DRAFT Housing Approach

What We've Heard:

- Work toward increasing capacity of affordable housing.
- Don't forget prevention and work to keep people housed.
- Work to protect the unhoused and find sustainable solutions.

What We've Been Doing:

- Attending classes on affordable housing and increasing capacity.
- Research- reading articles and looking for evidenced based models.
- Talking with other cities-what is working, what is not, lessons learned.
- Interviewing nonprofits- what are their models? What do they have the best success with? Capacity to serve Oxford?
- Drafting ideas that include sustainable models.

What Do We Recommend?

Homeless Prevention:

- Continue to work with the Family Resource Center on their prevention efforts.
- They work to *keep people housed* through rental, utility and eviction remediation assistance.
 - City contribution: \$48,600/yr
 - STR estimated contribution: \$20K/yr (*donated \$25K from ARPA in 2022 while we wait for this fund to build*)
 - This could be pivoted to another housing response if deemed necessary.

Goal: Help XXXX individuals/families remain housed.

Homeless Response-Short Term

2022-2023

\$50K from ARPA for housing case management

- 4 months- operate hotel as cold shelter
- 8 months of working with local and county resources to help homeless find housing.

Note: Must be able to address staffing challenges at FRC or find a new nonprofit partner to manage.

Community groups to raise additional \$50K for sheltering costs at hotel

Goal: Help XXXX individuals/families who are homeless have shelter.

Homeless Response-Longer Term

2023 and beyond

- \$50K from General Fund (trade a CIP project to be offset with CDBG grant). Annually for 5 years for case management.
- Apply for grant to build our own **Permanent Supportive Housing**. Suggested: 6 micro units at an estimated cost of \$300K
 - Each person/family is assigned to case manager who checks in regularly for ongoing support.
 - When individuals are stabilized, case manager helps them move into independent affordable housing

Goal: Develop permanent supportive housing program to serve XXXX individuals/families who are homeless.

Pallet Homes Concept

- Need cost estimates for construction and utilities.
- Need nonprofit to lead case management and manage facility.

8x20' Modular Unit Concept

Possible Location:

Need FRC permission to build here.

Close proximity to food and case management supports.

Affordable Housing:

- Encourage mixed income developments by acquiring land and modernizing zoning code to allow for increased density.
 - This action item is in the draft comp plan as well.
- Leverage dollars through public-private-nonprofit partnerships.
 - City can leverage affordable housing by providing free land (CLT) that a non profit or private developer then gets financing for and develops.
 - Need to use ARPA funds by 2026- construction will be hard by then.

Goal: Create 100 new units of affordable housing for individuals/families up to 80% AMI.

Recommendations:

- Purchase 2+ acre parcels around town with most of remaining ARPA funds dedicated to housing.
- Modernize zoning code to increase density in certain parts of town for city lead and private developments.
- Work with new non profit partner to seek funding and partnership to develop parcels of land that the city acquires or already owns as ***mixed income developments***.
- Hold off on approved site plan for 47 acres and instead go directly to RFP for mixed use development when we're ready.
- Pivot Hester Road Project to higher density-donate a portion of ARPA for their site preparations.
- Ask Habitat for Humanity to consider high density projects.

Change zoning on certain parcels to allow for:

Other density ideas:

Reality:

- This will be challenging and take political will. Some residents will have strong concerns.
- These projects will take a lot of time. This may limit progress in other sectors.
- Before going much further on these projects, staff want to assure support of Council.

Discussion:

Ms. Zazycki, IES's Associate Director, and the five IES students introduced themselves to the Commission. These students compose the team that are to undertake the professional service project (PSP) investigating options for increasing recycling volume and/or establishing recycling programs for local multi-family housing. A sixth IES PSP student team member, Ms. Emily Anzalone, was unable to attend the Commission meeting due to a schedule conflict. The IES students inquired about the level of detail that the Commissioners were expecting from the PSP. After an inventory of existing apartments in Oxford that offer recycling to their tenants, the possibility of waste audits of the recycling and trash waste streams was suggested. An actual waste audit could potentially expose the student team members to potential health and safety issues (potential of encountering hypodermic needles for example), which is a concern. It was concluded that information pertaining to apartments' recycling and/or trash waste streams likely has already been performed, and may be available by contacting Rumpke and/or the Butler County Recycling and Solid Waste District. It was stated that the priorities for the PSP were to determine an inventory of where recycling is currently being offered to tenants and to identify what has worked elsewhere so that Oxford may attempt to duplicate or incorporate those program components into its efforts to increase recycling for apartments.

In previous Commission meetings, the suggestion was made to have the Commission investigate and establish a recycling and/or food scrap collection program to be incorporated into Oxford's Red Brick Rally events during the summer of 2023. Commissioners envisioned this would entail coordination of the delivery and collection of containers, and scheduling personnel to be present at the collection points to guide people in the proper placement of the various materials. Several Commissioners indicated that they would volunteer their time to act as guides. Mr. Buchholz has coordinated past efforts of recycling and food scrap collections at Oxford events, and shared some of his experiences and observations with the Commissioners. Mr. Buchholz reiterated the need to have personnel present at the various collection stations to prevent co-mingling of trash and mixing of recyclable and food scrap materials. Mr. Buchholz has had good results utilizing various environmental clubs present at Miami University and the various Talawanda district schools. Mr. Buchholz also indicated determining what recyclable materials are present at the events is important. For example, his observations of past Red Brick Rally events indicated that, in general, that there was not very much recyclable materials generated, but mostly food scraps

in the form of the compostable, plant-based drinking cups. However, the presence of food trucks at some of the past Red Brick Rally events increased the volume of potentially recyclable cans and plastic bottles, so who is participating at each event would need to be considered in determining the type of containers that will be necessary. Ms. Raghu mentioned that many of the compostable cups were placed into food scrap containers with their plastic straws causing co-mingling of trash with the compostable materials

The Managed Natural Lawn Area (MNLA) legislation was tabled last month, with City Council and Oxford staff continuing to work on it. The suggestion was made to request that the MNLA legislation be returned to the Environmental Commission to allow for the opportunity to address concerns that were raised with the legislation, and provide for better definition and clarity, as the observation was made that the legislation appears to be too complicated at the present.

The following Motion concerning the managed natural lawn area was proposed by Ms. Raghu; Mr. Elliott was the second:

Motion:

The Environmental Commissions requests that the pending Managed Natural Lawn Area legislation be returned to the Commission for refinement to address issues and concerns that have been raised during discussions at City Council meetings.

The Motion passed unanimously.

Mr. Bracken indicated he shall request that the MNLA legislation be withdrawn and returned to the Environmental Commission.

Staff updated the Commission on the monthly emission monitoring event of the landfill's 23 passive gas vents. October's monitoring was the 25th event, and over the two years of observations, the monthly total estimated carbon dioxide equivalent (CO₂e) for the entire landfill continues to be highly variable. September's estimated total CO₂e was 279 metric tons (MT), the second highest value observed during the monitoring period. The 25-monthly average CO₂e value was 159 MT.

Staff provided a summary of the on-going residential food scraps drop-off program. Through October 27th (186 weeks since the program's start in April 2019), the total weight of collected food scraps was approximately 138,930 pounds (69.5 tons), averaging 747 pounds per week. For the year 2022, a total of approximately 33,420 pounds (16.7 tons) had been collected in 43 weeks, averaging 777 pounds per week.

Approval of Adjournment:

Motion: Ms. Raghu
2nd: Ms. Barrett
Vote: Unanimous

Commissioners concluded discussions at 8:10 p.m. The next regularly scheduled monthly Environmental Commission meeting is scheduled for 7:00 p.m. on December 7, 2022, in the Municipal Building's first floor conference room.

An employee who is called to work following the completion of their normal work day and one-half (1/2) or more hours prior to the commencement of their next normal work day shall receive a minimum of three (3) hours compensation for such call-in at one and one-half (1-1/2) times their normal rate.

- D. **Part Time Firefighters.** Part Time Firefighters are paid according to the schedule in Section 3 hereof of part-time employees. A firefighter may receive a supplement equal to one-half their ordinary job wage if their employer does not continue pay while they are away from work attending to a fire.

Nor shall any paid-on-call or part-time firefighter work in excess of one hundred-six (106) hours in any pay period as part of FLSA over-time regulations.

The City shall provide full-time employees in the Service Department and the Parks & Recreation Department, who wear a uniform in the performance of their duties, with a uniform rental service.

- B. **Sick leave.** Sick leave shall be earned by all full-time employees at the rate of ten (10) hours per month and may be accumulated without maximum. Previously accumulated sick leave may be transferred as allowed by law. Under extraordinary circumstances, the City Manager may approve the transfer of sick leave credits from one City employee to another.

- C. **Sick Leave Incentive.** A full-time, non-contract employee shall receive an incentive of two hundred dollars (\$200.00) per calendar quarter if the employee uses no sick leave during that quarter. Use of any hours, including partial hours, of sick leave will result in the employee receiving no payment for that quarter. Any employee who uses no sick leave for a calendar year shall receive an additional two hundred dollar (\$200.00) incentive. The employee shall receive all such incentive payments at the end of each calendar quarter. Any payment shall reflect applicable federal, state, and local withholdings. Sick leave used for Worker's Compensation leave as defined in the Employee Handbook shall not be considered sick leave used for purposes of this paragraph.

As a part of the sick leave incentive, as of December 31, 2007, those employees having a sick leave balance will have those hours banked. Future accruals will not be added to the hours banked, however, all banked hours and any accruals will continue to show on the individuals pay stub to be used should the hours be needed for illness. The banked hours will be held until retirement, death or lay-off, at which time not more than 1200 banked hours may be converted to vacation time at the ratio of one-to-one for the first three hundred hours and three-to-one for the remaining nine hundred hours.

- F. **Sick leave conversion.** Prior to retirement, an employee with a banked sick leave balance of 280 hours up to a maximum of 1200 hours may convert the balance to vacation or pay at a rate of 5:1. However, there must be 240 hours remaining, and such conversion may only be made by written application to the Finance Department during the month of April, and pay, when requested, will be made on or before May 20th. Should an employee on lay-off (who has converted sick leave to

vacation) return to City employment, they may within one year of reinstatement repurchase their accumulated sick leave by repaying at the same rate as the pay-off. Such repayment may be in cash, by payroll deduction or use of newly accumulated vacation time.

- G. Paid Parental Leave:** Eligible employees, as defined in the employee handbook, are provided up to twelve (12) weeks of leave after the birth or adoption of his or her child. Of the twelve weeks, eight (8) weeks is Paid Parental Leave paid by the City without the employee having to use her/his accrued vacation and paid sick leave followed by four (4) weeks of Unpaid Parental Leave during which an employee may substitute the unpaid leave with accrued vacation and paid sick leave. Paid and Unpaid Parental Leave can be used as continuous or intermittent leave. The combination of Paid and Unpaid Parental Leave may not exceed twelve (12) weeks.
- H. Payment of Health Insurance Premiums.** For each full-time employee who participates in the City group medical insurance programs, the City will make a per month per employee contribution as determined by the budget during the effective period of this Ordinance for health/medical insurance, major medical, prescription insurance, dental insurance and vision care insurance. The Employee will pay a contribution for single coverage or for family coverage, each pay period, with deductions being made from gross pay before taxes resulting in the cost being reduced. Staff members and spouses participating in the City health insurance program will receive a \$10 bi-weekly premium increase if they choose to not participate in the annual biometric screening as part of the City wellness program.
- I. Holiday Schedule.** There shall be sixteen (16) paid days off for full-time employees as follows: (10 holidays/6 personal days)

- J. Pay for Work on Certain Holidays.** Any full-time employee, department heads excluded, who is required by the employee's supervisor to work on a designated holiday as a part of the employee's regularly scheduled duty and within the employee's normal hours of work shall receive pay in an amount equal to one and one-half (1-1/2) times the employee's base hourly rate of pay for all hours actually worked by the employee between the hours of 12:01 a.m. and 12:00 midnight, inclusive, on the designated holiday. When such an employee works on a holiday, the employee shall be entitled to an additional day off in lieu of the holiday.

Employees called to work on a designated holiday (to perform a special project or emergency repair) may receive pay in the amount equal to one and one-half (1-1/2) times the employee's base hourly rate of pay for all hours actually worked on the holiday in addition to the eight hours straight time pay for the holiday at the discretion of the City Manager. (Employees working less than eight (8) hours on a holiday have two options: 1) the employee can claim the eight (8) hour holiday and overtime for the actual number of hours worked; or 2) the employee can claim overtime for the number of hours worked, and use personal, vacation or comp time to make up the remaining hours and receive the holiday off at another time.)

When a calendar holiday falls on either weekend day(s) (including Christmas Eve and Christmas), the following rules apply:

- If an employee works the designated holiday, the employee is entitled to:
 - One and one-half (1-1/2) times their base hourly rate for the hours worked, and a paid day to be taken at another time.
- If an employee works a true calendar holiday(s) that falls on Saturday or Sunday, the employee is entitled to pay at one and one-half (1-1/2) times the base hourly rate for the hours worked.

Such reductions generally begin at age 65 and are subject to ADEA regulations. These fringe benefits apply only to full-time employees working at least forty (40) hours per week. The City will pay 100% of the premium group life insurance coverage on the Police Chief in an amount equal to one and one-half (1-1/2) times the Police Chief's annual salary to a maximum of \$175,000.

L. Longevity Bonus Pay. The 2022 Capital Improvement budget includes \$141,595 in the Capital Equipment Fund for the purchase of police vehicles and equipment necessary to maintain the operating integrity of the Police Department. The planned capital purchases are for one (1) marked Ford Police Interceptor Utility vehicle and two (2) unmarked Ford Police Interceptor Utility vehicles.

City council approved the purchase of three (3) Ford Police Interceptor Utility (Hybrid) vehicles during its 18 JAN 2022 meeting. That purchase was approved for a cost not to exceed \$109,106.00. Those three (3) vehicles were ordered on 24 JAN 2022 from Montrose Ford, the 2022 Ohio State Contract holder.

On 26 OCT 2022, the Police Division was notified that our order had officially been cancelled by the Ford Motor Co. Montrose Ford was aware of the manufacturing problems and pre-emptively placed an order for three (3) 2023 Ford Interceptor Utility (Hybrid) vehicles to match the specifications in our previous order. Collectively, these three vehicles were quoted with a total price of \$132,049.17 or \$22,944.16 more than the 2022 models. Montrose Ford is matching base model pricing with the 2023 State of Ohio contract holder for 2023 models.

This resolution will authorize the City Manager to enter into a contract with Montrose Auto Group for the purchase of three (3) Ford Interceptor Utility Vehicles with specified manufacturer installed options at State Contract pricing for an amount not to exceed \$132,049.17.

Pricing to Match State Contract: RSI010002.

A RESOLUTION AUTHORIZING THE CITY MANAGER TO ENTER INTO A CONTRACT WITH MONTROSE AUTO GROUP FOR THE PURCHASE OF THREE (3) FORD INTERCEPTOR UTILITY VEHICLES WITH SPECIFIED OPTIONS AT STATE CONTRACT PRICING AT A COST NOT TO EXCEED \$132,049.17.

WHEREAS, the 2022 Capital Improvement Budget includes \$141,595.00 in for the purchase of police vehicles and equipment necessary to maintain the operating integrity of the Police Division; and

WHEREAS, the City Manager and the Police Chief recommend City Council authorize the City Manager to enter into a contract with Montrose Auto Group for the purchase of three (3) Ford Interceptor Utility Vehicles with specified options at State Contract pricing at a cost not to exceed \$132,049.17.

THE COUNCIL OF THE CITY OF OXFORD, OHIO, HEREBY RESOLVES THAT:

Steve Sullivan 104 Marti Court Mr. Sullivan asked how making this an Ordinance vs. a Resolution would cost tax dollars. Mr. Sullivan mentioned not wanting to spend extra money. Mr. Sullivan noted the time, effort, and passion to craft this Ordinance. Mr. Sullivan shared that lots of people in town and community groups are committed to this Ordinance. Mr. Sullivan offered to volunteer to help with the enforcement and implementation of this program.

Peggy Branstrator 13 Meadow Circle Ms. Branstrator mentioned her involvement as a member of the Environmental Commission where this Ordinance started. Ms. Branstrator mentioned the reluctance of Staff making their job harder. Ms. Branstrator shared that she feels this Ordinance will make Staff's role easier because the Code Officer can ask the homeowner for their garden plan, shifting the burden of proof to the homeowner. Ms. Branstrator noted the Environmental Commission has resources to help homeowners and code enforcement officers; things could be referred back to the Commission or volunteer groups.

Antonio Alejandro 231 Western College Drive Mr. Alejandro added support to Mr. Sullivan's comments. Mr. Alejandro wasn't sure where the cost would be coming from as an Ordinance. Mr. Alejandro shared that he would be willing to volunteer as well.

Jon Ralinovsky 3 Peabody Drive Mr. Ralinovsky speaking as the Chair of the Environmental Commission, would really like to see this Ordinance passed.

I would like to bring to the attention of the council the abusive practices of the parking police. I have never seen a city with more abundant parking act as if it was a precious

resource. It seems to me the main goal of this department is to create revenue for the city by unethical means. As the city council it is your job to control the department, please do your job..
