COUNCIL MEETING DATE:	October 19, 2021
AGENDA TITLE:	October 6, 2021 Environmental Commission Meeting Summary
BUDGETED AMOUNT:	N/A
ACCOUNT CODE:	N/A
RECOMMENDATION:	Approve
CITY MANAGER/DEPT HEAD APPROVAL:	DRE 10-15-21 NBT 10/11/21

Environmental Commission members in attendance at the Wednesday, October 6, 2021 meeting were: Chair, Mr. Jon Ralinovsky; Planning Commission Representative, Mr. Jason Bracken, Mr. Steven Elliott, and Mr. Justin Fain. A quorum was present. Vice-Chair and City Council Representative, Ms. Chantel Raghu, and Ms. Heather Barrett had previously notified the Commission that they would both be absent from the meeting.

Mr. Elliott moved for approval of the minutes from the September 1, 2021 Environmental Commission meeting; Mr. Fain seconded. The minutes were unanimously approved as presented.

Discussion:

No members of the public were in attendance at the October 6th Environmental Commission to provide input regarding the future direction of the Commission. This input was envisioned to be incorporated into the upcoming revision of the City's Comprehensive Plan. Staff was instructed to inquire if the Commission should try again for public input during its November 3, 2021 meeting.

Staff updated the Commission regarding the potential development of a photovoltaic solar array on the closed landfill. Of the five firms that responded to the request for proposal for the project, BQ Energy Development LLC (BQ Energy) was selected as the firm providing

The City of Oxford

the best proposal. City Council approved a Resolution during their September 7, 2021 meeting authorizing a lease agreement for the closed landfill to BQ Energy. A site inspection of the closed landfill with BQ Energy was conducted on September 15th. During the inspection, BQ Energy indicated that it would be advantageous for the solar array if the canopies of trees along the western margin of the landfill were reduced in height or removed. BQ Energy indicated they understood Oxford's requirement for replacement of the larger diameter trees that may be removed.

Staff informed the Commission of a grant opportunity from the Ohio Department of Natural Resources' Division of Forestry for tree planting. The grant (entitled "Urban Canopy Restoration Grant Program") is a 50/50 matching grant, with a funding range of \$2,500 to \$25,000. Staff intends to utilize at least half of 2022's budget appropriation for the Emerald Ash Borer (EAB) Response (proposed to be \$30,000) to provide Oxford's share of the matching funds. After subtracting the expense of the systemic pesticide utilized to annually treat 161 public Ash trees, Staff anticipates the available appropriation funding would be able to cover a \$15,000 contribution to Oxford's match amount. The resulting \$30,000 would allow for the planting of approximately 70 public trees. The Commission indicated they thought this was an appropriate expenditure. The grant application is due October 29, 2021, with the awards being announced on November 19, 2021.

Staff updated the Commission on the monthly emission monitoring event of the landfill's 23 passive gas vents for September. At approximately 207 metric tons (MT) total CO₂e for the entire landfill, the September monthly total value was above the monthly average value of approximately 159 MT since October, 2020, and approximately equal to August's total of 210 MT. This was the twelfth monthly monitoring event; the annual total CO₂e emissions from the landfill is estimated at 1,904 MT. This value is 60% lower than the USEPA's model estimate for the landfill emissions (4,764 MT).

Staff provided a summary of the on-going residential food scraps drop-off program. Since the program started in April 2019 and through the end of September, 2021 (130 weeks), approximately 95,700 pounds (47.85 tons) of food scraps have been collected for composting. This is 736 pounds per week, on average, with the program's expense continuing to be \$0.31 per pound. For 2021, a total of approximately 32,000 pounds (16 tons) has been collected in 38 weeks, with a weekly average of 844 pounds, and a program's expense of \$0.27 per pound.

Commissioners concluded discussions at 7:50 p.m. The next regularly scheduled monthly Environmental Commission meeting is tentatively scheduled for 7:00 p.m. on November 3, 2021, in the Municipal Building's first floor conference room.

The October 5, 2021 Oxford City Council Meeting was called to order by Mayor, Mike Smith at 7:30 p.m. Members present were: Jason Bracken, Glenn Ellerbe, David Prytherch, William Snavelly and Edna Southard. Chantel Raghu was excused.

Staff members present were: Mike Dreisbach, Service Director, John Jones, Police Chief, Joe Newlin, Finance Director, John Detherage, Fire Chief, Sam Perry Community Development Director, Ben Mazer, Assistant Law Director and Mary Ann Eaton, Clerk of Council.

PUBLIC PARTICIPATION

PROCLAMATION

"CAROLINE SCOTT HARRISON DAY"

Mayor Smith read the proclamation and presented it to Ms. Heidi Schiller.

Ms. Heidi Schiller, Executive Director, Oxford Community Arts Center, thanked Council and the City of Oxford for the Proclamation for Caroline Scott Harrison noting she felt it was important to have this deep cultural and historic recognition. Ms. Schiller referred to the wonderful contributions Caroline Scott Harrison made to the Oxford Community Arts Center from being a student at the Oxford Female Institute to actually being part of the DAR (Daughters of the American Revolution) which helped build the beautiful ballroom in 1928. Ms. Schiller noted that was a significant period, which gave the Oxford Community Arts Center its historical standing to be listed on the National Register. Ms. Schiller advised beginning on October 8 with the open and free Second Friday Celebration of the Arts, the Oxford Community Arts Center will have a presentation and recognition of Caroline Scott Harrison's life through displays on the boards and the walls of the arts center and invited everyone to come in and take a look during the entire month as the arts center celebrates Caroline Scott Harrison and her contributions to Oxford.

SWEARING-IN

KEVIN MARTIN - POLICE OFFICER

Chief Jones advised he was pleased to welcome Kevin Martin to the Oxford Police Division noting Kevin was a Ross High School graduate and a graduate of Miami University where he obtained his bachelors degree in criminal justice. Chief Jones noted Kevin was a Police Officer for the Cincinnati Police Department for five years and advised Kevin saw the opening for a police officer in Oxford where he spends a lot of time and he decided to apply. Chief Jones noted Kevin brings with him a substantial amount of experience and training from the CPD and he was happy that Kevin was bringing the experience with him to Oxford.

Chief Jones introduced members of Kevin's family who were in attendance as well as his girlfriend Alex.

Mr. Mazer and Officer Martin recited the "Oath of Office" and signed the official document.

Chief Jones outlined the hiring protocol, which includes a written exam, physical fitness test, multiple interviews, an extensive background check, polygraph and psychological exam. RESOLUTIONS

RESOLUTION

OPWC ISSUE 1 FUNDING

A Resolution No. 7337 of Council supporting the submission of a grant application for Ohio Public Works Commission Issue 1 Funds to be used for the design and reconstruction of storm conduits on Spring Street and storm water improvements on College Avenue and on Collins Street. (Mike Dreisbach, Service Director)

Mr. Dreisbach advised earlier this year the City had a road failure at Elm and Spring Streets and found the existing conduit under the railroad, which handles all of the storm water for that area was failing. Mr. Dreisbach noted staff felt this project would compete well for obtaining Ohio Public Works Commission funding. Mr. Dreisbach advised even though the local match was somewhat high compared to other funding applications staff felt the local amount was needed to compete verses other projects staff knows are in the pipeline. Mr. Dreisbach asked for Council's approval to submit an application for funding to replace the storm conduit and perform other storm related improvements in that area.

There were no comments from the public.

Mr. Prytherch noted he was optimistic since the Service and Engineering track record with obtaining grants has been quite good and thanked staff for pursuing the grant.

Ms. Southard moved to adopt Resolution No. 7337. Mr. Snavely seconded. The motion passed 6-0-0.

RESOLUTION **GRANT FUNDING**

A Resolution No. 7338 of Council authorizing the City Manager to apply for and sign all documents necessary to receive one or more grants from the Ohio EPA and/or the Ohio Department of Development to be utilized for assisting with improvements to water and wastewater infrastructure as set forth in Exhibit "A" attached hereto. (Mike Dreisbach, Service Director)

Mr. Dreisbach advised the Ohio EPA and the Ohio Department of Development have a pool of 250 million dollars to be used statewide for water and wastewater infrastructure improvements. Mr. Dreisbach noted staff identified four projects as outlined on Exhibit "A" (page 27 of Council's packet) which they feel will compete well for some of the funds. Mr. Dreisbach advised the projects are already noted in the City's Capital Improvement Plan and advised if the City can obtain some state or federal funding he felt it would make the ratepayers very happy. Mr. Dreisbach asked for Council's approval to apply for the funding opportunity.

There were no comments from the public.

Mr. Prytherch noted the City tries to time these types of projects with the City's resurfacing program and inquired if there was a timeline for any of the projects. Mr. Dreisbach advised the City needs concurrence from the Butler County Engineer who will administer all of the monies for Butler County. Mr. Dreisbach noted resurfacing would be deferred if any of the projects were awarded.

Ms. Southard asked Mr. Dreisbach to further discuss the timing for these types of projects. Mr. Dreisbach noted in a perfect world staff strives to do construction in the summertime when most students have left Oxford. Mr. Dreisbach noted only so many streets can be closed at once and staff tries to manage where and when the closures take place.

Mr. Dreisbach advised some closures (such as by CSX Railroad) are out of the City's control.

Mr. Snavely moved to adopt Resolution No. 7338. Ms. Southard seconded. The motion passed 6-0-0.

RESOLUTION
FUNDING FOR
ELECTRICAL UPGRADES

A Resolution No. 7339 of Council directing that thirteen thousand six hundred dollars (\$13,600.00) of American Rescue Plan Funds be utilized for the installation of necessary electrical upgrades at City facilities to power the equipment and hardware associated with the City's public Wi-Fi project. (Mike Dreisbach, Service Director)

Mr. Dreisbach advised Council approved CARES Act funds to provide public Wi-Fi in public parks noting the City did not have the electrical infrastructure in place to support that project. Mr. Dreisbach advised staff was asking for Council's approval to utilize American Rescue Plan funds to pay for the electrical upgrades that are required.

There were no comments from the public.

Mr. Snavely inquired when useable Wi-Fi would be available. Mr. Dreisbach advised some of the locations are ready to go online noting much of the work was complete. Mr. Dreisbach advised he felt most of the locations would be online very quickly.

Mr. Ellerbe inquired if there was a name for the City's Wi-Fi. Mr. Dreisbach advised he would defer to Ms. Greene. Mr. Prytherch noted it was possibly called Oxford Public.

Ms. Southard moved to adopt Resolution No. 7339. Mr. Snavely seconded. The motion passed 6-0-0.

RESOLUTION
ROAD MAINTENANCE AGREEMENT

A Resolution No. 7340 authorizing the City Manager to enter into a road maintenance agreement with the Board of County Commissioners, Butler County, Ohio for the improvement and maintenance responsibilities for portions of Brookville Road. (Mike Dreisbach, Service Director)

Mr. Dreisbach advised with the recent annexation along the north side of Brookville Road the City typically follows up with the Butler County Engineer's Office to enter into a road maintenance agreement. Mr. Dreisbach noted this has been done after annexations on Fairfield Road and on Contreras Road. Mr. Dreisbach advised the roadway is not being annexed therefore the City will take over maintenance of the roadway since the City will be receiving the tax dollars associated with those properties.

There were no comments from the public or from Council.

Mr. Snavelly moved to adopt Resolution No. 7340. Ms. Southard seconded. The motion passed 6-0-0.

(Mike Dreisbach, Service Director)

Mr. Dreisbach advised staff tried to design the future segment of the OATS trail within the existing right-of-way although there were a couple of areas that could not be done in a right-of-way. Mr. Dreisbach noted the permanent easement is only 927 square feet and advised a temporary easement was also needed for construction purposes. Mr. Dreisbach offered to answer any questions.

There were no comments from the public.

Mr. Snavelly and Ms. Southard advised they were glad to see this segment of the trail move forward.

Mr. Prytherch noted people heard about the pause on planning for the northwest arc of the trail and perhaps thought there was a pause on the entire trail project which is not true. Mr. Prytherch noted some phases were moving forward in design and towards construction in 2022. Mr. Dreisbach advised he expected construction on phases 3 and 4 to begin as early as the weather allows in 2022.

ORDINANCE
SUPPLEMENTAL BUDGET

An Ordinance Amending Ordinance No. 3600. Supplemental Budget Ordinance Number 7 To Make Supplemental Appropriations For Fiscal Year 2021. (Joe Newlin, Finance Director)

Mr. Newlin discussed the proposed supplemental budget as detailed on pages 53-55 of Council's packet and offered to answer any questions.

Councilors thanked Mr. Newlin for his diligence with regard to the budget.

ORDINANCE – SECOND READING
LAND ACQUISITION

An Ordinance No. 3640 Authorizing The City Manager To Take All Steps Necessary To Purchase Approximately 2.1 Acres Located At 5234 Hester Road At A Cost Of \$150,000 For The Oxford Cottage Community Project. (Doug Elliott, City Manager)

Mr. Perry advised there were no changes since the first reading of the proposed Ordinance. Mr. Perry noted there were some questions from the audience at the last meeting regarding code compliance and services that would be provided for the residents involved with this project. Mr. Perry advised it is too early to determine those things as it was not a project yet, the proposed Ordinance is a land acquisition and the process of that will reveal the building code, fire code and zoning code requirements. Mr. Perry advised the State Building Code was revised to defer to square footage requirements for minimum building sizes to the local communities knowing that the desire for housing affordability is something the public needs. Mr. Perry offered to answer any questions noting Ms. Muller was in attendance as a representative of Community Development Professionals to answer any questions as well.

Mr. Steve Dana, 131 W. Collins Street, read the following into the record:

"I rise in enthusiastic support of this Ordinance. In thoughtfully resolving to address the economic impact of Covid-19, the City of Oxford is taking a major step toward helping its most vulnerable citizens.

In a singular way, the City will honor its commitment to address the need for affordable housing.

This is a robust proposal, one that is financially sound, one with deep roots. Most notably, the Community Development Project embraces a host of savvy partners.

Of great significance is the inclusion of one of these partners, the Family Resource Center, whose programs exemplify the breadth and depth of this proposal.

These programs include Life Skills Training - one is named 'How to Rent Wise' - connections to mental health services and emergency assistance.

There is the concern that some people might be bunched in a subdivision of poverty.

It may be useful to consider that the programs of the FRC partially answer this concern. But more than this, there is the context of a project that is not far from another way of speaking to citizens' housing needs - the Habitat for Humanity dwellings that have been and vigorously are going up near by.

True, the models of the two projects are not the same, they overlap. But they are both part of a broader model, a broader context, one that addresses affordable housing.

This proposal meets the moment. Let's embrace it."

Councilors noted their support for the Cottage Community project. Mayor Smith noted this was the first step in what is going to be a long process to complete the project. Mayor Smith advised there would be plenty of opportunities for public input.

Mr. Prytherch advised the City was partnering in the land acquisition for the project. Mr. Prytherch noted the underlying zoning of the entire district applies here.

Ms. Southard moved to adopt Ordinance No. 3640. Ms. Snavelly seconded. The Ordinance was adopted by the following roll call:

AYE: Mr. Ellerbe, Mr. Prytherch, Mr. Snavelly, Ms. Southard, Mr. Bracken, Mayor Smith (6)

ANNOUNCEMENTS

Mr. Dreisbach noted staff appreciates everyone's patience as CXS Railroad is in town again improving two crossings, which should be complete in approximately 2 days. Mr. Dreisbach noted he has been told the new roundabout is open at SR127 and SR73 and encouraged motorists to drive safely as they get used to the traffic protocols of a roundabout close to town.

Chief Jones advised October is Breast Cancer Awareness month noting everyone knows someone who has been touched or affected by that. Chief Jones advised Police Division employees are purchasing pink badges and pink lanyards to wear in support of Breast Cancer awareness month, donating the money to local charity, Luna Cares.

Mr. Perry noted his department has a new Code Enforcement Officer who has been very active. Mr. Perry advised there have been questions about the process for abating tall grass on certain lots in town. Mr. Perry noted the process requires the City to give the property owner time to mow the lot and after adequate notice, the City can hire someone to mow the property.

Mr. Ellerbe advised he looked forward to the Beer & Wine Festival this weekend in Oxford and encouraged everyone to be excellent to each other and to enjoy the festival responsibly.

Mr. Snavelly noted early voting for the November election has begun at the Butler County Board of Elections. Mr. Snavelly encouraged anyone in need of transportation to the polls to get in touch with a City Councilor to arrange transportation.

Mr. Snavelly reminded everyone to get a vaccination if they are able. Mr. Snavelly encouraged anyone who is eligible for a Covid-19 booster to get one.

Ms. Southard noted she has been a member of the Oxford League of Women Voters for more than 15 years and advised the league is a non-partisan organization that does wonderful work informing the public about voting rights and elections.

Ms. Southard advised the league is distributing its voter information guide for the November 2 election and encouraged everyone to read about at the candidates and issues. Ms. Southard noted the league also provides a local services guide each year. Ms. Southard advised tomorrow evening from 7-9 p.m. is the Candidates Forum, which will be held virtually this year noting it provides the opportunity for everyone to hear from those running for office.

Ms. Southard noted one out of ten women would get breast cancer at some point during her life. Ms. Southard reminded everyone that men also get breast cancer and advised they really suffer because not everyone is aware of their problems. Ms. Southard applauded the Police Division for their efforts to support Breast Cancer Awareness Month.

Mr. Bracken noted he wanted to promote the League of Women Voters information guide and their virtual forum noting they were always great. Mr. Bracken encouraged everyone to vote on November 2.

Mr. Bracken encouraged everyone to be cautious, wear a mask in public and to get vaccinated if they have not already. Mr. Bracken noted these were simple things we can do to protect ourselves, our loved ones and the community.

Mr. Prytherch expressed his appreciation to City staff who have been navigating everyone through the Oxford Area Trail planning process which is challenging. Mr. Prytherch noted he appreciates and understands the pause in planning for the northwestern arc of the trail. Mr. Prytherch advised in 2022 people are going to see results of other phases of the trail.

Mr. Prytherch noted the Comprehensive Plan Steering Committee has met several times regarding the Comprehensive Plan Update to identify strengths, weaknesses, opportunities and threats facilitated by Mr. Perry, Ms. Greene and some consultants. Mr. Prytherch encouraged everyone to attend the public input sessions what will be held October 20 and October 25.

Mayor Smith advised the Kiwanis Club of Oxford's annual holiday food drive began October 1 and runs through November 1. Mayor Smith advised because of the pandemic it was a virtual event last year and the response was great so they left it as a virtual event. Mayor Smith noted the goal is to raise \$10,000 for the TOPSS food pantry and encouraged those interested in donating to go to www.topss.org or to send a check directly to TOPSS at PO Box 391 Oxford, Ohio 45056.

ADJOURN

Mr. Snavely moved to adjourn at 8:20 p.m. Ms. Southard seconded. The motion passed 6-0-0.

BZA-2021-04, VARIANCE, 113 E Collins Street, parking area setback from lot line, Scott Webb, Applicant/Agent

This case was the result of the final zoning inspection that revealed a Code compliance matter. The Code required two parking spaces with a 3-foot setback from the property line. The builder made a deviation from the approved plans by installing hard surface with no setback from the property line. Staff allowed the final inspection to pass contingent upon the owner applying for the after-the-fact setback variance. The Board heard from staff and the owner. One written comment from a nearby owner was emailed in advance. No additional public spoke at the hearing. On behalf of Jim Clawson, Applicant/Agent Scott Webb explained that the change was made to improve maintenance and direct storm water. The Board discussed the facts as they pertained to the decision criteria. Some board members preferred that the request would have been presented before installation.

Based on findings of support with four decision criterion, the Board voted 4-0 (one absent) to approve the request as-submitted on condition that the separating curb be maintained over time.
