HAPC-2019-17, 130 E. High Street, installation of a kitchen hood exhaust fan, **Gerry Bird, Applicant, Agent**

Phi Gamma Delta Architect Gerry Bird presented a request for an exterior-mounted kitchen exhaust hood that would be visible from Campus Avenue. The purpose is for the kitchen that, at the time of the 2014 construction had not been fully designed and built. The proposed unit would extend 40" beyond the East façade and be painted to blend in with the building. The Commission discussed the request and voted to approve the request 4-0-1 (1 recused), conditional upon yearly cleaning and/or repainting of the building exterior near the vent.

HAPC-2019-19, 118 W. Church Street, new single family dwelling, **Scott Webb, Applicant/Agent**

Architect Scott Webb presented a request for approval of a new single family building design to be located in the alley behind 116 W. Church Street. The property owner is Park Place Real Estate. The pre-application was reviewed at the August meeting. The building design is a two story, hip roof structure with Hardie-board siding. Agenda Title: Water Main Boring under CSX Railroad ROW – Contreras Rd. Crossing – Contract for Construction

Recommendation: Approve

Discussion: Over the past several years, the City has completed the installation of utility borings under the CSX railroad right of way for the installation or replacement of City utilities. Three borings were installed under the Chestnut St. and Locust St. crossings to accommodate new utility mains. The City will be replacing and upsizing an antiquated water main under the Contreras Rd. (aka High St.) crossing and a new boring will be necessary to accommodate the new water main. This project is currently listed in the City's Capital Improvement Plan using \$350,000 of water utility funds with a reimbursement grant from Ohio Public Works Commission. While the City will issue a contract in FY2019, work will not commence on the project until May 2020.

Staff developed plans and specifications for this project and advertised for bids in the Journal News on October 11th and 18th, 2019; bids were publically opened and read aloud on October 25, 2019 with the following results:

SmithCorp, Inc.	\$ 281,001.00
JNT Excavating, Inc.	296,930.51
Brackney, Inc.	325,394.00
Ford Development Corp.	346,118.00

The Ohio Public Works Commission will reimburse the City for 79% of eligible costs for an amount not to exceed \$244,189.79. That would make the maximum local share for the City to be \$64,911.21.

The City has worked with SmithCorp on prior projects with good results. It is Staff's recommendation that Council authorize the City Manager to enter into an agreement with SmithCorp, Inc. for installation of a utility boring and water main under the Contreras Rd. rail crossing at a cost of \$281,001.00. Staff is requesting a 10% contingency in the amount of \$28,100, therefore the total amount not to exceed for this contract will be **\$309,101.00**.

Agenda Title: SR73 Water Main Replacement – Contract to Purchase Pipeline Materials

Recommendation: Approval

Discussion:

During a private excavation, a contractor unearthed a water conduit serving Springwood Subdivision on private property. The City has agreed to install a new water main in the public right of way along SR73 (aka Oxford-Trenton Road) and Springwood Drive. The existing water main on private property will be abandoned in place.

The City developed plans and specifications for the installation of a new water main to service Springwood Subdivision. The new water main will be installed by the City's Water Distribution Division, likely by the end of 2019 (weather permitting). Plans have already been submitted to the OEPA, ODOT and Township for necessary approvals. Project materials include ductile iron pipe, fittings, restraints, couplings, tapping sleeves, and fire hydrants necessary for the project.

In order to proceed, the City will need to procure the necessary materials for the project. The City advertised for bids on October 4 & 11, 2019. Bids were opened on October 16, 2019 and publically read aloud with the following submittals:

E.J. Prescott, Inc. (EJP)	\$63,680.68
Core & Main, Inc.	64,552.80
Ferguson Waterworks	76,731.79

The City has worked on numerous projects with EJP; always with very good results. As EJP has provided the lowest and best bid, it is Staff's recommendation that the City Council authorize the City Manager to enter into an agreement with E.J. Prescott, Inc to provide water main pipe and appurtenances for the Springwood Water Main Replacement Project at a cost not to exceed **\$63,680.68**.

BZA-2019-10, 212 Bishop Street, Variance to Sections 1141.03(3)(B), front yard setback and porch projection, David Kellems, Appellant

Oxford Code required a front yard setback distance of 20 feet. Code allows for a reduction to 16.5 feet in existing built areas, however expansion of nonconformities is not permitted without a variance. The subject property was recently acquired by Mr. Kellems from Miami University. Mr. Kellems' plan was to replace the ramp entry with an integrated covered porch as well as replace a flat roof section with a taller gabled addition with a similar footprint. The overall lot coverage would decrease because of the ramp removal. The finished gabled addition would be set back 15.4 feet and the new front porch would be set back 3.7 feet. The BZA reviewed the case using the decision standards and found that the variance was not substantial and would not negatively affect the essential character of the neighborhood. The variance was approved 5-0-0.

SECTION 6: General Provisions

- A. Pay Periods.** Employees shall be paid bi-weekly. Pay days shall be on Friday, except when City offices are closed for a holiday on Friday, in which case payday shall be the last workday preceding the holiday.
- B. Hours of Work.** Full-time, non-salaried employees' work week shall be forty hours. When directed by their supervisor to work overtime, such employees shall be compensated at the rate of one and one-half (1-1/2) times their base rate of pay for all hours actually worked in excess of forty hours per week. An employee who is called to work following the completion of their normal work day and one-half (1/2) or more hours prior to the commencement of their next normal work day shall receive a minimum of two (2) hours compensation for such call-in at one and one-half (1-1/2) times their normal rate.
- C. Emergency Appointments.** In case of civil unrest or other like emergency, the City Manager may appoint emergency police officers or other volunteer citizens as may be necessary for temporary service during the emergency and shall report this action to the City Council at its next meeting. Such emergency appointees shall be compensated for all time actually worked on behalf of the City.
- D. Firefighters** (excluding full-time Fire Captains and Firefighter/Paramedics. See Appendix B). Firefighters are paid according to the schedule in Section 3 hereof of part-time employees. A firefighter may receive a supplement equal to one-half their ordinary job wage if their employer does not continue pay while they are away from work attending to a fire.

No Paid-on-Call or Part-time firefighter may work in excess of fifteen hundred sixty (1560) hours in any given Calendar year to stay compliant with ACA requirements. Nor shall any paid-on-call or part-time firefighter work in excess of one hundred-six (106) hours in any pay period as part of FLSA over-time regulations.

Any hours worked in the employee's hired capacity or similar function to their hired capacity shall be calculated as total hours worked for that pay period and year. Performing other department sanctioned duties other than those for which the employee was hired shall not be included in total hours.

- E. Shift Differential Pay.** The applicable rate of shift differential for the entire shift worked will be determined by the applicable rate for the majority of the hours in an assigned shift. If an assigned shift is evenly divided between two rates, the higher rate shall be applicable to all hours of the shift worked. A full-time employee who is assigned by their supervisor to work a shift after 4:00 p.m. and before 8:00 a.m. shall receive shift differential pay for all hours worked. The differential shall be twenty-five cents (\$0.25) per hour for all hours of a shift actually worked after 4:00 p.m. and before 12:00 midnight. The differential shall be forty-five cents (\$0.45) per hour for all hours of a shift actually worked after 12:00 midnight and before 8:00 a.m. Shift differential will be paid at its normal rate for scheduled hours worked on a holiday in addition to holiday pay. Overtime may be incurred for the work week (over 40 hours) attributable to working during a shift differential period (defined above). For purposes of calculating overtime pay, the base pay rate shall include the hourly shift differential amount. The shift differential rate used for overtime calculation will be the same rate used for shift differential as determined per the guidelines above.

SECTION 7: Employee Benefits

- A. Uniforms.** The Police Chief shall receive credit in the same manner as the Detective Sergeant as specified in the Police Sergeants and Lieutenants contract.

The City shall provide full-time employees in the Service Department and the Parks & Recreation Department, who wear a uniform in the performance of their duties, with a uniform rental service.

- B. Sick leave.** Sick leave shall be earned by all full-time employees at the rate of ten (10) hours per month and may be accumulated without maximum. Previously accumulated sick leave may be transferred as allowed by law. Under extraordinary circumstances, the City Manager may approve the transfer of sick leave credits from one City employee to another.

- C. Sick Leave Incentive.** A full-time, non-contract employee shall receive an incentive of two hundred dollars (\$200.00) per calendar quarter if the employee uses no sick leave during that quarter. Use of any hours, including partial hours, of sick leave will result in the employee receiving no payment for that quarter. Any employee who uses no sick leave for a calendar year shall receive an additional two hundred dollar (\$200.00) incentive. The employee shall receive all such incentive payments at the end of each calendar quarter. Any payment shall reflect applicable federal, state, and local withholdings. Sick leave used for Worker's Compensation leave as defined in the Employee Handbook shall not be considered sick leave used for purposes of this paragraph.

As a part of the sick leave incentive, as of December 31, 2007, those employees having a sick leave balance will have those hours banked. Future accruals will not be added to the hours banked, however, all banked hours and any accruals will continue to show on the individuals pay stub to be used should the hours be needed for illness. The banked hours will be held until retirement, death or lay-off, at which time not more than 1200 banked hours may be converted to vacation time at the ratio of one-to-one for the first three hundred hours and three-to-one for the remaining nine hundred hours.

- D. Sick leave conversion.** Prior to retirement, an employee with a banked sick leave balance of 280 hours up to a maximum of 1200 hours may convert the balance to vacation or pay at a rate of 5:1. However, there must be 240 hours remaining, and such conversion may only be made by written application to the Finance Department during the month of April, and pay, when requested, will be made on or before May 20th. Should an employee on lay-off (who has converted sick leave to vacation) return to City employment, they may within one year of reinstatement repurchase their accumulated sick leave by repaying at the same rate as the pay-off. Such repayment may be in cash, by payroll deduction or use of newly accumulated vacation time.
- F. Payment of Health Insurance Premiums.** For each full-time employee ~~and Law Director~~ who participates in the City group medical insurance programs, the City will make a per month per employee contribution as determined by the budget during the effective period of this Ordinance for health/medical insurance, major medical, prescription insurance, dental insurance and vision care insurance. The Employee will pay a contribution for single coverage or for family coverage, each pay period, with deductions being made from gross pay before taxes resulting in the cost being reduced.
- F. Holiday Schedule.** There shall be fourteen (14) paid holidays for full-time employees as follows: (10 holidays/5 personal days)

New Year's Day (January 1)
Martin Luther King, Jr. Day (third Monday in January)
Washington/Lincoln Day (third Monday in February)
Memorial Day (last Monday in May)
Independence Day (July 4)
Labor Day (first Monday in September)
Thanksgiving Day (fourth Thursday in November)
Day after Thanksgiving
Christmas Eve Day (The day preceding or following
Christmas Day holiday as designated by the City Manager)
Christmas Day (December 25)
Five (5) Personal Days - 40 Hours

New employees hired during the year shall have their Personal Hours pro-rated based on initial hire date. With the exception of employees who work a continuous schedule, holidays falling on a Saturday shall be observed on the preceding Friday and holidays falling on a Sunday shall be observed on the following Monday.

- G. Pay for Work on Certain Holidays.** Any full-time employee, department heads excluded, who is required by the employee's supervisor to work on a designated holiday as a part of the employee's regularly scheduled duty and within the employee's normal hours of work shall receive pay in an amount equal to one and one-half (1-1/2)

times the employee's base hourly rate of pay for all hours actually worked by the employee between the hours of 12:01 a.m. and 12:00 midnight, inclusive, on the designated holiday. When such an employee works on a holiday, the employee shall be entitled to an additional day off in lieu of the holiday.

Employees called to work on a designated holiday (to perform a special project or emergency repair) may receive pay in the amount equal to one and one-half (1-1/2) times the employee's base hourly rate of pay for all hours actually worked on the holiday in addition to the eight hours straight time pay for the holiday at the discretion of the City Manager. (Employees working less than eight (8) hours on a holiday have two options: 1) the employee can claim the eight (8) hour holiday and overtime for the actual number of hours worked; or 2) the employee can claim overtime for the number of hours worked, and use personal, vacation or comp time to make up the remaining hours and receive the holiday off at another time.)

When a calendar holiday falls on either weekend day(s) (including Christmas Eve and Christmas), the following rules apply:

- If an employee works the designated holiday, the employee is entitled to:
 - One and one-half (1-1/2) times their base hourly rate for the hours worked, and a paid day to be taken at another time.
- If an employee works a true calendar holiday(s) that falls on Saturday or Sunday, the employee is entitled to pay at one and one-half (1-1/2) times the base hourly rate for the hours worked.

H. Group Life and Accidental Death and Dismemberment Insurance.

The City will pay 100% of the premium for these fringe benefits for coverage in an amount equal to the employee's annual base salary, except that the amount of the insurance coverage provided will be subject to a reduction schedule included in the group policy. Such reductions generally begin at age 65 and are subject to ADEA regulations. These fringe benefits apply only to full-time employees working at least forty (40) hours per week and ~~the Law Director~~. The City will pay 100% of the premium group life insurance coverage on the Police Chief in an amount equal to one and one-half(1-1/2)times the Police Chief's annual salary to a maximum of \$175,000.

For each firefighter, the City will pay 100% of the premium for a Firefighter's Accident Policy, not to exceed \$10,000 in insurance coverage.

I. Longevity Bonus Pay. To be eligible for Longevity Bonus Pay an employee must meet both requirements.

No partial or proportionate Longevity Bonus Pay will be paid. An employee shall accrue one year of service for twelve consecutive months of full-time employment. Part-time employees who become full-time employees may use hours worked as a part-time employee towards years of credit. Credit will not be given for partial years of service.

Full-time employees who leave the City's employment and are eligible to receive longevity pay based on the anniversary date in 2020 shall be given the appropriate longevity payment with final pay.
