Proclamation

Whereas:

on August 26, 1920, the Nineteenth Amendment was certified as part of the Constitution, assuring that "the right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex"; and

WHEREAS, we recognize that people's attitudes cannot be changed by laws alone, that prejudices still exist and stand in the way of progress for women, we therefore, must do all that we can to overcome the barriers against what is fair and right by providing an equal opportunity for all; and

WHEREAS, we celebrate today the One Hundred Second Anniversary of the ratification of the Nineteenth Amendment as well as the One Hundred Second Anniversary of the founding of the League of Women Voters of the United States; and

WHEREAS, we celebrate the Sixty-Ninth Anniversary of the founding of the League of Women Voters of Oxford, Ohio.

NOW, THEREFORE, I, William B. Snavely, Mayor of the City of Oxford, Ohio, do hereby proclaim Friday, August 26, 2022:

and urge all citizens to join in celebrating our nation's progress of providing "Equal Opportunities for all".

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the City of Oxford to be affixed this 26th day of August, 2022.

The City of Oxford has spent a vast amount of money and effort developing the OATS trails. We can all agree that the results are wonderful. But all that work is pointless if the trails are not comfortable and safe for everyone, which means for people of all ages and abilities. Nobody should have to face a stranger’s uncontrolled pet; nobody should risk slipping on dog feces. These are the risks on the

OATS trails now. My suggestion is that we need to answer the public's questions with simple, clear signage. At each trailhead a large sign should state the rules, with reference to specific ordinances so that people are informed about what is required of them. For examples of simple, clear, and large signage, the signs at the trailheads in Hueston Woods provide an excellent model. I suggest you take a look at them. The public needs answers to the following questions: Are dog owners required to have their dogs on leashes? Where and when is this required? Does this apply to all public land according to our City ordinances? If so, which ordinance and what is the penalty for violations? Are dog owners required to pick up their dogs' feces? What are the penalties? Where is this written in our ordinances? Are bicycle riders and runners required to alert walkers when passing (saying "on your left" loudly for example)? Is this required by law or just a courtesy? What about littering and trash on the trails? What about lost and found objects? What are the phone numbers to call? Are the mile markers enough information for a hiker to share the location of the incident? What is the email for reporting? People need to know about requirements for keeping dogs on leashes, dog-owners picking up their own dog's feces, bikers and runners alerting that they are passing on the left, not littering, and the telephone numbers and email addresses to alert the City to emergencies and to submit complaints. This information should be posted on all the relevant websites and Facebook pages. There is an OATS Facebook page that lacks helpful information at this time. That should be corrected as soon as possible. In addition to signage, the existing maps posted on the trails should be updated so they are larger and clearer. In a society full of angry people, we need to get out the information before more serious incidents happen. In the last year I have witnessed two incidents in which dog-owners screamed obscenities or yelled accusations at walkers because they did not see dog-leash laws. "Where does it say that my dog has to be on a leash?," yelled an angry dog owner near Peffer Park last fall. It should not up to me to explain why their dogs should not be running off a leash. It is up to the City to protect the public in its entirety—young, old, strong, frail, recovering from broken bones, hearing impaired, visually impaired, autistic, anxious-- all of whom use our trails. If we don't address this problem, we will lose the peaceful beauty of our natural areas. I wrote about this problem to the City Manager and Assistant City Manager and look forward to receiving an adequate response. This is a managerial issue that overlaps several City departments, several kinds of natural areas, and the Enjoy Oxford staff. Cooperation with the Miami Natural Areas, the Three Valley Trust (for the Ruder Preserve), the City's parks, the Mill Run Metropark, and the OATS trails is needed. Are the rules the same in all those places? I would like to know so that I can plan my routes. If we don't know, how can we decide where to go to avoid places where dog owners are allowed to let their animals run wild? So, the public needs to know what the laws are and what's common courtesy and common sense. Without that information spelled out, the most serious question remains: if someone were to get hurt, where do the dog owner's or the biker's or the runner's liability end and the City's begins? If our ordinances are not clear, I ask the City staff with legal counsel to prepare ordinances that cover these issues for the protection of the public. I ask City Council to enact such ordinances. I urge City staff and Council to approve and implement clarifying signage as soon as possible. With students coming back to town, now is a great time to get the word out about the trails. How much can clear signs cost? A few hundred dollars? That's a small price compared to what

we've already spent on the trails. To protect the public, it's worth it, and certainly a lot less costly than a lawsuit would be. Thank you, and thank you for keeping me informed about this issue.

A friend advised me to explain to you why I am concerned about controlling pets, because without knowing the experience I had last week, you may think that my previous comment to Council came out of the blue and had no basis. So please allow me to make this addendum to my previous comment: As a fan of the OATS trails, I was in the habit of walking there nearly every day. Last week I

was walking on the coal ash trail when a man and a woman with an unleashed dog were coming toward me. I stopped and hoped they would put a leash on the dog. Seeing me, they leashed their dog. I walked forward, smiled, and said "thank you". The man shouted that their dog was apparently a lot nicer than I was and wouldn't hurt anyone and that I was more likely to hurt the dog than vice versa. The woman started yelling, "Are you going to call the police, bitch?" I said, "No, of course not." She continued to swear at me, hurling verbal insults and obscenities that don't bear repeating. I walked passed quickly while she kept swearing at me. I rushed to my car and locked it. I was afraid about what they might do next. I drove away. This experience shook me, so I explained my concerns in an email to the City Manager and Assistant City Manager, asking for signage on the OATS trail only to learn that we don't have a leash law unlike other Ohio jurisdictions. I ask that the City implement leash laws for pets on public property. The Ohio Code uses the terminology "reasonable control" of pets, which I'm sure you agree is vague and unclear. We need leash laws so that all people and animals can feel safe in our beautiful natural areas and trails, which are public property. We know that uncontrolled aggressive dogs have been known to attack other dogs, so surely such laws would be favored by dog-owners as well as pedestrians, bikers, skateboarders, and runners, people of all ages and abilities who enjoy the trails. Thank you.

"Trail Etiquette" I like the sign that greets me when I walk the OATS trails. "Etiquette" sounds a bit old-fashioned, welcoming , and the list of regulations that follows is easy to understand--with one exception. What's clear is that there may be No ATV's and No Horses. I understand who yields and when. I'm pleased to read "Be kind," but puzzled by the regulation regarding pets: Control and pick

up after pets. Well, of course picking up after pets means using a plastic bag, but just what does "control" entail? It turns out that under 505.01 Dogs and Other Animals Running at Large, I have found the answer. Though the language is somewhat antiquated, the meaning of "control" is clear. ORC 955.22 reads: No owner, keeper, or harborer of any dog shall fail at any time to do either of the following: (1) Keep the dog physically confined or restrained upon the premises of the owner, keeper, or harborer by a leash, tether, adequate fence, supervision, or enclosure to prevent escape. Why, I wonder, must a dog be tethered on private property, but not on public property? For everyone's safety, dogs must be leashed on the OATS trails.

I wish to draw attention to general ORC 955.22 stipulating that dogs are to be kept "under the reasonable control of some person." Presumably this applies to all public spaces in Oxford including streets, parks and the Oxford Area Trails System (OATS). "Reasonable Control" is clearly open to several interpretations but under no circumstance ENSURES the emotional and physical safety of the

people it is supposed to protect. This is especially true of the increasingly popular trails used at all hours of the day, seven days a week and most months of the year. On these trails a dog under proper control is a dog on a leash. It is NOT a dog under the "reasonable control of some person." Nor is it reasonable for City Council to expect users of the trails (whether they be infants, children, walkers, runners, seniors with or without disabilities etc.) who feel in any way threatened or frightened by unleashed dogs (and some do so feel) to call the Oxford Police. It will cost Oxford taxpayers nothing to immediately require leashes on dogs at all times in public spaces and especially on the trails. Forcing trail users to have recourse to the Police in the event of PREVENTABLE dog-related incidents is irrational and not without cost.

Our beautiful OATS trails are being used more than ever and I am so happy that people are choosing to get outside, immerse themselves in nature, exercise, and take leisurely walks and explore new settings. I often see older people enjoying themselves on their leisurely walk, runners or fast walkers , bicyclists, families treading along with their small kids, nature photographers observing birds with

their binoculars, people taking pictures of seasonal wildflowers and pet owners with their dogs on leash. How can Oxford guarantee that the delicate balance among these multi needs are respected and that this idyllic picture of our beloved trails be preserved? I would suggest a system of clear regulation and signage whereby trail etiquette and ordinances are clearly stated and visible on the trails to the public. For example, when on the trail, be sure your dog is on a leash - which has not always been the case. I do love my pets but I am also mindful that not everyone is a dog person and when I am in a public space, I respect other people’s space. Trails can become busy places and how do I know if I encounter an unleashed dog running, that they will respond to their owners? What if the dog is reactive to kids, other dogs and people or has poor recall? And what if the dog paws are slapping all over me? It would seem that the easiest way to ensure control is to leash your dog while it is out with you on a trail. The hiking trails are there for everybody to use and it is not fair that your dog running unleashed is ruining the experience for someone else.

I'd like to support the need for Oxford to have clearer regulations requiring pets to be leashed when using our public streets, trails and parks. Our streets and the OATS trail system should be safe and accessible to everyone. I have noticed increasingly that some dog owners allow their pets to run off leash particularly on the trails. I've personally been involved in two OATS trail instances where a

barking dog ran toward me without the owner in sight. Having a barking dog charging my way, is a threatening situation for me. I don't think I should have to worry about whether I will encounter an unleashed and uncontrolled dog on the public streets or trails. This can be a threatening situation for many people – parents with young children who might be scared, people with disabilities of various sorts, older people with balance issues and other pet owners who may have a their own dog on a leash that is fearful or otherwise vulnerable to an unleashed animal. If the only limiting factor is for dogs to be under "reasonable control" of some person, who determines that? Does someone 10, 20 or 100 feet away have control of the dog that's charging at me? I may not think so. The owner who's yelling the dog's name from a distance probably would say otherwise. What about the five-year-old child facing the same situation who starts screaming and causes the situation to escalate? Or the biker who now has to out ride the charging dog and gets bitten or causes some other accident with pedestrians caught in the cross fire? Do we have to wait for someone to get hurt for a pet owner to be told they didn't have reasonable control? That appears to be the case with our current law. Requirements that dogs be leashed on public streets, trails and other rights of way are common in other cities, towns, parks across the country. Why is Oxford different?

My wife and I encourage council to make it mandatory for dog owners to leash their dogs in public spaces. On November 29, 2020, my wife was walking our wire-haired fox terrier, leashed. A German shepherd came bounding from private property into the street. It was after our dog. Kathy, 72, had picked up our dog to get it out of reach. The shepherd knocked her to the pavement and proceeded

to maul our dog to the point of death. Kathy strained her bad shoulder, which hastened the shoulder replacement surgery she knew she might need some day. Unrestrained dogs are not always a menace, but when they are the results can be catastrophic.

STAFF REPORT

ORIGINATING DEPARTMENT:	City Manager
PREPARED BY:	Doug Elliott
DATE PREPARED:	8/9/2022
COUNCIL MEETING DATE:	8/16/2022
AGENDA TITLE:	An Ordinance updating applicable natural gas rate tariffs.
BUDGETED AMOUNT:	NA
ACCOUNT CODE:	
RECOMMENDATION:	Approval
CITY MANAGER/DEPT HEAD APPROVAL:	<i>DRE</i> 8.9.22

DISCUSSION:

On December 17, 2021, Glenwood Energy of Oxford, Inc. submitted an application to update Ordinance 3483 and the applicable natural gas rate tariffs. The City engaged Bricker and Eckler, LLP and a utility rate consultant, Mr. Edward Hess, to review the application.

The City of Oxford sets the rates for Glenwood Energy's Oxford customers utilizing the ratemaking principles of the Public Utilities Commission of Ohio (PUCO). If an agreement is not reached, Glenwood Energy may apply to the PUCO.

The main revenue components of Glenwood Energy's rate structure are a Gas Cost Recovery (GCR) rate, a fixed meter charge, and a General Service Rate (GSR). The GCR rate is based on the price which Glenwood must pay to purchase gas. It varies depending on the market and is passed directly on to the consumer. It is not part of the ratemaking process nor is Glenwood entitled to earn a profit on it. The

The City of Oxford
(513) 524-5200

GCR rate varies and was \$9.2257 per MCF for the last month and \$10.6447 per MCF for the previous month. It comprises approximately 60 to 70% of the customer's monthly bill. Glenwood is entitled to collect on several other riders, fees, and charges which remain the same or are eliminated with the proposed ordinance discussed below.

Glenwood's application contained a proposed modification to customers' fixed monthly customer meter charge and variable General Service Rate (GSR) for a three year period. Glenwood proposed two options. The primary proposal increases the GSR from \$3.46 per MCF to \$4.07 per MCF with no increase to the monthly fixed charge. The alternative proposal increases the monthly customer meter charge and the GSR from \$3.46 per MCF to \$3.65 per MCF. Mr. Hess reviewed the application, supporting documentation, and requested further information from Glenwood. The rates proposed in the application were generally reasonable and in accordance with established Public Utilities Commission of Ohio (PUCO) ratemaking principles with the exception that certain items required adjustment. These adjustments were discussed with the City Manager and Service Director. The focus was on the alternative proposal as it was more consistent with the established natural gas rate case precedent of the PUCO.

Our legal and utility rate consultants met with Glenwood Energy and have reached an agreement on the proposed rate adjustments. The proposed ordinance would increase the monthly residential meter charge in year one from \$10 to \$12 per meter. In year two and three, the residential meter charge would increase from \$12 to \$14 per meter. The monthly commercial/industrial meter charge would increase from \$12 to \$16 per meter in year one. In years two and three, the monthly commercial/industrial meter charge would increase from \$16-\$20 per meter. The GSR would remain at the current rate of \$3.46 per MCF for both residential and commercial/industrial customers. The settlement proposal results in a \$0.19 per MCF reduction in the proposed GSR from Glenwood's alternative proposal.

The Service Director and I are recommending approval of this Ordinance. If adopted by Council, the new rates would take effect November 1, 2022.

ORDINANCE NO.

ORIGINATING DEPARTMENT:	Community Development
PREPARED BY:	Sam Perry
DATE PREPARED:	July 27, 2022
COUNCIL MEETING DATE:	August 2, 2022
AGENDA TITLE:	South Forest Edge Section One , extension of Final Plat approval
CITY MANAGER/DEPT HEAD APPROVAL:	 <i>DRC</i> 7.27.22

Summary:

Section 1 of the South Forest Edge Subdivision was approved in September 2021. This Final Plat contains 36 “landominium” sites, to be located on the north side of Lake Forest Drive, near the intersection of U.S. 27 South (Millville Oxford Road). A landominium is a type of land parcel where the owner of the portion of the building also owns the land under it. The owner, 4 Leaf Development LLC, is working to develop a financing plan to provide sanitary sewer access to the Subdivision. Oxford Subdivision Code Section 1101.205 allows for up to two, 6-month extensions of the previous approval. Etta Reed of Bayer Becker Engineers has requested one year, which staff have determined will require an additional request in the future.

Oxford Code Section 1101.205 reads:

“A subdivider may request in writing that City Council grant an extension of six (6) months, for the approval to the Preliminary Plat, Construction Drawings or Final Plat, provided they can show reasonable cause for inability to complete said improvements within the required timeframe. A maximum of two (2) extensions may be granted.

The subdivider is solely responsible for knowing the expiration dates and meeting or extending them in accordance with these Regulations. The City shall have no duty, obligation or responsibility to remind or notify subdividers of approaching expiration dates.”

Staff recommend approval of the 6-month extension request as allowed by Code.

AGENDA TITLE:	August 3, 2022 Environmental Commission Meeting Summary
BUDGETED AMOUNT:	N/A
ACCOUNT CODE:	N/A
RECOMMENDATION:	Approve
CITY MANAGER/DEPT HEAD APPROVAL:	<i>DRE</i> 8.4.22 MBD 8/4/2022

Environmental Commission members in attendance at the Wednesday, August 3, 2022 meeting were: Vice-Chair and City Council Representative, Ms. Chantel Raghu; Mr. Justin Fain, and Mr. Steve Elliott. A quorum was not present. Two Commissioners had previously notified the Commission that they would be out of town during the monthly meeting, and two Commissioners had contacted Staff on Wednesday indicating that they were ill. Also in attendance were City of Oxford (Oxford) residents Ms. Suzanne Zazycki, Oxford Climate and Sustainability Intern, Ms. Reena Murphy, and Mr. Abdul-Mujib Mumuni, a Miami University Graduate Student who is to assist Oxford with its community-scale greenhouse gas inventory.

Discussion:

Ms. Zazycki, Associate Director of Miami University's (MU's) Institute for the Environment and Sustainability (IES), was in attendance to decide upon the design of a professional service project (PSP) during the upcoming academic year by IES students. The Commission is requesting the PSP investigate options for increasing recycling volume and/or establishing recycling programs for local multi-family housing. The proposed PSP will tentatively consist of two sub-groups of investigation. One will survey the current availability of recycling at multi-family housing, with potential interviews of property managers to assess how their programs operate. The other sub-group will research case studies of other communities to determine existing/past efforts for multi-family unit recycling across the

nation to try and determine what did or did not work, what is needed to have the recycling program succeed, and finding successful programs in communities similar to Oxford.

Staff informed Commissioners that Mr. Ralinovsky had contacted Mr. Steve Sullivan regarding the Managed Natural Lawn Area (MNLA) ordinance or resolution. Mr. Sullivan indicated that he was willing and able to make a presentation to City Council regarding the MNLA. Mr. Sullivan indicated that he will coordinate the scheduling of the Council presentation with Ms. Raghu and Mr. Jason Bracken.

Staff informed Commissioners that Ms. Peggy Branstrator had indicated there was a tentative meeting of relevant people associated with establishing up to three pollinator gardens at the Oxford Community Park scheduled for late August.

Staff updated the Commission on the monthly emission monitoring event of the landfill's 23 passive gas vents for July. The total estimated carbon dioxide equivalent (CO₂e) for the entire landfill during the month was 196 metric tons (MT). This was above the 22-month average monthly estimate of 152 MT CO₂e per month. This value is still some 60% lower than the USEPA's model estimate for the closed landfill emissions (392 MT) that was used in previous calculations of the inventory of Oxford's greenhouse gas emissions.

Staff provided a summary of the on-going residential food scraps drop-off program. Through the end of June (173 weeks since April 2019), the total weight of collected food scraps was approximately 129,550 pounds (64.75 tons), averaging 749 pounds per week. For the year 2022, a total of approximately 24,000 pounds (12 tons) had been collected in 30 weeks, averaging 801 pounds per week.

Commissioners concluded discussions at 7:30 p.m. The next regularly scheduled monthly Environmental Commission meeting is scheduled for 7:00 p.m. on September 7, 2022, in the Municipal Building's first floor conference room.

STAFF REPORT

ORIGINATING DEPARTMENT:	Community Development
PREPARED BY:	Sam Perry
DATE PREPARED:	July 27, 2022
COUNCIL MEETING DATE:	August 2, 2022
AGENDA TITLE:	South Forest Edge Section Two , extension of Final Plat approval
CITY MANAGER/DEPT HEAD APPROVAL:	  7.27.22

Summary:

Section 2 of the South Forest Edge Subdivision was approved in March 2022. This Final Plat contains 21 single-family lots, to be located on the south side of Lake Forest Drive, near the intersection of U.S. 27 South (Millville Oxford Road). The owner, 4 Leaf Development LLC, is working to develop a financing plan to provide sanitary sewer access to the Subdivision. Oxford Subdivision Code Section 1101.205 allows for up to two, 6-month extensions of the previous approval. Etta Reed of Bayer Becker Engineers has requested one year, which staff have determined will require an additional request in the future.

Oxford Code Section 1101.205 reads:

“A subdivider may request in writing that City Council grant an extension of six (6) months, for the approval to the Preliminary Plat, Construction Drawings or Final Plat, provided they can show reasonable cause for inability to complete said improvements within the required timeframe. A maximum of two (2) extensions may be granted.

The subdivider is solely responsible for knowing the expiration dates and meeting or extending them in accordance with these Regulations. The City shall have no duty, obligation or responsibility to remind or notify subdividers of approaching expiration dates.”

Staff recommend approval of the 6-month extension request as allowed by Code.

ORDINANCE NO.

AN ORDINANCE APPROVING A SIX MONTH EXTENSION OF THE APPROVED FINAL SUBDIVISION PLAT FOR SOUTH FOREST EDGE SECTION 2.

WHEREAS, Ordinance No. 3672 was adopted on March 15, 2022 approving, with conditions, the final subdivision application and plat for South Forest Edge Section 2 consisting of 21 lots on 17.870 acres; and

WHEREAS, the applicant requests an extension to allow additional time to develop a plan for the sanitary sewer extension to serve Section 2; and

WHEREAS, Oxford Code Section 1101.205 allows for a final plat time extension; and

WHEREAS, the time extension makes no changes to the Ordinance No. 3672 conditions of approval; and

WHEREAS, the City Manager and the Community Development Director recommend Council approve the six month extension request of the Final Subdivision Plat attached hereto as Exhibit "A" for South Forest Edge Section 2.

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY ORDAINS THAT:

SECTION 1: Council hereby accepts the recommendation of the City Manager and the Community Development Director and further approves the six month extension request for the Final Subdivision Plat of South Forest Edge Section 2.

SECTION 2: This Ordinance shall take effect at the earliest time allowed by law.

ALSO HEREBY GRANTED TO DUKE ENERGY OHIO/KENTUCKY, INC. AND ITS SUBSIDIARIES, SUCCESSORS, AND ASSIGNS IS THE RIGHT TO LATERALLY EXTEND, REPAIR, AND MAINTAIN NATURAL GAS SERVICES TO SERVE INDIVIDUAL LOTS AS CONSTRUCTED BY THE ORIGINAL BUILDER ALLOWING DISTURBANCE ONLY OVER EXISTING SERVICE LINES NECESSARY FOR THE REPAIR ONLY ON THE LOT ON WHICH THE SERVICE IS LOCATED. RECONSTRUCTION OR RELOCATION IS PERMISSIBLE ONLY WITH THE WRITTEN PERMISSION OF THE PARCEL OWNER AND SAID UTILITY PROVIDER TO A MUTUALLY AGREEABLE LOCATION. NO PART OF THE UTILITY EASEMENTS SHALL ENCUMBER EXISTING BUILDINGS OR ADJOINING LOTS.

CITY OF OXFORD:

IT IS UNDERSTOOD THAT THE CITY OF OXFORD WILL NOT BE ABLE TO ISSUE ANY CONNECTION PERMITS OR BUILDING PERMITS UNTIL THE OHIO ENVIRONMENTAL PROTECTION AGENCY (EPA) HAS APPROVED THE PLANS FOR THE PROPOSED EXTENSIONS OF THE PUBLIC WATER AND SEWER SYSTEMS WITHIN THIS SUBDIVISION, UNLESS ON-SITE SYSTEMS ARE PROPOSED AND APPROVED.

ALL BUILDINGS TO BE SERVED BY THE PUBLIC SEWER SYSTEM SHALL BE CONSTRUCTED SO AS TO PROVIDE A MINIMUM OF FOUR (4) FEET OF VERTICAL SEPARATION BETWEEN THE PUBLIC SANITARY SEWER, AT THE POINT OF CONNECTION, AND THE LOWEST BUILDING LEVEL SERVED BY A GRAVITY SEWER CONNECTION. IN ADDITION, SAID BUILDING LEVEL SHALL BE AT LEAST ONE FOOT (1') ABOVE THE LOWEST POINT OF FREE-OVERFLOW (NON-SEALED MANHOLE COVER) UPSTREAM OF ANY TREATMENT FACILITY OR WASTEWATER PUMPING FACILITY THAT RECEIVES THE DISCHARGE FROM SAID BUILDING. SAID BUILDING SERVICE LEVELS SHALL BE RECORDED ON THE "AS-BUILT" PLANS FOR THE DEVELOPMENT WHICH WILL BE KEPT ON FILE IN THE OFFICE OF THE CITY ENGINEER.

PRIVATE DRIVEWAYS, PARKING LOTS AND OTHER PAVED AREAS, EARTHEN BERMS, OR STRUCTURES SHOULD NOT BE CONSTRUCTED OVER PRIVATE WATER OR SEWER SERVICE LINES WITHIN THE PUBLIC ROAD RIGHT-OF-WAY OR WITHIN EASEMENT AREAS FOR THE PUBLIC UTILITIES. SHOULD THIS OCCUR, THE PROPERTY OWNER SHALL BE HELD RESPONSIBLE FOR THE PROTECTION AND REPAIR OF AND FOR PROVIDING ACCESS TO ANY CURB STOPS, METER PITS, MANHOLES, CLEANOUTS, ETC. INSTALLED IN CONJUNCTION WITH THESE PRIVATE SERVICE LINES AND FOR ANY DAMAGE OR RESTORATION OF THE PAVED SURFACES OR STRUCTURES THAT MAY RESULT FROM THE FUTURE OPERATION, MAINTENANCE, REPAIR OR REPLACEMENT OF SAID SERVICE LINES AND APPURTENANCES.

EASEMENTS ON SAID PLAT, DESIGNATED AS "SANITARY SEWER EASEMENTS" OR "WATER MAIN EASEMENTS" ARE PROVIDED FOR THE RIGHT TO CONSTRUCT, USE, MAINTAIN AND KEEP IN REPAIR THEREON A SANITARY SEWER PIPELINE AND/OR WATER MAINS AND APPURTENANCES THERETO NECESSARY TO THE OPERATION THEREOF AND ARE PERPETUALLY DEDICATED TO THE CITY OF OXFORD.

THE CITY ENGINEER DOES NOT ACCEPT ANY RESPONSIBILITY FOR THE RELOCATION, REPAIR OR REPLACEMENT OF ANY OTHER UTILITY INSTALLED WITHIN FIVE (5) FEET OF THE CENTERLINE OF ANY SANITARY MAIN SEWER OR WATER MAIN.

SANITARY SEWER LATERALS, WHICH SHALL INCLUDE ALL PIPE AND APPURTENANCES FROM THE BUILDING TO THE PUBLIC SEWER MAIN, AND THE CONNECTION TO THE PUBLIC SEWER MAIN SHALL BE CONSIDERED PRIVATE AND THE RESPONSIBILITY OF THE PROPERTY OWNER TO MAINTAIN. THE CONNECTION TO THE SEWER WOULD BE ANY PIPING THAT EXTENDS OUT FROM THE MAIN BARREL OF THE SEWER MAIN.

ALL LOTS SHOWN HEREON SHALL BE SERVED BY PUBLIC SANITARY SEWERS AND WATER.

ALL BUILDINGS TO BE SERVED BY THE PUBLIC SEWER SYSTEM SHALL BE CONSTRUCTED AS TO PROVIDE GRAVITY FLOW TO THE SANITARY SEWER MAIN.

ROOF DRAINS, FOUNDATION DRAINS, AND OTHER CLEAN WATER CONNECTIONS TO THE SANITARY SEWER SYSTEM ARE PROHIBITED.

HIGH WATER TABLES ARE APPARENT IN THIS AREA. IF BASEMENTS ARE CONSTRUCTED, IT IS THE RESPONSIBILITY OF THE BUILDER TO TAKE SPECIAL PRECAUTIONS TO ENSURE THE BASEMENT STAYS DRY.
