owners' affected.

7.9.3 Perfection. Recording of this Declaration constitutes notice and perfection of the Lien.

7.9.4 Notice of Lien. The Association may file a notice of lien with the Recorder of Butler County. Such notice shall not be required for the Association to enforce its lien.

7.9.5 Priority of the Lien. The lien created by this Section shall be prior to all liens and encumbrances recorded subsequent to this Declaration except the lien for real estate taxes and assessments and the lien of any first mortgage filed of record.

7.9.6 Subordination and Mortgagee Protection. Notwithstanding any of the provisions hereof to the contrary, the lien of any Assessment levied pursuant to this Declaration (and any late charges, interest, costs and attorney fees) shall be subordinate to, and shall in no way affect the rights of the holder of a first mortgage made in good faith for value received; provided, however, that such subordination shall apply only to Assessments, or installments thereof, which have become due and payable prior to the date of Sheriff's sale of such Lot pursuant to a foreclosure or the date of a deed in lieu of foreclosure. Such sale or transfer shall not relieve the mortgagee or the purchaser of a Lot at such sale from liability for any Assessments thereafter becoming due, nor from the lien of any such subsequent Assessment.

7.9.7 Extinguishment of the Lien. A lien for unpaid Assessments is extinguished unless proceedings to enforce it are instituted within five (5) years after the full amount of the Assessment becomes due. If an Owner of a Lot subject to a lien files a petition for relief under the United States Bankruptcy Code, then the period of time to enforce the Association's lien shall be tolled until thirty (30) days after the automatic stay under Section 362 of the Bankruptcy Code is lifted.

7.9.8 Estoppel Certificate. Upon request of any mortgagee or Owner and upon payment in full of all Assessments and other charges permitted by this Declaration that are due to the Association, the Association shall execute and deliver to such mortgagee or Owner an Estoppel Certificate. Such certificate shall be in recordable form and shall note the payment of the outstanding Assessments and charges and that the Association is estopped from the enforcement of its lien with respect to Assessment and charges becoming due and payable prior to the preparation of such certificate.

7.10 Assessments of South Farm Owners Association, Inc. In addition to and separate from the assessments described above payable to Heron Pond Owner's Association, lot owners shall individually pay any and all Assessments due pursuant to the Declaration of the South Pond Owners Association.

7.11 Delinquency and Acceleration. Any installment of an Assessment provided for by this Declaration shall become delinquent if not paid on the due date as established by this Declaration or by the Board. With respect to each installment of an Assessment not paid within five (5) days of its due date, the Board may, at its election require the Owner to pay a reasonable late charge, costs of collection, reasonable attorney fees and interest at the rate provided in Section 1343.03 of the Ohio Revised Code (and as amended from time to time). Interest shall be calculated from the date of delinquency to the date full payment is received by the Association. If any installment of an Assessment is not paid within thirty (30) days of its due date, the Board may, at its election, declare all of the unpaid balance of the Assessment immediately due and payable without further notice or demand to the Owner. The Association may enforce the collection of the full Assessment and all charges thereon in any manner authorized by law or this Declaration. The filing of any petition for relief pursuant to the United States Bankruptcy Code by an Owner whose Assessment had been accelerated shall operate as a restoration of the Assessment to its prior status as if it has not been accelerated.

7.12 Remedies Cumulative. A suit to recover money judgment for unpaid Assessments and charges may be maintained without foreclosing or waiving the right to enforce the lien. A foreclosure may be maintained notwithstanding the pendency of any suit to recover a money judgment.

7.13 Personal Obligation. The Assessments, including fines, if any, payable by each owner, together with any penalty, interest, costs and reasonable attorney fees shall be a charge and lien on each Lot and shall also be the personal obligation of the Owner of each Lot.

7.14 Statement of Unpaid Assessments. The Association shall upon written request of the Owner, contract purchaser, or first mortgagee, furnish a statement setting forth the amount of unpaid Assessments against the Lot. This statement must be furnished within ten (10) business days after receipt of the request and is binding on the Association, the Board and every Owner. The Association may charge a reasonable amount for this statement.

7.15 No Waiver of Liability for Common Expenses. No Owner may exempt himself or herself from liability for payment of the Common Expenses by waiver of the use or enjoyment of the Common Elements or by abandonment of the Lot against which the Assessments are made.

ARTICLE VIII

Upkeep of the Property

8.1 Maintenance Responsibility. Notwithstanding the ownership of the various portions of the Common Elements, Limited Common Elements and Lots, the Properties shall be maintained and repaired by each Lot Owner and the Association in accordance with the provisions of this Section 8.1 and as set forth in Heron Pond Owners' Association Budget maintained by the Association Treasurer. Said budget shall not be a part of the Declaration and may be amended from time to time by the Association. All expenses associated with the maintenance, repair and replacement of the Property shall be assessed in accordance with said budget.

8.2 Association's Right to Maintain. In the event that an Owner shall fail to provide maintenance as required by this Declaration in a manner satisfactory to the Association, and such Owner has failed to comply for ten (10) days after being so notified of such failure and upon being provided an opportunity to be heard concerning such failure, then the Association shall have the right, through its agents and employees, to enter upon said Lot or Living Unit and repair, maintain and restore the Lot or Living Unit or any other improvement erected thereon. In the event that such failure poses a health, safety or security risk, then no notice or hearing need be given. The cost of such exterior maintenance and repair (including charges incurred by the Association for attorney's fees, court costs and other expenses incurred to obtain access to the subject Lot or Living Unit) shall be assessed against the subject Lot in accordance with Article VII, Section 7.5.

8.3 Access to Lots. For the purpose solely of performing the exterior maintenance required or authorized herein, the Association, through its duly authorized agents or employees, or subcontractors, shall have the right, after reasonable notice to the Owner, to enter upon any Lot or the exterior of any Living Unit at reasonable hours on any day. No notice is required for grass cutting or snow plowing.

ARTICLE IX

Restrictions

9.1 Use and Occupancy. The following are applicable to the use and occupancy of the property.

9.1.1 Living Units. All living units shall be for single family use only and comply with all occupancy requirements use restrictions set by the City of Oxford.

9.1.2 Minimum Size of Homes. All Living Units shall be a minimum of \$1,500 square feet.

9.1.3 Noise. No person shall cause any unreasonably loud noise (except for security devices) anywhere on the Property, nor shall any person permit or engage in any activity, practice, or behavior for the purpose of causing annoyance, discomfort or disturbance to any person lawfully present on any portion of the Property.

9.1.4 Signage. No signs, billboards, or advertisements of any kind shall be displayed on or about any common area to public view except for signs advertising the property for sale. During the construction and sales period, signs used by the developer, builder and realtor to advertise

the property shall be uniform in style and color and must be approved by the developer. Political signs will be permitted to be put up no sooner than 30 days before an election and must be removed within seven days after the election.

9.1.5 Trash. Except in connection with construction activities, no accumulation or storage of litter, refuse, bulk materials, building material or trash of any other kind shall be permitted in the common areas. With the exception of the common dumpster, trash containers shall not be permitted to remain in public view.

9.1.6 Parking. Except for guests and visitors which shall use designated parking spaces, each dwelling unit shall be limited to two (2) parking spaces. No junk or derelict vehicle or other vehicle on which current registration plates are not displayed shall be kept upon any portion of the Property. Vehicle repairs and storage of vehicles are not permitted on the Property without the prior written approval of the Board of Directors. No motor vehicles shall be driven on the Common Elements except such vehicles as are authorized by the Board and needed for upkeep of the Common Elements. This prohibition does not apply to normal vehicular use of streets, roadways and driveways in the Common Elements.

9.1.7 Vehicle Repairs. No trailers, campers, mobile homes, motorhomes, buses or trucks exceeding $\frac{3}{4}$ ton shall be permitted to be regularly parked upon the common parking areas. In addition, major repairs shall not be conducted on any cars or any other such vehicles in the common parking areas. Inoperable cars are to be towed within 48 hours.

9.1.8 Outside Storage. Except for grills and bikes, there shall be no outdoor storage of personal property.

9.1.9 Nuisance. No noxious or offensive activity shall be carried out upon or within any dwelling unit, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the community.

9.1.10 No Waste. Nothing shall be done or kept on the Property which will increase the rate of insurance for the Property or any part thereof without the prior written consent of the Board; including without limitation any activities which are unsafe or hazardous with respect to any person or property. No person shall permit anything to be done or kept on the Property which will result in the cancellation of any insurance on the Property or any part thereof or which would be in violation of any law, regulation, or administrative ruling. No waste will be committed on the Common Elements.

9.1.11 Compliance with Laws. No improper, offensive, or unlawful use shall be made of the Property or any part thereof, and all valid laws, zoning ordinances and regulations of all governmental agencies having jurisdiction thereof shall be observed. All laws, orders, rules, regulations or requirements of any governmental agency having jurisdiction thereof relating to any portion of the Property shall be complied with, by and at the sole expense of the Owner or the Association, whichever shall have the obligation for the upkeep of such portion of the Property, and if the Association, then the cost of such compliance shall be a Common Expense.

9.1.12 Harmful Discharges. There shall be no emissions of dust, sweepings, dirt, cinders, odors, gases or other substances into the atmosphere (other than normal residential chimney emissions), no production, storage or discharge of hazardous wastes on the Property or discharges of liquid or solid wastes or other harmful matter into the ground or any body of water, if such emission, production, storage or discharge may adversely affect the use or intended use of any portion of the Property or may adversely affect the health, safety or comfort of any person. No waste nor any substance or materials of any kind shall be discharged into any public sewer serving the Property or any part thereof in violation of any regulation of any public body having jurisdiction over such public sewer.

9.1.13 Obstruction of Common Elements. No person shall obstruct any of the Common Elements or otherwise impede the rightful access of any other person on any portion of the Property upon which such person has the right to be. No person shall place or cause or permit anything to be placed on or in any of the Common Elements without the approval of the Board. Nothing shall be altered or constructed in or removed from the Common Elements except with the prior written approval of the Board.

9.1.14 Use of Common Elements. The Common Elements shall be used only for the furnishing of the services and facilities for which the same is reasonably suited and which are incident to the use and occupancy of the Lots. The improvements located on the Common Elements shall be used only for their intended purposes. Except as otherwise expressly provided in this Declaration, no Owner shall make any private, exclusive or proprietary use of any of the Common Elements.

9.1.15 No Trade or Business. No trade or business of any kind may be conducted in or from any Lot or Living Unit except that an Owner or Occupant of a Lot or Living Unit may conduct such business activity within the Lot or Living Unit so long as: (a) the existence or operation of the business activity is not apparent or detectable by sight, sound, or smell from the exterior of the Lot or Living Unit; (b) the business activity conforms to all zoning requirements for the Property; (c) the business activity does not involve persons coming to the Lot who do not reside in the Property; and (d) the business activity is consistent with the residential character of the Property.

The terms "business" and "trade" as used in this provision shall be construed to have their ordinary generally accepted meanings and shall include without limitation, any occupation, work or activity undertaken on an ongoing basis which involves the provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation or other form of consideration, regardless of whether (i) such activity is engaged in full-time or part-time; (ii) such activity is intended to or does generate a profit; (iii) a license is required therefor.

9.1.16 Fences. Except for any fence installed by the Declarant, or by the Association, no fence shall be installed except with the written approval of the Board.

9.1.17 Animals. The maintenance, keeping, boarding or raising of animals, livestock, poultry, insects or reptiles of any kind, regardless of number, is prohibited on any Lot or upon Common Elements, except that the keeping of guide animals and orderly domestic pets (ex. dogs, cats or caged birds) without the approval of the Board is permitted, subject to the Rules and Regulations adopted by the Board. Such pets shall not be kept or maintained for commercial purposes or for breeding. Any such pet causing or creating a nuisance or unreasonable disturbance or noise must be permanently removed from the Property upon ten days written notice from the board. Pets shall not be permitted upon the Common Elements unless accompanied by someone who can control the pet and unless carried or leashed. Any Owner or Occupant who keeps or maintains any pet upon any portion of the Property shall be deemed to have indemnified and agreed to hold the Association, each Owner and the Declarant, free and harmless from any loss, claim or liability of any kind or character whatever arising by reason of keeping or maintaining such pet within the Property.

9.1.18 Open Fires. Open burning is not permitted on the Property, except that outdoor fireplaces, grills and chimneys may be used if equipped with fire screens to prevent the discharge of embers or ashes.

9.1.19 Lighting. No exterior lighting shall be directed outside the boundaries of a Lot.

9.1.20 Satellite Dishes. Satellite dish installation must be approved by the Heron Pond Owners' Association prior to installing in any unit. Dish installation is not allowed on any part of the roof or eave. Any improper or unauthorized installations will be the responsibility of the Owner. Heron Pond Owners' Association will not be responsible for any damage to roofs or water intrusion due to a dish installation. Heron Pond Owners' Association can authorize dish removal along with any repairs to the roof without notice. Owner will be responsible for any damages or charges incurred due to dish installation or operation.

9.2 Leasing. The following are applicable with respect to Leasing the Lots and Living Units.

9.2.1 Covenants and Restrictions. Except as noted in Section 9.2.4, every lease on every Lot or Living Unit in the Property is subject to the following covenants and restrictions whether in the lease or not;

9.2.1.1 the lease must be in writing;

9.2.1.2 the lease must be for the entire Living Unit;

9.2.1.3 the lease must be for a minimum period of not less than twelve (12) months. Renewals can be for any length;

9.2.1.4 the use of the premises is subject to the Declaration and the rules and regulations of the Association.

9.2.1.5 before occupancy by the tenant(s) (lease start date or move-in date), the name, telephone number(s) of the tenant(s), and email address(es) of the tenant(s), together with a clear and complete copy of the lease must be furnished to the Association's management company (if applicable) and to an officer or Trustee of the Association;

9.2.1.6 the unit cannot be used as a motel or hotel or otherwise for transient tenants.

9.2.2 Remedies for Breach. If any Owner (landlord) or Occupant is in violation of any of the provisions of the Declaration and any rules and regulations, the Association may bring an action in its own name and/or in the name of the Owner to have the tenant evicted and/or to recover damages. If the court finds that the tenant is or has violated any of the provisions of the Declaration or the rules and regulations, the court may find the tenant guilty of forcible detainer notwithstanding the facts that the Owner is not a party to the action and/or that the tenant is not otherwise in violation of tenant's lease or other rental agreements with Owner. For purposes of granting the forcible detainer against the tenant, the court may consider the Owner a person in whose name a contract (the lease or rental agreement) was made for the benefit of another (the Association). The remedy provided by this subsection is not exclusive and is in addition to any other remedy or remedies which the Association has. The Association may recover all of its costs, including court costs and reasonable attorney's fees, and such costs shall be an Individual Assessment on the Lot. The Association will give the tenant and the Owner notice in writing of the nature of the violation of the rules, and shall give 20 days from the mailing of the notice in which to cure the violation before the Association may file for eviction.

9.2.3 By becoming a tenant, each tenant agrees to be bound by the Declaration and the other rules and regulations of the Association, and recognizes and accepts the right and the power of the Association to evict the tenant for any violation by the tenant of the Declaration and the other rules and regulations of the Association.

9.3 Remedies for Breach of Covenants and Restrictions. The violation of any covenant or restriction, contained in the Declaration or violation of any rule or regulation duly adopted by the Board shall give the Board the authority to enforce the covenants, restrictions, rules and regulations in accordance with this Section.

9.3.1 Actions. In addition to the provisions of Subsection 9.2.2, the Board may take any of the following actions.

9.3.1.1 levy a fine against the Owner or Occupant which shall also be an Individual Assessment under Section 7.5.

9.3.1.2 to enter upon a Lot or portion thereof upon which or, as to which, such violation or breach exists and to summarily abate and remove at the expense of the Owner, any structure, thing or condition that may exist thereon contrary to the intent and meaning of the provision of this Declaration, and the Board, or its agents shall not be thereby deemed guilty in any matter of trespass or wrongful act.

9.3.1.3 to institute appropriate legal proceedings to enjoin, abate or remedy the continuance of any breach.

9.3.1.4 undertake such dispute resolution methods such as mediation and arbitration, except that this provision shall not be construed as any requirement to do so as a condition precedent to legal proceedings.

9.3.2 Notice and Opportunity to be Heard. Prior to any action, the Board shall give the Owner and/or Occupant reasonable notice of the violation and an opportunity to be heard. Such notice and opportunity shall not be required in emergency situations or for repeated or continuing violations.

ARTICLE X

Architectural Review

10.1 Applicability. All architectural review shall be performed by the Board, or a committee appointed by the Board, in accordance with the provisions of this Article. If the Board appoints a committee to perform the architectural review functions, there shall be not less than three (3) and not more than five (5) members, all of whom must be Owners'. The terms of office shall be as designated by the Board. Any Owner who wishes to make any Improvement to his or her Lot or Living Unit or its allocated Limited Common Elements is required to obtain the approval of the Board pursuant to this Article prior to making such Improvement. "Improvement" for purposes of this Article shall mean any alteration or addition which will affect the exterior of the Lot or Living Unit or its allocated Limited Common Elements including but not limited to: (i) casualty repair and restoration; (ii) landscaping; and (iii) placement of any structures, gutter, awnings, shutters, mailboxes, satellite dishes or antennas. Repainting in the existing color scheme and routine repairs which do not alter the external appearance shall not be included in the definition of an Improvement. Any Owner who makes an Improvement without the prior approval of the Board shall be deemed in violation of this Declaration; and the Board upon its own motion, shall proceed as though the Owner gave notice of completion as specified in Section 10.8.1. Nothing in this Article shall be deemed to relieve any Owner from obtaining all necessary consents and permits and otherwise complying with all applicable state and local laws and ordinances.

10.2 Duties. The Board shall consider and act upon proposals and/or plans submitted pursuant to this Article. The Board, from time to time and in its sole discretion, may propose architectural rules, regulations and guidelines ("Architectural Standards"). The Architectural Standards shall interpret and implement the provisions of this Declaration by setting forth the standards and procedures for architectural review and guidelines for architectural design, color schemes, exterior finishes and materials and similar features which may be used in the Property.

10.3 Application of Approval of Improvements. Any Owner, except the Declarant, who wants to make an Improvement shall notify the board in writing of the nature of the proposed work and shall furnish such information as may be required by the Architectural Standards or reasonably requested by the Board.

10.4 Basis for Approval of Improvements. The Board may approve the proposal only if the Board finds that (i) the plans and Specifications conform to this Declaration and to the approved Architectural Standards in effect at the time that the proposal was submitted; and (ii) the proposed Improvement will be consistent with the standards within the Property as to the quality of workmanship and materials, harmony of exterior design and visibility with respect to quality structures, environment, location with respect to topography, and finished grade elevations.

10.5 Form of Approvals and Denials. All approvals and denials shall be in writing. Any denial of a proposal must state the reasons for the decision to be valid. Any proposal which has not been rejected in writing sixty (60) days from the date of submission shall be deemed approved.

10.6 Proceeding with Work. Upon approval of the Board, the Owner shall diligently proceed with the commencement and completion of all work so approved. Work must be commenced within six (6) months from the date of the approval. If the Owner fails to comply with the provisions of this Section, the approval given shall be deemed revoked unless the Board extends the time for commencement. Any request for an extension shall be in writing. No extension shall be granted unless the Board finds that there has been no change in the circumstances under which the original approval was granted.

10.7 Failure to Complete Work. Completion of the work approved must occur in the three (3) month period following the approval of the work unless the Board determines that completion is impossible or would result in great hardship to the Owner due to strike, fires, national emergencies, natural calamities or other supervening forces beyond the control of the Owner or his agents. If the Owner fails to complete the work within the three (3) month period, the Board shall proceed in accordance with the provisions of section 10.8.2 below.

10.8 Determination of Compliance. Any work performed, whether or not the Owner obtained proper approvals, shall be inspected and a determination of compliance shall be made as follows:

10.8.1 Upon the completion of any work performed by an Owner for which approval was required, the Owner shall give written notice of completion to the Board. If the Owner fails to give the notice of completion of work performed, for which approval was required, the Board may proceed upon its own motion.

10.8.2 Within sixty (60) days after completion the Board shall inspect the work performed and determine whether it was performed in substantial compliance with the approval granted. If the Board finds that the work was not performed in substantial compliance with the approval granted or if the Board finds that the approval required was not obtained, the Board shall notify the Owner in writing of the non-compliance. The notice shall specify the particulars of noncompliance and shall require the Owner to remedy the non-compliance.

10.9 Failure to Remedy the Non-Compliance. If the Board has determined that an Owner has not constructed an Improvement consistent with the specifications or the approval granted and if the Owner fails to remedy such non-compliance in accordance with the provisions of the notice of non-compliance then after the expiration of thirty (30) days from the date of such notification, the Board shall provide a hearing to consider the Owner's continuing non-compliance. At the hearing, if the Board finds that there is no valid reason for the continuing non-compliance, the Board shall determine the estimated cost of correcting it. The Board shall then require the Owner to remedy or remove the same within a period of not more than forty-five (45) days from the date of the Board's determination. If the Owner does not comply with the Board's ruling within such period or within any extension of such period as the Board, in its discretion, may grant, the Board may either remove the non-complying improvement or remedy the non-compliance. The costs of such action shall be assessed against the Owner as an Individual Assessment.

10.10 Waiver. Approval of any plans, drawings or specifications for any work proposed or for any other matter requiring approval, shall not be deemed to constitute a waiver of any right to deny approval of any similar plan, drawing specification or matter subsequently submitted for approval.

10.11 Estoppel Certificate. Within thirty (30) days after written demand is delivered to the Board by any Owner, and upon payment to the Association of a reasonable fee (as fixed from time to time by the Association), the Board shall record an estoppel certificate, executed by any two (2) Trustees certifying that as of the date thereof, either: (a) the work completed complies with this Declaration or (b) the work completed does not comply. In the latter situation, the certificate shall also identify the particulars of the non-compliance. Any successor in interest of the Owner shall be entitled to rely on the certificate with respect to the matters set forth. The certificate shall be conclusive as between the Association, Declarant and all Owners' and such persons deriving any interest through any of them.

10.12 Liability. If the Trustees have acted in good faith on the basis of such information possessed by them, neither the Board nor any Trustee shall be liable to the Association or to any Owner for any damage, loss or prejudice suffered or claimed due to: (a) the approval or disapproval of any plans, drawings and specifications, whether or not defective; (b) the construction or performance of any work whether or not pursuant to approved plans, drawings, and specifications; or (c) the execution and filing of any estoppel certificate, whether or not the facts therein are correct.

10.13 Non-Applicability to Declarant. The provisions of this Article shall not apply to any Parcel or Lot owned by Declarant or prior to its first conveyance of a Lot to an Owner.

ARTICLE XI

Conveyance or Encumbrance of Common Elements

11.1 Conveyance or Encumbrance. Portions of the Common Elements may be conveyed or subjected to a security interest by the Association if Owners' entitled to cast 75% of the votes in the Association agree to that action. Proceeds of a sale are assets of the Association.

11.2 Access and Priority. A conveyance or encumbrance of the Common Elements shall not deprive any Lot or Living Unit of its rights of access nor affect the priority or validity of pre-existing encumbrances.

ARTICLE XII

Insurance

13.1 Liability Insurance. The Board shall obtain and maintain a Comprehensive policy of public liability insurance covering all of the Lots and Common Areas, insuring the Association, Trustees, and Owners' and members of their respective families, tenants and occupants in an amount of not less than One Million Dollars (\$1,000,000), per occurrence for personal injury and/or property damage. This insurance shall include protection against such risks as are customarily covered with respect to a development similar in construction, location and use as determined by the Board. The insurance shall contain a "severability of interest" endorsement, which shall preclude the insurer from denying the claim of a residential Owner, tenant or occupant because of negligent acts of the Association, the Board, or other Owners', tenants or occupants.

13.2 Property Insured. The Association shall maintain a Master Property Policy ("Master Policy") insuring the Common Elements (including the Limited Common Elements) and the Units of the Condominium, excluding land. The Master Policy shall cover (i) perils, as broadly as reasonably available, under coverage currently known as 'special form' or 'special causes of loss', (ii) insure the covered property, including personal property owned by the Association, for the full insurable replacement cost based on periodic appraisals, and (iii) cover the entire Unit, including all attached fixtures, systems and finishes in the Unit at the time of a loss, regardless of when installed, but shall not cover the Unit Owner's personal property in the Unit or elsewhere in the Condominium.

13.3 Other Insurance. In addition, the Association shall obtain and maintain contractual liability insurance, Trustees' and Officers' liability insurance and such other insurance as the Board may deem desirable from time to time.

13.4 Fidelity Bonds. The Association shall obtain fidelity bond coverage, naming the Association as an insured, with respect to any person or agent handling Association funds in an amount of not less than Five Thousand Dollars (\$5,000.00) as determined by the board.

ARTICLE XIII

Casualty Losses

14.1 Duty to Restore. Any portion of the Property for which insurance is required under Section 13.2 or for which insurance is carried by the Association is in effect, whichever is more extensive, that is damaged or destroyed shall be repaired and restored promptly by the Association unless:

14.1.1 The regime is terminated according to the procedures set forth in Article XIX, Section 19.3;

14.1.2 Repair or replacement would be illegal under a state statute or municipal ordinance governing health or safety; or

14.1.3 Eighty (80%) percent of the Owners', including each Owner of a Lot or Living Unit or assigned Limited Common Element that will not be rebuilt, vote not to rebuild.

14.2 Cost. The cost of repair and replacement in excess of insurance proceeds and reserves is a Common Expense.

14.3 Plans. The Property must be repaired and restored in accordance with either the original plans and specifications or other plans and specifications which have been approved by the Board and a majority of the Owners'.

14.4 Replacement of Less than Entire Property

14.4.1 The insurance proceeds attributable to the damaged Common Elements shall be used to restore the damaged area to a condition compatible with the remainder of the Property.

14.4.2 Except to the extent that other persons will be distributees,

14.4.2.1 The insurance proceeds attributable to a Lot, Living Unit and Limited Common Element that is not to be rebuilt must be distributed to the Owner thereof, or to lien holders, as their interests may appear; and

14.4.2.2 The remainder of the proceeds must be distributed to each Owner or lien holder, as their interests may appear, in proportion to Common Expense Liability Allocation of all the Lots.

14.4.3 If the Owners' vote not to rebuild a Living Unit the Allocated Interests for the remaining Lots shall be reallocated proportionally, and the Association shall promptly record an amendment to the Declaration reflecting the reallocations.

14.5 Insurance Proceeds. The insurance trustee, or if none, the Board, shall hold any insurance proceeds in trust for the Association, Owners' and lien holders as their interest may appear. Subject to the provisions of Subsection 14.1.1 through 14.1.3, the proceeds shall be disbursed first for the repair or restoration of the damaged Property, and the Association, Owners' and lien holders are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the Property has been completely repaired or restored, or the regime is terminated.

14.6 Certificates by the Board. The insurance trustee, if any, may rely on the following certifications in writing made by the Board:

14.6.1 Whether or not damaged or destroyed Property is to be repaired or restored;

14.6.2 The amount or amounts to be paid for repairs or restoration and the names and addresses of the parties to whom such amounts are to be paid.

14.7 Certificates by Attorneys. Title insurance companies or if payments are to be made to Owners' or Mortgagees, the Board and the insurance trustee, if any, shall obtain and may rely upon a title insurance company or attorney's certificate of title based on a search of the Records of the Recorder of Butler County, Ohio, from the date of the recording of the original Declaration, stating the names of the Owners' and the mortgagees.

ARTICLE XIV

Condemnation

15.1 Whenever any portion of the Property shall be taken or threatened to be taken by any authority having the power of condemnation or eminent domain, the Association shall represent the Owners' in the condemnation proceedings or in negotiations, settlements and agreements with the condemning authority. Each Owner appoints the Association, or any Trustee designated by the Association as its attorney-in-fact coupled with an interest for such purpose. Each Owner shall be given notice of the taking. If there is any damage to the Property from the taking, then the Association shall proceed in the manner set forth in Section 14.1 for Casualty Losses and the award for the taking shall be distributed in the same manner as insurance proceeds under Section 14.4 and 14.5. In the event that Living Units are taken and not rebuilt then the Allocated Interests for the remaining Lots shall be reallocated proportionally, and the Association shall promptly record an amendment to the Declaration reflecting the reallocations.

ARTICLE XV

Mortgagee Protection Provisions

16.1 Notice to Board. Upon request, an Owner who mortgages his or her Lot shall notify the Board of the name and address of the Mortgagee. No Mortgagee shall be entitled to any Mortgagee rights under this Declaration unless such Mortgagee has notified the Board of its address as required by Section 16.2 below and has requested all rights under the Declaration.

16.2 Notices to Mortgagees. Any Mortgagee who desires notice from the Association shall notify the Secretary of the Association to that effect by certified or registered United States Mail, postage prepaid. Any such notice shall contain the name and address, including post office address of such Mortgagee and the name of the person to whom notices from the Association should be directed. The Board shall notify Mortgagees of the following:

16.2.1 Any default of an Owner of a Lot, upon which the Mortgagee has a mortgage, in payment of Assessments (which remains uncured for sixty days) or any other default, simultaneously with the notice sent to the defaulting Owner;

16.2.2 Any casualty affecting the Lot, the Living Unit or a substantial part of the Common Elements;

16.2.3 All actions taken by the Association with respect to repair or restoration of a Lot upon which the Mortgagee has a mortgage;

16.2.4 Any lapse in an insurance policy held by the Association on the Property;

16.2.5 Any proposal to terminate the Declaration, at least sixty days before any action is taken to terminate;

16.2.6 Any proposal to amend materially the Articles of Incorporation, this Declaration or the Code of Regulations, at least ten days before any action is taken.

16.3 Other Rights of Mortgagees. All Mortgagees or their representatives shall have the right to receive notice of and to attend and to speak at meetings of the Association.

ARTICLE XVI

Development Rights

17.1 Submission of Additional Land. The Declarant reserves the right to submit all or any part of the Additional Land to the terms of this Declaration at any time during the Development Period. The submission shall be accomplished by the filing of a Supplemental Declaration Identifying the Additional Land, the Lots, the Common Elements and Limited Common Elements. No Additional Land may be submitted unless the Living Units thereon are substantially completed. The Supplemental Declaration must be executed by the Declarant.

17.2 Notice to the Board. The Declarant shall promptly notify the Board of the filing of any Supplemental Declaration submitting any Additional Land.

17.3 Easements Reserved. The Declarant reserves for itself, its successors and assigns, the following easements:

17.3.1 Easements for ingress, egress, drainage and all utilities as shown on the Record Plan.

17.3.2 Easements for ingress, egress, drainage and all utilities over the Common Elements provided that such easements do not unreasonably interfere with any Owner's right of enjoyment.

17.3.3 An easement over the Common Elements as may be reasonably necessary for the purpose of discharging its obligations or exercising any rights under the Declaration.

17.3.4 An easement for ingress, egress, drainage and all utilities over the Common Elements and in favor of the Additional Property and the right to convey those easements to others in the event that the Additional Property is not submitted to this Declaration.

17.4 Assignment of Development Rights. The Declarant reserves the right to assign any or all of its Development Rights to any Subdeveloper or another entity for the purpose of further development and improvement of the Property. No assignment shall be effective unless in a writing filed with the Recorder of Butler County, Ohio.

17.5 Transfer of Development Rights by Foreclosure. Unless otherwise provided in any mortgage securing the Property held by Declarant, in the case of foreclosure of such mortgage, deed in lieu of foreclosure, judicial sale, tax sale, sale under the U.S. Bankruptcy Code or receivership proceedings, of any portion of the Property held by the Declarant subject to the Development Rights herein reserved (including the Special Declarant Rights), a person acquiring title to such property, but only upon his request, succeeds to all such Development Rights. The judgment or instrument conveying title must provide for the transfer of such rights. Upon foreclosure sale, deed in lieu of foreclosure, judicial sale, tax sale, sale under the U.S. Bankruptcy Code or receivership proceedings, the Declarant ceases to have any of the rights herein reserved. A successor to the Development Rights held by a transferee who acquired such rights pursuant to this Section, may declare by a recorded instrument the intention to hold such rights solely for transfer to another person. Thereafter, until transferring such Development Rights to any person acquiring title to the Property subject to the Development Rights, or until recording an instrument permitting exercise of such rights, that successor may not exercise any of those rights, and any attempted exercise is void. So long as a successor Declarant may not exercise any Development Rights under this section, such Declarant is not subject to any liability as a Declarant.

ARTICLE XVII

Special Declarant Rights

18.1 Use for Sale Purposes. Declarant reserves for itself, its successors and assigns, the right to maintain sales offices and models on the Lots, Living Units or on the Common Elements.

18.2 Signs and Marketing. The Declarant reserves the right for itself to post signs and displays in the Common Elements to promote sales of Lots, and to conduct general sales activities, in a manner as will not unreasonably disturb the rights of Owners.

18.3 Control of the Association.

18.3.1 Appointment of Trustees and Officers. The Declarant reserves the right to appoint and remove the members of the Board and the Officers of the Association for a period which shall terminate no later than the earlier of:

18.3.1.1 30 days after the conveyance of 75% of the Lots that may be created to Owners other than the Declarant;

18.3.1.2 two (2) years after Declarant or any Successor Declarant have ceased to offer Lots for sale in the ordinary course of business; or

18.3.1.3 two (2) years after the right to submit Additional Land was last exercised.

18.3.2 Early Termination of Control. The Declarant may voluntarily surrender the right to appoint and remove trustees and officers before the termination of the period set forth above. In that event, the Declarant may require, for the duration of that period, that specified actions of the Association or the Board, be approved by Declarant before they become effective. Such voluntary termination shall be evidenced by a recorded instrument executed by the Declarant setting forth the termination of its right to appoint and the actions which require Declarant's approval.

18.3.3 Transition from Declarant Control. Not later than sixty (60) days after conveyance of Twenty-five (25%) percent of the Lots to Owners other than Declarant, at least one (1) member of the Board shall be an Owner other than Declarant. Not later than Sixty (60) days after conveyance of Fifty (50%) percent of the Lots to Owners other than Declarant, at least two (2) members of the Board shall be Owners other than Declarant. Upon termination of Declarant control as set forth in Section 1.11 all members of the Board shall be Owners other than Declarant.

18.4 Declarant's Personal Property. The Declarant reserves the right to retain all personal property and equipment used in sales, management, construction and maintenance of the premises that has not been represented as property of the Association. The Declarant reserves the right to remove, within One (1) year after the sale of the last Unit, from the Property any and all goods and improvements used in development, marketing and construction, whether or not they have become fixtures.

18.5 Right to Amend Documents. Notwithstanding anything above to the contrary, this Declaration may be amended at any time without the vote of Owners by a written instrument executed by the Declarant for the purpose of eliminating or correcting any typographical or other inadvertent error herein; eliminating or resolving any ambiguity herein; making nominal changes; clarifying Declarant's original intent; making any change necessary or desirable to meet the requirement of any institutional lender, the Veteran's Administration, the Federal Housing Administration, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, or any other agency which may insure or purchase loans on a Lot. No such amendment, however, shall materially affect any Owner's interest in the Association or the Common Elements. Each Owner and his or her mortgagees, by acceptance of a deed to a Lot or a mortgage encumbering such Lot, shall be deemed to have consented to and approved the provisions of this paragraph and the amendment of this Declaration by Declarant as provided in the immediately preceding sentence. All such Owners and their mortgagees, upon request of Declarant, shall execute and deliver from time to time all such instruments and perform all such acts

as may be deemed by Declarant to be necessary or proper to effectuate the provisions of this paragraph.

ARTICLE XVIII

Duration, Amendment and Termination

18.1 Duration. This Declaration, and its provisions, shall be covenants running with the land and shall bind the property and shall (regardless of whether any such beneficiary owns an interest in any Lot) inure to the benefit of and be enforceable by Declarant, the Association, and each Owner, Occupant, resident and tenant and their legal representatives, heirs, devisees, successors and assigns and shall continue in full force and effect for twenty (20) years from the date on which this Declaration is recorded. Thereafter this Declaration shall be automatically renewed for successive ten-year periods unless amended or terminated as provided in this Article.

18.2 Amendment. Any provision of this Declaration may be amended in whole or in part by a recorded instrument approved by the Owners' of at least seventy-five (75%) percent of all Lots. All Amendments shall be executed by the Declarant, if required, and shall be executed by the President and Secretary of the Association. Such Amendment shall certify that the proper notices were sent and that the requisite vote was obtained. Voting may be done remotely via email or in some other electronic form. Amendments need not be signed by the Owners'.

18.3 Termination. This Declaration and the regime created thereby may be terminated only in accordance with this Section.

18.3.1 Consent Required. This Declaration may be terminated only upon consent of Eighty (80%) Percent of the Owners' and Sixty-seven (67%) percent of the mortgagees who have requested notice pursuant to Section 16.2. Mortgagee consent shall be presumed when a mortgagee fails to submit a response to a proposal for termination within Thirty (30) days after it received proper notice delivered by certified mail, return receipt requested.

18.3.2 Agreement to Terminate. No termination shall be effective unless an agreement to terminate is filed for record with the Butler County Recorder. This agreement shall be executed in the same manner as a deed by the requisite number of Owners'. The agreement shall provide for disposition of the Common elements, disposition of Association funds and other resolutions and provisions necessary to terminate the regime and wind up the affairs of the Association.

ARTICLE XIX

Miscellaneous

19.1 No Reverter. No covenant, condition, restriction or reservation of easement contained in this Declaration is intended to create or shall be construed as creating, a condition subsequent or a possibility of reverter.

19.2 Notices. Except as otherwise provided herein, any notice required or permitted to be given to an Owner or resident by the Board pursuant to the provisions of this Declaration shall be deemed given when mailed by United States mail, postage prepaid, addressed to such person's last address as it appears on the records of the Association or when sent via electronic mail to such person's last known email address.

19.3 Construction. The Board shall have the right to construe the provisions of this Declaration, and, in the absence of an adjudication by a court of competent jurisdiction to the contrary, such construction shall be final and binding as to all persons and entities benefited or bound by the provisions of this Declaration.

19.4 Invalidity. The determination by a court of competent jurisdiction that any provision of this Declaration is invalid for any reason shall not affect the validity of any other provision hereof.

19.5 Headings. The headings of the Articles and Sections are for convenience only and shall not affect the meaning or construction of the contents of this Declaration.

19.6 Gender. Throughout this Declaration, the masculine gender shall be deemed to include the feminine and neuter, and the singular, the plural and vice versa.

19.7 Conflict. In the event of a conflict between the restrictions contained herein or any one or more of them and the restrictions of any Declaration which may be recorded subsequent to this Declaration, the more restrictive restriction covenant, easement or other obligation shall control.

EXHIBIT A

EXHIBIT B

DRAFT

EXHIBIT C

HERON POND OWNERS' ASSOCIATION

CODE OF REGULATIONS

ARTICLE I

Miscellaneous

Section 1. Name and Nature of the Association. The name of the Association shall be Heron Pond Owners' Association and shall be an Ohio nonprofit corporation.

Section 2. Membership. Each owner upon acquisition of title to a Lot shall automatically become a member of the Association. Such Membership shall terminate upon the sale or other disposition by such Member of his or her Lot Owners'hip, at which time the new Owner of such Lot shall automatically become a Member of the Association.

Section 3. Definitions. The terms used in this Code of Regulations shall have the same meaning as set forth in the Declaration, unless the context shall prohibit.

ARTICLE II

Meetings of Members

Section 1. Place of Meetings. Meetings of the Association shall be held at the principal office of the Association or at such other suitable place convenient to the Members as may be designated by the Board of Trustees either in Oxford, Ohio or as convenient thereto as possible and practical. Meetings may, at the discretion of the Board of Trustees, be held virtually via video conference.

Section 2. Annual Meetings. The first meeting of the Members, whether a regular or special meeting, shall be held within one (1) year from the date of the incorporation of the Association. The next annual meeting shall be set by the Board so as to occur no later than thirty (30) days before the close of the Association's fiscal year. Subsequent annual meetings of the Members shall be held within (30) days of the same day of the same month of each year thereafter at an hour set by the Board. The annual meeting of the Members shall be held at a date and time as set by the Board.

Section 3. Special Meetings. The President may call special meetings. In addition, it shall be the duty of the President to call special meetings of the Association if so directed by resolution of a majority of a quorum of the Board of Trustees or by a written petition signed by at least twenty-five (25%) percent of the total votes of the Association. The notice of special meetings shall state the date, time and place of such meeting and the purpose thereof. No business shall be transacted at special meeting except as stated in the notice.

Section 4. **Notice of Meetings.** It shall be the duty of the Secretary to mail by regular US Post, email, or cause to be delivered to the Owner of record of each Lot a notice of each annual or special meetings of the Association stating the purpose of the special meetings, as well as the time and place where it is to be held. If an Owner wishes notice to be given at an address other than his or her Lot, he or she shall designate such address by written notice to the Secretary. The mailing, emailing, or delivering of a notice of a meeting in the manner provided in this Section shall be considered service of notice. Notices shall be served not less than ten (10) nor more than sixty (60) days before a meeting.

Section 5. **Waiver of Notice.** Waiver of notice of a meeting of the Members shall be deemed the equivalent of proper notice. Any Member may, in writing, waive notice of any meeting of the Members, either before or after the holding of such meeting. Attendance of any Member at any meeting without protesting, prior to or at the commencement of the meeting, the lack of proper notice shall be deemed to be a waiver by him or her of such notice.

Section 6. **Voting Rights.** Each Lot shall have one vote. If only one of several Owners' for a Lot is present at a meeting of the Association, that Owner is entitled to cast the vote allocated to that Lot. If more than one of the Owners' is present, the vote allocated to that Lot may be cast only in accordance with the agreement of a majority in interest of the Owners'. There is majority agreement if any one of the Owners' casts a vote allocated to that Lot without protest being made promptly to the person presiding over the meeting by any of the other Owners' of the Lot. The Association may adopt rules regarding deadlocks. No votes allocated to a Lot owned by the Association may be cast.

Unless expressly reserved and the Association is notified of such reservation, a land contract vendee as defined in Chapter 5313 of the Revised Code, shall be deemed the proxy of a land contract vendor for purposes of this section.

Section 7. **Proxies.** A vote allocated to a Lot may be cast pursuant to a proxy duly executed by an Owner. If a Lot is owned by more than one person, each Owner of the Lot may vote or register protest to the casting of votes by the Owners' of a Lot through a duly executed proxy. An Owner may revoke a proxy given pursuant to this section only by actual notice of revocation to the person presiding over a meeting of the Association. A proxy is void if it is not dated or purports to be revocable without notice. Except as hereinafter provided, a proxy shall terminate one year after its date, unless it specifies a shorter time. If a first mortgagee has been designated a proxy under the terms of a first mortgage covering the Lot, its presentation to the Board of a copy of the mortgage shall be notice of the proxy designation, and if the mortgage so states, of the irrevocability of that designation. Written notice to the Board or notice in a meeting of a revocation of a proxy designation shall not affect any vote or act previously taken. Each proxy shall automatically cease upon conveyance of the Lot.

Section 8. **Majority of Owners'.** As used in this Code of Regulations, the term majority shall mean those votes, Owners', Members or other group as the context may indicate totaling more than fifty (50%) percent of the total number.

Section 9. **Quorum.** Except as otherwise provided in this Code of Regulations or in the Declaration, the presence in person or by proxy of one-third (1/3) of the Members shall constitute a quorum at all

meetings of the Association. Any provision in the Declaration concerning quorums is specifically incorporated herein.

Section 10. Conduct of Meetings. The President shall preside over all meetings of the Association, and the Secretary shall keep the minutes of the meeting and record in the minute book all resolutions adopted, as well as a record of all transactions occurring thereat. The minute book may be kept as an electronic document.

Section 11. Action Without a Meeting. Any action which may be authorized or taken at a meeting of the members, except the election of Board members, may be authorized or taken without a meeting with the affirmative vote or approval, and in writing or writings signed by not less than a majority of the Members. Any such writing shall be entered into the minute book of the Association. Signatures may be holographic, or obtained electronically via email or some other electronic medium.

ARTICLE III

Board of Trustees

Section 1. Governing Body. Except as otherwise provided by law, the Articles of Incorporation, the Declaration or this Code of Regulations, all of the authority of the Association shall be exercised by or under the direction of the Board of Trustees.

Section 2. Number and Qualifications of Trustees. The Board of Trustees in the Association shall consist of five (5) members. No person and his or her spouse may serve on the Board at the same time.

Section 3. Nomination of Trustees. Except for Trustees selected by the Declarant, nominations for elections of the Board of Trustees shall be made by a Nominating Committee. The Nominating Committee shall consist of a Chairman, who shall be a member of the Board, and two (2) or more Members of the Association. The Nominating Committee shall be appointed by the Board at each annual meeting of the Members to serve from the close of such annual meeting until the close of the next annual meeting. The Nominating Committee shall make as many nominations for election to the Board as it shall in its discretion determines but in no event less than the number of vacancies or terms to be filled. Nominations shall be permitted from the floor. All candidates shall have a reasonable opportunity to communicate their qualifications to the Members and to solicit votes.

Section 4. Election of Trustees. The Trustees shall be elected at each annual meeting of the Members of the Association or at a special meeting called for the purpose of electing Trustees. At a meeting of Members of the Association at which Trustees are to be elected, only persons nominated as candidates shall be eligible for election as Trustees and the candidates receiving the greatest number of votes shall be elected. The Board may adopt rules regarding nominations and procedure for elections. Election to the Board shall be by written ballot and at such elections, the Members or their proxies may cast, in respect to each vacancy, such voting power as they are entitled to exercise under the provisions of the Declaration. The Board of Trustees may allow for Ballots to be submitted electronically.

Section 5. Term of Office; Resignations. Except for those Trustees appointed by the Declarant, each Trustee shall hold office for a term of two (2) years and until his or her successor is elected, or until his or her early resignation, removal from office, no longer an owner or death. It is intended by this Code of Regulations that the terms of the Trustees shall be staggered. The initial terms of the Trustees elected by the Owners' shall be adjusted to carry out this intent.

Any Trustee may resign at any time by oral statement to that effect made at a meeting of the Board of Trustees or in writing to that effect delivered to the Secretary of the Association. Such resignation shall take effect immediately or at such other time as the Trustee may specify. In the event of death or resignation of a Trustee, his or her successor shall be selected by a majority of the remaining members of the Board and shall serve for the unexpired term of the predecessor.

Section 6. Compensation. Members of the Board of Trustees shall serve without compensation, except that they may be reimbursed for actual expenses incurred on behalf of the Association.

Section 7. Removal of Trustees. Except for those appointed by the Declarant, at any regular or special meeting of the Association duly called, any one or more of the members of the Board of Trustees may be removed, with or without cause, by a majority vote of the Owners', and a successor may then and there be elected to fill the vacancy thus created. A Trustee whose removal has been proposed shall be given at least ten (10) days notice of the calling of the meeting and the purposes thereof and shall be given an opportunity to be heard at the meeting. Additionally, any Trustee who has three (3) unexcused absences from Board meetings or who is delinquent in payment of an Assessment for more than twenty (20) days may be removed by a majority vote of the Trustees at meeting, a quorum being present.

Section 8. Organization of Meetings. The first meeting of the members of the Board of Trustees following each annual meeting of the Members shall be held within ten (10) days thereafter at such time and place as shall be fixed by the Board.

Section 9. Regular Meetings. Regular meetings of the Board of Trustees may be held at such time and place as shall be determined from time to time by a majority of the Trustees, but at least four (4) such meetings shall be held during each fiscal year with at least one (1) per quarter.

Section 10. Special Meetings. Special meetings of the Board of Trustees shall be held when called by written notice signed by the President or Secretary of the Association, or by any two (2) Trustees. The notice shall specify the time and place of the meeting and the nature of any special business to be considered.

Section 11. Virtual Meetings. All meetings may, at the discretion of the Board of Trustees, be held virtually via video conference.

Section 12. Notice of Meetings; Waiver. Notice of the time and place of each meeting of the Trustees, whether regular or special, shall be given to each Trustee by one of the following methods: (a) personal delivery; (b) written notice by first class mail, postage prepaid; (c) by telephone communication, either directly to the Trustee or to a person at the Trustee's home or place of business who would reasonably be expected to communicate such notice promptly to the Trustee; (d) by

telegram or cablegram, charges prepaid; or (e) by email to the Trustee's primary email address on file. All such notices shall be given or sent to the Trustee's address or telephone number as shown on the records of the Association. Notice sent by first class mail shall be deposited into a United States mailbox, at least four (4) days before the time set for the meeting. Notices by personal delivery, telephone, telegraph, email, or cablegram company shall be given at least seventy-two (72) hours before the time set for the meeting. Notices may also be posted at a prominent place within the Property not less than seventy-two (72) hours prior to the scheduled time of the meeting.

Waiver of notice of meetings of the Trustees shall be deemed the equivalent of proper notice. Any Trustee may, in writing, waive notice of any meeting of the Board, either before or after the holding of such meeting. Such writing shall be entered into the minutes of the meeting. Attendance of any Trustee at any meeting without protesting, prior to or at the commencement of the meeting of the lack of proper notice shall be deemed to be a waiver by him or her of notice of such meeting.

Section 13. Quorum of the Board of Trustees. At all meetings of the Board of Trustees, a majority of the Trustees shall constitute a quorum for the transaction of business, and the votes of a majority of the Trustees present at a meeting at which a quorum is present shall constitute the decision of the Board. A meeting at which a quorum is initially present may continue to transact business, notwithstanding the withdrawal of one or more Trustees, if any action taken is approved by at least a majority of the required quorum for that meeting.

Section 14. Conduct of Meetings. The President shall preside over all meetings of the Board of Trustees, and the Secretary shall keep the minutes of the meeting and record in the minute book all resolutions adopted, as well as a record of all transaction occurring thereat.

Section 15. Open Meetings. All meetings of the Board of Trustees shall be open to all Members of the Association, but Members other than the Trustees may not participate in any discussion or deliberation unless expressly so authorized by a majority of a quorum of the Board. Residents (tenants or renters) may attend meetings as determined by the Board.

Section 16. Executive Session. The Board may, with approval of a majority of a quorum, adjourn a meeting and reconvene in executive session to discuss and vote upon personnel matters, litigation in which the Association is or may become involved, or orders of business of a similar nature. The nature of any and all business to be considered in executive session shall first be announced in open session.

Section 17. Action without a Meeting. Any action which may be authorized or taken at a meeting of the Board of Trustees may be authorized or taken without a meeting with the affirmative vote or approval, and in writing or writing signed by all Trustees. Any such writing shall be entered into the minute book of the Association which shall be accessible to all Owners'.

ARTICLE IV

Officers

Section 1. Officers. The officers of the Association shall be a President, Vice President, Secretary, and Treasurer. The Board of Trustees may elect such other officers, including one or more Assistant Secretaries and one or more Assistant Treasurers, as it shall deem desirable, such officers to have the authority to perform the duties prescribed from time to time by the Board. Any two or more offices may be held by the same person, excepting the offices of President and Secretary. The President and Treasurer shall be elected from among members of the Board of Trustees.

Section 2. Election; Term of Office; Vacancies. The officers of the Association shall be elected annually by the Board of Trustees at the first meeting of the Board following each annual meeting of the Members, as herein set forth in Article III. A vacancy in any office arising because of death, resignation, removal or otherwise may be filled by the Board for the unexpired portion of the term.

Section 3. Removal of Trustees. Any officer may be removed by the Board of Trustees whenever in its judgement the best interests of the Association would be served thereby.

Section 4. Powers and Duties. The officers of the Association shall each have such powers and duties as generally pertain to their respective offices, as well as such powers and duties as may from time to time be specifically conferred or imposed by the Board. The President shall be the chief executive officer of the Association. The Treasurer shall have the primary responsibility for the preparation of the budget and may delegate all or part of the preparation and notification duties to an accountant, management agent or both.

Section 5. Resignation. Any officer may resign at any time by giving written notice to the Board of Trustees the President, or the Secretary. Such resignations shall take effect on the date of the receipt of such notice or at any later time specified therein, and unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

ARTICLE V

Committees

Section 1. General. Except as hereinafter provided in Section 2, committees to perform such tasks and to serve for such periods as may be designated by a resolution adopted by a majority of the Trustees present at a meeting at which a quorum is present are hereby authorized. Such committees shall perform such duties and have such powers as may be provided in the resolution. Each committee shall operate in accordance with the terms of the resolution of the Board designating such committee or in accordance with rules adopted by the Board and to the full extent permitted by law.

Section 2. Executive Committee. The Board of Trustees may, by resolution adopted or signed by all of the Trustees, appoint an Executive Committee to consist of three (3) Trustees. The Board may delegate any or all of its duties to such committee. Any resolution or writing appointing such committee must acknowledge the responsibility of all the Trustees for the operation and administration of the Association.

ARTICLE VI

Determination and Payment of Assessments

Section 1. Adoption of Budget. It shall be the duty of the Board to prepare and adopt a budget covering the estimated Common Expenses of the Association for the coming fiscal year. The budget shall also include a capital contribution or reserve in accordance with a capital budget separately prepared. After adoption of the budget, the Board shall cause the summary of the budget and the Assessments to be levied against each Lot for the following year to be delivered to each Owner. Such summary shall be delivered at least thirty (30) days prior to the start of the fiscal year. The budget and Assessments shall take effect on the first day of the fiscal year.

Section 2. Capital Budget and Contribution. The Board shall annually prepare a capital budget which shall take into account the number and nature of replaceable assets, the expected life of each asset and the expected repair or replacement cost. The Board shall set the required capital contribution, if any, in an amount sufficient to permit meeting the projected capital needs of the Association, as shown on the capital budget, with respect to both amount and timing by annual assessments over the period of the budget. The capital contribution required shall be fixed by the Board and included within the budget and assessment, as provided in Section I of this Article. A copy of the capital budget shall be distributed to each Owner in the same manner as the operating budget.

Section 3. Failure to Adopt Budget. The failure or delay of the Board to adopt a budget as provided herein shall not constitute a waiver or release of the obligation of an Owner to pay the Assessments. In such event, the Assessments based upon the budget last adopted shall continue until such time as the Board adopts a new budget.

Section 4. Computation of Assessments. The Assessments for Common Expenses for each Lot shall be determined in accordance with the operating budget and the capital contribution budget as they apply to the various Lots. Unless otherwise determined by the Board, all Assessments shall be charged on an annual basis.

Section 5. Payment, Delinquency and Acceleration. Unless otherwise determined by the Board, all Assessments shall be payable monthly. Any installment of an Assessment shall become delinquent if not paid on the due date as established by the Board. With respect to each installment of an Assessment not paid within five (5) days after its due date, the Board may, at its election, require the Owner to pay a reasonable late charge, together with interest at the rate provided in Section 1343.03 of the Ohio Revised Code calculated from the date of delinquency to and including the date full payment is received by the Association. If any installment of an Assessment is not paid within thirty (30) days after its due date, the Board may, at its election, declare all of the unpaid balance of the Assessment for the then current fiscal year, attributable to that Lot, to be immediately due and payable without further demand and may enforce collection of the full Assessment and all charges thereon in any manner authorized by law, the Declaration and these Code of Regulations.

Section 6. Remedies for Default. If an Owner is in default of payment of an Assessment, the Board may authorize collection through any lawful means, including foreclosure of the lien. Interest and all costs of such collection, including but not limited to court costs, lien fees, and reasonable attorney fees

shall be included in the amount due from the Owner and may be collected. The Board may authorize the Association to bid in its interest at any foreclosure sale and to acquire, hold, lease, mortgage and convey any Lot.

ARTICLE VII

Miscellaneous

Section 1. Fiscal Year. The Association may adopt any fiscal year as determined by the Board.

Section 2. Parliamentary Rules. Except as may be modified by Board resolution establishing modified procedures, Robert's Rules of Order (current edition) shall govern the conduct of Association proceedings when not in conflict with Ohio law, the Articles of Incorporation, the Declaration, or the Code of Regulations.

Section 3. Conflicts. If there are conflicts or inconsistencies between the provisions of Ohio law, the Articles of Incorporation, the Declaration, and this Code of Regulations, the provisions of Ohio law, the Declaration, the Articles of Incorporation, and this Code of Regulations (in that order) shall prevail.

Section 4. Books and Records.

- a. Inspection by Members. The membership book, account books and minutes of the Association, the Board and any committee shall be made available for inspection and copying by any Member or by his or her duly appointed representative at any reasonable time and for a purpose reasonably related to his or her interest as a Member at the office of the Association or at such other place within Butler County, Ohio, as the Board shall prescribe.
- b. Rules for Inspection. The Board may establish reasonable rules with respect to:
 - i. notice to be given to the custodian of the records by the Members desiring to make the inspection
 - ii. hours and days of the week when such inspection may be made; and
 - iii. payment of the cost of reproducing copies requested by a Member.
- c. Inspection by Trustees. Every Trustee shall have the absolute right at any reasonable time to inspect all books, records, and documents of the Association and the physical properties owned or controlled by the Association. The right of inspection by a Trustee includes the right to make extracts and copies of documents at the expense of the Association.

Section 5. Notices. Unless otherwise provided in this Code of Regulations, all notices, demands, bills, statements, or other communications under this Code of Regulations shall be in writing and shall be deemed to have been duly given if delivered personally or if sent by first class mail, postage prepaid:

- a. if to a Member, at the address which the Member has designated in writing and filed with the Secretary or, if no such address has been designated, at the address of the residence of such Owner; or
- b. if to the Association, the Board of Trustees, or the Managing Agent, if any, at the principal office of the Association or the Managing Agent, or at such other address as shall be designated by the Board with written notice to the Owners'.

Section 6. Amendment. Except as otherwise provided by law or the Declaration, this Code of Regulations may be amended by a majority of the Owners'.

Section 7. Financial Review. A review of the accounts of the Association shall be made annually in the manner as the Board of Trustees may decide, provided, however, after having received the Board's report at the annual meeting, the Owners', by majority vote, may require the accounts of the Association to be audited as a Common Expense by a public accountant.

STAFF REPORT

ORIGINATING DEPARTMENT:	Community Development
PREPARED BY:	Zachary Moore
DATE PREPARED:	July 26, 2021
COUNCIL MEETING DATE:	August 3, 2021
AGENDA TITLE:	PC-2021-19, FINAL PLANNED DEVELOPMENT, South Forest Edge Section One , formerly referred to as Lake Forest Phase 1, 36 single-family condominium dwelling units, 4Leaf Development LLC , Applicant
CITY MANAGER/DEPT HEAD APPROVAL:	<i>DRE 7-29-21</i>

Proposal Summary:

Property owner 4 Leaf Development LLC is requesting approval of a Final Planned Development application for the South Forest Edge Section One residential development project, previously referred to as "Lake Forest Phase 1" during the Preliminary review stage. The Final stage offers a more detailed perspective on the development, serving as a final check for Planning Commission and Council to ensure that the plan substantially conforms to the vision and layout previously approved and that all relevant conditions pertinent to the original approval have been satisfied. Like the Preliminary Plan, the Final Plan provides buildable areas for a total of 36 single-family homes, split between two phases and connected by a pedestrian bridge.

Background:

A Preliminary Planned Development application for Lake Forest Phase 1 was approved by City Council on March 2, 2021 by Ordinance No. 3613, subject to 12 conditions. The Planning Commission staff report included analysis and/or updates on each of these conditions, taking into account the more finalized plans submitted by the applicant as part of the Final Planned Development application. Originally, the applicant had proposed Lake Forest Phase 1 (now South Forest Edge Section 1) as a single-site condominium style of development, with no actual subdivision of land taking place. Following a meeting between staff and the applicant on July 9, it was determined subdivision of lots is actually intended, thus a Final Subdivision application will need to be submitted and processed at a later date that actually shows the new lot lines to

The City of Oxford
(513) 524-5200
15 S. College Ave.
Oxford, OH 45056

be created. In other words, the units contained within the development will be “landominiums” instead of condominiums, whereby each resident will own both their own structure and the land on which it sits. Lot coverage compliance will need to be verified at the time of Final Subdivision application submittal.

Planning Commission Recommendation:

On July 13, the Oxford Planning Commission held an in-person public hearing and reviewed the case and the decision standards. Discussion and questions mostly revolved around the following subjects: (1) the recommended condition regarding building architecture, most specifically the prohibition of vinyl siding; (2) whether the proposed courtyard and benches in the central green satisfactorily fulfilled the Code requirement for an active amenity; (3) whether the developer would entertain a Neighborhood Conservation Overlay to ensure the resulting development would be non-student; and (4) verification of lot coverage compliance.

Mr. Scott Webb, who had been the applicant for the Preliminary application, provided comments to the Commission. Mr. Webb felt the Neighborhood Conservation Overlay was not the appropriate vehicle for maintaining the development as non-student housing, stating his view that the Overlay is meant to be pursued by the future residents, not by the developer. Provisions are included in the submitted HOA Declaration which would limit the number of rentals allowed.

Upon closure of the public hearing and following further discussion, the Commission voted 6-0-0 (with 1 member absent) to recommend approval of the application subject to the following 11 conditions:

1. Final PD Plan approval shall be valid for 5 years, with an opportunity for the Planning Commission to grant an additional 1 year extension per the Zoning Code.
2. Units accessed by Ashford Oak Drive and Aspen Path shall constitute Phase 1 and units accessed by Lilac Lane shall constitute Phase 2. Construction activity may occur in either Phase at any time and may be simultaneous; however, all above-ground infrastructure directly associated with each Phase, including streets, parking, lighting, and sidewalks shall be in place prior to approval of each Phase's first Building Permit. Exceptions are made for: (1) sidewalks and lighting along private streets, which may be built incrementally with the construction of each dwelling unit; and (2) infrastructure features contained within the central green area of Phase 1 which shall be completed no later than Building Permit approval of eighteen (18) of the twenty four (24) dwelling units planned within that Phase.

The City of Oxford
(513) 524-5200
15 S. College Ave.
Oxford, OH 45056

3. No more than twenty four (24) units shall receive Building Permit approval prior to construction of the pedestrian bridge linking Phases 1 and 2.
4. All landscaping shall be in place at an appropriate time per the timing of construction activity as determined by the Zoning Administrator.
5. All sidewalks shall have a minimum width of five (5) feet.
6. The cluster mailbox unit (CBU) serving Phase 2 (Lilac Lane) shall be relocated to the cul-de-sac, in proximity to where the pedestrian bridge walkway intersects the main sidewalk. An alternate location may be explored administratively if requested by USPS.
7. Street lighting and street trees shall be provided along the entire frontage of Lake Forest Drive leading up to Southpointe Parkway.
8. Building architecture shall generally conform to the style depicted in the submitted rendering.
9. On-street parking shall be prohibited on both sides of all new private streets.
10. The following shall be approved, signed and/or recorded as necessary prior to approval of the project's first Building Permit: (1) Final PD Plan; (2) Construction Drawings; (3) Financial Security for public and private improvements; (4) Right-of-Way Dedication Plat, Easement Plat, and/or Record Plat as appropriate; and (5) HOA Declaration/Agreement.
11. Notwithstanding the Final PD conditions listed above, all other Preliminary PD conditions per Ord No. 3613 shall remain valid to the development as may be applicable.

ORDINANCE NO.

AN ORDINANCE ACCEPTING THE RECOMMENDATION OF THE PLANNING COMMISSION AND APPROVING THE FINAL PLANNED DEVELOPMENT APPLICATION FOR SOUTH FOREST EDGE SECTION ONE WITH CONDITIONS.

WHEREAS, Council hereby finds the Planning Commission held a public hearing on July 13, 2021 in accordance with Chapter 1145 of the Codified Ordinances of the City of Oxford, on the application of 4 Leaf Development LLC, for a Final Planned Development for South Forest Edge Section One consisting of 11.33 acres with 36 detached single-family condominium dwelling units; and

WHEREAS, the Planning Commission, after due deliberation found the application satisfied the basic code requirements in Chapter 1145 of the Codified Ordinances of the City of Oxford, and recommended approval of the Final Planned Development application for South Forest Edge Section One with conditions.

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY ORDAINS THAT:

SECTION 1: Council hereby accepts the recommendation of the Planning Commission and further approves the Final Planned Development application for South Forest Edge Section One with the following conditions:

1. The validity of the Final Planned Development approval shall be extended from 1 year per the Zoning Code to 5 years, with an opportunity for the Planning Commission to grant an additional 1-year extension per the Zoning Code.
2. Units accessed by Ashford Oak Drive and Aspen Path shall constitute Phase 1 and units accessed by Lilac Lane shall constitute Phase 2. Construction activity may occur in either Phase at any time and may be simultaneous; however, all aboveground infrastructure directly associated with each Phase, including streets, parking, lighting, and sidewalks shall be in place prior to approval of each Phase's first Building Permit. Exceptions are made for: (1) sidewalks and lighting along private streets, which may be built incrementally with the construction of each dwelling unit; and (2) infrastructure features contained within the central green area of Phase 1 which shall be completed no later than Building Permit approval of eighteen (18) of the twenty four (24) dwelling units planned within that Phase.
3. No more than twenty four (24) units shall receive Building Permit approval prior to construction of the pedestrian bridge linking Phases 1 and 2.
4. All landscaping shall be in place at an appropriate time per the timing of construction activity as determined by the Zoning Administrator.
5. All sidewalks shall have a minimum width of five (5) feet.
6. The cluster mailbox unit (CBU) serving Phase 2 (Lilac Lane) shall be relocated to the cul-de-sac, in proximity to where the pedestrian bridge walkway intersects the main sidewalk. An alternate location may be explored administratively if requested by the USPS.
7. Street lighting and street trees shall be provided along the entire frontage of Lake Forest Drive leading up to Southpointe Parkway.
8. Building architecture shall generally conform to the style depicted in the submitted rendering.

9. On-street parking shall be prohibited on both sides of all new private streets.
10. The following shall be approved, signed, and/or recorded as necessary prior to approval of the project's first Building Permit: (1) Final Planned Development Plan; (2) Construction Drawings; (3) Financial Security for public and private improvements; (4) Right-of-Way Dedication Plat, Easement Plat, and/or Record Plat as appropriate; and (5) HOA Declaration/Agreement.
11. Notwithstanding the Final Planned Development conditions listed above, all other Preliminary Planned Development conditions per Ordinance No. 3613 shall remain valid to the development as may be applicable.

SECTION 2: This Ordinance shall take effect at the earliest time allowed by law.

MEMORANDUM
Community Development Department
513-524-5204

TO: Oxford Planning Commission
FROM: Zachary Moore, AICP
Planner
DATE: July 9, 2021
RE: **PC-2021-19 | South Forest Edge Section One**

Bridge Details

Attached to this memo are additional bridge construction plans and details received from the applicant following the release of the original July 13 meeting packet.

Future Step for Final Plat

Staff met with the applicant on July 9 and determined it was likely land would actually need to be divided in order to create the building pads for the individual units. Previous to this, staff was under the impression that the proposal would constitute a “single site” development and thus wouldn’t require any divisions of land, only right-of-way dedication and establishment of easements by way of an Easement Plat. Normally the division of land constitutes a subdivision, requiring both a Preliminary Subdivision review and a Final Subdivision review prior to recordation of a Final Plat.

In cases involving a subdivision that is also a Planned Development, such applications have been processed concurrently in the past and follow the exact same approval procedure entailing a recommendation from Planning Commission and a decision by City Council. Because the proposed development is also a Planned Development and has had infrastructure aspects extensively reviewed during the initial Preliminary Planned Development process, staff believes the Final Planned Development application can be considered as presented but then eventually followed by a Final Subdivision application which would depict the actual subdivision of land taking place to create fee simple lots for individual owners.

The primary concern to be worked out related to the division of actual lots is verifying maximum coverage compliance. The staff report addressed this topic by indicating that the maximum possible overall coverage for the development as proposed was 58%. The applicant intends to share their record plat exhibit soon so that a more definitive coverage estimate can be derived. The maximum coverage for residential developments per the Planned Development Chapter of the Zoning Code is 40%. The Preliminary Plan had only shown conceptual building footprints and driveways, which altogether

constituted 31.4%. The applicant believes they can stay within the 40% limit. Staff can review the drafted record plat once prepared, to better verify coverage compliance.

STAFF REPORT

Community Development | Planning Commission

APPLICATION DETAILS

Applicant	4 Leaf Development LLC
Location	1986 Lake Forest Drive – Parcel ID H4100143000006
Owner	4 Leaf Development LLC
Engineer	Bayer Becker, c/o Etta Reed, PE
Action Request	Final Planned Development (PD)
Development Name	South Forest Edge Section One
Current Use	Vacant Land
Current Zoning	R-2A Single- and Two-Family Medium Density Residential District
Total Site Area	11.33 acres
Surrounding Land Uses	Single-Family Residential to the north and across US 27 to west; Vacant land across Lake Forest Drive to south and east
Staff Recommendation	Approval, subject to recommended conditions

PROPOSAL SUMMARY

Property owner 4Leaf Development LLC is requesting approval of a Final Planned Development application for the South Forest Edge condominium project, previously referred to as “Lake Forest Phase 1” during the Preliminary review stage. The Final stage offers a more detailed perspective on the development, serving as a final check for Planning Commission and Council to ensure that the plan substantially conforms to the vision and layout previously approved and that all relevant conditions pertinent to the original approval have been satisfied.

Like the Preliminary Plan, the Final Plan provides buildable areas for a total of 36 single-family homes, split between two phases and connected by a pedestrian bridge. The developer’s submitted application includes the actual proposed Final PD plan as a single sheet (which is to be eventually recorded with the Butler County Recorder), as well as construction drawings which are currently being reviewed administratively by City staff under a separate application. The construction drawings, although not constituting the official plan under consideration with this approval, provide additional details and context for staff, the Planning Commission, and Council to consider.

PUBLIC COMMENTS

Public notices were mailed to surrounding property owners and a sign was posted at the front of the property. A public comment was received from Ms. Tami Kuginskie, who resides at 3926 Oxford Millville Road adjacent on the north side of the subject site.

DEPARTMENT COMMENTS

Below are comments from City departments:

Department	Respondent	Response
Economic Development	Seth Copenbaker, Assistant to the City Manager	Returned with Comments
<i>The character of this development helps meet a critical need for affordable housing within the Oxford Community.</i>		
<i>The planned development also includes a Home Owners Association that would provide for the outdoor maintenance of the properties, further supporting housing options/opportunities for populations with restricted access to home-ownership and upkeep.</i>		
<i>The location of the development lends itself to ownership and occupancy by non-students, further addressing a housing need in Oxford.</i>		
<i>With the information presented, the City's Economic Development staff support this project without concern.</i>		
Engineering	Scott Otto, City Engineer	Returned with Comments
<i>The proposed construction plans show a 4' wide sidewalk along the private streets. A 5' wide sidewalk is the minimum width on public streets and is the typical minimum width used in recent PUD's or other developments.</i>		
<i>Provide additional information for the proposed width and material of the pedestrian path and bridge between Lilac Lane and Ashford Oak Dr.</i>		
<i>Development of an Easement Plat for this PUD will need to stipulate maintenance responsibility for water and sanitary sewer utilities within the proposed Utility and Access Easements.</i>		
Fire	John Detherage, Fire Chief	Returned without Comments
Police	John Jones, Police Chief	Returned without Comments

SITE HISTORY

The site has been involved in numerous past applications and approvals by entities including the City of Oxford, as well as Butler County prior to annexation. A summary of relevant case history is provided below:

- **16 Dec 2004, Preliminary PUD Approval:** Butler County Commissioners approve application from 4-Leaf Development LLC to rezone approximately 174 acres of land from A-1 to B-PUD

- & R-PUD, by Res. 04-12-3188. A few notable requirements included a boulevard connector road, density cap of 12 du/ac, screening/mounding to block view of the PUD from US 27 and adjoining properties, and a minimum 50-foot wide perimeter buffer. Originally the area was planned as a combination of residential and office “tech park” uses.
- **23 May 2006, Development Agreement:** City of Oxford enters into a Development Agreement with 4-Leaf Development LLC and OXO1 Ltd. The agreement provided that the property would be zoned consistent with the prior-approved PUD.
 - **7 Aug 2007, Annexation & Zoning Map Amendment:** City Council accepts annexation petition by Ord. No. 2965 and rezones PUD property to Oxford zoning classifications OI, R3, R1A, and R2A by Ord. No. 2966. These zoning classifications were found to most closely align with the PUD previously approved by the County. The Planning Commission minutes and staff report at the time reflected staff’s position that all areas rezoned to City zoning classifications should have a PUD overlay; however, the official adopted Ordinance did not give any mention to a PUD being retained.
 - **2 March 2021, Preliminary Planned Development:** City Council by Ord No. 3613 approves the Preliminary Planned Development application from Scott Webb, Architect for “Lake Forest Phase One” consisting of 36 detached dwelling units on 12.63 acres. Council approved the request subject to 12 conditions, most notably a requirement for a Neighborhood Conservation Overlay or HOA restrictions to ensure variety of dwelling unit types/sizes as well as traditional single-family occupancy. The approval also mandated the HOA agreement be reviewed by City staff and the Law Director.

COMMENTARY

Staff comments on site conditions and a number of key development aspects are provided below:

- **Conformance with Preliminary Plan:** Staff finds that the submitted Final PD Plan substantially conforms to the previously approved Preliminary PD Plan. The private street network remains virtually the same, while some building sites have slightly shifted position. The most notable difference between the two plans is the relocation of the cul-de-sac street intersection with Lake Forest Drive, moving approximately 15 feet further east to accommodate additional stacking distance for vehicles turning either left or right onto US 27. Following a decision on the Final PD, additional instruments/approvals will be necessary prior to beginning construction including a Dedication Plat to expand right-of-way along US 27, as well as an Easement Plat to record access and utility easements across the site.
- **Homeowners Association Declaration and Restrictions:** The applicant has included a draft HOA Declaration in the Final PD submittal. The Association will be established for the purpose of maintaining common areas including those for open space, streets, stormwater quality basins, and landscaping. The draft Declaration is currently under review by the Law Director. Community Development staff would like to note that the term “Lot” is frequently used in the Declaration, referring to separate parcels of land recorded on a subdivision plat; this term may not be an appropriate one, given that approvals up to this point have not acknowledged the proposed development as a subdivision. The term “Common Area” is also used to differentiate from areas devoted to Lots, where such areas would more directly fall under the responsibility of the HOA. Another key provision worth noting is in *Section 8.11* of the Declaration, which specifies that no more than 3 dwelling units may be leased at any given time, in order to prevent the complex from becoming predominately renter-occupied.
- **Landscaping/Screening:** The applicant has provided detailed landscaping plans for the site, including plantings along the perimeter of US 27 and Lake Forest Drive, within the storm water

features, and in tree lawns along all private streets. It should be noted that street trees along Lake Forest Drive are not shown to extend all the way to Southpointe Parkway, stopping short near the northern extent of dwelling unit construction. The grading plan demonstrates that there will be mounding along perimeter frontages as originally proposed, though it is not clear from the contours what the resulting height will be. The Preliminary PD approval had also included a condition requiring an active recreational amenity and additional landscaping to be provided in the central green space; in response, the latest proposed plans show a new walkway spanning the middle of the green, with park benches and landscape beds.

- **Lighting:** A total of 7 light pole locations are depicted in the latest set of construction drawings. These are intended to be antique style (municipal grade Venia 4005) and will be limited to no more than 16 feet in height per Code. The Preliminary PD approval required lighting to be constructed along all private streets as well as along Lake Forest Drive. The provision of adequate lighting along Lake Forest Drive appears to be missing from the construction drawings.
- **Lot Coverage:** The Planned Development Code mandates that lot coverage be regulated according to the underlying zoning district, though for any residential portion it shall not exceed **40%**. The normal maximum lot coverage in the R-2A district is **35%**. The Preliminary PD Plan had shown conceptual building footprints and driveways to demonstrate how the coverage could be kept below the Code parameters, resulting in a preliminary coverage calculation of **31.4%**. Now at the Final stage, building footprints and driveway surfaces have been eliminated from the plan and instead translated into “buildable areas” within which dwelling units and other developed surfaces may be constructed. In addition, buildable areas are labeled as being “typical,” meaning they are actually not locked into place, further complicating the verification of lot coverage compliance as the development is built out. At this time, when subtracting out all features which are confirmable as undeveloped and/or open space, the maximum resulting coverage for the entire site is around **58%**. Faced with this reality, the Planning Commission could choose to do one of the following: (1) accept 58% as the maximum possible coverage in the form of a waiver request, understanding that the actual resulting coverage could be much lower; or (2) mandate that building footprints and driveways be shown at the Final stage. Alternatively, the applicant could choose to pursue subdivision approval procedures to actually create separate fee simple lots on which residents could build homes, which would help to better frame not only coverage but also setback compliance.
- **Mail Delivery:** The plan shows two locations for Cluster Box Units (CBUs), one in the central green area (Phase 1) and one on Lilac Lane near the intersection with Lake Forest Drive (Phase 2). The CBU location in Phase 2 seems problematic, given its close proximity to the intersection. Staff recommends the CBU be relocated further down the street, positioned on the cul-de-sac bulb near the pedestrian bridge walkway.
- **Non-Vehicular Mobility:** Sidewalks are to be constructed on both sides of all new private streets, along the west side of Lake Forest Drive, and along the east side of US 27. The new sidewalk will connect to existing walkway at the far eastern end of Southpointe Parkway, which will enable residents to walk between developments and also reach the new gas station and retail currently under construction at 3600 Southpointe Parkway. The construction drawings also depict an access easement to be dedicated between Magnolia Drive and Lake Forest Drive, corresponding to one of the conditions of the Preliminary PD approval. Internal sidewalks along private streets are proposed to be 4 feet wide, while public sidewalks along Lake Forest and US 27 will meet the City’s minimum width spec of 5 feet.
- **Open Space and Tree Preservation:** The proposed plan contains **2.82 acres** devoted to open space, or **24.9%** of the overall development site, which complies with the minimum 20% required for a Planned Development. Areas delineated as open space contain a variety of features, including

stormwater quality basins, common space (central green), a pedestrian bridge, and a maintenance building. The Preliminary PD staff report spoke to the application of the City's recently adopted Tree Ordinance (Zoning Code Chapter 1148), mentioning the fact that the applicant had not provided a tree survey but was looking to provide open space around the dwelling units. With open space boundaries now more clearly delineated at the Final stage, this offers a more concrete look at the maximum reach/extent of building construction. If approved as proposed with only open space delineated but lacking either a tree survey component or a legal mechanism for conservation, this would be accepting the reality that additional trees on open space edges could very likely be cut down for the sake of construction activities and/or grading. In other words, the tree preservation and documentation requirements of Chapter 1148 could simply be waived, which is possible for the Planning Commission and Council to do per the flexibility afforded to Planned Developments. The general sentiment expressed by the Planning Commission during the Preliminary review was that the tree specimens observed on this site were not of a size or quality that seemed to warrant additional surveying or study, as opposed to land on the opposite side of Lake Forest Drive.

- **Signage:** No new signage details have been shared since approval of the Preliminary PD. If the developer chooses to install gateway-style signage in the future, staff recommends the standards of **Section 1151.05(d)(2)** apply even though this development is not technically a subdivision; this would allow for 1 freestanding sign per intersection with Lake Forest Drive.
- **Stormwater Management:** One of the Preliminary PD conditions pertained to soil suitability for the proposed water quality and storage functions on site. The submitted application for the Final PD contains correspondence from geotechnical firm S&ME specifying that soils in the vicinity of the northern water quality basin "will retain water for some time and are generally good ... for use as pond liners." During the Preliminary PD review, Butler S&W had expressed concern regarding the suitability of soils for the northern basin.
- **Sewer & Water Utilities:** The submitted construction drawings show proposed 8-inch sewer and water main locations throughout the development. Most of these fall within a 67.5-foot wide utility/access easement to be dedicated along the private streets, though some mains will need to be located within their own easements to traverse certain portions of the site. The City Engineer has commented that laterals serving individual units will be a private responsibility, even though these will be located within the 67.5-foot easement.
- **Streets & Traffic Circulation:** The proposed street network and traffic circulation is virtually the same as was presented during the Preliminary PD review. The width of the internal private streets has increased from 24 feet to 27.5 feet between the Preliminary and Final, though this increase is only due to the incorporation of rollback curbing. Access easements are planned at a width of 67.5 feet, to encapsulate streets, tree lawns, sidewalks, and front yard areas between buildings and sidewalks. The front yard setback (building line) is 20 feet from the back of street curbs.

REVIEW OF PRELIMINARY PD CONDITIONS

The table below lists the 12 conditions that went with the Lake Forest Phase One Preliminary PD approval (Ordinance No. 3613). An update and/or analysis is provided for each based on the application contents submitted for the Final PD. Each condition is rated as either: **On Track**, meaning the Final PD has been appropriately revised or appropriate steps are currently underway or being taken by the applicant to fulfill the condition; or **Deserves Attention**, meaning there may be a lack of detail, or a judgment call to make regarding the fulfillment of the condition that the Planning Commission should consider.

Number	Condition	Status
1	<i>The building height shall be regulated per the underlying zoning district.</i>	On Track
	This condition only serves to help clarify application of code during administrative review of Building Permits. No action or discussion is needed from the Commission on this particular condition.	
2	<i>A variety of dwelling unit types/sizes, to include varying numbers of bedrooms per unit, shall be accommodated to ensure residential development conforms to the uses and intensity described in the application and supporting traffic study documentation as traditional single family the developer agrees to pursue a Neighborhood Conservation Overlay or HOA restrictions or similar measure.</i>	Deserves Attention
	The applicant has provided the same dwelling unit renderings previously shared at the Preliminary stage, and has not provided any sample floor plans or other information that would communicate the range in number of bedrooms anticipated. The applicant did not previously submit a letter of intent to establish a Neighborhood Conservation Overlay during the Preliminary stage, nor was one included in the application at this stage. However, a provision is proposed in the draft HOA Declaration that would limit the number of rented units to no more than 3, with certain exceptions that may be approved by the HOA Board due to undue hardship, including: (1) when an owner has a residence on the market for 90 days and is unable to sell; (2) where an owner dies and the residence is administered by an estate; and (3) where an owner intends to take a leave temporary leave of absence and intends to return at a later date, in which case renewal is required by the HOA Board every lease term. Proposed leasing provisions can be found on pages 20 through 22 of the draft HOA Declaration.	
3	<i>A Landscaping Plan which includes details on tree species, size/caliper inches and locations, as well as berm/mounding heights, shall be reviewed and approved as part of the Final Planned Development. Street trees shall be provided along Lake Forest Drive.</i>	Deserves Attention
	Mounding heights are not clear from the provided contour plans. Street trees are not provided along the entire stretch of Lake Forest Drive, only next to the dwelling unit development areas and stopping short near the bridge over Lick Run.	
4	<i>Appropriate lighting shall be provided along all proposed private streets, as well as along the Lake Forest Drive frontage including at the intersection with US 27. Lighting details shall be reviewed and approved as part of the Final Planned Development.</i>	Deserves Attention
	The applicant proposes 7 antique-style lamp posts interior to the development, but no street lighting of any kind is shown along Lake Forest Drive as was required by the Preliminary PD approval.	
5	<i>Sidewalk shall be constructed (or financial security provided) along the entire property frontage of U.S. 27. Sidewalk shall be constructed along the entire frontage of Lake Forest Drive to Southpointe Parkway. Additional right-of-way along U.S. 27 shall be dedicated per the Oxford Thoroughfare Plan and staff discretion.</i>	On Track

	All of these measures are actively being addressed by the applicant. The proposed plans account for additional territory being dedicated along US 27, and the developer has chosen to construct the US 27 sidewalk as opposed to setting up an escrow.	
6	<i>An active recreational amenity and additional landscaping shall be provided in the central green space, the details of which shall be reviewed and approved as part of the Final Planned Development.</i>	Deserves Attention
	The submitted plan provides a “half-moon” shaped courtyard area with 3 benches in the center of the central green space in Phase 1, accompanied by additional landscape beds. The Commission may want to consider whether this feature sufficiently constitutes an “active” recreational amenity for the development. Such improvements will need to be bonded.	
7	<i>A professionally qualified geotechnical engineer shall perform on-site investigation(s) as deemed necessary by staff to determine the suitability of existing soil and ground conditions for proposed water quality and/or storage functions. If conditions are found unsuitable, additional measures or management practices shall be outlined by the engineer and followed by the developer to mitigate the conditions.</i>	On Track
	This condition is proving to be a useful reminder for communications between the Service Department and the applicant, in working toward ensuring that on-site conditions are properly studied. It is Community Development staff’s opinion that no further action or discussion on this condition is needed from the Commission at this time.	
8	<i>Financial security/bonding of improvements shall be determined during or after the Final Planned Development review. The Final Planned Development shall be reviewed and approved prior to approval of construction drawings, bonds, or the signing of an Easement Plat.</i>	On Track
	The applicant has submitted construction drawings early with the understanding that it is to get the ball rolling in terms of receiving comments from City departments in anticipation of a Final Planned Development approval. The Community Development Department will not approve the construction drawings until a Final PD is approved by Council.	
9	<i>Building architecture shall generally conform to the style depicted in Rendering A-1 (dated November 30, 2020). Architectural aspects may be further considered and refined as part of the Final Planned Development, including a design for the proposed caretakers shed.</i>	Deserves Attention
	The applicant has again provided the same dwelling unit renderings previously shared at the Preliminary stage. A condition written in this manner can prove effective, though it can sometimes lead to disagreements since it is applied in a more subjective manner. The Commission could entertain more specific standards, or the applicant could volunteer their own standards for consideration. At a minimum, the use of certain exterior materials (such as vinyl) could be better clarified.	
10	<i>The Planning Commission may review utility details (such as those for electric, gas, mail delivery, garbage collection, etc.) as part of the Final Planned Development, including proposed accommodations, accessibility, screening, or other characteristics as may be applicable.</i>	Deserves Attention

	The Commission should give consideration to the location of the cluster mailbox unit associated with Phase 2 (Lilac Lane). It is currently shown to be located only 45 feet or so away from the intersection of Lilac and Lake Forest. Staff recommends relocating to the cul-de-sac bulb area, near where the pedestrian walkway intersects the sidewalk. Staff is still awaiting details on how garbage collection is to be handled internal to the development.	
11	<i>The HOA agreement shall be reviewed by City staff and the City Law Director.</i>	On Track
	This is currently underway. The approval and recordation of the HOA Declaration can occur in an administrative manner independent of, and following, Final PD approval by Council.	
12	<i>A pedestrian access easement shall be granted across the triangular sliver of land between Lake Forest Drive and Magnolia Drive; for potential future pedestrian connectivity.</i>	On Track
	This future easement is depicted on the construction drawings. This easement, along with all others, will eventually need recorded as part of an Easement Plat or Record Plat as appropriate.	

DECISION CRITERIA

All Planned Developments shall satisfy the General Decision Standards provided in ***Section 1145.06(b)***. The standards found within this section are below with updated staff analysis provided for each. It should be noted that the main decision standards (#s 1-13) have already been considered and acknowledged as part of the Preliminary PD, so the Commission should now primarily focus its attention on the Additional Final Plan Decision Standards (#1-3) listed at the end of this section.

General Decision Standards

- The proposed planned development is in fact permitted in the zoning districts in which it is proposed.**
The underlying R-2A zoning district allows single-family and two-family principal uses by-right. However, when undergoing a Planned Development process, any residential land use is potentially permissible so long as the resulting density is at or below what would be allowed under the straight zone. This proposal is technically multi-family residential, given that multiple principal buildings will be constructed on a single site, even though each building will have an appearance and function akin to a single-family unit. The proposed development satisfies this criterion, due to the planned density of 3.18 du/ac being lower than the district density of 7.26 du/ac.
- If the application is for the same site where a planned development application has been denied within one year, the plan is substantially different from the application so denied.**
Not applicable.
- The uses and site plan will satisfy the general intent of this Zoning Code.**
The purpose of the R-2A zoning district is to “provide and preserve neighborhoods of smaller single-family residences within and adjacent to areas of similar development.” By providing a condominium housing development embodying the character of a single-family neighborhood, staff believes the general intent of the Zoning Code is satisfied.
- The uses and site plan will be compatible with the general intent of the Comprehensive Plan.**

The Oxford Comprehensive Plan designates this site and areas to the north and east of it (within the corporate limits) as being in a “Neighborhood General 3” character area, defined as areas of newer development where curvilinear street patterns and cul-de-sacs may be found. Map 3.6 (Conservation and Development Map) establishes preferred land uses for undeveloped sites within the City limits. Map 3.6 designates the site for “Traditional Neighborhood Development,” which calls for residential development to have a distinct center and edge, open spaces, well designed streets and public spaces, and multiple housing options.

5. **The size and shape of the site are sufficient for the proposed planned development.**
Because this Final PD Plan substantially conforms to the previously approved Preliminary PD, the Commission should not weigh this criterion too heavily at this stage.
6. **The use will not be hazardous or disturbing to existing or potential future neighboring uses that are permitted in the zoning district.**
The subject site is largely isolated from other nearby developed pockets of the city. Those most directly impacted will be the residents currently residing along US 27, especially those immediately west and north. The proposed mounding and landscaping along the perimeter should help to screen the new units from those already located along the west side of the corridor. Additional stormwater runoff and traffic will be natural results of developing additional residential housing.
7. **The use will not involve activities, processes, materials, equipment, or conditions of operation that will be detrimental to any person, property, or the general welfare because of excessive production of traffic, noise, smoke, fumes, glare, odors, or other emissions.**
This criterion is generally not applicable to a residential proposal, as these concepts generally refer to activities or processes associated with commercial or industrial businesses.
8. **Accessory uses will be directly related to the operation of the principal uses and will not be operated independent of the principal uses.**
The applicant intends to prohibit the construction of accessory structures/uses, such as storage sheds, swimming pools or greenhouses, privately by means of the HOA Declaration. No architectural plans for the proposed caretaker’s shed have been submitted at this time; therefore, these will ultimately be reviewed at the Building Permit stage.
9. **The use and site will be adequately served by public facilities and services such as streets, water and sewer, drainage structures, police and fire protection, and refuse disposal, or adequate provisions will be made to provide the same services privately.**
The developer will need to extend the sewer utility from the Wastewater Treatment Plant to the site in order to service the new units. The developer will need to coordinate with the appropriate parties in the City’s Service Department so that provisions for a sanitary sewer extension can be properly executed. Water service is already available to the site, via an existing main built at the same time as Lake Forest Drive. Storm sewers are to be constructed to convey stormwater into two landscaped water quality basins built to meet EPA requirements. Mail delivery will be handled by installing combined mailbox units in accordance with USPS policy. Additional lighting details along Lake Forest Drive are needed to fulfill a condition of the Preliminary PD approval.
10. **Development of the site and operation of the use will not require substantial public expenditure for additional infrastructure or services.**
It is the Community Development Department’s understanding that the developer will be responsible for the entire cost of extending sanitary sewer service to the site. All other infrastructure improvements will also be at the developer’s cost. It is understood from prior discussions that a new Traffic Impact Study will need to be performed if the number of dwelling units served by Lake Forest Drive exceeds 206; 57 of these units are currently “in process” via this application for 36 units and the South Forest Edge subdivision to the east of Lake Forest Drive planned to contain 21 lots/units.

11. **The site will be designed, constructed, and maintained in a character harmonious in appearance and general character with the existing or intended character of the general vicinity, and that such use will not change the essential character of the same area. Structures to be constructed, reconstructed, or altered in a residential zoning district shall have the appearance of residential buildings permitted in the zoning district.**
The site is currently vacant/undeveloped, so this proposal will in effect be establishing a new character for the area. Staff believes the intended neighborhood character and marketing to empty nesters, first time buyers, families and University faculty would be a welcomed addition for the city. The low-rise, arts and crafts style of housing depicted in the submitted rendering is in keeping with the residential zoning district and should serve to enhance neighborhood quality.
12. **The site is designed so that on-site traffic and traffic accessing the site will not adversely impact the movement or safety of all modes of traffic on adjacent public streets.**
The applicant has adjusted the positioning of the Lilac Lane cul-de-sac street to create additional stacking distance for vehicles turning onto US 27. Sidewalks are provided along all private streets, and in contrast to the original proposal, are now also provided along the frontages of Lake Forest Drive and US 27.
13. **Proposed construction will not result in the destruction, loss or damage of a natural, scenic or historic feature of major importance.**
Many of the proposed building footprints are in very close proximity to existing drainageways and steep slopes, which may pose a risk to future homebuyers due to the potential for erosion and/or stream migration.
14. **Proposed construction will not result in the complete elimination of existing mature tree canopy. Effort shall be made to direct disturbance and construction around or away from existing mature tree canopy without completely taking away use of the site or connectivity to existing infrastructure.**
Though the applicant's proposed street network does attempt to adhere to existing natural tree lines, the end result of the present proposal could be the loss of much of the existing vegetation on the site to make way for building sites. A clear distinction has now been made between open space areas and buildable areas, painting a clearer picture of the possible extent of development impacts on the natural environment. However, much of the noticeable tree removal both on and off-site could likely be due to extension of the sanitary sewer to service the development.

Additional Final Plan Decision Standards

1. **The final planned development shall substantially conform to the preliminary plan.**
Staff finds that the proposed Final PD Plan does substantially conform to the previously approved Preliminary PD Plan. The street layout and arrangement of dwelling units are generally the same. However, there are certain items to address related to the prior approval conditions.
2. **Any substantial changes from the preliminary plan improve the plan or were requested by Planning Commission or Council as a part of the preliminary plan approval process.**
The applicant has addressed, or is working toward, many of the conditions and stipulations requested at the Preliminary stage with this Final PD submittal.
3. **If the final plan seeks approval of only a portion of the approved preliminary plan, the elements of the proposed phase are sufficient to stand alone if the remainder of the planned development is abandoned.**
The applicant shows the entire extent of the development with this Final PD submittal, as opposed to splitting into two or more separate submittals. Construction will likely occur on an incremental

basis, beginning with Phase 1 on the north side of the site. The timing of infrastructure completion in relation to dwelling unit construction is an important factor to consider. Staff recommends addressing the phasing/sequencing of infrastructure completion via recommended condition #s 2, 3, and 4.

STAFF RECOMMENDATION

Based upon a review of the Decision Standards, staff recommends **approval** of the South Forest Edge Section One Final Planned Development subject to the following conditions:

1. Final PD Plan approval shall be valid for 5 years, with an opportunity for the Planning Commission to grant an additional 1 year extension per the Zoning Code.
2. Units accessed by Ashford Oak Drive and Aspen Path shall constitute Phase 1 and units accessed by Lilac Lane shall constitute Phase 2. Construction activity may occur in either Phase at any time and may be simultaneous; however, all above-ground infrastructure directly associated with each Phase, including streets, parking, lighting, and sidewalks shall be in place prior to approval of each Phase's first Building Permit. Exceptions are made for: (1) sidewalks and lighting along private streets, which may be built incrementally with the construction of each dwelling unit; and (2) infrastructure features contained within the central green area of Phase 1 which shall be completed no later than Building Permit approval of eighteen (18) of the twenty four (24) dwelling units planned within that Phase.
3. No more than twenty four (24) units shall receive Building Permit approval prior to construction of the pedestrian bridge linking Phases 1 and 2.
4. All landscaping shall be in place at an appropriate time per the timing of construction activity as determined by the Zoning Administrator.
5. All sidewalks shall have a minimum width of five (5) feet.
6. The cluster mailbox unit (CBU) serving Phase 2 (Lilac Lane) shall be relocated to the cul-de-sac, in proximity to where the pedestrian bridge walkway intersects the main sidewalk. An alternate location may be explored administratively if requested by USPS.
7. Street lighting and street trees shall be provided along the entire frontage of Lake Forest Drive leading up to Southpointe Parkway.
8. Building architecture shall generally conform to the style depicted in the submitted rendering. Vinyl shall be prohibited as an exterior building material.
9. On-street parking shall be prohibited on both sides of all new private streets.
10. The following shall be approved, signed and/or recorded as necessary prior to approval of the project's first Building Permit: (1) Final PD Plan; (2) Construction Drawings; (3) Financial Security for public and private improvements; (4) Right-of-Way Dedication Plat, Easement Plat, and/or Record Plat as appropriate; and (5) HOA Declaration/Agreement.
11. Notwithstanding the Final PD conditions listed above, all other Preliminary PD conditions per Ord No. 3613 shall remain valid to the development as may be applicable.

EXHIBIT A

RELEVANT ZONING CODE PROVISIONS

Within the Oxford Zoning Code, **Section 1143.04** provides the base zoning standards for the R-2A district and **Chapter 1145** governs Planned Development applications.

1143.04 – R-2A Single- and Two-Family Residential District.

- (a) Purpose.
This district is designed to provide and preserve neighborhoods of smaller single-family residences within and adjacent to areas of similar development. This district also provides for a limited number of two-family residences.
- (b) Uses.
- (1) Permitted uses.
- A. Single-family dwellings.
 - B. Two-family dwellings.
 - C. Accessory buildings and uses incidental to the principal use as provided in Chapter 1141.
 - D. Day Care Home Type B family.
- (2) Conditional uses.
The following Conditional Uses are subject to review and regulation in accordance with Chapter 1147.
- A. Community-Oriented Residential Social Service Facilities (CORSSF's).
 - B. Shared Housing and Congregate Housing for the elderly.
 - C. Government owned and/or operated parks and recreation facilities.
 - D. Bed and breakfast homes.
 - E. Private and publicly owned commercial and noncommercial recreational areas, uses and facilities of an open space nature, such as golf courses, tennis courts, parks, forests, wildlife preserves, etc.
 - F. Day care facilities, including Child Day Care, Child Day Care Center, and Day Care Home Type A family.
 - G. Schools: primary, intermediate, and secondary, both public and private.
 - H. Places of worship.
- (c) Site Development Regulations. (Unless superseded by Conditional Use Requirements)
- | | <u>1-family</u> | <u>2-family</u> |

| 3. Front yard – 25 percent of front yard | | |
| B. Lots with vehicular access from a rear or side alley, and no access from a public street | | |

1. Lot total – 40 percent
2. All enclosed buildings – 25 percent of lot
3. Front yard – 5 percent of front yard

1145.06 Planning Commission and Council review.

A preliminary plan shall be approved prior to approval of a final plan, although the processes can be concurrent for small, single phase developments. Both preliminary and final plan approval require a Planning Commission recommendation and Council approval.

The Planning Commission shall base its review of a proposed planned development upon the complete application, upon any staff report, and upon any relevant and credible public comment presented during the public hearing. Council shall base its decision on the same materials and shall also consider the Planning Commission recommendation.

The general decision standards for approval of a preliminary and final planned development are substantially similar. The final plan requires greater detail and is subject to additional decision standards.

If, at any time, the Planning Commission or Council finds that the information provided is insufficient to make a determination, it may suspend its review until sufficient information has been provided.

(a) **Burden of Proof.**

Planning Commission has no obligation to recommend approval and City Council has no obligation to approve a planned development. This Zoning Code assumes that a planned development is appropriate only if an applicant proves that the proposed uses and design will not be detrimental to the public health, safety, or general welfare of the City or the neighborhood in which it is proposed.

Applicants shall prove that potential negative impacts of elements such as location, size and extent of facilities and operations, site design, traffic generation, site access, and potential impact upon public facilities will be adequately mitigated.

(b) **General Decision Standards.**

All planned developments shall satisfy these general decision standards:

- (1) The proposed planned development is in fact permitted in the zoning districts in which it is proposed
- (2) If the application is for the same site where a planned development application has been denied within one year, the plan is substantially different from the application so denied.
- (3) The uses and site plan will satisfy the general intent of this Zoning Code.
- (4) The uses and site plan will be compatible with the general intent of the Comprehensive Plan.
- (5) The size and shape of the site are sufficient for the proposed planned development.
- (6) The use will not be hazardous or disturbing to existing or potential future neighboring uses that are permitted in the zoning district.
- (7) The use will not involve activities, processes, materials, equipment, or conditions of operation that will be detrimental to any person, property, or the general welfare because of excessive production of traffic, noise, smoke, fumes, glare, odors, or other emissions.
- (8) Accessory uses will be directly related to the operation of the principal uses and will not be operated independent of the principal uses.

- (9) The use and site will be adequately served by public facilities and services such as streets, water and sewer, drainage structures, police and fire protection, and refuse disposal, or adequate provisions will be made to provide the same services privately.
 - (10) Development of the site and operation of the use will not require substantial public expenditure for additional infrastructure or services.
 - (11) The site will be designed, constructed, and maintained in a character harmonious in appearance and general character with the existing or intended character of the general vicinity, and that such use will not change the essential character of the same area. Structures to be constructed, reconstructed, or altered in a residential zoning district shall have the appearance of residential buildings permitted in the zoning district.
 - (12) The site is designed so that on-site traffic and traffic accessing the site will not adversely impact the movement or safety of all modes of traffic on adjacent public streets.
 - (13) Proposed construction will not result in the destruction, loss, or damage of a natural, scenic, or historic feature of major importance.
 - (14) Proposed construction will not result in the complete elimination of existing mature tree canopy. Effort shall be made to direct disturbance and construction around or away from existing mature tree canopy without completely taking away use of the site or connectivity to existing infrastructure.
- (c) Additional Final Plan Decision Standards.
- (1) The final planned development shall substantially conform to the preliminary plan.
 - (2) Any substantial changes from the preliminary plan improve the plan or were requested by Planning Commission or Council as a part of the preliminary plan approval process.
 - (3) If the final plan seeks approval of only a portion of the approved preliminary plan, the elements of the proposed phase are sufficient to stand alone if the remainder of the planned development is abandoned.

1145.07 Action by Planning Commission

- (a) The Planning Commission shall recommend to Council approval, approval with conditions, or denial of an application as presented and shall clearly state the findings upon which its recommendation is based.
- (b) The Planning Commission shall base its recommendation and Council its decision upon how well the application satisfies the Decision Standards. Planning Commission, in its recommendation, and Council in its decision may waive or modify dimensional regulations of the Zoning Code, or impose more strict regulations and any additional conditions, guarantees, and safeguards it deems necessary to satisfy the purposes of this Zoning Code. Dwelling unit density cannot be waived.
- (c) Council may require the developer to file performance bonds with the City to guarantee completion of any public utilities associated with the planned development and any elements of the plan that are necessary to its success, if abandoned by the developer.

1145.12 Design.

- (a) Arrangement.
The physical arrangement of a planned development is not subject to the specific dimensional regulations that apply in the underlying zoning district, except as specifically

noted in this Chapter. Land uses may be distributed throughout the site and throughout individual buildings in whatever manner is best suited to a particular planned development. Structures, vehicle management areas, open spaces, landscaping, and other elements may be distributed throughout the site in whatever manner is best suited to a particular planned development and the surrounding area.

(b) Land Area.

A planned development shall be a minimum of 1 (one) contiguous acre or more.

(c) Land Use.

(1) The following land uses are permitted in proportion to those portions of a planned development that overlay an existing residential zoning district:

- A. Any land use permitted in any residential zoning district in this Code, except Mobile Homes.
- B. Institutional, public, and semi-public land uses that serve the planned development or the general public.
- C. Commercial land uses, if the total land area of the planned development is greater than 10 acres and if the commercial land use is intended to serve the planned development only. Such commercial land uses shall be limited as follows:
 - 1. No signs that are visible from outside of the development.
 - 2. No direct vehicular access to a public thoroughfare.
 - 3. No less than 95 percent of the total land area shall be devoted to residential land uses.
 - 4. No separate structure intended to be used, in whole or part, for commercial land uses shall be constructed prior to the construction of not less than 50 percent of the dwelling units.

(2) The following land uses are permitted in proportion to those portions of a planned development that overlay an existing commercial zoning district:

- A. Any land use permitted in the underlying zoning district.
- B. Any land use permitted in any residential zoning district in this Code, except Mobile Homes.

(3) The following land uses are permitted only in the portions of a planned development that overlay an existing industrial zoning district:

- A. Any land use permitted in the underlying zoning district.

(4) The land uses permitted in a planned development may be distributed as follows:

- A. If a single planned development overlays more than one zoning district, then the land uses permitted according to this Section may be distributed throughout the entire planned development site.
- B. If a planned development includes land uses permitted only in an industrial zoning district, then those land uses may only be located in that portion of the planned development that overlays the industrially zoned land.

(d) Residential Density.

Residential density shall not exceed 110 percent of the density permitted in the underlying zoning district. Residential land uses in a planned development that overlays a commercial zoning district shall not exceed the density of the R1B Single-Family Medium-Density Residential Zoning District. Area devoted entirely to non-residential land uses, including buildings, vehicle management areas, and other associated land use elements shall be excluded from the area used to calculate residential density.

(e) Dimensional Regulations.

(1) Building Heights shall be limited as in the underlying zoning district, regardless of land use.

(2) Front setbacks shall be limited as in the underlying zoning district.

(3) All buildings and vehicle management areas shall be setback from the perimeter of a planned development no less than:

- A. Residential zoning district - 25 feet.
- B. Commercial zoning district - 25 feet.

- C. Industrial zoning district - 50 feet.
- (f) Open Space.
- (1) No planned development shall have less than 20 percent open space, which includes any area not less than 50 by 50 feet, not including the required setbacks, and includes nothing other than natural area.
 - (2) Lot coverage shall be regulated according to the underlying zoning district, except that lot coverage for the residential portion of any planned development shall not exceed 40 percent.
- (g) Sensitive Development Area.
- A. A Sensitive Development Area is defined as any land(s) or soil(s) proposed to be developed that, if subjected to improper use or management, is otherwise determined to be incapable or unsuitable of urban use. Sensitive Development Areas can also be considered those lands that pose special hazards to development or the environment, consisting of lands or soils of such sensitive character that they may require special use, design and engineering restrictions.
 - B. For the Preliminary Planned Development, the applicant must create an inventory of sensitive environmental area identified in subsection (g)D.(1) to (8) from publicly available resources such as Butler County Soil and Conservation District, OKI, OEPA, ODNR, HAPC, FEMA, USFWS, OHPO and other public entities. This information shall be provided with the preliminary application. Design of the site shall be based on site information obtained from those public entities. An existing landscape plan shall be submitted with each application. The landscape plan shall identify existing trees, natural features and other landscaping elements.
 - C. After the approval of the Preliminary Planned Development, the applicant must develop a detailed site analysis of sensitive environmental areas on the site, conducted by firm(s) specialized in the areas, at a minimum: Ecological Survey, and Environmental Site Assessment. Other documentation may be required based on the site and the discretion of the Planning Commission, including, but not limited to: Stream and Wetland Mitigation, Water Way Permits, Archaeological Inventory, Historic Architecture Inventory. The applicant must also provide reports of the analyses following current professional norms for the discipline. It will be the Planning Commission's role to review information submitted by the applicant on each discipline to make the recommendations to City Council.
 - D. Design of the proposed Planned Development site shall be based on the site information obtained from those public entities. To the maximum extent practicable, development shall be located to preserve the natural features of the site, to avoid areas of environmental sensitivity, and to minimize negative impacts and alterations of natural features. The following specific areas shall be preserved as undeveloped open space, and in accordance with the U.S. and Ohio Constitutions and state or federal regulations:
 - (1) Unique and/or fragile areas, including wetlands, as may be defined in Section 404, Federal Clean Water Act, as amended; and in Ohio Environmental Protection Agency standards.
 - (2) Land in the floodway as identified and mapped using the Federal Emergency Management Agency's Flood Hazard Boundary Maps. Federal Emergency Management Agency in scientific and engineering reports entitled 'Flood Insurance Study for Butler County, Ohio and Incorporated Areas' effective 12/17/2010, with accompanying Flood Insurance Rate Maps for Butler County, Ohio and Incorporated Areas effective 12/17/2010 and any revisions thereto are hereby adopted by reference and declared to be part of this chapter.
 - a. 100 foot natural buffer shall be maintained adjacent to all permanent and natural surface waters, springs, and wetlands. Development of this area is regulated as follows:
 1. Natural vegetation shall be maintained.

2. No structures shall be built or improvements made, except as follows:
 - (a). Walking paths, bicycling paths, and the like, including infrastructure necessary to facilitate their development are permitted anywhere within the buffer.
 - (b). Roads and associated infrastructure are permitted in the buffer to facilitate crossing such water elements.
 - (c). Any improvements approved in a final plan.
 - (d). Any public safety or public utility improvements not associated with the planned development, but deemed necessary by the Service Director, Police Chief or Fire Chief.
- (3) Steep slopes fifteen (15%) percent or more, unless appropriate engineering measures concerning slope stability, erosion, and resident safety are taken into account.
- (4) Habitats of endangered wildlife, as identified on federal and state lists.
- (5) Historically and culturally significant structures and sites, as listed on, but not limited to, the National Register of Historical Places or on the local inventory of historic places maintained by the City of Oxford's Historic Architectural Preservation Commission.
- (6) Aquifers and tributary drainage systems.
- (7) Tree growth areas or urban forested areas as defined in Chapter 935, of the Codified Ordinances of Oxford.
- (8) Any area as identified on Map 3.3 of the Comprehensive Plan.
- E. The development shall be laid out to avoid adversely affecting groundwater and aquifer recharge; to reduce excavation and embankment; to avoid unnecessary impervious cover; to prevent flooding; to provide adequate access to lots and sites; and, to mitigate adverse effects of noise, odor, traffic, drainage, and utilities on neighboring properties. The placement of buildings shall take into consideration topography, building height, orientation and drainage. Storm water Best Management Practices in Low Impact Development Designs are desirable and encouraged. City guidelines for these practices and designs can be found in the City of Oxford Storm Water Management Design Manual
- F. If the Planning Commission, or its designated representative, may require the applicant to submit a statement in order to demonstrate that satisfactory efforts have been made to mitigate any special hazards posed to the site if these sensitive lands are subjected to improper use or management. The statement, if required, shall be submitted in one or more of the following forms:
 - (1) The statement shall describe in detail the extent of encroachment on any Sensitive Development Area, the extent and nature of the proposed alteration, the environmental impacts resulting from the proposed alteration, and the proposed methods of mitigation.
 - (2) A Geotechnical Report and/or a Wetlands Assessment/Delineation, prepared by a professional engineer, licensed in the State of Ohio, or by a specialist in Streams and Wetland. This report can be in lieu of a development narrative.
- (h) Landscaping and Screening.
 - (1) A planned development shall satisfy all landscaping elements required by other sections of this Code.
 - (2) The required perimeter setback area shall be retained in natural woods or suitably landscaped with grass, ground cover, shrubs, trees, or earthen mound.
 - (3) A planned development that overlays a commercial or industrial zoning district that is adjacent to a residential zoning district shall be screened from the residential

zoning district by a dense evergreen hedge a minimum of 8 feet tall and 10 feet wide at planting and that will maintain at least 90 percent opacity over time.

(i) Access and Mobility.

- (1) At residential densities greater than would be permitted in the R-1A District, have direct and principal access from a collector or arterial road.
- (2) Bicycle rack spaces shall be provided at all planned developments that overlay a commercial zoning district at a rate of 3 per acre.
- (3) Adequate pedestrian connectivity shall be provided to and through a planned development.

(j) Utilities and Infrastructure.

Electric and telephone facilities, street light wiring, and other wiring conduits and similar facilities shall be located underground.

(k) Plan-Specific.

Any other design elements deemed necessary by Planning Commission and Council to ensure that a planned development satisfies the decision criteria of this Chapter.

Memo
Service Department
Engineering Division
513/524-5208

TO: Community Development Department

FROM: Scott Otto, P.E.
City Engineer

RE: Application #PPC-2021-19
1986 Lake Forest Drive – Final Planned Development

DATE: June 30, 2021

The Engineering Division offers the following comments:

- The proposed construction plans show a 4' wide sidewalk along the private streets. A 5' wide sidewalk is the minimum width on public streets and is the typical minimum width used in recent PUD's or other developments.
- Provide additional information for the proposed width and material of the pedestrian path and bridge between Lilac Lane and Ashford Oak Dr.
- Development of an Easement Plat for this PUD will need to stipulate maintenance responsibility for water and sanitary sewer utilities within the proposed Utility and Access Easements.

You are receiving this notice because your property is located within 200 feet of a site set for consideration by the Oxford Planning Commission and City Council for future development that requires special approval.

CASE NO.: **PC-2021-19**

CASE TITLE: **FINAL PLANNED DEVELOPMENT, 1986 Lake Forest Drive, South Forest Edge Section One, formerly referred to as Lake Forest Phase 1, 36 single-family condominium dwelling units, 4 Leaf Development LLC, Applicant**

HEARING DATE: **July 13, 2021, 7:00pm**

LOCATION: **Oxford Courthouse, 118 West High Street, Oxford OH 45056**

DESCRIPTION: The applicant is requesting approval of a Final Planned Development for an 11 acre site located along Lake Forest Drive, east of US 27 and south of The Annex. The project is planned to consist of 36 single-family homes along private streets intersecting with Lake Forest Drive, and will be built in two phases on either side of a drainageway. The two phases are to be linked by a pedestrian bridge. According to the applicant, the homes are planned to be 2 and 3 bedroom, 1 and 1 1/2 stories, with 2-car garages and full basements. An HOA is to be established for the purpose of maintaining private streets, open spaces, and landscaping, as well as snow removal. This project received Preliminary Planned Development approval by the Oxford City Council on March 2, 2021. The main site plan submitted as part of the Final Planned Development application is pictured on the back of this notice; to examine the plan in greater detail, an electronic version (PDF) is available upon request.

You are welcome to attend the scheduled City of Oxford Planning Commission hearing as noted above. If you cannot attend, but would like to comment on this matter, please complete this form and return it at your earliest convenience to **Planner Zachary Moore, 15 S. College Avenue, Oxford, OH 45056**. You may also email any comments or questions to zmoore@cityofoxford.org.

You can view the most up to date meeting information and materials at any time by going to: cityofoxford.org/planning-commission and clicking on the upcoming meeting date

Submission Requirements and Documentation

The application requirements (Section 1145.05¹) for a preliminary and final planned development are different. The final planned development application requires a greater degree of accuracy and completeness than does the preliminary planned development application. This section describes the application content requirements for each step of the process.

Thirteen (13) complete sets of all information shall be submitted with each preliminary and final application. If any information is submitted in color or on non-standard paper, more copies may be required. The Zoning Administrator may modify this requirement based upon

the type of materials included. **The applicant shall contact the Zoning Administrator prior to submitting an application to discuss the submission requirement.**

(a) Preliminary Plan.

- (1) Application fee.
- (2) The name, mailing address, and telephone number of the applicant and all property owners.
- (3) If the applicant is not the owner, or if there are multiple owners within the proposed area, a statement from all owners that the applicant is entitled to apply on their behalf, and that they agree to be legally bound to any decision reached according to this Chapter.
- (4) The name, mailing address, and telephone number of any planner, engineer, surveyor, or other design professional who assisted with preparation of the plans.
- (5) Description of use and site. A written, detailed description shall include the following information. A separate response is required for each subsection.
 - A. A legal description of the site, including all separate lots.
 - B. A description of the existing uses of the site.
 - C. The zoning districts in which the site is located.
 - D. A description of the proposed planned development.
 1. The number of housing units by size and type proposed within each phase.
 2. A description of any nonresidential operations, including type of goods sold, services performed, and expected number of customer, clientele, delivery, and service vehicles.
 3. The hours of operation of any nonresidential use.
 4. A phased development schedule, if applicable, that indicates the location and timing of phases and demonstrates that each completed phase would form a reasonably independent unit if succeeding phases were abandoned.
 - E. A narrative statement that evaluates the compatibility of the proposed planned development with the general vicinity and adjacent properties.
 1. How the proposed uses are similar to or different from existing area uses and if there will be any interaction between the proposed site and adjacent sites.
 2. How any existing structures, proposed structures, and the site design relate to adjacent structures and sites.
 3. If the proposed uses will involve any operations that create potential nuisances such as excessive noise, lighting, odor, fumes, vibration, or emissions.
 4. How any potential negative effects on adjacent land will be mitigated.
 - F. A statement about why the location proposed is appropriate for the planned development.
 - G. A statement of the necessity or desirability of the proposed planned development to the neighborhood or community.
 - H. How the proposed mix of dwelling types and/or commercial uses advances community goals of diversity, affordability and market changes (e.g. adaptability of flats versus townhomes)
 - I. Proposals for the provision of public utilities and services, if insufficient or not available for the planned development, or for the provision of suitable private utilities and services.
 - J. A general analysis of expected traffic impact, including vehicular and pedestrian safety, resulting from the proposed development.
 - K. The substance of proposed covenants, easements, and other restrictions on the land and structures.
 - L. A list of the names and mailing addresses of all landowners within 200 feet of the site.
 - M. Such other information regarding the proposed uses, site design, or surrounding area as may be pertinent to the application or required by Planning Commission or Council.
- (6) Site plan. A scaled site plan shall include the following information in detail. The required information may be submitted on multiple site plans if inclusion of all information on a single plan makes it illegible or difficult to understand.
 - A. North arrow.
 - B. Scale.
 - C. Vicinity map.
 - D. All existing and proposed lot lines within the site.
 - E. Dimensions of all lots and of the entire site and any adjacent rights-of-way.
 - F. The location and intended purpose of all open spaces
 - G. Approximate location, height, dimensions, and use of all proposed and existing structures.
 - H. Approximate location and number of different uses (i.e. dwelling types and/or commercial uses).
 - I. Approximate location and design of all proposed vehicle and pedestrian routes and nonresidential vehicle management areas.
 - J. Approximate location and size of all existing and proposed utilities that will serve the planned development.
 - K. Approximate location, size, and type of all proposed signs.
 - L. Approximate location, height, and type of all proposed screening and landscaping.

- M. Distances to residential zoning districts if within 1,000 feet.
 - N. The use of land and location of structures on adjacent property and across adjacent rights-of-way.
 - O. The location of any nearby schools and commercial facilities.
 - P. Other information as required by the Planning Commission or Council.
- (7) Landscape plan.
- A. The plan shall demonstrate compliance with the requirements of Chapter 1148.
- (8) Elevations. Elevations of proposed structures or typical elevations if structures are not yet designed.
- (9) Other. Photographs of the existing site and its surroundings.
- (10) Digital Submittal. Adobe PDF version of all information submitted to also be submitted on a current digital format.
- (b) Final Plan.
- (1) The same items and information as required for the preliminary plan, except that the approximations shall be refined to specific locations, dimensions, and descriptions.
 - (2) A detailed traffic impact analysis, including all modes of transportation, prepared by a qualified professional engineer
 - (3) Any additional description or information requested by the Planning Commission or Council during the preliminary plan approval process.
 - (4) Detailed agreements, contracts, deed restrictions, and sureties that will be used to guarantee performance of the development during and after construction.

Surrounding Property Owners

On a separate sheet, provide the parcel numbers, names, and mailing addresses of all property owners within 200 feet of all boundaries of the property in question. The [Butler County Auditor Real Estate Search](#)² is helpful when searching for the mailing address of adjoining property owners. It allows you to search by owner, address, or parcel number.

Decision Process

A preliminary plan shall be approved prior to approval of a final plan, although the processes can be concurrent for small, single phase developments. Both preliminary and final plan approval require a Planning Commission recommendation and Council approval. The review is based on the General Decision Standards found in Section 1145.06¹.

Fees & Receipt

The fees for a Preliminary, Final, or combined Preliminary and Final Planned Development application are \$570.00 plus \$100.00 per acre, plus \$10.00 postage charge.

Sign and Date

Submit Application, Submission Requirements and Documentation, and Fees

We will not accept incomplete applications and/or plans and documentation.

Send or drop off this application with required plans containing all required information as attachments and a check for fees and postage charge made payable to **City of Oxford**, to Community Development Director, 15 South College Avenue, Oxford, OH 45056.

Direct questions to the Community Development Dept. at 513-524-5204. The application will be placed on the next possible agenda.

Note: You must adhere to notification and publication requirements. Submit materials 45 days prior to the proposed Planning Commission meeting on which the action is requested. City Staff will place a public hearing sign on the subject property. **The Applicant is responsible for removing the signage at the completion of the hearing(s).**

LETTER OF AGENCY

To Whom It May Concern:

Please be advised that Scott Webb, Architect and Bayer Becker have permission to represent our interest with the City of Oxford and act on our behalf for all public hearings associated with the Final PUD Application for South Forest Edge Section One at our property located at 1986 Lake Forest Drive, Oxford, Ohio 45056.

Thank-you,

Signed: 

Jim Clawson

Re: 1986 Lake Forest Drive
South Forest Edge Section One
Final PUD Submittal

Dear Mr. Moore:

Enclosed please find the following items in support 4 Leaf Development LLC's Application for Final Planned Development approval for South Forest Edge Section One to be located on the north corner of the intersection of US 27 and Lake Forest Drive:

- 1) It is understood that fee payment shall be made separately through BSA Online
- 2) Digital copies of each of the following:
 - a. Executed Planned Development Application
 - b. A Letter of Agency expressing that Scott Webb, Architect and Bayer Becker have permission to represent the Applicant
 - c. List of property owners within 200 feet of the site
 - d. Construction Drawings with Planting Plan
 - e. Final Development Plan
 - f. Typical Building Elevations
 - g. Bridge Elevation
 - h. Photos of the subject site and surrounding area were included with the Preliminary Planned Development Submittal
 - i. Draft HOA Covenants and Restrictions
 - j. Legal description of the property
 - k. Email correspondence from Licensed Geotechnical Engineering confirming soil suitability for Water Quality Basin Construction, dated May 28, 2021.

Formal application, along with supporting documentation, has been made online.

- 3) Applicant:
*4 Leaf Development LLC
125 West Spring Street
Oxford, Ohio 45056
513-524-9500*

Owners:
*4 Leaf Development LLC
125 West Spring Street

5) Description of use and site:

a. A legal description of the subject property has been included with this submittal.

b. The property is currently vacant.

c. The property is zoned R-2A Planned Development.

d. A description of the proposed planned development:

i. The number of housing units by size and type proposed within each phase.

South Forest Edge Section One is a single family residential development wherein the homeowner purchases the home only and the surrounding land is owned and maintained by the Homeowners Association (HOA).

The development shall consist of 36 single family homes located along private streets. Building pads vary in size to conform to the character of the existing site. Building pads shall be located a minimum of 20 feet from the private streets and a minimum 10 feet from an adjacent building pad.

The development is proposed as 2 and 3 bedroom, 1 and 1½ Story units with 2-car garages and full basements.

The HOA will be responsible for the maintenance of the private streets, snow removal for all the residences, and maintenance of the open spaces, site amenities, and all the lawns and landscaping around the homes.

ii. A description of any nonresidential operations, including types of goods sold, services performed, and expected number of customer, clientele, delivery, and service vehicles.

Not applicable.

iii. The hours of operation of any nonresidential use.

Not applicable.

iv. A phased development schedule, if applicable, that indicates the location and timing of phases and demonstrates that each completed phase would form a reasonably independent unit if succeeding phases were abandoned.

Not applicable.

e. A narrative statement that evaluates the compatibility of the proposed planned development with the general vicinity and adjacent properties.

i. How the proposed uses are similar to or different from existing area uses and if there will be any interaction between the proposed site and adjacent sites.

When Southpointe Crossings was annexed into the City of Oxford, this section was zoned R2-A, allowing higher density through smaller lots and 2-family residences. The proposed development respects those guidelines, providing smaller residences on smaller (virtual) lots. This area is separated from existing student housing by the grade and vegetation of Lick Run creek, providing a housing type we feel is underrepresented in the market.

- ii. How any existing structures, proposed structures, and the site design relate to adjacent structures and sites.

There are no existing structures on the site. Future single-family residential development is anticipated on the east side of Lake Forest Drive.

- iii. If the proposed uses will involve any operations that create potential nuisances such as excessive noise, lighting, odor, fumes, vibrations or emissions.

The proposed use, residential, will not involve any operations that create potential nuisances.

- iv. How any potential negative effects on adjacent land will be mitigated.

The development is designed to provide or exceed the perimeter setback and represents an internally focused, stand-alone development with lower density than anticipated by the zoning designation.

- f. A statement about why the location proposed is appropriate for the planned development.

The Planned Development in this location serves the goals of the planned development purpose statement, and provides the opportunity for a private development, managed and controlled by a Home Owners Association (HOA). While a subdivision, by contrast, would likely provide similar density, it would not provide for comprehensive planning of the site and buildings, being governed solely by zoning restrictions with public streets and utilities.

- g. A statement of the necessity or desirability of the proposed planned development to the neighborhood or community.

The Planned Development is necessary and desirable for the community, providing options that are currently underserved. The long-term viability, stability, and success of Vereker Farms is evidence of the desirability of this type of development.

- h. How the proposed mix of dwelling types and/or commercial uses advances community goals of diversity, affordability and market changes.

As addressed above, we feel the proposed development provides a type of housing underrepresented in Oxford; small, accessible 1 and 1-1/2 story homes with exterior maintenance provided by a Home Owner's Association. This development will provide new housing alternatives for a variety of families, including first time home buyers, "empty nesters", and faculty, and has convenient access to areas south of the City via US 27 for commuters.

- i. Proposals for the provision of public utilities and services, if insufficient or not available for the planned development, or for the provision of suitable private utilities and services.

Public water is available along Lake Forest Drive and will be extended within the development. Sanitary sewer will be extended to the site and throughout the development. Stormwater quality BMPs have been provided within the development.

- j. A general analysis of expected traffic impact, including vehicular and pedestrian safety resulting from the proposed development.

With the construction of Lake Forest Drive, a Traffic Impact Study was submitted to ODOT and the City which accounted for the development of this property, as well as the adjacent vacant land within the Southpointe Crossings development. A southbound left turn lane was constructed on US 27 to mitigate the impact of both the proposed and future development.

Sidewalk will be constructed along US 27, Lake Forest Drive and the private streets within South Forest Sedge Section One, to accommodate pedestrians.

- k. The substance of proposed covenants, easements and other restrictions on the land and structures.

Enclosed please find draft Covenants and Restrictions for South Forest Edge Section One.

The enclosed Final Planned Development confirms to all conditions of City of Oxford Ordinance 3613 pertaining to the Preliminary Planned Development submittal for South Forest Edge Section One. Please place this item on the July 13th Planning Commission Meeting agenda.

Should you have any questions, or need any additional information, please do not hesitate to contact us.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Etta M. Reed', with a stylized flourish at the end.

Cc: 4 Leaf Development LLC

Date: May 27, 2021
Description: Pt. Lot #3716
11.6629 Acres
Location: City of Oxford
Butler County, Ohio

Situated in the State of Ohio, Congress Lands West of the Miami River, Section 36, Town 5, Range 1, City of Oxford, Butler County and being 11.6629 acres of land in part of Lot #3716 of the designated list of lots in the City of Oxford and being the lands of 4-Leaf Development, LLC as recorded in Official Record 7669, Page 950 of the Butler County, Ohio Recorder's Office and being further described as follows:

Commencing at the southwest corner of Open Space Lot #3715 (F.K.A. Lot #8 of Southpointe Crossing, Section One as recorded in Plat Envelope 4020, Pages A-B) and being on the westerly boundary of said part of Lot #3716 and being on the easterly boundary of the lands of Dirk and Amy Hines (7.507 Ac.) as recorded in Official Record 8469, Page 1023 of the Butler County, Ohio Recorder's Office and being the **True Point of Beginning**;

thence, leaving the easterly boundary of said lands of Dirk and Amy Hines (7.507 Ac.) and with the southerly boundary of said Southpointe Crossing, Section One and with the northerly boundary of said part of Lot #3716 for the following six courses:

- 1.) North 70° 59' 47" East, 85.38 feet;
- 2.) North 57° 36' 25" East, 80.70 feet;
- 3.) North 32° 22' 25" East, 110.14 feet;
- 4.) North 22° 37' 31" East, 102.20 feet;
- 5.) North 00° 44' 30" West, 143.90 feet;
- 6.) North 35° 24' 04" East, 49.34 feet to the southerly boundary of Open Space Lot #3858 of the Re-Plat of Southpointe Crossing, Section One as recorded in Official Record 8905, Page 991 of the Butler County, Ohio Recorder's Office;

thence, leaving said boundary of Southpointe Crossing, Section One and with the boundary of said Re-plat of Southpointe Crossing, Section One and continuing with the boundary of said part of Lot #3716 for the following four courses:

- 1.) North 88° 11' 02" East, 56.88 feet;
- 2.) South 81° 47' 13" East, 104.46 feet;
- 3.) North 00° 28' 30" East, 238.26 feet;
- 4.) with a curve to the right, having a central angle of 10° 03' 05", a radius of 1100.00 feet, an arc length of 192.97 feet and a chord bearing and distance of North 05° 30' 03" East, 192.73 feet to the westerly right of way of Lake Forest Drive as dedicated in Official Record 9533, Page 593 of the Butler County, Ohio Recorder's Office;

Subject: RE: South Forest Edge Section 1
Attachments: South Forest Edge Borings.pdf

Hi John,

I hope you are doing well.

I reviewed our borings in the area (attached). Boring B-4 hit shallow bedrock (~2.5-ft). Boring B-5 and B-6 encountered bedrock deeper (10 to 13-ft). The overburden soils in each of the 3 borings consisted stiff to hard cohesive (low permeability) soils. These soils will retain water for some time and are generally good soil for use as pond liners. Might want to scarify and recompact the upper 12-in once the pond is excavated.

Thanks,

Ben Dusina, PE

Ben,

Have you had an opportunity to look into the suitability of the soils for north water quality basin for South Forest Edge Section One? Let me know what you might need from me.

Thanks,

NOTES

The running slope of the ramp is preferred to be 12:1 or flatter. In existing situations, the running slope of the ramp may be steeper than 12:1 due to existing constraints (e.g. utility poles or vaults, right-of-way limits). It may be reduced as follows:

- A) 10:1 for a max. rise of 6".
- B) 8:1 for a max. rise of 3".
- C) 6:1 over a max. run of 2'-0" for historic areas where a flatter slope is not feasible.

To prevent chosing the grade inademately, the transition from existing sidewalk to the shaded curb ramp area is not required to exceed 15 feet in length.

While ramps may be sloped to the crosswalk, the entire lower landing area shall be sloped to the crosswalk and shall serve as a ramp and cannot be sloped in the transverse direction of opposing traffic.

The counter slope of the gutter or street at the foot of a curb ramp, landing, or blended transitions shall be 20:1 or flatter.

The bottom edge of the ramp shall change planes perpendicular to the landing. The edge of the curb shall be flush with the edge of the adjacent pavement and gutter and surface slopes that meet grade breaks shall also be flush.

Ramp landings shall be 4' min. x 4' min. with a 50:1 or flatter cross slope and running slope.

DETECTABLE WARNING: Install Detectable's Warnings on each curb ramp with a sloped transition. Install these proprietary products as per manufacturer's written instructions.

DRAINAGE: Contractor is to ensure the base of each constructed curb ramp is sloped to the gutter or street. The ramp shall be sloped to the gutter or street. Vertical change in level exceeding 1/4" between the 1) pavement and gutter, and 2) gutter and ramp, are not allowed.

SURFACE TEXTURE: Texture concrete surfaces by coarse brooming transverse to the ramp slopes to be rougher than the adjacent walk.

JOINTS: Provide expansion joints in the curb ramp as extensions of walk joints and consistent with Item 608.03 requirements for a new concrete walk. Provide a 2" Item 705.03 expansion joint filler around the edge of ramps built in existing concrete walks. Lines shown on this drawing indicate the ramp edges and slope changes, and do not necessarily indicate joint lines.
